BUILDING WORK CONTRACTORS ACT 1995

Exemption

Take notice that, pursuant to Section 45 of the *Building Work Contractors Act 1995*, I, Brett Humphrey as a delegate for the Minister for Consumer and Business Affairs, do hereby exempt the licensee named in Schedule 1 from the application of Division 3 of Part 5 of the above Act in relation to domestic building work described in Schedule 2 and subject to the conditions specified in Schedule 3.

SCHEDULE 1

JEFFREY THOMAS WILLIAMS (BLD 39011)

SCHEDULE 2

Addition to an existing dwelling at Allotment 114 in Deposited Plan 24000, being a portion of the land described in Certificate of Title Volume 5379 Folio 610, more commonly known as 29 Lapwing Street, Hallett Cove, SA 5158.

SCHEDULE 3

1. This exemption is limited to domestic building work personally performed by the licensee in relation to the building work described in Schedule 2.
2. This exemption does not apply to any domestic building work the licensee contracts to another building work contractor, for which that contractor is required by law to hold building indemnity insurance.
3. That the licensee does not transfer his interest in the land prior to five years from the date of completion of the building work the subject of this exemption, without the prior authorisation of Consumer and Business Services (CBS). Before giving such authorisation, CBS may require the licensee to take any reasonable steps to protect the future purchaser(s) of the property, including but not limited to:
   - Providing evidence that an adequate policy of building indemnity insurance is in force to cover the balance of the five-year period from the date of completion of the building work the subject of this exemption;
   - Providing evidence of an independent expert inspection of the building work the subject of this exemption;
   - Making an independent expert report available to prospective purchasers of the property;
   - Giving prospective purchasers of the property notice of the absence of a policy of building indemnity insurance.

(s) Assurance
(t) Reconciliation action plan
(u) Relationships
(v) Experience level and mindsets of staff

Assessment Criteria

7. Applications will be assessed against the following criteria prescribed by Regulation 12(1) of the *Hydrogen and Renewable Energy Regulations 2024 (*Regulations):
   (a) a statement outlining any agreement that is in place with a native title holder and other owners of land in respect of the proposed licence area, or the manner in which the applicant proposes to negotiate such an agreement including (if possible) information about the applicant's proven ability to successfully undertake such negotiations;
   (b) any statement submitted in accordance with Provision 6 of this notice;
      (i) and any statement received from the registered native title body corporate or the registered native title claimant in response to that;
   (c) a proposed work program detailing operations that will be undertaken under the proposed licence;
   (d) the net economic, social and environmental benefit to the State expected as a result of the proposed exploitation of the renewable energy resource (the project), including-
      (ii) the initiatives proposed to support the short and long term security and stability of the State's energy system; and
      (iii) the extent to which the project will create and maintain jobs and provide skills and training opportunities, including jobs for young people, apprentices, Aboriginal and Torres Strait Islander people and people with a disability; and
      (iv) the manner in which the applicant intends to provide opportunities for Australian entities to bid for the supply of goods and services necessary in undertaking the project; and
      (v) the manner in which the applicant intends to provide beneficial economic, environmental and social outcomes for rural, regional and Aboriginal communities;
   (e) the applicant's experience and ability to deliver renewable energy projects;
   (f) how the applicant intends to deliver a commercial project within a specified time;
   (g) the technical, operational and financial capabilities of the applicant that are necessary for the purposes of undertaking the project;
   (h) the applicant's environmental management credentials, including their knowledge and experience in environmental impact assessment and management;
   (i) any rental offer made by the applicant under Regulation 24 of the Regulations.

Other Information

8. Guidance material will be available via the Department for Energy and Mining website.
9. Gawler Ranges East release area includes Native Vegetation Heritage Agreement HA1501. The *Native Vegetation Act 1991* provides protection for native vegetation in South Australia and sets out a process for applying to clear vegetation. The Native Vegetation Council is responsible for providing advice and making decisions about the removal and re-establishment of native vegetation in line with the Act. For more information, contact nvc@sa.gov.au.
10. Gawler Ranges Aboriginal Corporation have prepared guidance material to assist applicants in preparing their statement in accordance with Provision 6 of this notice. This material will be made available via the Department for Energy and Mining website.

HYDROGEN AND RENEWABLE ENERGY REGULATIONS 2023

REGULATION 24(3)

Rental Determination—Gawler Ranges East Release Area

Notice is hereby given pursuant to Regulation 24(3) of the *Hydrogen and Renewable Energy Regulations 2024* (Regulations) that I, Paul De Ionno, Executive Director, Regulation and Compliance, make the following determination in relation to the amount of annual rent payable for a renewable energy feasibility licence and a renewable energy infrastructure licence granted within the Gawler Ranges East release area, declared pursuant to Section 10(1) of the *Hydrogen and Renewable Energy Act 2023* (Act) by notice in the Gazette dated 22 January 2026.

