GOVERNMENT GAZETTE NOTICES

ALL poundkeepers' and private advertisements forwarded for publication in the *South Australian Government Gazette* must be PAID FOR PRIOR TO INSERTION; and all notices, from whatever source, should be legibly written on one side of the paper only and sent to Riverside 2000 so as to be **received no later than 4 p.m. Tuesday preceding the day of publication. Phone 8207 1045 or Fax 8207 1040. E-mail: Riv2000@saugov.sa.gov.au.** Send as attachments in Word format and please confirm your transmission with a faxed copy of your document, including the date the notice is to be published and to whom the notice will be charged.

Department of the Premier and Cabinet
Adelaide, 27 July 2000

HIS Excellency the Governor directs it to be notified for general information that he has in the name and on behalf of Her Majesty The Queen, this day assented to the undermentioned Acts passed by the Legislative Council and House of Assembly in Parliament assembled, viz.:

No. 59 of 2000—Racing (Controlling Authorities) Amendment Act 2000—An Act to amend the Racing Act 1976; and to make consequential amendments to the Gaming Supervisory Authority Act 1995.

No. 60 of 2000—Petroleum Act 2000—An Act to regulate exploration for, and the recovery or commercial utilisation of, petroleum and certain other resources; to repeal the Petroleum Act 1940; and for other purposes.

No. 61 of 2000—Recreational Greenways Act 2000—An Act to provide for the establishment and maintenance of trails for recreational walking, cycling, horse riding, skating or other similar purpose; and to make a related amendment to the Development Act 1993; and for other purposes.

No. 62 of 2000—National Parks and Wildlife (Miscellaneous) Amendment Act 2000—An Act to amend the National Parks and Wildlife Act 1972.

By command,

MARK BRINDAL, for Acting Premier

DPC 97/0415

FORESTRY ACT 1950 SECTION 3 (3): SOUTHERN HILLS
FOREST DISTRICT—LAND CEASING TO BE FOREST
RESERVE

Proclamation By The Governor

(L.S.) E. J. NEAL

Preamble

1. The following land is forest reserve under the *Forestry Act 1950* (see proclamation, *Gazette* 19 March 1992 p. 877, as varied) and forms part of the Southern Hills Forest District:

Section 299, Hundred of Goolwa.

2. It is intended that this land cease to be forest reserve.

Proclamation

PURSUANT to section 3 (3) of the *Forestry Act 1950* and with the advice and consent of the Executive Council, I vary the proclamation referred to in the preamble by striking out paragraph (b) of clause 1 of the schedule of that proclamation.

Given under my hand and the Public Seal of South Australia, at Adelaide, 27 July 2000.

By command,

MARK BRINDAL, for Acting Premier

MGE 61/2000 CS

NEW TAX SYSTEM PRICE EXPLOITATION CODE (SOUTH
AUSTRALIA) ACT 1999 SECTION 6 (2): MODIFI-
CATION OF CODE TO TAKE EFFECT FROM A
PROCLAIMED DATE

Proclamation By The Governor

(L.S.) E. J. NEAL

Preamble

1. The *New Tax System Price Exploitation Code (South Australia) Act 1999* applies the New Tax System Price Exploitation Code as a law of South Australia.

2. The *A New Tax System (Trade Practices Amendment) Act 2000* of the Commonwealth provides for the modification of the New Tax System Price Exploitation Code.

3. The modification takes effect for the purposes of the law of South Australia subject to section 6 of the *New Tax System Price Exploitation Code (South Australia) Act 1999*.

4. It has been decided to bring the modification into force by proclamation under section 6 (2) of the *New Tax System Price Exploitation Code (South Australia) Act 1999*.

Proclamation

PURSUANT to section 6 (2) of the *New Tax System Price Exploitation Code (South Australia) Act 1999* and with the advice and consent of the Executive Council, I fix 27 July 2000 as the date on which the modification to the New Tax System Price Exploitation Code text made by the *A New Tax System (Trade Practices Amendment) Act 2000* of the Commonwealth will apply as a law of South Australia.

Given under my hand and the Public Seal of South Australia, at Adelaide, 27 July 2000.

By command,

MARK BRINDAL, for Acting Premier

T&F 78/2000 CS

Department of the Premier and Cabinet
Adelaide, 20 July 2000

HER Majesty The Queen has conferred the title *Honourable* on Dr Basil Hetzel AC, former Lieutenant-Governor of South Australia from Thursday, 20 July 2000.

CROWN LANDS ACT 1929: SECTION 5

TAKE NOTICE that pursuant to the Crown Lands Act 1929, I PETER MACLAREN KENTISH, Surveyor-General and Delegate appointed by IAIN EVANS, Minister for Environment and Heritage, Minister of the Crown to whom the administration of the Crown Lands Act 1929 is committed DO HEREBY:

1. Resume the land defined in The First Schedule.

2. Dedicate the Crown Land defined in The Second Schedule as a Community and Recreation Reserve and declare that such land shall be under the care, control and management of the City of Playford.

The First Schedule

Community and Recreation Reserve, allotment 42 of Deposited Plan No. 32205, Hundred of Port Adelaide, County of Adelaide, the notice of which was published in the *Government Gazette* of 25 June 1992 at page 1895, The Second Schedule, being the whole of the land comprised in Crown Record Volume 5656 Folio 98.

The Second Schedule

Allotment 2 of DP 55273, Hundred of Port Adelaide, County of Adelaide, exclusive of all necessary roads subject nevertheless to:

1. a free and unrestricted right of way over that portion of allotment 2 marked A on DP 55273 appurtenant to allotment 1 in DP 55273.
2. an existing easement to the Minister for Primary Industries, Natural Resources and Regional Development more particularly described and set forth in Land Grant Volume 4401 Folio 123 over that portion of allotment 2 marked B on DP 55273

Dated 25 July 2000.

P. M. KENTISH, Surveyor-General

DENR 17/0743

CROWN LANDS ACT 1929: SECTION 5

TAKE NOTICE that pursuant to the Crown Lands Act 1929, I PETER MACLAREN KENTISH, Surveyor-General and Delegate appointed by IAIN EVANS, Minister for Environment and Heritage, Minister of the Crown to whom the administration of the Crown Lands Act 1929 is committed DO HEREBY:

1. Resume the lands defined in The First Schedule.
2. Dedicate the Crown Land defined in The Second Schedule as Park Lands and declare that such land shall be under the care, control and management of the District Council of the Copper Coast.
3. Dedicate the Crown Land defined in The Third Schedule as a Public Road.

The First Schedule

1. Portion of Park Lands, section 1808, adjacent to the Town of Wallaroo, Hundred of Wallaroo, County of Daly, the notice of which, together with other land was published in the *Government Gazette* of 12 September 1985 at page 834, The Second Schedule, being the whole of the land comprised in Crown Record Volume 5369 Folio 575.
2. Reserve for Refuse Purposes, section 1953, Hundred of Wallaroo, County of Daly, the proclamation of which was published in the *Government Gazette* of 10 January 1974 at page 36, The Third Schedule, being the whole of the land comprised in Crown Record Volume 5367 Folio 663.

The Second Schedule

Allotment 51 of DP 46602, adjacent to the Town of Wallaroo, Hundred of Wallaroo, County of Daly, exclusive of all necessary roads, subject nevertheless to:

1. an existing easement to the South Australian Water Corporation over that portion of allotment 51 marked A on DP 46602, more particularly described in *Government Gazette* of 12 September 1985 at page 834.
2. an easement to Distribution Lessor Corporation for the transmission of electricity by above ground cable over that portion of allotment 51 marked B on DP 46602.

The Third Schedule

Allotment 53 of DP 46602, Hundred of Wallaroo, County of Daly, being within the district of the Copper Coast.

Dated 25 July 2000.

P. M. KENTISH, Surveyor-General

DENR 2798/1995

CROWN LANDS ACT 1929: SECTION 5

TAKE NOTICE that pursuant to the Crown Lands Act 1929, I PETER MACLAREN KENTISH, Surveyor-General and Delegate appointed by IAIN EVANS, Minister for Environment and Heritage, Minister of the Crown to whom the administration of the Crown Lands Act 1929 is committed DO HEREBY dedicate the Crown Land defined in The Schedule as a Reserve for Cemetery Purposes and declare that such land shall be under the care, control and management of the District Council of Lower Eyre Peninsula.

The Schedule

Allotment 1 of FP 41990, Hundred of Cummins, County of Flinders, exclusive of all necessary roads.

Dated 25 July 2000.

P. M. KENTISH, Surveyor-General

DENR 08/0396

DEVELOPMENT ACT 1993, SECTION 27 (1): CITY OF ADELAIDE—LOCAL HERITAGE AMENDMENTS PLAN AMENDMENT

Preamble

The Minister for Transport and Urban Planning has approved the amendment entitled 'City of Adelaide—Local Heritage Amendments Plan Amendment' (the Plan Amendment) and has referred it to the Governor.

NOTICE

PURSUANT to section 27 (1) of the Development Act 1993, I, the Governor with the advice and consent of the Executive Council, declare the Plan Amendment to be an authorised Plan Amendment and fix 27 July 2000, as the day on which it will come into operation.

Dated 27 July 2000.

E. J. NEAL, Governor

MTUP CAB 33/00CS

DEVELOPMENT ACT 1993, SECTION 28 (1): DECLARATION OF INTERIM OPERATION OF THE BERRI BARMERA COUNCIL—BERRI (DC) AND BARMERA (DC) DEVELOPMENT PLANS—GENERAL REVIEW AND CONSOLIDATION PLAN AMENDMENT

Notice

PURSUANT to section 28 (1) of the Development Act 1993, I, the Governor, with the advice and consent of the Executive Council, being of the opinion that it is necessary in the interest of the orderly and proper development of the area affected by the 'The Berri Barmera Council—Berri (DC) and Barmera (DC) Development Plans—General Review and Consolidation Plan Amendment' that the Plan Amendment should come into operation without delay, declare that the Plan Amendment will come into operation on an interim basis on 27 July 2000.

Given under my hand at Adelaide, 27 July 2000.

E. J. NEAL, Governor

MTUP CAB 7/00CS

DEVELOPMENT ACT 1993: SECTION 48

Decision by the Development Assessment Commission as Delegate of The Governor

Preamble

1. The decision of the Governor under section 48 of the Development Act 1993 to grant development approval for the establishment of stormwater diversion infrastructure and a seawater circulation system for the Patawalonga Lake, subject to conditions, and to reserve a decision on specified matters until further assessment, was published in the *Gazette* on 23 December 1999.

2. An amended proposal to develop the establishment of stormwater diversion infrastructure and a seawater circulation system for the Patawalonga Lake has been under consideration under Division 2 of Part 4 of the Development Act 1993.

3. The amendments to the development are contained in the following:

- (a) Letter from the Department of Administrative and Information Services (DAIS) to Planning SA dated 8 May 2000 (and amended by letters from DAIS to Planning SA dated 9 June 2000, 4 July 2000, 6 July 2000 and 13 July 2000);
- (b) Drawing titled: CONFORMING ROUTE, Drawing Number: C11 dated 20-12-99;
- (c) Drawing titled: EXISTING SURVEY PLAN INCLUDING O.L.S LINES, Drawing Number: CO01 dated 28-4-00;
- (d) Drawing titled: AFRICAINE ROAD PRECINCT GENERAL ARRANGEMENT EARTHWORKS, Drawing Number: SK03 dated 1-5-00;
- (e) Drawing titled: OPTION 2 AND 2A LONG SECTION, Drawing Number: C07 dated 19-1-00;
- (f) Drawing titled: CONTROL ROOM ELEVATIONS, Drawing Number: C037 dated 17-5-00;
- (g) Drawing titled: ARCH CULVERT DETAILS, Drawing Number: C007 dated 19-5-00;
- (h) Drawing titled: CONTROL GATE & OUTLET STRUCTURES GENERAL ARRANGEMENT, Drawing Number: AE4085-C-SK-108 dated 3-9-99;
- (i) Drawing titled: LANDSCAPING PLAN SHEET 1 OF 2, Drawing Number: C035 Dated 17-5-00; and
- (j) Drawing titled: LANDSCAPING PLAN SHEET 2 OF 2, Drawing Number: C036 Dated 17-5-00.

The plans referred to in paragraphs 3 (b) to (j) above supersede the previously approved plans, being the following plans:

- Drawing Titled: OVERALL SITE PLAN & DRAWING INDEX, Drawing Number: AE4085-C-SK-101 dated 4-8-99.
- Drawing Titled: OPEN CHANNEL PLAN & LONGITUDINAL SECTION, Drawing Number: AE4085-C-SK-105 dated 5-8-99.
- Drawing Titled: CONTROL GATE & OUTLET STRUCTURES GENERAL ARRANGEMENT, Drawing Number: AE4085-C-SK-108 dated 31-8-99.
- Drawing Titled: LANDSCAPE PLAN SHEET 1, Drawing Number: AE4085-C-DK-109 dated 8-9-99
- Drawing Titled: DIVERSION STRUCTURE GENERAL ARRANGEMENT, Drawing Number: AE4085-C-DK-120 dated 23-8-99.
- Drawing Titled: DIVERSION STRUCTURE AND CONTROL ROOM ELEVATIONS, Drawing Number: AE4085-C-DK-138 dated 23-8-99.

The amendments to the development are:

- amended landscaping plans;
- a variation to the design of the diversion intake structure and watercourse to the coastal dune by replacing the pumping system and open channel design with a venturi system and buried pipe design as detailed in drawings numbered C11, C001, SK03, C07, C037, C007, C035 and C036; and
- a proposal that construction of the amended development proceed before an Environmental Management Plan relating to the operation of the amended development has been approved, but that the completed development not be used or operated until such a Plan has been approved.

5. The preparation of an Environmental Management Plan for the construction of the development was a matter specified as a reserved matter in the decision of the Governor referred to in paragraph 1. Such an Environmental Management Plan has been under consideration under Division 2 of Part 4 of the Development Act 1993.

6. Application has now been made to the Development Assessment Commission as delegate of the Governor under section 48 of the Development Act 1993 for approval of the amended development and the reserved matter namely an Environmental Management Plan for the construction of the development.

7. The Development Assessment Commission has, in considering the application and the reserved matter, had regard to all relevant matters under section 48 (5) of the Development Act 1993.

8. The Development Assessment Commission is satisfied that the amendments do not require the preparation of a further or amended Environmental Impact Statement.

Decision

PURSUANT to section 48 of the Development Act 1993 the Development Assessment Commission, as delegate of the Governor, grants development approval for the amended proposal to develop stormwater diversion infrastructure and a seawater circulation system for the Patawalonga Lake in the vicinity of Glenelg and West Beach, as described in the application dated 11 October 1999 (amended by the Environmental Impact Statement, dated June 1999), and subsequently amended by the letters dated 8 May 2000, 9 June 2000, 4 July 2000, 6 July 2000 and 13 July 2000 (and accompanying plans) and an Environmental Management Plan for construction submitted on behalf of the Minister for Government Enterprises, subject to conditions:

Conditions of Approval

1. The development hereby approved must be undertaken in accordance with the following plans comprising part of the application:

- Drawing titled: CONFORMING ROUTE, Drawing Number: C11 dated 20-12-99.
- Drawing titled: EXISTING SURVEY PLAN INCLUDING O.L.S LINES, Drawing Number: CO01 dated 28-4-00.
- Drawing titled: AFRICAINE ROAD PRECINCT GENERAL ARRANGEMENT EARTHWORKS, Drawing Number: SK03 dated 1-5-00
- Drawing titled: OPTION 2 AND 2A LONG SECTION, Drawing Number: C07 dated 19-1-00.
- Drawing titled: CONTROL ROOM ELEVATIONS, Drawing Number: C037 dated 17-5-00.
- Drawing titled: ARCH CULVERT DETAILS, Drawing Number: C007 dated 19-5-00.
- Drawing titled: CONTROL GATE AND OUTLET STRUCTURES GENERAL ARRANGEMENT, Drawing Number: AE4085-C-SK-108 dated 3-9-99.
- Drawing titled: LANDSCAPING PLAN SHEET 1 OF 2, Drawing Number: C035 Dated 17-5-00.
- Drawing titled: LANDSCAPING PLAN SHEET 2 OF 2, Drawing Number: C036 Dated 17-5-00.

2. The development hereby approved must be undertaken in accordance with the Environmental Management Plan entitled 'Environment Management Plan for Construction. The Patawalonga Seawater Circulation and Stormwater Outlet. Contract No 1650-E-99. Major Projects Group. Government of South Australia' (Rev 3) prepared by Baulderstone Hornibrook and Connell Wagner dated 12 July 2000.

3. The development must not be used for the carriage of any stormwater from the Patawalonga Lake or the Patawalonga Creek until an Environmental Management Plan relating to management, maintenance and monitoring matters associated with the operation of the development has been produced by the proponent and approved by the Development Assessment Commission.

4. The amended development hereby approved must be operated in accordance with the Environment Management Plan referred to in condition 3.

5. The proponent must not commence construction of the amended development hereby approved, unless the proponent has taken initial water quality samples of suspended solids, nutrients (including total nitrogen and phosphorous and soluble phosphorous), heavy metals (including zinc, copper and lead), faecal coliforms and enterococci, turbidity and chlorophyll. Such samples to be taken at each of the test locations depicted in the drawing titled 'Excavation of Patawalonga Lake General Arrangement' being drawing number AE4085.C.DV.001 and marked 'Suggested Test Location for Baseline Data' dated 27 June 2000. The proponent must notify the Development Assessment Commission in writing that such initial samples have been taken. Thereafter the proponent must undertake such sampling on a calendar monthly basis and after significant rainfall events (being falls in the area of the development of or exceeding 12 mm within any period of 24 hours as measured at the Adelaide Airport), until the Environmental Management Plan referred to in Condition 3 has been approved by the Development Assessment Commission. The proponent must produce reports of

the results of all such sampling to the Development Assessment Commission.

6. Any work that constitutes building work under the Development Act 1993 must be certified by a building certifier as complying with the Building Rules, prior to commencement of that work.

7. The syphon structure under Africaine Road must be of adequate capacity so that flooding will not occur in the vicinity of the northern reach of the Patawalonga Lake and the golf course.

8. If any acid sulphate soils or pockets of buried waste are found while undertaking works on the site, the occupier of the site must immediately provide a written report of such a find to the Environment Protection Authority.

9. The coastal dune affected by the proposal must be rehabilitated in accordance with the reasonable requirements of the Environment Protection Authority and the Coast Protection Board and to the satisfaction of the Development Assessment Commission.

10. Damage to the seawall as a result of the proposed works must be reinstated in accordance with the current design standards for seawalls of the Coast Protection Board.

NOTES TO THE APPLICANT:

1. Environment Protection Authority licences would need to be obtained for any prescribed construction works and activities, which would also need to be undertaken in accordance with a Soil Erosion and Drainage Management Plan and appropriate management practices in the *Stormwater Pollution Prevention Code of Practice for the Building and Construction Industry (1999)*.

2. Tenure arrangements, including any Native Title requirements, should be finalised prior to construction commencing.

3. The potential use of the existing silt ponds at the intersection of Tapleys Hill and West Beach Road for the disposal of any waste materials should be further investigated during the detailed design stage to ensure plans by the City of West Torrens to rehabilitate the site into a stormwater detention basin in this vicinity are not compromised. This must be resolved in consultation with the Council and Adelaide Airport Ltd.

4. Consultation should be undertaken with the Department of Industry and Trade, the West Beach Trust and the City of West Torrens in order to avoid any potential disruption to the planned construction of a skating/BMX facility south of Africaine Road.

5. Strategies for reducing the volume of discharges from the Patawalonga Creek/Airport Drain Catchment into the Weir No. 2 Basin (and potentially the Patawalonga Lake) should be prepared in consultation with the City of West Torrens, Adelaide Airport Ltd and the Patawalonga Catchment Water Management Board.

6. The Patawalonga Catchment Water Management Board should consider the following matters:

- The installation of further silt traps/basins within the catchment and the construction of proposed wetlands at Oaklands Park and Morphetville as a matter of priority to ensure predicted improvements to water quality are achieved by the time the Outlet is commissioned.
- Committing to a program of maintaining water quality improvement devices within the Patawalonga Catchment to ensure they operate at maximum efficiency for removing sediment and pollutants.
- The preparation of an Environmental Management Plan for the Weir No.1 Basin, that is similar to the proposed EMP for the Weir No. 2 Basin, so that maintenance and monitoring requirements are addressed for these freshwater waterbodies in a co-ordinated manner.
- Further monitoring (and reporting) of the Patawalonga Catchment to measure the level of water quality improvements being made (especially as predicted).

- The preparation and implementation of a long-term sampling program to determine sediment movement within the catchment (especially the finer fractions that carry the majority of pollutants), as recommended by the Australian Water Quality Centre (1999). In addition, the current ambient and composite monitoring programs should be continued to monitor changes in water quality as improvements are made in the catchment. In particular, the effectiveness of works to capture and remove fine sediment and organic matter should continue to be measured.
 - The implementation of works to further reduce levels of sediment (especially fine fractions) and organic matter at the end of the catchment (and to a lesser degree, supplemented by works in the remainder of the catchment to enable the progressive removal of silt, nutrients and other pollutants) as a matter of priority.
 - Further investigation of the quantity and composition of sediments in the lower reaches of the catchment in order to assess their long-term remobilisation potential and likely impacts on water quality. If remobilisation is identified as a problem, satisfactory management should be undertaken.
 - The potential impact of increased flows and sources of sediment from the Patawalonga Creek and Airport catchments on the operation of the Outlet and suitable measures to reduce volumes and remove pollutants.
 - The establishment of further monitoring sites between the Heathfield Waste Water Treatment Plant and downstream of the confluence of Sturt Creek and Minnow Creek (at least until SA Water begins to monitor again for both chemical composition and macroinvertebrates) to gain a better understanding of the impact of the Plant, as recommended by the Australian Water Quality Centre (1999). The extent of potential remobilisation and the resuspension and transport of assimilated nutrients and pollutants within the stretch of the Sturt Creek affected by discharges from the Plant, should also be further investigated.
7. Further consultation should be undertaken with Adelaide Airport Ltd in regard to the potential for constructing a wetland detention system on Adelaide Airport land.
8. The proponent should consult with the Department for Water Resources, the Environment Protection Authority, the South Australian Research and Development Institute (Primary Industries and Resources South Australia), the South Australian Health Commission, the City of Holdfast Bay, the City of West Torrens, the Patawalonga Catchment Water Management Board, the Coast Protection Board, the West Beach Trust and Adelaide Airport Ltd in relation to the preparation of the Environment Management Plan referred to in condition 3.
9. The 2.5 m minimum width strip of land that will be provided between the headwall of the collection basin outlet and the southern boundary of Africaine Road should remain free of any permanent structures or obstacles so as to enable the construction of a pathway for public access.

Dated 25 July 2000.

G. HOLLAND-BOOKER, Secretary, Development
Assessment Commission

DEVELOPMENT ACT 1993, SECTION 29 (2) (b): AMENDMENT TO THE DISTRICT COUNCIL OF GRANT DEVELOPMENT PLAN

Preamble

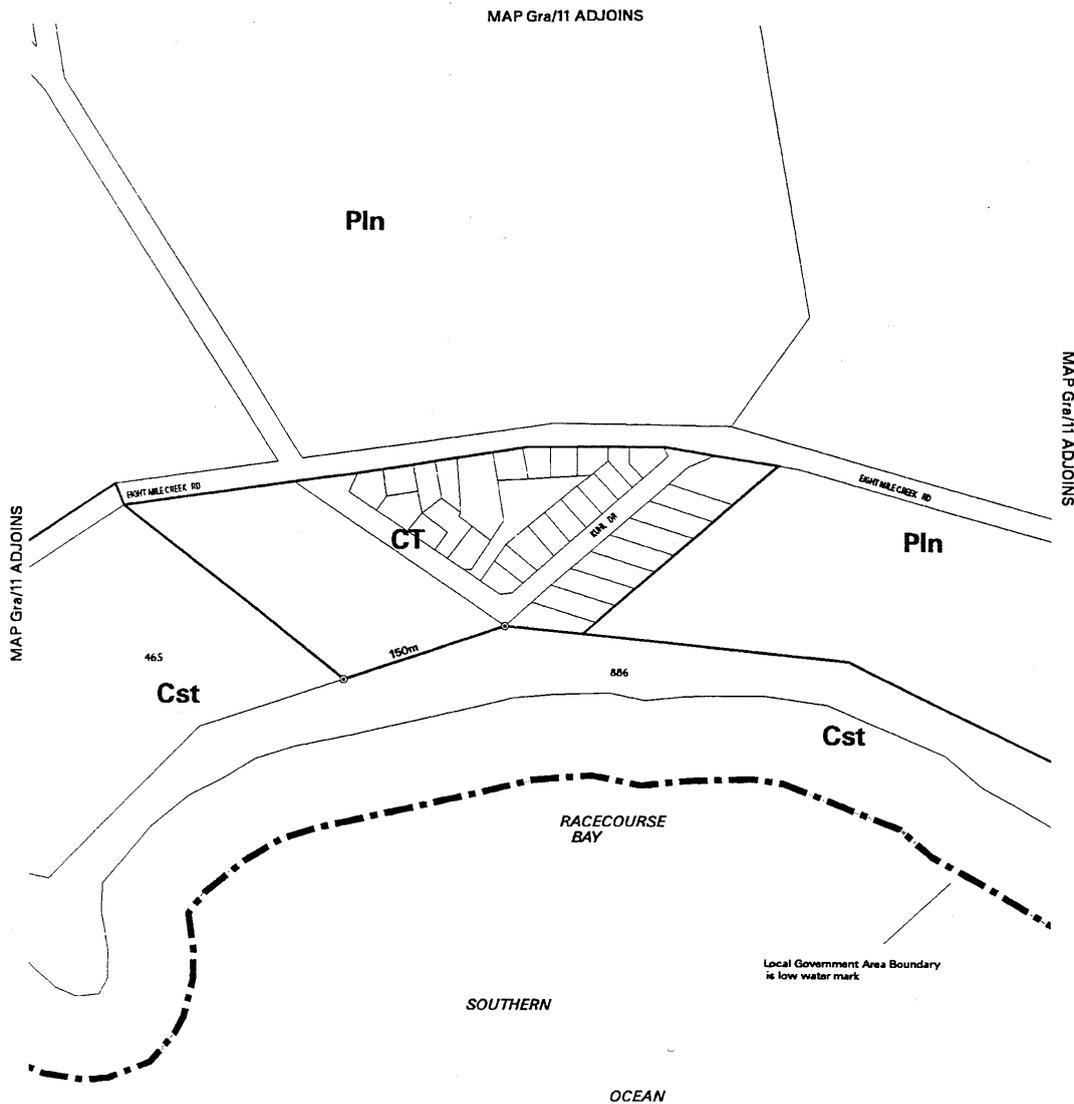

It is necessary to update the maps and figures within the District Council of Grant Development Plan dated 20 July 2000.

NOTICE

PURSUANT to section 29 (2) of the Development Act 1993, I, Diana Laidlaw, being the Minister administering the Act, amend the District Council of Grant Development Plan dated 20 July 2000, as follows:

- (a) Incorporate Maps Gr/37 and 38 into the Grant (DC) Development Plan, as contained in Attachment 'A' and the Mapping references appearing within the Grant (DC) Development Plan are to reflect this incorporation.

GOVERNMENT GAZETTE NOTICES

ALL private advertisements forwarded for publication in the *South Australian Government Gazette* must be PAID FOR PRIOR TO INSERTION; and all notices, from whatever source, should be legibly written on one side of the paper only and sent to Riverside 2000 so as to be *received no later than 4 p.m. Tuesday preceding the day of publication. Phone 8207 1045 or Fax 8207 1040. E-mail: Riv2000@saugov.sa.gov.au*. Send as attachments in Word format and please confirm your transmission with a faxed copy of your document, including the date the notice is to be published and to whom the notice will be charged.

DEVELOPMENT REGULATIONS 1993, REGULATION 6A

*Ministerial Notice**Preamble*

1. Regulation 6A of the Development Regulations 1993, provides that the Minister may, on application of the relevant council, declare that certain provisions of that regulation relating to the definition of 'significant tree' under section 4 (1) of the Development Act 1993, will apply to trees of specified classes within the area of the council.

2. The City of Norwood, Payneham and St Peters has applied to the Minister for a declaration under Regulation 6A of the Development Regulations 1993.

3. I am satisfied that the declaration is appropriate as a temporary measure pending the making of amendments by the relevant council to the Development Plan that relates to the area of the council under section 23 (4a) of the Development Act 1993.

NOTICE

PURSUANT to Regulation 6A of the Development Regulations 1993, I declare all of the area of the City of Norwood, Payneham and St Peters to be an area within Metropolitan Adelaide to which paragraph (b) of subregulation (1) of that regulation will apply.

DIANA LAIDLAW, Minister for Transport and Urban Planning.

ENVIRONMENT PROTECTION AUTHORITY

Grant of Exemption

THE Environment Protection Authority has issued to Hansen Yuncken Pty Ltd, an exemption from the Environmental Protection (Industrial Noise) Policy 1994, with respect to construction activities at the site known as Building 9, Ebenezer Place, Adelaide between the period 3 April 2000 to 17 February 2001.

Excessive noise as a result of construction activity is permitted only between the hours of:

- 7 a.m. to 5 p.m., Monday to Friday inclusive
- 8 a.m. to 5 p.m., Saturday
- 9 a.m. to 4 p.m., Sunday

At all other times, noise emissions from the construction site must comply with the Environment Protection Act 1993, and the Environment Protection (Industrial Noise) Policy 1994.

G. SLARE, Manager, Environment Licensing, Environment Protection Agency.

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Kenneth J. Sincock (hereinafter referred to as the 'exemption holder'), 63 Wells Street, Streaky Bay, S.A. 5680, holder of marine scalefish fishery licence number M499, is exempt from the provision of Schedule 1, clause 63 of the Fisheries (General) Regulations 1984 but only insofar as the exemption holder shall not be guilty of an offence when taking up to 150 razor fish (*Pinna bicolor*) in any one day, subject to the conditions specified in Schedule 1, from South Australian coastal marine waters from the date of gazettal of this notice until 30 June 2001.

SCHEDULE 1

1. All razor fish (*Pinna bicolor*) taken pursuant to this notice shall be used for bait only.
2. The total number of razor fish (*Pinna bicolor*) taken in any one day, shall be no greater than 150.
3. The exemption holder must include all razor fish (*Pinna bicolor*) taken under this permit on his monthly catch and effort summary provided to the South Australian Research and Development Institute (SARDI).
4. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under the Act, except where specifically exempted by this notice.

5. Whilst engaged in the collection activity the exemption holder must have in or about his possession the copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer forthwith, if and when an officer requests the exemption holder to produce it.

Dated 26 July 2000.

W. ZACHARIN, Director of Fisheries

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Roy Banks (hereinafter referred to as the 'exemption holder'), 50 Redding Road, Streaky Bay, S.A. 5680, holder of marine scalefish fishery licence number M022, is exempt from the provision of Schedule 1, clause 63 of the Fisheries (General) Regulations 1984 but only insofar as the exemption holder shall not be guilty of an offence when taking up to 150 razor fish (*Pinna bicolor*) in any one day, subject to the conditions specified in Schedule 1, from South Australian coastal marine waters from the date of gazettal of this notice until 30 June 2001.

SCHEDULE 1

1. All razor fish (*Pinna bicolor*) taken pursuant to this notice shall be used for bait only.
2. The total number of razor fish (*Pinna bicolor*) taken in any one day, shall be no greater than 150.
3. The exemption holder must include all razor fish (*Pinna bicolor*) taken under this permit on his monthly catch and effort summary provided to the South Australian Research and Development Institute (SARDI).
4. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under the Act, except where specifically exempted by this notice.

5. Whilst engaged in the collection activity the exemption holder must have in or about his possession the copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer forthwith, if and when an officer requests the exemption holder to produce it.

Dated 26 July 2000.

W. ZACHARIN, Director of Fisheries

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, the class of persons specified in Schedule 1 and Fishing Charters Tumby Bay, 7 Gardner Avenue, Tumby Bay, S.A. 5606 (hereinafter referred to as the 'exemption holder') are exempt from the provisions of Clause 71AA and Clause 70 (b) of Schedule 1 of the Fisheries (General) Regulations 1984, and section 41 of the Fisheries Act 1982, but only insofar as the exemption holder may exceed the boat limits as specified in Schedule 2, subject to the conditions specified in Schedule 3.

SCHEDULE 1

Any person or persons who charter the boat *Investigator* (hereinafter referred to as the 'permitted boat') from the exemption holder in South Australia, for the purpose of recreational fishing for scalefish, blue swimmer crab, abalone and rock lobster.

SCHEDULE 2

1. The exemption holder may engage in the taking of no more than one rock lobster (*Jasus edwardsii*) per paying passenger in any one day where the number of paying passengers exceeds eight.
2. The exemption holder may engage in the taking of no more than one abalone (*Haliotis* spp.) per paying passenger in any one day where the number of paying passengers exceeds 10.
3. The exemption holder may engage in the taking of no more than 20 blue swimmer crabs (*Portunus pelagicus*) per paying passenger in any one day where the number of paying passengers exceeds six.

4. The exemption holder may engage in the taking of no more than one half of the daily bag limit (for those species of scalefish subject to such a limit as specified in the Fisheries (General) Regulations 1984, per paying passenger in any one day where the number of paying passengers exceeds five.

SCHEDULE 3

1. This exemption is valid from the date of gazettal of this notice until 30 June 2001.

2. The exemption holder shall not use any other boats for the purpose of engaging in the permitted activity except the *Investigator*.

3. The exemption holder shall not sell any fish taken pursuant to this notice.

4. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under that Act except where specifically exempted by this notice.

5. While engaged in the permitted activity the exemption holder shall have in their possession a copy of this notice. Such notice must be produced to a PIRSA Fisheries Compliance Officer if such an officer requests that it be so produced.

Dated 26 July 2000.

W. ZACHARIN, Director of Fisheries

FISHERIES ACT 1982: SECTION 59

TAKE notice that Jeffrey M. How (hereinafter referred to as the 'exemption holder'), 6 Caffrey Crescent, Port Willunga, S.A. 5173 is exempt from the provisions of paragraph 24 of Schedule 1 of the Fisheries (General) Regulations 1994 but only insofar as the exemption holder shall not be guilty of an offence when using a hauling net for the purpose of trade or business (hereinafter referred to as the 'permitted activity') in the waters described in Schedule 1, subject to the conditions contained in Schedule 2, from the date of gazettal of this notice until 30 June 2001.