1. Renewable Energy Feasibility Licence

1.1 For the purposes of Regulation 24(1)(b)(i) of the Regulations, the amount in respect of a renewable energy feasibility licence granted within the Gawler Ranges East release area is to be calculated as follows:

Amount = *REFL Amount* × *Proposed MW Capacity*

Where:

REFL Amount is $100 (indexed); and

Proposed MW Capacity is the proposed total MW capacity of the renewable energy infrastructure for the proposed project at project completion, as specified in the application (or in information accompanying or additional to the application) for the renewable energy feasibility licence submitted in response to a call for tenders issued by the Minister for Energy and Mining pursuant to Section 11(1) of the Act.

Note: In accordance with Regulation 24(1) of the Hydrogen and Renewable Energy Regulations 2024, the amount of annual rental in respect of a particular year for a renewable energy feasibility licence is the amount calculated in accordance with this Clause 1 or the amount of the successful rental offer (if any), whichever is greater.

2. Renewable Energy Infrastructure Licence

2.1 For the purposes of Regulation 24(1)(b)(i) of the Regulations, the amount in respect of a renewable energy infrastructure licence granted within the Gawler Ranges East release area is to be calculated in accordance with this Clause 2.

Note: In accordance with Regulation 24(1) of the Hydrogen and Renewable Energy Regulations 2024, the amount of annual rental in respect of a particular year for a renewable energy infrastructure licence is the amount calculated in accordance with this Clause 2 or the amount of the successful rental offer (if any), whichever is greater.

2.2 Rental amount prior to first scheduled project milestone

If the amount is calculated for the purposes of determining the rent payable in respect of any period commencing on and from the date of the grant of the licence and ending on the first scheduled project milestone, the amount (the *Initial Rental Amount*) shall be calculated as follows:

Initial rental amount = *(REIL Amount* × *Projected MW Capacity)* × 0.25

Where:

REIL Amount is $2,000 (indexed); and

Projected MW Capacity is the projected total MW capacity of the project at project completion.

2.3 Rental amount on and from the first scheduled project milestone

If the amount is calculated for the purposes of determining the rent payable in respect of any period commencing on and from a scheduled project milestone, the amount shall be the greater of the Initial Rental Amount and the amount calculated as follows:

Rental amount = *REIL Amount* × *Projected MW Capacity*

Where:

REIL Amount is $2,000 (indexed); and

Projected MW Capacity is the projected total MW capacity of the project at the relevant project milestone.

2.4 Where one or more project milestones is scheduled to occur during any licence year, the amount calculated in accordance with Clauses 2.2 and/or 2.3 (as the case may be) in respect of a period within the licence year shall be calculated on a pro rata basis.

3. General Provisions

3.1 This rental determination will take effect on and from publication.

Note: In accordance with Regulation 24(7) of the *Hydrogen and Renewable Energy Regulations 2024,* the Minister may, not less than 5 years after making this rental determination, undertake a review of the determination.

3.2 For the purposes of this rental determination:

(a) *established* means constructed, installed and commissioned;

(b) *project* means the authorised operations undertaken under a renewable energy infrastructure licence;

(c) *proposed project* means the proposed exploitation of a renewable energy resource;

(d) *project completion* means the establishment of all of the renewable energy infrastructure comprised in the project or proposed project (as the case may be) (and, for the avoidance of doubt, if the project or proposed project (as the case may be) is to be established in stages, means the establishment of the renewable energy infrastructure in all stages);

(e) *project milestone* means the establishment of the renewable energy infrastructure comprised in a stage of the project and includes project completion;

(f) *projected*, in relation to the MW capacity of a project, means the projected total MW capacity in respect of a project milestone as specified in the approved work program as in force at the time the renewable energy infrastructure licence was granted (regardless of the actual MW capacity of the project); and

(g) *scheduled*, in relation to a project milestone, means the date by which renewable energy infrastructure comprised in the project milestone is scheduled to be established in accordance with the approved work program as at the date of the grant of the renewable energy infrastructure licence (regardless of whether the relevant renewable energy infrastructure is established or established by that date).

3.3 In this determination, if a monetary amount is followed by the words (indexed):

(a) the amount is to be adjusted on each anniversary of the commencement date of this determination by multiplying the amount by the standard State Government indexation rate; and

(b) if the amount is adjusted during a licence year, the adjusted amount shall be apportioned on a pro rata basis.

LAND ACQUISITION ACT 1969

SECTION 26F

Form 6B—Notice of Acquisition of Underground Land

1. Notice of acquisition

The Commissioner of Highways (the Authority), of 83 Pirie Street, Adelaide SA 5000 acquires the following interests in the following land:

An unencumbered estate in fee simple in the whole of Allotment 312 in D138150 lodged in the Lands Titles Office, being portion of the land comprised in Certificate of Title Volume 5142 Folio 347, expressly excluding the free and unrestricted right(s) of way over the land marked 'X' and expressly excluding the right(s) of way and easement(s) over the land marked 'Y' (TG 7422781).