SCHEDULE 1

The exemption holder may only engage in the permitted activity within the waters of Gulf St Vincent south of latitude 35°14.75' south, Gull Rock (situated near Blanche Point) which are otherwise closed to net fishing, except the waters of the Aldinga Aquatic Reserve.

SCHEDULE 2

1. This exemption is valid only for so long as the exemption holder is the holder of marine scalefish fishery licence number M217.

2. The exemption holder may only conduct the permitted activity when fishing pursuant to marine scalefish fishery licence number M217.

3. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under the Act, except where specifically exempted by this notice.

4. Whilst engaged in the permitted activity the exemption holder shall carry or have about or near his person a copy of this notice. Such notice must be produced to a PIRSA Fisheries Compliance Officer upon request.

Dated 26 July 2000.

W. ZACHARIN, Director of Fisheries

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Susan Gray or persons acting as her agents (hereinafter referred to as the 'exemption holder') from the School of Biological Sciences, Flinders University of South Australia, G.P.O. Box 2100, Adelaide, S.A. 5001 is exempt from the provision of section 41 of the Fisheries Act 1982 to engage in the activities specified in Schedule 1 (hereinafter referred to as the 'permitted activity'), using the gear specified in Schedule 2, subject to the conditions set out in Schedule 3 from the date of gazettal of this notice until 30 June 2001.

SCHEDULE 1

The collection of marine organisms from all waters of South Australia including intertidal 'rocky' reefs, excluding aquatic reserves.

SCHEDULE 2

2 beach seine nets (the maximum length of which does not exceed 50 m)

5 drop nets

2 plankton nets

1 beam trawl net (the maximum width of which does not exceed 2 m)

1 cast net

10 fish traps

1 miniature otter trawl

hook and line

butterfly/dab nets

1 bait pump

SCHEDULE 3

1. The specimens collected by the exemption holder are for scientific and research purposes only and may not be sold.

2. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982 or any regulations made under that Act, except where specifically exempted by this notice.

3. While engaging in the permitted activity, the exemption holders must be in possession of a copy of this notice. Such notice must be produced to a PIRSA Fisheries Compliance Officer if such an officer requests that it be produced.

4. Before collecting any specimens pursuant to this notice, the permit holders must advise the PIRSA Fisheries Compliance Unit on 1800 065 522 with details of the proposed locations and the dates on which the collections are to be made.

Dated 26 July 2000.

W. ZACHARIN, Director of Fisheries

Legislative Council Office, 12 July 2000

FORWARDED to the Honourable the Premier the following Resolution, passed by the Legislative Council on 12 July 2000:

That the Regulations under the Native Vegetation Act 1991, concerning Exemptions, made on 16 December 1999, and laid on the Table of this Council on 28 March 2000, be disallowed.

Glossary of Terms

Foreword

This, the 3rd edition of the ANCI National Competency Standards for the Registered Nurse, presents the outcome of a significant undertaking of the Australian Nursing Council Inc. (ANCI) to maintain the Competency Standards for Registered Nurses.

The ANCI National Competency Standards for Registered Nurses are core competency standards which all registered nurses must be able to demonstrate.

The competency standards were originally developed during the 1980s and were adopted by the Australian nurse regulatory authorities in 1990. Following a review after five years of their implementation, the ANCI commenced a project to update the registered nurse competency standards. This was carried out during 1997 and 1998.

The project that was undertaken was of national significance, and involved consultation with a number of nurses across Australia. A second edition of the competency standards was released in February 1999 and following feedback from nurse regulatory authorities, further refinements were undertaken, resulting in this third edition.

A significant outcome of the refinement is the Introduction to the ANCI National Competency Standards for Registered Nurses which replaces the previous philosophy and role statement.

The ANCI has pleasure in presenting to nurses and the community a viable set of competency standards which have been endorsed by the Australian nurse regulatory authorities, and which will be monitored and evaluated within the next three years.

Introduction to the ANCI National Competency Standards for the Registered Nurse

Nurses in Australia are regulated and accountable to the community for providing high quality care through safe and effective work practice. To assist in achieving this, the state and territory nurse regulatory authorities set standards of competence that describe the behaviour of nurses.

The state and territory nurse regulatory authorities establish and maintain standards and processes for the regulation of nursing within Australia.

The ANCI develops national standards that provide a framework for professional nursing practice. These standards are:

- The ANCI National Competency Standards for Registered and Enrolled Nurses
- The Code of Ethics for Nurses in Australia
- The Code of Professional Conduct for Nurses in Australia

The competency standards take account of the various roles and functions nurses fulfil and identify a combination of the attributes a competent nurse must have.

Purpose

Nurse regulatory authorities apply the competency standards in order to:

- communicate to consumers the competency standards that they can expect of nurses;
- determine the eligibility for registration of people who have undertaken nursing courses in Australia;
- determine the eligibility for registration of nurses who wish to practise in Australia but have undertaken courses elsewhere;
- assess nurses who wish to return to work after being out of the work force for a defined period; and,
- assess qualified nurses who are required to show they are fit to continue working.

The significance of the competency standards

1. For the public, employers and others:

These core competency standards are designed to encourage understanding of their purpose in the community as well as by others involved in providing health and related services.

They contribute to positive health outcomes because registered nurses are equipped to provide safe and effective nursing care.

Nurses who are registered are required to demonstrate competence. They are accountable for their actions and they take responsibility for the supervision of enrolled nurses. In addition, they have a professional responsibility to maintain the standards in order to renew their licence.

Education courses leading to registration are accredited by nurse regulatory authorities. These programs require graduates to demonstrate the competency standards. This assists in ensuring that registered nurses are fit to provide safe, competent care in a variety of settings.

2. For nurses:

The standards take account of the contemporary role of the registered nurse which covers clinical practice, management of care, counselling, health promotion, client advocacy, facilitation of change, clinical teaching, supervising, mentoring and research. They provide a benchmark for nurses in daily practice.

They may be used for academic assessment, workplace performance review and for measuring continuing fitness to practice.

The competency standards reflect the unique characteristics of nursing as well as broader attributes nurses have in common with other professions and occupations. In addition, they identify the knowledge, skills and attitudes required by nurses and reflect the complex nature of nursing activities.

Domains

The competencies which make up the ANCI National Competency Standards for the Registered Nurse are organised into domains.

Professional and Ethical Practice

This contains the competencies that relate to legal and ethical responsibilities, including being able to demonstrate a satisfactory knowledge base, being accountable for practice, functioning in accordance with legislation affecting nursing, and the protection of individuals and group rights.

Critical Thinking and Analysis

This contains those competencies relating to self-appraisal, professional development and the value of research. Reflecting on practice, feelings and beliefs and the consequences of these for clients, was considered an important professional benchmark.

Management of Care

This contains the competencies that relate to the assessment of patients/clients, planning, implementation and the evaluation of care.

Enabling

This contains those competencies essential for establishing and sustaining the nurse/patient relationship. It integrates the maintenance of safety, skills in interpersonal and therapeutic relationships, and communication as well as organisational skills to ensure the provision of care. It also includes the ability to interact with other members of the health care team.

Domain: Professional and Ethical Practice

COMPETENCY UNIT 1

FUNCTIONS IN ACCORDANCE WITH LEGISLATION AND COMMON LAW AFFECTING NURSING PRACTICE.

Competency Element 1.1

Demonstrates knowledge of legislation and common law pertinent to nursing practice.

Cues:

- Legislation governing nursing practice can be identified.
- Nursing practice within the requirements of common law can be described.
- The legal requirements for medications are described and adhered to.
- The legal implications of nursing interventions are identified.
- Actions reflect an awareness of legal implications of nursing practice.
- Effects of legislation affecting the care of individuals can be identified and explained.
- The effect of legislation in the area of health can be identified and explained.

Competency Element 1.2

Fulfils the duty of care in the course of practice.

Cues:

- Nursing interventions can be performed in accordance with recognised standards of practice.
- Responsibility for aspects of care is clarified with other members of the health team.
- Nursing interventions are performed following adequate and accurate assessments.

Competency Element 1.3

Demonstrates knowledge of policies and procedural guidelines that have legal implications for practice.

Cues:

- Legal implications of policies and procedural guidelines are identified and explained.
- Appropriate procedures, legislation regulations are observed.
- Documentation conforms to legal and agency requirements.
- Clarification of, and/or suggested changes to policies, procedures, protocols and guidelines are sought and made.

Competency

Identifies unsafe practice and responds appropriately to ensure a safe outcome.

*Element 1.4**Cues:*

- Interventions which prevent care being compromised and/or law contra-vened are identified.
- Appropriate action to be taken in specified circumstances is identified.
- Alternative strategies for intervention and their likely outcomes are identified and explained.
- Behaviour that is detrimental to achieving optimal care is identified.
- Incidents of unsafe practice are followed up to prevent re-occurrence.

*Competency**Element 1.5**Cues:*

Recognises and acts upon breaches of law relating to practice.

- Breaches of law that occur in practice are identified.
- Appropriate personnel to whom to report breaches of law are identified and explained.
- Reports breaches of law to appropriate person(s).

COMPETENCY UNIT 2

CONDUCTS NURSING PRACTICE IN A WAY THAT CAN BE ETHICALLY JUSTIFIED.

*Competency**Element 2.1**Cues:*

Practises in accordance with the profession's code of ethics.

- Individuals/groups to whom care is provided are accepted regardless of race, culture, religion, age, gender, sexual preference, physical or mental state.
- Personal values and attitudes are not imposed on others.
- Assessments are carried out which are sensitive to the individuals/groups needs.
- Rights of others are recognised and accepted.
- An effective process of care when confronted by differing values, beliefs and biases is maintained.

*Competency**Element 2.2**Cues:*

Demonstrates knowledge of contemporary ethical issues impinging on nursing.

- Ethical aspects of nursing care are identified and explained.
- Ethical problems and/or dilemmas in the work setting are identified and explained.
- An ethical perspective is adopted when analysing data, events, and relationships in the work setting.
- Reasoned argument to support the importance of the ethical dimensions of nursing practice are put forward.

*Competency**Element 2.3**Cues:*

Engages effectively in ethical decision making.

- Assistance is sought in resolving situations involving moral conflict.
- Factors which might constrain ethical decision making are identified and attempts are made to overcome them in consultation with colleagues.
- Decision making takes into account ethical issues.

*Competency**Element 2.4**Cues:*

Ensures confidentiality of information.

- Discussions concerning individuals/groups are restricted to settings, learning situations and/or relevant members of health care team.
- Confidentiality of records and interactions with others is maintained.

COMPETENCY UNIT 3

PROTECTS THE RIGHTS OF INDIVIDUALS AND GROUPS IN RELATION TO HEALTH CARE.

*Competency**Element 3.1**Cues:*

Acknowledge the rights of individuals/groups in the health care setting.

- Respect for individuals/groups common and legal rights in relation to the health care system is demonstrated.
- Strategies for the promotion and protection of individuals/groups rights are identified and adhered to.

- Individual's preferences are taken into account when providing care.
- Clarification is sought from relevant members of the health care team regarding the individual's request to change and/or refuse care.
- Serves as an advocate when the rights of individuals/groups are overlooked and/or compromised.

*Competency
Element 3.2*

Cues:

Acts to ensure that rights of individuals/groups are not compromised.

- Policies/practices which infringe on the rights of individuals/groups are identified and explained.
- Clarification of policies/procedural guidelines are sought when rights are compromised.
- Changes are made to policy/procedural guidelines when rights are compromised.
- Appropriate information within the nurse's scope of practice is provided to individuals/groups to protect their rights and to allow informed decisions.

*Competency
Element 3.3*

Cues:

Involves the individual/group as an active participant in the process of care.

- Individuals/groups are informed and consulted at all stages of the care process.
- When culturally appropriate, independence of individuals/groups is facilitated and encouraged.

*Competency
Element 3.4*

Cues:

Respects the values, customs, spiritual beliefs and practices of individuals and groups.

- Respect for individuals/groups and their families/significant others in terms of their culture and social context is demonstrated.
- The individuality, rights and social bias of the individual/group are taken into account when providing care.
- The rights of others to their opinions is respected.

*Competency
Element 3.5*

Cues:

Provides for the spiritual, emotional and cultural needs of individuals/groups.

- The holistic needs of the individual/groups are considered when providing care.
- Different resources available to individual/groups are identified and used.
- Alternative resources, which may be applicable, are identified and used appropriately.
- Individual's family or significant other is supported.
- Actions are initiated to decrease stress and increase coping mechanisms.

*Competency
Element 3.6*

Cues:

Provides relevant and current health care information to individuals and groups in a form which facilitates their understanding.

- Provision of explanations, alternatives, and consequences of proposed health care by the appropriate health care professional is facilitated.
- Interventions regarding care are clearly outlined in an appropriate manner.
- Family/significant other's questions are answered satisfactorily subject to the constraints of individual confidentiality.
- Level of understanding of individual/group and family/significant other's of health care is checked when answering their questions and providing information.

*Competency
Element 3.7*

Cues:

Encourages and supports individuals/groups in decision making.

- Individual/group's decision making process is facilitated and encouraged.
- Respect for the individual's/group's decision is supported through communication with other members of the health care team.
- Consultation to support individuals or groups to make informed decisions regarding health care is arranged.

COMPETENCY UNIT 4

ACCEPTS ACCOUNTABILITY AND RESPONSIBILITY FOR OWN ACTIONS WITHIN NURSING PRACTICE.

Competency Element 4.1

Recognises own knowledge base/scope of competence.

Cues:

- Concerns regarding inappropriate delegation of responsibility are raised with appropriate registered nurse.
- Decisions are made about care within scope of competence without consulting with senior staff.
- Consequences of various outcomes of decision making are assessed.

Competency Element 4.2

Consults with an experienced Registered Nurse when nursing care requires expertise beyond own scope of competence.

Cues:

- Consults with experienced Registered Nurse when situation is judged as beyond own scope of competence.
- Requests support from experienced Registered Nurse when activities are outside the scope of competence.

Competency Element 4.3

Consults other health care professionals when individual/group needs fall outside the scope of nursing practice.

Cues:

- Appropriate members of the health care team are consulted when required.
- Clarification is sought when questions, orders and decisions are unclear or not understood.
- Interventions which appear inappropriate are questioned and/or clarified with appropriate members of the health care team.

Domain: Critical Thinking and Analysis

COMPETENCY UNIT 5

ACTS TO ENHANCE THE PROFESSIONAL DEVELOPMENT OF SELF AND OTHERS.

Competency Element 5.1

Uses professional standards of practice to assess the performance of self.

Cues:

- Regular self evaluation of own nursing practice is undertaken.
- Feedback from colleagues and critical reflection on own nursing practice is sought and is considered.
- Active participation in performance review process is undertaken.

Competency Element 5.2

Recognises the need for and participates in professional development of self.

Cues:

- Reflection on own practice is undertaken to identify own professional development needs.
- Continuing education is actively undertaken.
- Additional knowledge/information is sought when presented with unfamiliar situations.
- Support is sought from colleagues in identifying learning needs.
- Ongoing professional development activities are actively undertaken.

Competency Element 5.3

Recognises the need for care of self.

Cues:

- Support networks for self are identified and utilised.
- Mutual sharing of experiences with colleagues related to professional issues is undertaken.
- Personal needs are identified through reflective practice and appropriate support is sought.

Competency Element 5.4

Contributes to the learning experiences and professional development of others.

Cues:

- Support is given to help health care students meet their learning objectives in co-operation with other members of the health care team.
- Mutual sharing of knowledge and experience with colleagues relating to individual/group/unit problems is facilitated.
- Contributions to orientation and ongoing education programs are made.
- Role modelling to all other members of the health care team is demonstrated.
- Coaching and mentoring techniques are used to assist and develop colleagues as required.

COMPETENCY UNIT 6

VALUES RESEARCH IN CONTRIBUTING TO DEVELOPMENTS IN NURSING AND IMPROVED STANDARDS OF CARE.

- Competency Element 6.1*
Cues:
- Acknowledges the importance of research in improving nursing outcomes.
- Problems/issues relating to nursing practice which may be investigated using nursing research methods are identified.
 - Colleagues are encouraged to review the outcomes of nursing activities critically.
 - The importance and implications of research are communicated to colleagues.
- Competency Element 6.2*
Cues:
- Incorporates research findings into nursing practice.
- Relevant literature is reflected upon to improve current practice.
 - Current research knowledge is reflected in practice.
 - Participates in review of policies and procedural guidelines based on relevant research.
 - Relevant changes in practice or new information are identified and disseminated amongst colleagues.
- Competency Element 6.3*
Cues:
- Contributes to the process of nursing research.
- An understanding of the roles of the Registered Nurse in contributing to nursing research is demonstrated.
 - Accurate documentation of information which could be used in nursing research is maintained.

Domain: Management of Care

COMPETENCY UNIT 7

CARRIES OUT A COMPREHENSIVE AND ACCURATE NURSING ASSESSMENT OF INDIVIDUALS AND GROUPS IN A VARIETY OF SETTINGS.