This notice is given under Section 26F of the *Land Acquisition Act 1969*.

2. Compensation not payable unless certain water infrastructure or rights are affected

You are not entitled to compensation in relation to the acquisition of the underground land to which this notice relates, unless the following conditions are satisfied:

- you held at least one of the following interests in relation to the underground land immediately before the notice of acquisition was published in relation to the land—
  - ownership of a lawful well that provides access to underground water in the underground land, and any underground infrastructure associated with the well; or
  - a right to take underground water from the underground land by means of such a well;
- you notified the Authority of your interest in response to a notice given under Section 26G of the *Land Acquisition Act 1969*;
- the acquisition of the underground land either—
  - involved the acquisition of your interest; or

PLANNING, DEVELOPMENT AND INFRASTRUCTURE ACT 2016

SECTION 76

Amendment to the Planning and Design Code

Preamble

It is necessary to amend the Planning and Design Code (the Code) in operation at 12 March 2026 (Version 2026.05) in order to make changes of form relating to the Code's spatial layers and their relationship with land parcels. Note: There are no changes to the application of zone, subzone or overlay boundaries and their relationship with affected parcels or the intent of policy application as a result of this amendment.

1. Pursuant to Section 76 of the *Planning, Development and Infrastructure Act 2016* (the Act), I hereby amend the Code in order to make changes of form (without altering the effect of underlying policy), correct errors and make operational amendments as follows:

   (a) Undertake minor alterations to the geometry of the spatial layers and data in the Code to maintain the current relationship between the parcel boundaries and Code data as a result of the following:

      (i) New plans of division deposited in the Land Titles Office between 4 March 2026 and 17 March 2026 affecting the following spatial and data layers in the Code:

         A. Zones and subzones

         B. Technical and Numeric Variations
            - Building Heights (Levels)
            - Building Heights (Metres)
            - Minimum Dwelling Allotment Size
            - Minimum Frontage
            - Minimum Site Area

         C. Overlays
            - Affordable Housing
            - Character Preservation District
            - Coastal Areas
            - Future Road Widening
            - Hazards (Bushfire—High Risk)
            - Hazards (Bushfire—Medium Risk)
            - Hazards (Bushfire—General Risk)
            - Hazards (Bushfire—Urban Interface)
            - Hazards (Bushfire—Regional)
            - Hazards (Bushfire—Outback)
            - Heritage Adjacency
            - Limited Land Division
            - Local Heritage Place
            - Noise and Air Emissions
            - Regulated and Significant Tree
            - Scenic Quality
            - Significant Retirement Facility and Supported Accommodation Sites
            - State Heritage Place
            - Stormwater Management
            - Urban Tree Canopy

   (b) In Part 13 of the Code—Table of Amendments, update the publication date, Code version number, amendment type and summary of amendments within the 'Table of Planning and Design Code Amendments' to reflect the amendments to the Code as described in this Notice.

Pursuant to Section 76(5)(a) of the Act, I further specify that the amendments to the Code as described in this Notice will take effect upon the date those amendments are published on the SA planning portal.

PLANNING, DEVELOPMENT AND INFRASTRUCTURE ACT 2016

SECTION 76

Amendment to the Regional Plans

Preamble

It is necessary to amend the Regional Plans to make the following minor or operational amendments:

- to correct errors in the 'recommendations' spatial layer where a 'broken line' boundary anomaly appears in the digital mapping
- to correct errors in the 'feature information' pop up box associated with the 'future mapping' spatial layers.

1. Pursuant to Section 76 of the *Planning, Development and Infrastructure Act 2016* (the Act), I hereby amend the Regional Plans to make the following minor or operational amendments:
   (a) amend the 'recommendations' spatial layer in all Regional Plans by removing the 'broken line' boundary anomaly that appears in the digital mapping
   (b) amend the 'future mapping layer' feature information attributes for the following Regional Plans by reinstating those that existed on the 29 January 2026:
      (i) Limestone Coast Regional Plan
      (ii) Yorke Peninsula and Mid North Regional Plan
      (iii) Murray Mallee Regional Plan
      (iv) Far North Regional Plan
      (v) Eyre and Western Regional Plan
      (vi) Kangaroo Island Regional Plan
   (c) Update the publication date, regional plan version number, amendment type and summary of amendments within the 'Table of Regional Plan Amendments' to reflect the amendments to the Digital Regional Plans as described in this Notice.
2. Pursuant to Section 76(5)(a) of the Act, I further specify that the amendments to the Plan as described in this Notice will take effect upon the date those amendments are published on the SA planning portal.