- Competency Element 7.1*
Cues:
- Uses a structured approach in the process of assessment.
- Assessment is approached and organised in a structured way.
 - Appropriate assessment tools and strategies to assist the collection of data are used.
 - Questions are framed in ways that indicate the use of a theoretical framework/structured approach.
- Competency Element 7.2*
Cues:
- Collects data regarding the health and functional status of individuals and groups.
- A range of data gathering techniques including observation, interview, physical examination and measurement are used in obtaining a nursing history.
 - Use is made of all available data sources, including individual/group, family/significant others, health care team, records, reports, and own knowledge and experience.
 - Data is collected that relates to the physiological, psychological, spiritual, socio-economic and cultural variables on an ongoing basis.
 - Confirmation of data is undertaken with individual/group and members of health care team.
- Competency Element 7.3*
Cues:
- Analyses and interprets data accurately.
- Actual and potential health problems are identified collaboratively through accurate interpretation of data.
 - Deviations from normal or improvements in the individual's health status are identified.
 - Individual/group needs are identified and incorporated into a plan of care.

COMPETENCY UNIT 8

FORMULATES A PLAN OF CARE IN COLLABORATION WITH INDIVIDUALS AND GROUPS.

Competency Element 8.1

Establishes priorities for resolution of identified health needs in consultation with the individual/group.

Cues:

- Priorities for care, based on nursing assessment of individual/groups needs for intervention, current nursing knowledge and research, are determined.
- Consideration is made of individual/group's preferences when determining priorities for care.

Competency Element 8.2

Identifies expected outcomes including a time frame for achievement in collaboration with individuals and groups.

Cues:

- Realistic short and long term goals are established that identify individual/group outcomes and specify conditions for achievement.
- Goals are clearly measurable, achievable, and congruent with values and beliefs of individual/group and/or significant others.
- Resources to support the achievement of outcomes are utilised.
- Criteria for evaluation of expected outcomes of plan of care are identified.

Competency Element 8.3

Develops and documents a plan of care to achieve optimal health, habilitation, rehabilitation or a dignified death.

Cues:

- Plans of care are based on an ongoing analysis of assessment data.
- Actions are consistent with current nursing knowledge and research.
- Plans of care are clearly documented.

COMPETENCY UNIT 9

IMPLEMENTS PLANNED NURSING CARE TO ACHIEVE IDENTIFIED OUTCOMES WITHIN SCOPE OF COMPETENCE.

Competency Element 9.1

Provides planned care.

Cues:

- Actions are consistent with the predetermined plan of care.
- Resources are utilised effectively and efficiently in providing care.
- Actions are consistent with appropriate nursing principles.
- Undertakes technical procedures confidently and safely.
- A range of appropriate strategies are used to facilitate individual/group achievement of short and long term expected goals.
- The individual's/group's responses, throughout each intervention are monitored, and care adjusted accordingly.
- Support/education is provided in the development and/or maintenance of independent living skills.

Competency Element 9.2

Plans for continuity of care as appropriate.

Cues:

- Collaboration and support is given to the therapeutic interventions of other health team members.
- Information necessary for continuity of plan of care is maintained and documented.
- Responds to client and/or carer educational needs.
- Client and/or carer resources and aids as required are provided.
- Appropriate agency, government and community resources are identified and recommended to ensure continuity of care.
- Necessary contacts and referrals to external agencies are made.
- All information needed for continuity of care is forwarded when an individual is transferred to another facility or discharged.

Competency Element 9.3

Educates individuals or groups to maintain and promote health.

Cues:

- Specific educational requirements and requests of individual/groups and/or family significant other are identified and documented.
- Formal and informal education sessions with individual/groups are undertaken as necessary.
- Appropriate educational resources including other health professionals are identified.

COMPETENCY UNIT 10 EVALUATES PROGRESS TOWARD EXPECTED OUTCOMES AND REVIEWS AND REVISES PLANS IN ACCORDANCE WITH EVALUATION DATA.

Competency Element 10.1

Cues:

Determines the progress of individuals or groups towards planned outcomes.

- The individual/group's response to interventions is evaluated.
- The effectiveness of plan of care in achieving planned outcomes is assessed.

Competency Element 10.2

Cues:

Revises nursing interventions in accordance with evaluation data and determines further outcomes.

- Expected outcomes, nursing interventions and priorities, are revised with any change in individual's condition, needs or situational variations.
- New information and revisions are communicated to other members of the health care team, as required.

Domain: Enabling

COMPETENCY UNIT 11

CONTRIBUTES TO THE MAINTENANCE OF AN ENVIRONMENT WHICH PROMOTES SAFETY, SECURITY AND PERSONAL INTEGRITY OF INDIVIDUALS AND GROUPS.

Competency Element 11.1

Cues:

Acts to enhance the safety of individuals and groups at all times.

- Environmental hazards are identified, eliminated and/or prevented where possible.
- Relevant principles are applied to ensure the safe administration of therapeutic substances.
- Standards for infection control are adhered to.
- Ergonomic principles are applied to prevent injury to individual and self.
- Safety problems are addressed according to their priority.
- Occupational Health & Safety legislation is adhered to.

Competency Element 11.2

Cues:

Provides for the comfort needs of individuals and groups.

- Environmental factors are modified to meet individual's comfort needs where possible.
- Individual's comfort throughout interventions is promoted.
- Ergonomic principles and appropriate aids are used to promote individual comfort.

Competency Element 11.3

Cues:

Establishes, maintains and concludes caring, therapeutic and effective interpersonal relationships with individuals or groups.

- Empathy, trust and respect for the dignity and potential of the individual are demonstrated.
- Interaction with individual/groups is carried out in a supportive manner.
- Interpersonal interactions are effectively initiated, maintained and concluded.
- Rapport is established with the individual/group that enhances their ability to express feelings and an appropriate context for expression of feeling is provided.

Competency Element 11.4

Cues:

Applies strategies to promote individual/groups self esteem.

- Strategies which encourage independence are identified and utilised.
- Strategies are used which affirm individuality.
- Strategies are designed which involve the family/significant others in care.
- Appropriate support networks are identified and recommended to individual/groups.

Competency Element 11.5

Cues:

Acts to maintain the dignity and integrity of individuals/groups.

- Identifies situations which may threaten the dignity/integrity of individuals/groups.
- Measures are implemented to maintain dignity during periods of self-care deficit.
- Measures are implemented to support individual/groups clients experiencing emotional distress.
- Information is provided to individuals/groups to enhance their control over their own health care.

COMPETENCY UNIT 12

COMMUNICATES EFFECTIVELY WITH INDIVIDUALS AND GROUPS.

<i>Competency Element 12.1</i> <i>Cues:</i>	Communicates using formal and informal channels of communication. <ul style="list-style-type: none"> • A range of effective communication techniques is utilised. • Language appropriate to context is employed. • Verbal and non-verbal communication is used at all times. • An interpreter is used where appropriate. • Adequate time is provided for discussion. • Attempts are made to establish alternative communication methods where the individuals/groups are unable to verbalise. • Open/closed questions are used appropriately.
<i>Competency Element 12.2</i> <i>Cues:</i>	Ensures documentation is accurate and maintains confidentiality. <ul style="list-style-type: none"> • Information is systematically recorded in an accessible and retrievable form. • Written communication is comprehensive, logical, legible, clear and con-cise, spelling is accurate and only acceptable abbreviations are used. • Written statements are prompt, accurate, comprehensive, current and include time and date. • Technology appropriate to the type of communication is selected. • Technology is used in accordance with manufacturer's specification and organisational policy. • All documentation is established and maintained according to organisational guidelines and procedures.
COMPETENCY UNIT 13	MANAGES EFFECTIVELY THE NURSING CARE OF INDIVIDUALS AND GROUPS.
<i>Competency Element 13.1</i> <i>Cues:</i>	Organises workload to facilitate planned nursing care for individuals and groups. <ul style="list-style-type: none"> • Work is organised, co-ordinated and delivered according to priorities of care. • Own work distribution is prioritised in response to changing needs of individuals and groups.
<i>Competency Element 13.2</i> <i>Cues:</i>	Delegates to others activities commensurate with their abilities and scope of practice. <ul style="list-style-type: none"> • Role and competence level of staff under her/his direction are considered when delegating work. • Aspects of care are delegated according to role, functions, capabilities and learning needs. • Aspects of care delegated to others is monitored and clarification/assistance is provided if required. • Own accountabilities and responsibilities are recognised when delegating aspects of care to others.
<i>Competency Element 13.3</i> <i>Cues:</i>	Uses a range of supportive strategies when supervising aspects of care delegated to others. <ul style="list-style-type: none"> • Nursing care provided by others is supervised and evaluated. • A range of direct and indirect techniques such as instructing, coaching, mentoring, and collaborating are used in the supervision and support of others. • Support with documentation is provided to nurses being supervised or to whom care has been delegated. • Activities are delegated consistent with scope of practice/competence.
<i>Competency Element 13.4</i> <i>Cues:</i>	Responds effectively in unexpected or rapidly changing situations. <ul style="list-style-type: none"> • Appropriate response is made to emergencies. • Appropriate interventions for emergencies are identified and utilised. • Self-control is maintained in the clinical setting and under stress conditions. • Crisis interventions and emergency routines are implemented as necessary. • Currency is maintained with emergency plans and procedures to maximise effectiveness in a crisis situation. • Emergency management practices and drills are participated in according to agency policy.
COMPETENCY UNIT 14	COLLABORATES WITH OTHER MEMBERS OF THE HEALTH CARE TEAM.
<i>Competency</i>	Recognises the role of members of the health care team in the delivery of health

<i>Element 14.1</i>	care.
<i>Cues:</i>	<ul style="list-style-type: none"> • Roles of the members of the health care team are identified. • The separate and interdependent roles and functions of the health care team members are recognised and understood.
<i>Competency Element 14.2</i>	Establishes and maintains collaborative relationships with colleagues and members of the health care team.
<i>Cues:</i>	<ul style="list-style-type: none"> • Active participation in health care team activities is demonstrated. • A collaborative approach to practice is adopted and implemented. • Effective and collaborative working relationships with other members of the health care team are established and maintained.
<i>Competency Element 14.3</i>	Participates with other members of the health care team and the individual/group in decision making.
<i>Cues:</i>	<ul style="list-style-type: none"> • Participation in discussions concerning individual's/group's progress is undertaken. • Individual's/group's care requirements are discussed with relevant member(s) of the health care team. • Collaboration with members of the health care team is undertaken in decision making concerning individuals or groups.

Glossary of Terms

Registered Nurse:	A person licensed to practise nursing under an Australian State or Territory Nurses Act.
Enrolled Nurse:	A person licensed under an Australian State or Territory Nurses Act to provide nursing care under the supervision of a Registered Nurse. Referred to as a Registered Nurse division II in Victoria.
ANCI:	Australian Nursing Council Incorporated.
Appropriate:	Matching the circumstances, meeting needs of the individual, groups or situation.
Attributes:	Characteristics which underpin competent performance.
Core Competency Standards:	Essential competency standards for registration or licensure.
Competence:	The combination of skills, knowledge, attitudes, values and abilities that under-pin effective and/or superior performance in a profession/occupational area.
Competent:	The person has competence across all the domains of competencies applicable to the nurse, at a standard that is judged to be appropriate for the level of nurse being assessed.
Competency Unit:	Represents a major function/functional area in the total competencies of a Registered Nurse in a nursing context representing a stand-alone function which can be performed by the individual.
Competency Element:	Represents a sub-function of the competency unit.
Competency Standards:	Consists of competency units and competency elements.
Context:	The setting/environment where competence can be demonstrated or applied.
Cues:	Key generic examples of competent performance. They are neither comprehensive nor exhaustive. They assist the assessor when using their professional judgement in assessing nursing practice. They further assist curriculum development.
Domain:	An organised cluster of competencies in nursing practice.
Exemplars:	Concrete, key examples chosen to be typical of competence. They are not the standard but are indicative of the standard.

**SUPERANNUATION FUNDS MANAGEMENT
CORPORATION OF SOUTH AUSTRALIA ACT 1995**

*Call for Nominations—
Election of One Board Member*

ELECTION of one board member by contributors within the meaning of:

- The Police Superannuation Act 1990
- The Superannuation Act 1988
- Members of the Scheme established under the Southern State Superannuation Act 1994.

Pursuant to Regulation 5 under the Act, I am required to conduct the election of one member to the Board of Directors of the Superannuation Funds Management Corporation of South Australia.

Nominations are invited and may be made from Tuesday, 25 July 2000 but must reach me by no later than 12 noon on Friday, 11 August 2000 at G.P.O. Box 646, Adelaide, S.A. 5001.

Persons eligible to nominate must:

- have obtained a degree, diploma or other qualification with an emphasis on law, accountancy, economics, commerce, mathematics, statistics, investment or financial management from an institution or tertiary education; or
- have had at least five years experience in:
 - (a) the investment and management of superannuation funds or other substantial sums of money; or
 - (b) business management; or
 - (c) financial management in the banking sector; or
 - (d) asset management; or
 - (e) auditing; or
 - (f) any other area that is relevant to the performance by the Authority of its functions,

or at least five years experience in two or more of those areas.

Nominations must be made on the approved form and signed by at least ten persons eligible to vote in the election. Persons eligible to vote must be contributors within the meaning of the Police Superannuation Act 1990, the Superannuation Act 1988, or a member of the Southern State Superannuation (Triple S) Scheme as at Monday, 24 July 2000.

Candidates may, in support of their nomination, provide promotional material of not more than 200 words and one photograph which will be forwarded to electors with their ballot-papers. For inclusion this material must reach me by no later than the close of nominations.

Should a postal ballot be necessary, it will open on Friday, 1 September 2000 and will close at 9.30 a.m. on Monday, 25 September 2000.

Nomination forms may be obtained from the State Electoral Office, 134 Fullarton Road, Rose Park, S.A. 5067, telephone 8401 4300. Any queries in relation to the role of a Board Member should be directed to Rick Harper, Chief Executive Officer, Superannuation Funds Management Corporation of South Australia, G.P.O. Box 2639, Adelaide, S.A. 5001, telephone 8204 2355.

Dated 25 July 2000.

S. H. TULLY, Returning Officer

SUPERANNUATION ACT 1988

SOUTH AUSTRALIAN SUPERANNUATION BOARD

*Call for Nominations—
Election of Two Board Members*

PURSUANT to Regulation 5 under the Superannuation Act 1988, I am required to conduct the election of two members to the South Australian Superannuation Board.

Nominations are invited and may be made from Tuesday, 25 July 2000 but must reach me by no later than 12 noon on Friday, 11 August 2000 at G.P.O. Box 646, Adelaide, S.A. 5001.

Nominations must be on the approved form and signed by at least ten persons eligible to vote in the election. Persons eligible to vote must be contributors within the meaning of the Superannuation Act 1988, or a member of the Southern State Superannuation (Triple S) Scheme as at Monday, 24 July 2000.

Candidates may, in support of their nomination, prepare promotional material of not more than 200 words and one photograph which will be forwarded to voters with their ballot-papers. For inclusion this material must reach me by no later than the close of nominations.

Should a postal ballot be necessary, it will open on Friday, 1 September 2000 and close at 9.30 a.m. on Monday, 25 September 2000.

Nomination forms may be obtained from the State Electoral Office, 134 Fullarton Road, Rose Park, S.A. 5067, telephone 8401 4300. Any queries in relation to the role of a Board Member should be directed to Merv Littman, Secretary Super S.A., G.P.O. Box 48, Adelaide, S.A. 5001, telephone 8226 9710.

Dated 25 July 2000.

S. H. TULLY, Returning Officer

PASSENGER TRANSPORT ACT 1994

Appointments

PURSUANT to section 57 of the Passenger Transport Act 1994, the following persons have been authorised by the Passenger Transport Board to act as Prescribed Officers:

Duane Edward Cremer
Eduardo Ruiz
Malcolm Battersby
Frank Niblock
Bruce England
Wayner Marshall
Mike Holderness
Frank Daniele
John Hughes
Kevin Boehm
Norm Frost
Jennifer Birks
Steven Eaton

H. WEBSTER, Executive Director, Passenger
Transport Board.

**ROADS (OPENING AND CLOSING) ACT 1991:
SECTION 24**

**NOTICE OF CONFIRMATION OF ROAD
PROCESS ORDER**

*Grange Road/Falkirk Avenue, Findon
Deposited Plan 55146*

BY Road Process Order made on 25 May 2000, the City of Charles Sturt ordered that:

1. Portion of the public roads (Grange Road and Falkirk Avenue) adjoining allotment 22 in Deposited Plan 7052 more particularly lettered 'A' in Preliminary Plan No. PP32/0532 be closed.
2. The whole of the land subject to closure be transferred to A. & G. IACOPETTA SERVICES PTY LTD in accordance with agreement for transfer dated 25 May 2000 entered into between the City of Charles Sturt and A. & G. Iacopetta Services Pty Ltd.
3. The following easement is granted over portion of the land subject to that closure:

Grant to the South Australian Water Corporation an easement for sewerage purposes

On 13 June 2000 that order was confirmed by the Minister for Administrative and Information Services conditionally on approval and deposit of the survey plan by the Registrar-General. The condition has now been fulfilled.

Pursuant to section 24 (5) of the Roads (Opening and Closing) Act 1991, NOTICE of the order referred to above and its confirmation is hereby given.

Dated 27 July 2000.

P. M. KENTISH, Surveyor-General

ROADS (OPENING AND CLOSING) ACT 1991:
SECTION 24

**NOTICE OF CONFIRMATION OF ROAD
PROCESS ORDER**

*Laslett Road, Hundred of MacDonnell
Deposited Plan 55228*

BY Road Process Order made on 8 June 2000, the District Council of Grant ordered that:

Portion of allotment 2 in Filed Plan 5801 and portion of section 840, more particularly delineated and numbered '1' and '2' respectively in the Preliminary Plan No. PP32/0548 be opened as road (forming a widening of Laslett Road).

On 21 July 2000 that order was confirmed by the Minister for Administrative and Information Services.

Pursuant to section 24 (5) of the Roads (Opening and Closing) Act 1991, NOTICE of the order referred to above and its confirmation is hereby given.

Dated 27 July 2000.

P. M. KENTISH, Surveyor-General

ROAD TRAFFIC (ROAD RULES—ANCILLARY AND
MISCELLANEOUS PROVISIONS) REGULATIONS 1999

Exemption

I, DIANA LAIDLAW, MLC, Minister for Transport and Urban Planning, grant the following exemption pursuant to Regulation 7 of the Road Traffic (Road Rules—Ancillary and Miscellaneous Provisions) Regulations 1999.

I exempt drivers of vehicles operated by organisations that provide a service to assist disabled vehicles from the provisions of Part 12 (Restrictions on Stopping and Parking), Rule 288 (Driving on a Path), Rule 289 (Driving on a Nature Strip) and Rule 290 (Driving on a Traffic Island) of the Australian Road Rules provided that:

- (a) the driver is providing assistance to a disabled vehicle;
- (b) it is not practicable for the driver to comply with Part 12, Rule 288, Rule 289 or Rule 290;
- (c) the driver is taking reasonable care;
- (d) the driver remains parked contrary to Part 12 or drives on the path, nature strip or traffic island for no greater time or distance than is reasonably necessary to reach and effect repairs to the disabled vehicle; and
- (e) the driver obeys any reasonable direction of a Police Officer or emergency worker.

All other provisions of the Road Traffic Act Regulations and Rules continue to have full force and effect.

Dated 14 July 2000.

DIANA LAIDLAW, Minister for Transport
and Urban Planning

SOIL CONSERVATION AND LAND CARE ACT 1989

Appointment

I, ROBERT GERARD KERIN, Minister for Primary Industries and Resources in the State of South Australia to whom the administration of the Soil Conservation and Land Care Act 1989, has been committed, do hereby appoint the following person as a member of the Kangaroo Island Conservation Board, pursuant to section 24 of the Act, until 13 July 2001:

Graham Neil Smith as the Local Government Representative

Dated 25 July 2000.

ROB KERIN, Minister for Primary Industries
and Resources

WATER RESOURCES ACT 1997

Notice of Prohibition of Water Use in the Upper Willunga Catchment Moratorium Area

I, MARK BRINDAL, Minister for Water Resources, am of the opinion that:

- (a) the rate at which water is being taken from wells in the Upper Willunga Catchment Moratorium Area, which is that part of the area bounded by the bold line in G.R.O. Plan No. 497/98 that does not comprise the Hundred of Willunga (the 'defined area'), is such that there is a risk that the available water will not be sufficient to meet future demand; and
- (b) the rate at which surface water is being taken from the 'defined area' is having a serious effect on the level of water in an underground aquifer system (namely the Willunga Basin) that depends on the surface water for replenishment; and
- (c) the rate at which water is being taken from water-courses and lakes in the 'defined area' is having a serious effect on the level of water in an underground aquifer system (namely the Willunga Basin) that depends on the surface water for replenishment.

Accordingly, pursuant to section 16 (1) of the Water Resources Act 1997, I hereby prohibit the taking of water from any watercourse, lake or well in the 'defined area' subject to the exceptions specified in Schedule 1.

SCHEDULE 1

1. A person may take water in accordance with the terms of a written authorisation granted by me or my delegate pursuant to the notice under section 16 of the Act published in the *Government Gazette* on 11 February 1999.

2. This prohibition does not apply to the taking of water pursuant to section 7 (5) of the Act for domestic purposes or watering stock (other than stock subject to intensive farming) or to the taking of water for firefighting or reticulating supplies of potable water for townships in the defined area.

The notice dated 2 February 1999 is hereby revoked.

This notice will remain in force until 31 December 2000 unless earlier varied or revoked.

Dated 23 July 2000.

MARK BRINDAL, Minister for Water Resources

WATER RESOURCES ACT 1997

Notice of Variation to Water Allocation Plans

NOTICE is hereby given pursuant to subclause 2 (15a) of Schedule 3 of the Water Resources Act 1997, of the variation of the Water Allocation Plan for the Padthaway Prescribed Wells Area ('the Plan') such that the Plan takes the form set out in Schedule 1 to this notice. This variation takes effect from 27 July 2000.

SCHEDULE 1

Part 1—Interpretation

1. Unless otherwise indicated, words used in this Plan that are defined in the Water Resources Act 1997, shall have the meanings determined under that Act.

2. The terms set out below have the following meanings for the purposes of this Plan:

'Confined aquifer' means the saturated sands and gravels of either the Dilwyn Formation in the Otway Basin or the Renmark Group in the Murray Basin.

'Unconfined aquifer' means the saturated sequence of rocks occurring above the aquitard on top of the Dilwyn Formation in the Otway Basin or the Renmark Group in the Murray Basin whether occurring within the Gambier Lime-stone of the Otway Basin, the Murray Group Limestone of the Murray Basin or some other younger geological unit.

'Management area' includes a sub-area and means a part of a Prescribed Wells Area as shown on the map numbered G.R.O. 346/00 lodged in the General Registry Office.

'Landowner' means the registered proprietor in fee simple of the land (under the Real Property Act 1886), or the lessee of a perpetual lease from the Crown (under the Crown Lands Act 1929), or a party to an agreement to purchase from the Crown (under the Crown Lands Act) and includes a person authorised in writing by the landowner to take or hold water in relation to that land.

'Landholding' means the allotment or allotments comprised in a certificate of title under the Real Property Act held in fee simple or land held under a perpetual lease from the Crown, or under an agreement to purchase from the Crown.

'Draw-down' means the occasional, seasonal or permanent lowering of the water-table or reduction in pressure (head) of an aquifer resulting from the extraction of groundwater.

Part 2—Unconfined Aquifer

3. In no case shall water from the unconfined aquifer be allocated where the allocation would cause the total amount of water allocated on all licences for the Padthaway Prescribed Wells Area to exceed the combined amount allocated on all licences as at 5 p.m. on 27 July 2000, for the Padthaway Prescribed Wells Area.

Criteria for Transfers

4. Except as provided by clause 18, only water allocations and licences for water from the unconfined aquifer may be transferred.

5. Water (taking) allocations of water from the unconfined aquifer shall only be transferred where the taking and use of the water pursuant to the transfer is in accordance with clauses 4 to 13 of this Plan.

6. Water may be transferred where there is no change in the location of the point of extraction of the water and the landholding on which the water is to be used is the same.

7. Water shall not be allocated or transferred where it is to be taken and used for wild flooding. For the purposes of this clause, 'wild flooding' means flood irrigation where no adequate system (e.g. land levelling, or irrigation bays) is used to ensure uniform distribution of the water; water is simply flooded onto the unformed land from a bore, in some cases using roughly formed earth channels or a hose to direct the water to different areas.

Active and Expeditious Use of Water

8. Water (taking) allocations with a condition or conditions imposed requiring the expeditious use of the water (including a requirement that the equipment, or land by which or on which the water is used be developed in a certain time):

- (a) may be transferred where the equipment or land has been fully developed to allow the use of the water at its maximum lawful rate (unless clause (c) applies); or
- (b) where the allocation has not been fully developed, only that portion of the allocation that may be used in accordance with the extent of development at the date of receipt of the application to transfer by the Minister may be transferred (unless clause (c) applies);
- (c) where the allocation is to be transferred but will be taken and used on the same landholding, it may be transferred whether or not the land or equipment has been fully developed in accordance with the condition(s).

Hydrogeological Effects

9. The taking of water shall not adversely affect to a significant extent the:

- (a) quality of water in the unconfined aquifer by (including but not limited to) an increase in salinity;
- (b) water level of the unconfined aquifer by causing or contributing to a long term decline in groundwater levels; and

(c) structural integrity of the aquifer,

the taking of water shall substantially comply with the 4km square test.

10. For the purposes of clause 9 'the 4 km square test' is the requirement that the grant of a water (taking) allocation shall not cause the total volume of water (taking) allocations within a square with 4 km long sides centred on the proposed point of extraction of the water, to exceed 1.25 times the amount of annual vertical recharge for the management area.

11. For the purposes of clause 10 the amount of annual vertical recharge is whichever is the greater of:

- (a) the annual vertical recharge rate set out in Table 1 multiplied by 16 km²; or
- (b) the amount determined by the following formula—*Specific yield multiplied by long term seasonal ground-water level fluctuation multiplied by 16 km².*

Divided Landholdings

12. Where a landholding is, or two or more contiguous landholdings held by the same landowner are, divided by a management area boundary, but the allocation is taken from only one of the management areas in which the landholding, or all or part of one or more of the contiguous landholdings lies, the allocation may be used throughout the landholding or landholdings.

Crop Rotations

13. An allocation of water from a management area may be taken from another management area ('the second management area') even though the water from the second management area may be fully allocated provided:

- (a) the water is taken for the purpose of irrigating a crop or crops that require planting in different locations each growing season (either absolutely or for a limited number of years);
- (b) the water is only taken from the second management area for five years or less; and
- (c) the taking of the water from the second management area is in accordance with clauses 9 to 11 (hydro-geological effects).

Part 3—Confined Aquifer

14. The taking of water from the confined aquifer shall be limited to the purpose of public water supply.

15. The taking of water from the confined aquifer shall not cause a draw-down at peak demand at any point beyond the 2 km radius from the proposed bore(s) greater than 2 m.

16. Water from the confined aquifer may only be allocated in order of receipt of applications.

17. Taking of water from the confined aquifer shall not occur if it is likely to cause the potentiometric level in the confined aquifer to fall below the potentiometric level in the unconfined aquifer where the existing potentiometric level of the confined aquifer is greater than the potentiometric level of the unconfined aquifer.

18. Water from the confined aquifer may be transferred where the water will continue to be taken from the same point of extraction.

Vertical Recharge Rates for Management Areas in the Padthaway Prescribed Wells Area

Management Area	Vertical Recharge Rate (mm/year)
Sub area 1	75
Sub area 2	75
Sub area 3	75
Sub area 4	25

Dated 25 July 2000.

MARK BRINDAL, Minister for Water Resources

WATER RESOURCES ACT 1997

Notice of Variation to Water Allocation Plan

NOTICE is hereby given pursuant to subclause 2 (15a) of Schedule 3 of the Water Resources Act 1997, of the variation of the Water Allocation Plan dated 30 June 1997, for the Lacepede-Kongorong Prescribed Wells Area ('the Plan') such that the Plan takes the form set out in Schedule 1 to this notice. This variation takes effect from 27 July 2000.

SCHEDULE 1

Part 1—Interpretation

1. Unless otherwise indicated, words used in this Plan that are defined in the Water Resources Act 1997, shall have the meanings determined under that Act.

2. The terms set out below have the following meanings for the purposes of this Plan:

'After pro-rata allocation' means a water (holding) or (taking) allocation (as the case may be) granted pursuant to an after pro-rata application.

'After pro-rata application' means an application for a water (holding) or (taking) allocation (as the case may be) received by the Minister after 5 p.m. on 1 September 2000.

'Available water' for any management area means the volume of water set out in Table 1 for the relevant management area.

'Before pro-rata allocation' means a water allocation granted pursuant to an application received by the Minister before 5 p.m. on 3 August 1999.

'Confined aquifer' means the saturated sands and gravels of either the Dilwyn Formation in the Otway Basin or the Renmark Group in the Murray Basin.

'Draw-down' means the occasional, seasonal or permanent lowering of the water-table or reduction in pressure (head) of an aquifer resulting from the extraction of groundwater.

'Eligible area of landholding' means the total area of the landholding less:

- (a) the forested area of the landholding; and
- (b) the area of any permanent lakes on the landholding.

'Eligible area of management area' means the total area of the relevant management area, less:

- (a) the forested area of the management area; and
- (b) the area of any permanent lakes in the management area.

'Forested area' means an area of 4 ha or more or a number of contiguous areas in total of 4 ha or more of:

- (a) trees planted and nurtured by humans which form a closed canopy forest, or would form a closed canopy on or before maturity (other than windbreaks or shelter belts of five or less rows of trees);
- (b) native vegetation (that is not planted by humans) generally containing woody (sclerophyllous) species, and includes:

- (c) any area of the landholding that may lawfully be used as a forested area pursuant to a development approval under the Development Act 1993, or that is subject to a development application under that Act for use as a forested area;
- (d) any area of the landholding declared in an application for a water licence or allocation as intended for use as a forested area within two years;
- (e) any area of the landholding described or referred to in a binding agreement obliging or contemplating the use of the area as a forested area within two years; and
- (f) any area of the landholding described in a written declaration by a commercial or Government forest grower as intended for use as a forested area within two years.

'Industry' means the carrying on, in the course of a trade or business, of any process for or incidental to:

- (a) the making of any article (or part thereof); or
- (b) the altering, repairing, ornamenting, finishing, assembling, cleaning, washing, packing, bottling, canning or adapting for sale, or the breaking up or demolition of any article; or
- (c) the getting, dressing or treatment of materials.

'Landholding' means the allotment or allotments comprised in a certificate of title under the Real Property Act 1886, held in fee simple or land held under a perpetual lease from the Crown, or under an agreement to purchase from the Crown.

'Landowner' means the registered proprietor in fee simple of the land (under the Real Property Act), or the lessee of a perpetual lease from the Crown (under the Crown Lands Act 1929), or a party to an agreement to purchase from the Crown (under the Crown Lands Act) and includes a person authorised in writing by the landowner to take or hold water in relation to that land.

'Less than 10 ha landowner' means a landowner as at 5 p.m. on 27 July 2000, of a landholding in a rural area of less than 10 ha.

'Management area' means for the unconfined aquifer, a part of a Prescribed Wells Area as shown on the map numbered G.R.O. 346/00 lodged in the General Registry Office and for the confined aquifer, a part of a Prescribed Wells Area shown on Map 1 annexed hereto.

'More than 10 ha landowner' means a landowner as at 5 p.m. on 27 July 2000, of a landholding in a rural area of 10 ha or more.

'Permanent lakes' includes Lake Bonney, George, St Clair, Eliza, Hawdon South, Hawdon North, Robe, Nadzab and the unnamed lakes contained in sections 427 and 428, Hundred of Lacepede and sections 18, 22, 69 and 70, Hundred of Duffield.

'Pro-rata application' means an application for a water (holding) or (taking) allocation (as the case may be) received by the Minister after 5 p.m. on 3 August 1999, and before 5 p.m. on 1 September 2000.

'Pro-rata allocation' means a water (holding) or (taking) allocation (as the case may be) granted pursuant to a pro-rata application.

'Rural area' means any land within a zone set out in Table 3 as delineated in a Development Plan under the Development Act 1993, relating to the Lacepede-Kongorong Prescribed Wells Area.

'Unconfined aquifer' means the saturated sequence of rocks occurring above the aquitard on top of the Dilwyn Formation in the Otway Basin or the Renmark Group in the Murray Basin whether occurring within the Gambier Limestone of the Otway Basin, the Murray Group Limestone of the Murray Basin or some other younger geological unit.

Part 2—General

Limit to Total Allocation

3. In no case shall water be allocated (by water (holding) allocation or water (taking) allocation) from the unconfined aquifer where the allocation would cause the total amount of water allocated on all licences for the relevant management area to exceed the total amount allocated on all licences as at 27 July 2000, plus the available water set out in Table 1 for the relevant management area.

Water (Holding) Allocations

4. Pursuant to section 35A of the Water Resources Act, water licences may be endorsed with water (holding) allocations of available water in accordance with the provisions of this Plan. Except where a water (holding) allocation is transferred, a water (holding) allocation may not be endorsed on a licence pursuant to an after pro-rata application.

Basis of Allocation

5. Allocations will be expressed in kilolitres.

Unconfined Aquifer

6. All water allocations shall be from the unconfined aquifer except as provided by this Plan.

Precedence to Certain Applications

7. For the purposes of section 35B of the Water Resources Act 1997, pro-rata applications for water (holding) allocations from less than 10 ha landowners have precedence over applications from more than 10 ha landowners and applications for water (taking) allocations.

Random Monthly Allocation Priority

8. Water will be allocated in the following manner:

- (a) This clause does not apply to applications for the transfer of water (taking) allocations in management areas where there is no available water shown in Table 1.
- (b) Applications to transfer allocations or to vary licences received by the Minister prior to 5 p.m. on 27 July 2000, will be determined in order of receipt and before applications in the clauses below.
- (c) Applications received by the Minister after 5 p.m. on 3 August 1999, for the grant of water (taking) allocations for water from a particular management area and applications to transfer water (taking) allocations received by the Minister after 5 p.m. on 27 July 2000, will be given a serial number, and accumulated with other applications from the same management area until 5 p.m. on 29 September 2000. Each serial number will then anonymously be given a random rank number for the purposes of that management area. Applications will then be determined commencing with number 1 (for each management area) in order of increasing rank number.
- (d) Subject to subclause (e), applications for the grant of water (taking) allocations (including applications to transfer water (taking) allocations) received after 5 p.m. on 29 September 2000, will be accumulated until 5 p.m. on the last Friday of each succeeding month when they will be accorded a rank number in the same manner for the relevant management area. The rank numbers for each successive month shall follow any rank numbers for applications from earlier months for that management area that have not yet been determined.
- (e) Applications for the grant of water (taking) allocations (including applications to transfer water (taking) allocations) received by the Minister after 31 December 2000, will be determined in order of receipt after applications under subclauses (a)-(d) have been determined.

Part 3—Pro-Rata Allocations

9. Pro-rata applications for water (holding) allocations will be determined in accordance with Parts 1, 2 and 3 of this Plan.

10. Pro-rata applications for water (taking) allocations will be determined in accordance with Parts 1, 2, 3 and clauses 30 (wild flooding), 34 (efficient use), 35-37 (hydrogeological effects), 38 (use on divided landholding) and 39 (crop rotations).

Landowners with Licences to Use on more than One Landholding

11. Landowners as at 5 p.m. on 27 July 2000, of landholdings in rural areas who hold a licence with a before pro-rata allocation that authorises the taking and use of water from or on more than one landholding will, for the purposes of calculation, have that allocation deemed as being distributed between the separate landholdings in proportion to the eligible area of those landholdings and may be allocated available water as follows:

- (a) the landholdings of less than 10 ha will be dealt with as under clause 12;
- (b) the landholdings which are equal to or greater than 10 ha will be dealt with as under clause 15.

Landholdings of Less than 10 ha

12. Subject to clauses 13 and 14, less than 10 ha landowners who applied for a pro-rata allocation in relation to their landholding may be allocated available water from the unconfined aquifer at a rate up to equal to the volume shown in Table 2 for each hectare of eligible area on that landholding.

Landowners with Existing Allocations of less than the Pro-rata Amount

13. Less than 10 ha landowners who hold a licence endorsed with a before pro-rata allocation less than would be granted under clause 12 who applied for a pro-rata allocation may be allocated an amount from the available water up to equal the volume that they would have received under clause 12 less the amount that they are entitled to take under their existing licence.

14. Less than 10 ha landowners who hold a licence to take water endorsed with a before pro-rata allocation greater than would be granted under clause 12 shall not be allocated available water under clause 13.

Landholdings of 10 ha or More

15. Unless clause 17 or 18 applies, more than 10 ha landowners who applied for a pro-rata allocation of water in relation to that landholding may be allocated an amount of available water from the unconfined aquifer up to equal an amount determined in accordance with clause 16 in respect of each such landholding.

16. The volume of a water (holding) allocation shall not exceed the amount determined by the following formula:

$$\text{Volume of Allocation} = (\text{available water}) \times [(\text{eligible area of landholding}) / (\text{eligible area of management area})]$$

Landowners with Before Pro-rata Allocations

17. More than 10 ha landowners who hold a licence to take water endorsed with a before pro-rata allocation less than would be granted under clause 16 who apply for a pro-rata allocation may be allocated an amount from the available water up to equal the volume that they would have received under clause 16 less the amount which they are entitled to take under their existing licence.

18. More than 10 ha landowners who hold a licence to take water endorsed with a before pro-rata allocation equal to or greater than would be granted under clause 16 shall not be allocated available water under clause 16.

Part 4—After Pro-rata Allocations

19. After pro-rata applications for the conversion of water (holding) allocations to water (taking) allocations shall be determined in accordance with Parts 1 and 2 and clauses 30 (wild flooding), 34 (efficient use), 35-37 (hydrogeological effects), 38 (use on divided landholding) and 39 (crop rotations) of this Plan.

20. After pro-rata applications for water (taking) allocations shall be determined in accordance with Parts 1 and 2 and clauses 29 (purpose of use), 30 (wild flooding), 31 and 32 (quantity of allocation), 33 (active and expeditious use), 34 (efficient use), 35-37 (hydrogeological effects), 38 (use on divided landholding) and 39 (crop rotations) of this Plan.

Part 5—Criteria for Transfers

21. Applications to transfer pro-rata water (holding) allocations shall be determined in accordance with Parts 1 and 2 and clause 26 of this Plan.

22. Applications to transfer pro-rata water (taking) allocations shall be determined in accordance with Parts 1 and 2 and clauses 27, 30 (wild flooding), 34 (efficient use), 35-37 (hydrogeological effects), 38 (divided landholdings) and 39 (crop rotations) of this Plan.

23. Applications to transfer before pro-rata allocations shall be determined in accordance with Parts 1 and 2 and clauses 27, 28 (development before transfer), 30 (wild flooding), 34 (efficient use), 35-37 (hydrogeological effects), 38 (use on divided landholding) and 39 (crop rotation) of this Plan.

24. Applications to transfer after pro-rata allocations shall be determined in accordance with Parts 1 and 2 and clauses 27, 28 (development before transfer), 30 (wild flooding), 34 (efficient use), 35-37 (hydrogeological effects), 38 (use on divided landholding) and 39 (crop rotation) of this Plan and applications to transfer after pro-rata allocations with a condition or conditions imposed requiring the expeditious use of the water (including a requirement that the equipment, or land by which or on which the water is used be developed in a certain time) that have not been fully developed in accordance with such conditions will be subject also to clauses 29 (purpose of use) and 33 (active and expeditious use).

25. Except as provided by clause 49, only water allocations and licences for water from the unconfined aquifer may be transferred.

Transfers of Water (Holding) Allocations

26. Water (holding) allocations may be transferred to any person but will continue to be recognised as being held from the same management area from which the allocation was initially granted.

Transfers of Water (Taking) Allocations

27. Water (taking) allocations may only be transferred where the proposed location of the point of extraction from which the allocation will be taken will be in the same management area as the existing location of the point of extraction from which the allocation may lawfully be taken.

Development of Allocation before Transfer

28. Both before pro-rata allocations and after pro-rata allocations with a condition or conditions imposed requiring the expeditious use of the water (including a requirement that the equipment, or land by which or on which the water is used be developed in a certain time):

- (a) may be transferred where the equipment or land has been fully developed to allow the use of the water at its maximum lawful rate (unless clause (c) applies); or
- (b) where the allocation has not been fully developed, only that portion of the allocation that may be used in accordance with the extent of development at the date of receipt of the application to transfer by the Minister may be transferred (unless clause (c) applies);
- (c) where the allocation is to be transferred but will be taken and used on the same landholding, it may be transferred whether or not the land or equipment has been fully developed in accordance with the condition(s).

Part 6—Taking and Use of Water

Purpose of Use

29. Available water from the unconfined aquifer may only be allocated to be taken and used for any one or more of the following purposes:

- (a) public water supply;
- (b) industry;
- (c) energy generation.

Wild Flooding

30. Available water shall not be allocated where it is to be taken and used for wild flooding. For the purposes of this clause, 'wild flooding' means flood irrigation where no adequate system (eg land levelling, or irrigation bays) is used to ensure uniform distribution of the water; water is simply flooded onto the unformed land from a bore, in some cases using roughly formed earth channels or a hose to direct the water to different areas.

Quantity of Allocation

31. Where available water is to be used for irrigation purposes, the allocation shall not exceed the amount reasonably required to irrigate the area of the particular crop type on the relevant soil type, and in the relevant climate of the landholding.

32. Where available water is to be used for purposes other than irrigation, the allocation shall not exceed the amount reasonably required (applying current industry best practice standards) for the purpose proposed.

Active and Expeditious Use of Water

33. Except for the portion of before pro-rata allocations equal to the amount of water that would have been allocated under clause 12, water shall be expeditiously used with the minimum of delay and in any case within three years of the granting of the allocation the land and equipment upon or by which the water is used shall be developed to a capacity to enable the allocation to be used at its maximum lawful rate.

Efficient Use of Water

34. Water shall be used and applied using water efficient technologies and techniques.

Hydrogeological Effects

35. The taking of water shall not adversely affect to a significant extent the:

- (a) quality of water in the unconfined aquifer by (including but not limited to) an increase in salinity;
- (b) water level of the unconfined aquifer by causing or contributing to a long term decline in groundwater levels; and
- (c) structural integrity of the aquifer,

the taking of water shall substantially comply with the 4km square test.

36. For the purposes of clause 35 'the 4 km square test' is the requirement that the grant of a water (taking) allocation shall not cause the total volume of water (taking) allocations within a square with 4 km long sides centred on the proposed point of extraction of the water, to exceed 1.25 times the amount of annual vertical recharge for the management area.

37. For the purposes of clause 36 the amount of annual vertical recharge is whichever is the greater of:

- (a) the annual vertical recharge rate set out in Table 4 multiplied by 16 km²; or
- (b) the amount determined by the following formula—*Specific yield multiplied by long term seasonal groundwater level fluctuation multiplied by 16 km².*

Divided Landholdings

38. Where a landholding is, or two or more contiguous landholdings held by the same landowner are, divided by a management area boundary, but the allocation is taken from only one of the management areas in which the landholding, or all or part of one or more of the contiguous landholdings lies, the allocation may be used throughout the landholding or landholdings.

Crop Rotations

39. An allocation of water from a management area may be taken from another management area ('the second management area') even though the water from the second management area may be fully allocated provided:

- (a) the water is taken for the purpose of irrigating a crop or crops that require planting in different locations each growing season (either absolutely or for a limited number of years);
- (b) the water is only taken from the second management area for five years or less; and
- (c) the taking of the water from the second management area is in accordance with clauses 35-37 (hydrogeological effects).

Part 7—Confined Aquifer

40. All allocations of water from the confined aquifer shall be in accordance with Part 7.

41. Unless clause 42 applies, the taking of water from the confined aquifer shall be limited to the purpose of public water supply.

42. Subject to clause 43, within the Millicent management area (shown on Map 1 annexed hereto) the taking of water from the confined aquifer shall be limited to the following purposes of use:

- (a) public water supply;
- (b) industry.

43. Except for the purpose of public water supply water shall not be allocated from the confined aquifer if:

- (a) the quantity and quality of the unconfined aquifer water at the proposed location of use is sufficient to provide the quantity and quality of water required for the proposed project (whether allocated to another person or not); and
- (b) the taking of the same quantity of water from the same location from the unconfined aquifer could occur in accordance with clauses 35 to 37 inclusive.

44. Water shall not be allocated to be taken from the confined aquifer in the Kingston management area delineated on Map 1 annexed hereto.

45. The taking of water from the confined aquifer shall not cause a draw-down at peak demand at any point beyond the 2 km radius from the proposed bore(s) greater than 2 m.

46. Water from the confined aquifer may only be allocated in order of receipt of applications.

47. Taking of water from the confined aquifer shall not occur if it is likely to cause the potentiometric level in the confined aquifer to fall below the potentiometric level in the unconfined aquifer where the existing potentiometric level of the confined aquifer is greater than the potentiometric level of the unconfined aquifer.

48. Water from the confined aquifer may be allocated to a person who holds a before pro-rata allocation from the unconfined aquifer provided:

- (a) since the grant or transfer to the person of the before pro-rata allocation from the unconfined aquifer, that aquifer has become unable to supply the amount of water allocated to that person; and
- (b) without an allocation from the confined aquifer, the person or the business enterprise reliant on the water will suffer substantial financial detriment.

49. Water from the confined aquifer may be transferred where the water will continue to be taken from the same point of extraction.

50. The amount of an allocation of water from the confined aquifer shall not exceed the amount reasonably required (applying current industry best practice standards) for the purpose proposed.

WATER RESOURCES ACT 1997

Notice of Variation to Water Allocation Plans

NOTICE is hereby given pursuant to subclause 2 (15a) of Schedule 3 of the Water Resources Act 1997, of the variation of the Water Allocation Plans for the Tatiara Prescribed Wells Area, Naracoorte Ranges Prescribed Wells Area and Comaum Caroline Prescribed Wells Area ('the Plans') such that each of the Plans take the form set out in Schedule 1 to this notice. This variation takes effect from 27 July 2000.

SCHEDULE 1

Part 1—Interpretation

1. Unless otherwise indicated, words used in this Plan that are defined in the Water Resources Act 1997, shall have the meanings determined under that Act.

2. The terms set out below have the following meanings for the purposes of this Plan:

'After pro-rata allocation' means a water (holding) or (taking) allocation (as the case may be) granted pursuant to an after pro-rata application.

'After pro-rata application' means an application for a water (holding) or (taking) allocation (as the case may be) received by the Minister after 5 p.m. on 1 September 2000.

'Available water' for any management area means the volume of water set out in Table 1 for the relevant management area.

'Before pro-rata allocation' means a water allocation granted pursuant to an application received by the Minister before 5 p.m. on 3 August 1999.

'Confined aquifer' means the saturated sands and gravels of either the Dilwyn Formation in the Otway Basin or the Renmark Group in the Murray Basin.

'Draw-down' means the occasional, seasonal or permanent lowering of the water-table or reduction in pressure (head) of an aquifer resulting from the extraction of groundwater.

'Eligible area of landholding' means the total area of the landholding less the forested area of the landholding.

'Eligible area of management area' means the total area of the relevant management area less the forested area of the management area.

'Forested area' means an area of 4 ha or more or a number of contiguous areas in total of 4 ha or more of:

- (a) trees planted and nurtured by humans which form a closed canopy forest, or would form a closed canopy on or before maturity (other than windbreaks or shelter belts of five or less rows of trees);
- (b) native vegetation (that is not planted by humans) generally containing woody (sclerophyllous) species, and includes:
- (c) any area of the landholding that may lawfully be used as a forested area pursuant to a development approval under the Development Act 1993, or that is subject to a development application under that Act for use as a forested area;
- (d) any area of the landholding declared in an application for a water licence or allocation as intended for use as a forested area within two years;
- (e) any area of the landholding described or referred to in a binding agreement obliging or contemplating the use of the area as a forested area within two years; and
- (f) any area of the landholding described in a written declaration by a commercial or Government forest grower as intended for use as a forested area within two years.

'Industry' means the carrying on, in the course of a trade or business, of any process for or incidental to:

- (a) the making of any article (or part thereof); or
- (b) the altering, repairing, ornamenting, finishing, assembling, cleaning, washing, packing, bottling, canning or adapting for sale, or the breaking up or demolition of any article; or
- (c) the getting, dressing or treatment of materials.

'Landholding' means the allotment or allotments comprised in a certificate of title under the Real Property Act 1886, held in fee simple or land held under a perpetual lease from the Crown, or under an agreement to purchase from the Crown.

'Landowner' means the registered proprietor in fee simple of the land (under the Real Property Act 1886), or the lessee of a perpetual lease from the Crown (under the Crown Lands Act 1929), or a party to an agreement to purchase from the Crown (under the Crown Lands Act 1929) and includes a person authorised in writing by the landowner to take or hold water in relation to that land.

'Less than 10 ha landowner' means a landowner as at 5 p.m. on 27 July 2000, of a landholding in a rural area of less than 10 ha.

'Management area' means for the unconfined aquifer, a part of a Prescribed Wells Area as shown on the map numbered G.R.O. 346/00 lodged in the General Registry Office and for the confined aquifer, a part of a Prescribed Wells Area shown on Map 1 annexed hereto.

'More than 10 ha landowner' means a landowner as at 5 p.m. on 27 July 2000, of a landholding in a rural area of 10 ha or more.

'Pro-rata application' means an application for a water (holding) or (taking) allocation (as the case may be) received by the Minister after 5 p.m. on 3 August 1999, and before 5 p.m. on 1 September 2000.

'Pro-rata allocation' means a water (holding) or (taking) allocation (as the case may be) granted pursuant to a pro-rata application.

'Rural area' means any land within a zone set out in Table 3 as delineated in a Development Plan under the Development Act 1993.

'Unconfined aquifer' means the saturated sequence of rocks occurring above the aquitard on top of the Dilwyn Formation in the Otway Basin or the Renmark Group in the Murray Basin whether occurring within the Gambier Lime-stone of the Otway Basin, the Murray Group Limestone of the Murray Basin or some other younger geological unit.

References in this Plan to applications for the grant of water (taking) allocations include applications for the conversion of water (holding) allocations to water (taking) allocations.

*Part 2—General**Limit to Total Allocation*

3. In no case shall water be allocated (by water (holding) allocation or water (taking) allocation) from the unconfined aquifer where the allocation would cause the total amount of water allocated on all licences for the relevant management area to exceed the total amount allocated on all licences as at 27 July 2000, plus the available water set out in Table 1 for the relevant management area.

Water (Holding) Allocations

4. Pursuant to section 35A of the Water Resources Act, water licences may be endorsed with water (holding) allocations of available water in accordance with the provisions of this Plan. Except where a water (holding) allocation is transferred, a water (holding) allocation may not be endorsed on a licence pursuant to an after pro-rata application.

Basis of Allocation

5. Allocations will be expressed in kilolitres.

Unconfined Aquifer

6. All water allocations shall be from the unconfined aquifer except as provided by this Plan.

Precedence to Certain Applications

7. For the purposes of section 35B of the Water Resources Act 1997, pro-rata applications for water (holding) allocations from less than 10 ha landowners have precedence over applications from more than 10 ha landowners and applications for water (taking) allocations.

Random Monthly Allocation Priority

8. Water will be allocated in the following manner:

- (a) This clause does not apply to applications for the transfer of water (taking) allocations in management areas where there is no available water shown in Table 1.
- (b) Applications to transfer allocations or to vary licences received by the Minister prior to 5 p.m. on 27 July 2000, will be determined in order of receipt and before applications in the clauses below.
- (c) Applications received by the Minister after 5 p.m. on 3 August 1999, for the grant of water (taking) allocations for water from a particular management area and applications to transfer water (taking) allocations received by the Minister after 5 p.m. on 27 July 2000, will be given a serial number and accumulated with other applications from the same management area until 5 p.m. on 29 September 2000. Each serial number will then anonymously be given a random rank number for the purposes of that management area. Applications will then be determined commencing with number 1 (for each management area) in order of increasing rank number.
- (d) Subject to subclause (e), applications for the grant of water (taking) allocations (including applications to transfer water (taking) allocations) received after 5 p.m. on 29 September 2000, will be accumulated until 5 p.m. on the last Friday of each succeeding month when they will be accorded a rank number in the same manner for the relevant management area. The rank numbers for each successive month shall follow any rank numbers for applications from earlier months for that management area that have not yet been determined.
- (e) Applications for the grant of water (taking) allocations (including applications to transfer water (taking) allocations) received by the Minister after 31 December 2000, will be determined in order of receipt after applications under subclauses (a)-(d) have been determined.

Part 3—Pro-rata Allocations

9. Pro-rata applications for water (holding) allocations will be determined in accordance with Parts 1, 2 and 3 of this Plan.

10. Pro-rata applications for water (taking) allocations will be determined in accordance with Parts 1, 2, 3 and clauses 30 (wild flooding), 34 (efficient use), 35-37 (hydrogeological effects), 38 (use on divided landholding) and 39 (crop rotations).

Landowners with Licences to Use on more than One Landholding

11. Landowners as at 5 p.m. on 27 July 2000, of landholdings in rural areas who hold a licence with a before pro-rata allocation that authorises the taking and use of water from or on more than one landholding will, for the purposes of calculation, have that allocation deemed as being distributed between the separate landholdings in proportion to the eligible area of those landholdings and may be allocated available water as follows:

- (a) the landholdings of less than 10 ha will be dealt with as under clause 12;
- (b) the landholdings which are equal to or greater than 10 ha will be dealt with as under clause 15.

Landholdings of Less than 10 ha

12. Subject to clauses 13 and 14, less than 10 ha landowners who applied for a pro-rata allocation in relation to their landholding may be allocated available water from the unconfined aquifer at a rate up to equal to the volume shown in Table 2 for each hectare of eligible area on that landholding.

Landowners with Existing Allocations of Less than the Pro-rata Amount

13. Less than 10 ha landowners who hold a licence endorsed with a before pro-rata allocation less than would be granted under clause 12 who applied for a pro-rata allocation may be allocated an amount from the available water up to equal the volume that they would have received under clause 12 less the amount that they are entitled to take under their existing licence.

14. Less than 10 ha landowners who hold a licence to take water endorsed with a before pro-rata allocation greater than would be granted under clause 12 shall not be allocated available water under clause 13.

Landholdings of 10 ha or More

15. Unless clause 17 or 18 applies, more than 10 ha landowners who applied for a pro-rata allocation of water in relation to that landholding may be allocated an amount of available water from the unconfined aquifer up to equal an amount determined in accordance with clause 16 in respect of each such landholding.

16. The volume of a water (holding) allocation shall not exceed the amount determined by the following formula:

$$\text{Volume of Allocation} = (\text{available water}) \times [(\text{eligible area of landholding}) / (\text{eligible area of management area})]$$

Landowners with Before Pro-rata Allocations

17. More than 10 ha landowners who hold a licence to take water endorsed with a before pro-rata allocation less than would be granted under clause 16 who apply for a pro-rata allocation may be allocated an amount from the available water up to equal the volume that they would have received under clause 16 less the amount which they are entitled to take under their existing licence.

18. More than 10 ha landowners who hold a licence to take water endorsed with a before pro-rata allocation equal to or greater than would be granted under clause 16 shall not be allocated available water under clause 16.

Part 4—After Pro-rata Allocations

19. After pro-rata applications for the conversion of water (holding) allocations to water (taking) allocations shall be determined in accordance with Parts 1 and 2 and clauses 30 (wild flooding), 34 (efficient use), 35-37 (hydrogeological effects), 38 (use on divided landholding) and 39 (crop rotations) of this Plan.

20. After pro-rata applications for water (taking) allocations shall be determined in accordance with Parts 1 and 2 and clauses 29 (purpose of use), 30 (wild flooding), 31 and 32 (quantity of allocation), 33 (active and expeditious use), 34 (efficient use), 35-37 (hydrogeological effects), 38 (use on divided landholding) and 39 (crop rotations) of this Plan.

Part 5—Criteria for Transfers

21. Applications to transfer pro-rata water (holding) allocations shall be determined in accordance with Parts 1 and 2 and clause 26 of this Plan.

22. Applications to transfer pro-rata water (taking) allocations shall be determined in accordance with Parts 1 and 2 and clauses 27, 30 (wild flooding), 34 (efficient use), 35-37 (hydrogeological effects), 38 (divided landholdings) and 39 (crop rotations) of this Plan.

23. Applications to transfer before pro-rata allocations shall be determined in accordance with Parts 1 and 2 and clauses 27, 28 (development before transfer), 30 (wild flooding), 34 (efficient use), 35-37 (hydrogeological effects), 38 (use on divided landholding) and 39 (crop rotation) of this Plan.

24. Applications to transfer after pro-rata allocations shall be determined in accordance with Parts 1 and 2 and clauses 27, 28 (development before transfer), 30 (wild flooding), 34 (efficient use), 35-37 (hydrogeological effects), 38 (use on divided landholding) and 39 (crop rotation) of this Plan and applications to transfer after pro-rata allocations with a condition or conditions imposed requiring the expeditious use of the water (including a requirement that the equipment, or land by which or on which the water is used be developed in a certain time) that have not been fully developed in accordance with such conditions will be subject also to clauses 29 (purpose of use) and 33 (active and expeditious use).

25. Except as provided by clause 49, only water allocations and licences for water from the unconfined aquifer may be transferred.

Transfers of Water (Holding) Allocations

26. Water (holding) allocations may be transferred to any person but will continue to be recognised as being held from the same management area from which the allocation was initially granted.

Transfers of Water (Taking) Allocations

27. Water (taking) allocations may only be transferred where the proposed location of the point of extraction from which the allocation will be taken will be in the same management area as the existing location of the point of extraction from which the allocation may lawfully be taken.

Development of Allocation before Transfer

28. Both before pro-rata allocations and after pro-rata allocations with a condition or conditions imposed requiring the expeditious use of the water (including a requirement that the equipment, or land by which or on which the water is used be developed in a certain time):

- (a) may be transferred where the equipment or land has been fully developed to allow the use of the water at its maximum lawful rate (unless clause (c) applies); or
- (b) where the allocation has not been fully developed, only that portion of the allocation that may be used in accordance with the extent of development at the date of receipt of the application to transfer by the Minister may be transferred (unless clause (c) applies);
- (c) where the allocation is to be transferred but will be taken and used on the same landholding, it may be transferred whether or not the land or equipment has been fully developed in accordance with the condition(s).

Part 6—Taking and Use of Water

Purpose of Use

29. Available water from the unconfined aquifer may only be allocated to be taken and used for any one or more of the following purposes:

- (a) public water supply;
- (b) industry;
- (c) energy generation.

Wild Flooding

30. Available water shall not be allocated where it is to be taken and used for wild flooding. For the purposes of this clause, 'wild flooding' means flood irrigation where no adequate system (eg land levelling, or irrigation bays) is used to ensure uniform distribution of the water; water is simply flooded onto the unformed land from a bore, in some cases using roughly formed earth channels or a hose to direct the water to different areas.

Quantity of Allocation

31. Where available water is to be used for irrigation purposes, the allocation shall not exceed the amount reasonably required to irrigate the area of the particular crop type on the relevant soil type, and in the relevant climate of the landholding.

32. Where available water is to be used for purposes other than irrigation, the allocation shall not exceed the amount reasonably required (applying current industry best practice standards) for the purpose proposed.

Active and Expeditious Use of Water

33. Except for the portion of before pro-rata allocations equal to the amount of water that would have been allocated under clause 12, water shall be expeditiously used with the minimum of delay and in any case within three years of the granting of the allocation the land and equipment upon or by which the water is used shall be developed to a capacity to enable the allocation to be used at its maximum lawful rate.

Efficient use of Water

34. Water shall be used and applied using water efficient technologies and techniques.

Hydrogeological Effects

35. The taking of water shall not adversely affect to a significant extent the:

- (a) quality of water in the unconfined aquifer by (including but not limited to) an increase in salinity;
- (b) water level of the unconfined aquifer by causing or contributing to a long term decline in groundwater levels; and
- (c) structural integrity of the aquifer,

the taking of water shall substantially comply with the 4km square test.

36. For the purposes of clause 35 'the 4 km square test' is the requirement that the grant of a water (taking) allocation shall not cause the total volume of water (taking) allocations within a square with 4 km long sides centred on the proposed point of extraction of the water, to exceed 1.25 times the amount of annual vertical recharge for the management area, recharge zone or recharge sub-area (whichever is relevant).

37. For the purposes of clause 36 the amount of annual vertical recharge for a management area, recharge zone or recharge sub-

area (or portion or portions thereof) is whichever is the greater of:

- (a) the annual vertical recharge rate set out in Table 4 for the relevant management area (or recharge zone shown on Map 2 for the Stirling and Willalooka management areas) or the annual vertical recharge rate for the relevant recharge sub-areas delineated on General Registry Office Plan 364/00 (whichever is relevant) multiplied by 16 km²; or
- (b) the amount determined by the following formula—*Specific yield multiplied by long term seasonal ground-water level fluctuation multiplied by 16 km².*

Divided Landholdings

38. Where a landholding is, or two or more contiguous landholdings held by the same landowner are, divided by a management area boundary, but the allocation is taken from only one of the management areas in which the landholding, or all or part of one or more of the contiguous landholdings lies, the allocation may be used throughout the landholding or landholdings.

Crop Rotations

39. An allocation of water from a management area may be taken from another management area ('the second management area') even though the water from the second management area may be fully allocated provided:

- (a) the water is taken for the purpose of irrigating a crop or crops that require planting in different locations each growing season (either absolutely or for a limited number of years);
- (b) the water is only taken from the second management area for five years or less; and
- (c) the taking of the water from the second management area is in accordance with clauses 35-37 (hydrogeological effects).

Part 7—Confined Aquifer

40. All allocations of water from the confined aquifer shall be in accordance with Part 7.

41. Unless clause 42 applies, the taking of water from the confined aquifer shall be limited to the purpose of public water supply.

42. Subject to clause 43, within the Zone 1A management area (shown on Map 1 annexed hereto) the taking of water from the confined aquifer shall be limited to the following purposes of use:

- (a) public water supply;
- (b) processing the products of primary industry.

43. Except for the purpose of public water supply water shall not be allocated from the confined aquifer if:

- (a) the quantity and quality of the unconfined aquifer water at the proposed location of use is sufficient to provide the quantity and quality of water required for the proposed project (whether allocated to another person or not); and
- (b) the taking of the same quantity of water from the same location from the unconfined aquifer could occur in accordance with clauses 35 to 37 inclusive.

44. Water shall not be allocated to be taken from the confined aquifer in the Kingston management area delineated on Map 1 annexed hereto.

45. The taking of water from the confined aquifer shall not cause a draw-down at peak demand at any point beyond the 2 km radius from the proposed bore(s) greater than 2 m.

46. Water from the confined aquifer may only be allocated in order of receipt of applications.

47. Taking of water from the confined aquifer shall not occur if it is likely to cause the potentiometric level in the confined aquifer to fall below the potentiometric level in the unconfined aquifer where the existing potentiometric level of the confined aquifer is greater than the potentiometric level of the unconfined aquifer.

48. Water from the confined aquifer may be allocated to a person who holds a before pro-rata allocation from the unconfined aquifer provided:

- (a) since the grant or transfer to the person of the before pro-rata allocation from the unconfined aquifer, that

aquifer has become unable to supply the amount of water allocated to that person; and

- (b) without an allocation from the confined aquifer, the person or the business enterprise reliant on the water will suffer substantial financial detriment.

49. Water from the confined aquifer may be transferred where the water will continue to be taken from the same point of extraction.

50. The amount of an allocation of water from the confined aquifer shall not exceed the amount reasonably required (applying current industry best practice standards) for the purpose proposed.

REGULATIONS UNDER THE ROAD TRAFFIC ACT 1961

No. 179 of 2000

At the Executive Council Office at Adelaide 27 July 2000

PURSUANT to the *Road Traffic Act 1961* and with the advice and consent of the Executive Council, I make the following regulations.

E. J. NEAL Governor

PURSUANT to section 10AA(2) of the *Subordinate Legislation Act 1978*, I certify that, in my opinion, it is necessary or appropriate that the following regulations come into operation as set out below.

DIANA LAIDLAW Minister for Transport and Urban Planning

SUMMARY OF PROVISIONS

1. Citation
2. Commencement
3. Variation of reg. 13—Declaration of hospitals for compulsory blood testing

Citation

1. The *Road Traffic (Miscellaneous) Regulations 1999* (see *Gazette* 25 November 1999 p. 2690), as varied, are referred to in these regulations as "the principal regulations".

Commencement

2. These regulations come into operation on the day on which they are made.

Variation of reg. 13—Declaration of hospitals for compulsory blood testing

3. Regulation 13 of the principal regulations is varied—

- (a) by striking out "Cleve District Health and Aged Care Incorporated" and "Cowell Community Health and Aged Care Incorporated";
- (b) by inserting "Eastern Eyre Health and Aged Care Incorporated" after "Crystal Brook District Hospital Incorporated";
- (c) by striking out "Kimba District Hospital Incorporated";
- (d) by striking out "Strathalbyn and District Soldiers' Memorial Hospital and Health Services" and substituting "Strathalbyn & District Health Service".

REGULATIONS UNDER THE PASSENGER TRANSPORT ACT 1994

No. 180 of 2000

At the Executive Council Office at Adelaide 27 July 2000

PURSUANT to the *Passenger Transport Act 1994* and with the advice and consent of the Executive Council, I make the following regulations.

E. J. NEAL Governor

PURSUANT to section 10AA(2) of the *Subordinate Legislation Act 1978*, I certify that, in my opinion, it is necessary or appropriate that the following regulations come into operation as set out below.

DIANA LAIDLAW Minister for Transport and Urban Planning

SUMMARY OF PROVISIONS

1. Citation
2. Commencement
3. Variation of reg. 3—Interpretation
4. Insertion of reg. 4B
 - 4B. Additional exclusion from the definition of "regular passenger service"
5. Variation of reg. 5—Act not to apply in certain cases
6. Insertion of reg. 91A
 - 91A. Exemption from operation of s. 52

Citation

1. The *Passenger Transport (General) Regulations 1994* (see *Gazette* 28 July 1994 p. 254), as varied, are referred to in these regulations as "the principal regulations".

Commencement

2. These regulations will come into operation on the day on which they are made.

Variation of reg. 3—Interpretation

3. Regulation 3 of the principal regulations is varied by inserting after subregulation (6) the following subregulation:

(7) For the purposes of those regulations, a *Life Skills Development Program* is a program of that name administered and funded by the Department of Human Services to assist people with disabilities to participate to a greater degree in the life of the community through the development or improvement of basic life skills.

Insertion of reg. 4B

4. The following regulation is inserted after regulation 4A of the principal regulations:

Additional exclusion from the definition of "regular passenger service"

4B. A service provided as part of a *Life Skills Development Program* is excluded from the ambit of the definition of "regular passenger service" under the Act.

Variation of reg. 5—Act not to apply in certain cases**5.** Regulation 5 of the principal regulations is varied—

(a) by inserting after paragraph (b) of subregulation (1) the following word and paragraphs:

or

- (c) a service consisting of the carriage of passengers by train or tram (including a horse-drawn tram); or
- (d) a service provided as part of a *Life Skills Development Program*;

(b) by inserting after subregulation (2a) the following subregulation:

(2b) Section 28 of the Act does not apply with respect to a driver who is driving a public passenger vehicle for the purposes of a service operated or provided by a person or body that falls within the ambit of paragraph (c) or (d) of subregulation (1) (in a circumstance referred to in one of those paragraphs).

Insertion of reg. 91A

6. The following regulation is inserted in Part 7 of the principal regulations after regulation 91:

Exemption from operation of s. 52

91A. Pursuant to subsection (2)(c) of section 52 of the Act, subsection (1) of that section does not apply in relation to the operator of—

- (a) a centralised booking service for taxis; or
- (b) a booking service for taxis operating outside Metropolitan Adelaide.

FAXING COPY?

IF you fax copy to Riverside 2000, for inclusion in the *Government Gazette*, there is **no need** to send a Confirmation Copy to us as well.

This creates confusion and may well result in your notice being printed **twice**.

Please use the following fax number:

Fax transmission: (08) 8207 1040
Phone Inquiries: (08) 8207 1045

Please include a contact person, phone number and order number so that we can phone back with any queries we may have regarding the fax copy.

NOTE: Closing time for lodging new copy (either fax or hard copy) is 4 p.m. on Tuesday preceding the day of publication.

Government Gazette notices can be E-mailed.

The address is:

Riv2000@saugov.sa.gov.au

Documents should be sent as attachments in Word format.

When sending a document via E-mail, please confirm your transmission with a faxed copy of your document, including the date the notice is to be published.

Fax transmission: (08) 8207 1040
Enquiries: (08) 8207 1045

CITY OF ADELAIDE

Adoption of Valuation

NOTICE is hereby given that the Council of the Corporation of the City of Adelaide at its meeting held on 10 July 2000, resolved:

That the valuations for 2000-2001, prepared on the basis of annual value, comprised within the assessment book, amounting to \$334 726 030 made by valuers employed by council, be adopted as applying to the land within the area of the Corporation of the City of Adelaide for rating purposes.

Declaration of Rates

Notice is hereby given that the Council of the Corporation of the City of Adelaide at its meeting held on 10 July 2000, resolved that having taken into account the general principles of rating outlined in section 150 of the Local Government Act 1999, and the requirements of section 153 (2) of the Local Government Act 1999, where relevant:

- (1) Council adopt, in accordance with section 32, of the City of Adelaide Act 1998, the Rating Policy for 2000-2001, and that the Rating Policy Statements be made available free-of-charge.
- (2) Council declare a general rate of 12.3 cents in the dollar on property within the City of Adelaide for the financial year ending 30 June 2001.
- (3) Council grant, in accordance with the Policy on Discretionary Rebates (the 'Policy'), a rebate of rates to such ratepayers as determined under the eligibility criteria provided for in Council's Rating Policy and under Division 5, Chapter 10 of the Local Government Act 1999.
- (4) Council rates be allowed to be payable in two instalments due on 1 September 2000, and 1 March 2001, respectively.

Declaration of Separate Rate—Water Catchment Environment Levy

Notice is hereby given that the Council of the Corporation of the City of Adelaide at its meeting held on 10 July 2000, declared a separate rate, pursuant to Chapter 10 of the Local Government Act 1999 and section 138 of the Water Resources Act 1997:

- (1) A separate rate of 0.1645 cents in the dollar be declared on rateable land within the council area falling within the Catchment Area of the Torrens Catchment Water Management Board, in accordance with the requirements of section 138 of the Water Resources Act 1997.
- (2) A separate rate of 0.1455 cents in the dollar be declared on rateable land within the council area falling within the Catchment Area of the Patawalonga Catchment Water Management Board, in accordance with the requirements of section 138 of the Water Resources Act 1997.

Declaration of Separate Rate—Rundle Mall Environs

Notice is hereby given that the Council of the Corporation of the City of Adelaide at its meeting held on 10 July 2000, resolved that having taken into account the general principles of rating outlined in section 150 of the Local Government Act 1999, and the requirements of Chapter 10 of the Local Government Act 1999:

- (1) Council, declare a separate rate (to be known as the Rundle Mall Environs Separate Rate) of 2.64 cents in the dollar for the period 1 July 2000 to 30 June 2001 on rateable land within the Rundle Mall Environs for the purposes of marketing the Rundle Mall Environs, pursuant to section 154 (1) of the Local Government Act 1999.
- (2) Council fix the minimum rate payable by way of the Rundle Mall Environs Separate Rate in respect of each piece of relevant rateable land (subject to the operation of section 158 of the Local Government Act 1999) at \$100, pursuant to section 158 of the Local Government Act 1999.

(3) The Rundle Mall Environs Separate Rate be payable by two equal instalments due on or before the first day of September 2000 and the first day of March 2001.

(4) For the purpose of securing the proper development of the Rundle Mall Environs, the Rundle Mall Environs Separate Rate in respect of rateable land that is used as a place of residence as at 1 July 2000, be rebated in full, pursuant to section 166 of the Local Government Act 1999.

(5) For the purposes of securing the proper development of the Rundle Mall Environs, the Rundle Mall Environs Separate Rate in respect of rateable land not falling within (4) above and which received a rebate as Category 3 rateable land, pursuant to the resolution of council made on 21 June 1999, to declare the Rundle Mall Environs Separate Rate for the period 1 July 1999 to 30 June 2000 be (subject to (6) below) rebated by the lesser of:

- (a) an amount of 67% of the relevant rate; or
- (b) such amount as would reduce the relevant rate to \$100,

pursuant to section 166 of the Local Government Act 1999.

(6) The property known as Adelaide Central Plaza Development (the whole of the land comprised in CT 4402, folio 404) be excluded from the operation of (5) above having regard to the use to which that property will be put during the period 1 July 2000 to 30 June 2001.

(7) For the purposes of this resolution, Rundle Mall Environs be that area bounded by the:

- (a) southern alignment of North Terrace between Pulteney and King William Streets;
- (b) eastern alignment of King William Street between North Terrace and Grenfell Street;
- (c) northern alignment of Grenfell Street between King William and Pulteney Streets; and
- (d) western alignment of Pulteney Street between Grenfell Street and North Terrace.

JUDE MUNRO, Chief Executive Officer

CITY OF MARION

Declaration of Public Road

NOTICE is hereby given that at a meeting held by the corporation of the City of Marion on 22 February 2000, it was resolved that, pursuant to section 210 of the Local Government Act 1999, the land comprised in allotment 263 in deposited plan 10366 be declared a public road.

M. SEARLE, Chief Executive Officer

THE RURAL CITY OF MURRAY BRIDGE

Adoption of Valuation and Declaration of Rates

NOTICE is hereby given that at its meeting held on 10 July 2000, the council resolved that in exercise of the powers contained in Chapters 8 and 10 of the Local Government Act 1999 (the 'Act'), and in respect of the financial year ending 30 June 2001:

Adoption of Valuation

1. The most recent valuation of the Valuer-General available to the council of the Capital Value of land within the council's area be adopted, totalling \$814 323 380, comprising \$742 209 940 for rateable land, and \$72 113 440 for non-rateable land.

Attribution of Land Uses

2. (a) The numbers indicated against the various categories of land use prescribed by the Local Government (General) Regulations 1999 (the 'Regulations') be used to designate land uses in the Assessment Book;

(b) The use indicated by those numbers in respect of each separate assessment of land described in the Assessment Book on this date (as laid before the council) be attributed to each such assessment respectively; and

(c) Reference in this resolution to land being of a certain category use means the use indicated by that category number in the Regulations.

Declaration of General Rates

3. In order to raise the amount required for general rate revenue:

- (a) differential general rates be declared on all rateable land as follows:
- (i) 0.717 cents in the dollar of the Capital Value of rateable land of Categories 1 and 9 use (Residential and Other Categories);
 - (ii) 1.240 cents in the dollar of the Capital Value of rateable land of Categories 2, 3 and 4 use (Commercial Categories);
 - (iii) 1.051 cents in the dollar of the Capital Value of rateable land of Categories 5 and 6 use (Industrial Categories);
 - (iv) 0.565 cents in the dollar of the Capital Value of rateable land of Category 7 use (Primary Production); and
 - (v) 0.941 cents in the dollar of the Capital Value of rateable land of Category 8 use (Vacant Land);
- (b) a minimum amount payable by way of the general rate of \$418 in respect of each assessment in accordance with section 158 of the Act.

Declaration of Separate Rates

4. (a) In exercise of the powers contained in section 154 of the Act in order to provide carparking facilities for the benefit of properties within an area bounded by South Terrace, Swanport Road, Mannum Road, First Street, West Terrace, North Terrace, Railway Terrace, Bridge Street and East Terrace, a separate rate of 0.0543 cents in the dollar of the Capital Value of rateable land in that area is declared on that land;

(b) in exercise of the powers contained in section 182 (1) of the Act, a remission of rates be granted to ratepayers of property in that area where the property is used for other than Categories 2, 3 or 4 use, such remission being of an amount of 0.0543 cents in the dollar of the Capital Value of the property;

(c) in exercise of the powers contained in section 154 of the Act in order to upgrade and improve the Town Centre Zone (as defined in the Development Plan under the Development Act 1993, applicable to the council's area), a separate rate of 0.2102 cents in the dollar of the Capital Value of rateable land in the Town Centre Zone is declared on that land;

(d) in exercise of the powers contained in section 182 (1) of the Act, a remission of rates be granted to ratepayers of property in the Town Centre Zone where the property is used for other than Categories 2, 3 or 4 use, such remission being of an amount of 0.2102 cents in the dollar of the Capital Value of the property.

Declaration of Service Rate

5. Pursuant to section 155 of the Act, a service charge of \$300 per assessment, and a service rate of 0.1302 cents in the dollar of the Capital Value of rateable land comprising allotments 1 to 30, 125, 126 in Deposited Plan 30450 and Units 1 to 73 in Strata Plan No. 11238, is declared on the land, to which the council provides a service, namely the provision of septic tank effluent disposal and water supply services to the land.

Payment

6. Pursuant to section 181 (1) of the Act, all rates are payable in four equal instalments as follows:

- (i) by 22 September 2000;
- (ii) by 22 December 2000;
- (iii) by 23 March 2001;
- (iv) by 22 June 2001.

Early Payment Incentive Scheme

7. In exercise of the powers contained in section 181 (11) of the Act, and being of the opinion that it is desirable to encourage ratepayers to pay their general rates and/or separate rates, and/or service rates, and/or service charges early, the council offers to give a discount of 1% of the amount payable of general rates, and/or separate rates, and/or service rates, and/or service charges if paid in full by 25 August 2000.

R. J. FOSTER, Chief Executive Officer

CITY OF NORWOOD, PAYNEHAM & ST PETERS

Adoption of Valuation

NOTICE is hereby given that the council of the Corporation of the City of Norwood, Payneham & St Peters at a meeting held on Thursday, 13 July 2000 by virtue of the powers contained in section 167 (2) (a) of the Local Government Act 1999, resolved to adopt for rating purposes, the Valuer-General's valuation of Capital Values applicable to the land within the area of the council for the 2000-2001 financial year, being \$3 466 225 100 and that 1 July 2000 is specified as the date on which such valuation shall become and be the valuation of the council. The valuation is deposited in the municipal offices, 175 The Parade, Norwood and may be inspected by any persons interested therein between the hours of 9 a.m. and 5 p.m. Monday to Friday.

Declaration of Rates

Notice is hereby given that in exercise of the powers contained in sections 123 (2) (b) and 153 (1) (b) of the Local Government Act 1999 and pursuant to section 156 (1) (b) and (c), the council of the Corporation of the City of Norwood, Payneham & St Peters, after considering and adopting the Budget, Financial Estimates and Statements for the financial year ending 30 June 2001, and adopting valuations that are to apply to land within the Municipality of Norwood, Payneham & St Peters, resolved to declare differential general rates as follows:

- (a) a differential general rate of 0.36943 cents in the dollar on the adopted Capital Value of rateable land within the area of the former Municipality of Payneham as it existed on 31 October 1997;
- (b) a differential general rate of 0.36943 cents in the dollar on the adopted Capital Value of rateable land within the area of the former Municipality of St Peters as it existed on 31 October 1997; and
- (c) differential general rates to apply to rateable land in the former Municipality of Kensington and Norwood as it existed on 31 October 1997, such differential rates varying according to the locality and uses of land which are designated in section 10 (2) of the Local Government (General) Regulations 1999:

Residential.....	0.36943 cents in the dollar;
Commercial—Shop.....	0.47875 cents in the dollar;
Commercial—Office...	0.47875 cents in the dollar;
Commercial—Other ...	0.47875 cents in the dollar;
Industry—Light.....	0.49795 cents in the dollar;
Industry—Other	0.49795 cents in the dollar;
Vacant Land.....	0.49795 cents in the dollar;
Other.....	0.42124 cents in the dollar.

Minimum Rate

Notice is hereby given that pursuant to the provisions of section 158 (1) (a) of the Local Government Act 1999, the council of the Corporation of the City of Norwood, Payneham & St Peters, resolved to fix the amount of \$365 as a minimum amount by way of rates in respect to rateable land throughout the whole of the Municipality.

Declaration of Separate Rate

Notice is hereby given that pursuant to the provisions of section 154 (1) of the Local Government Act 1999 and section 138 of the Water Resources Act 1997 in order to reimburse to the council the amount contributed to the Water Catchment Management Board, the council of the Corporation of the City of Norwood, Payneham & St Peters, resolved to declare a separate rate of 0.012493 cents in the dollar on the adopted Capital Value of rateable land within the Municipality for the financial year ending 30 June 2001.

M. BARONE, Chief Executive Officer

CITY OF PORT AUGUSTA

Temporary Road Closure

NOTICE is hereby given that having regard to a decision of council made on 23 July 2000, the following traffic arrangements will apply on Saturday, 5 August 2000:

Pursuant to section 359 of the Local Government Act 1934, as amended, the council hereby resolves to temporarily close to exclude motor vehicles generally from portion of Old Power Station Road from Highway One (Main North Road) to the junction of Parham Crescent from 7 a.m. until 10 p.m. on Saturday, 5 August 2000, to allow for a fireworks display to be held and provide safety for horses located on Sykes Oval during the proposed Port Augusta Agricultural and Horticultural Show to be held on ETSA Oval.

I. D. MCSPORRAN, City Manager

CITY OF PORT LINCOLN

Appointment of Auditor

NOTICE is hereby given that at a meeting of council held on 17 July 2000, the council resolved to appoint Dean Newbery and Partners as their external auditor pursuant to section 728 of the Local Government Act 1999 for the period 1 July 2000 to 30 June 2005.

I. L. BURFITT, Chief Executive Officer

BERRI BARMERA COUNCIL

DEVELOPMENT ACT 1993

*General Review and Consolidation Plan Amendment Report—
Draft for Public Consultation*

NOTICE is hereby given that the Berri Barmera Council has prepared a draft Plan Amendment Report to consolidate the existing Berri and Barmera Development Plans into one Development Plan to cover the amalgamated council area.

The draft Plan Amendment Report will consolidate the existing Berri and Barmera Development Plans and also has made some policy changes by:

- Rationalising zone names to be common in each area.
- Introducing policies to create new industrial areas for Berri and Barmera.
- Introducing minor changes to the zone boundary for the Commercial and District Centre Zones in Berri.
- Introducing policy changes for land division in the Residential and Horticulture Zones.
- Introducing policies for outdoor advertising.

This draft Plan Amendment Report is available for inspection during normal office hours at the Berri and Barmera Offices of Council and Libraries from 27 July 2000 to 27 September 2000. A copy of the draft Plan Amendment Report can be purchased from the Council Offices for \$5 each.

Persons interested in making written submissions regarding the draft Plan Amendment Report must do so by 5 p.m. on 27 September 2000. The written submission shall also clearly indicate whether you wish to speak at the public hearing, on your

submission. All submissions should be addressed to the Chief Executive Officer, The Berri Barmera Council, P.O. Box 299, Berri, S.A. 5343.

Copies of all submissions will be available for inspection by interested persons at the Berri Office, Wilson Street, Berri, S.A. 5343 from 27 September 2000 until 10 October 2000.

A public hearing will commence in the Berri Barmera Council Chambers, Berri at 11 a.m. on 10 October 2000 at which interested persons may appear and be heard by council in relation to the draft Plan Amendment Report and the submissions.

The public hearing may not be held if no submission indicates an interest in speaking at the public hearing.

M. J. HURLEY, Chief Executive Officer

DISTRICT COUNCIL OF GRANT

Adoption of Valuation and Declaration of Rates

NOTICE is hereby given that at its meeting held on 17 July 2000, council in exercise of the powers contained in Part 1 of Chapter 10 of the Local Government Act 1999:

1. Adopted the valuation that is to apply in its area for rating for the 2000-2001 financial year, being the capital valuation of the Valuer-General, totalling \$791 173 520.

2. Declared a general rate on all rateable land within its area of 0.400 cents in the dollar on the capital value of rateable land, for the year ending 30 June 2001.

3. Declared a minimum amount payable by way of general rates on rateable land in its area of \$299, for the year ending 30 June 2001.

4. Declared an annual service charge of \$77 for the year ending 30 June 2001, for the collection and disposal of domestic waste (Mobile Garbage Bins) on each rateable occupied property as follows:

- (a) in the townships of Port MacDonnell, Racecourse Bay, Donovans, Caveton, Carpenter Rocks, Blackfellows Caves, Nene Valley, Kongorong, Allendale East and the Pelican Point/Carpenter Rocks Shacks area; and
- (b) in the following streets and roads at Moorak, Kilsby Road, Orchard Road, Florence Street, Berkefeld Road, Johnston Road, Northumberland Avenue and Bay Road (from the boundary of the City of Mount Gambier to Tarrant Road).

5. Declared a separate rate (Water Catchment Levy) of \$8.60, in respect of the financial year ending 30 June 2001, on all rateable land in council's area in the Catchment Area of the Board, based on a fixed levy of the same amount payable on all rateable land, excluding those properties paying a water based levy.

6. Declared, for the financial year ending 30 June 2001:

- (a) a service charge of \$110 per annum on all vacant allotments; and \$225 per annum on all occupied allotments in that part of the township of Port MacDonnell served by the Septic Tank Effluent Drainage Scheme;
- (b) a service charge of \$1 366 per annum on all occupied allotments in that part of the Pelican Point area from sections 690 to 700, and sections 702 to 726, Hundred of Kongorong, served by the Septic Tank Effluent Drainage Scheme.

7. Declared that all rates in respect of the financial year ending 30 June 2001, are payable in two equal, or approximately equal, instalments with the first instalment payable on or before 15 September 2000, and the second instalment payable on or before 15 March 2001.

R. J. PEATE, District Manager

DISTRICT COUNCIL OF LE HUNTE

Supplementary Election

NOTICE is hereby given that due to the resignation of Councillor Yvonne Payne a Supplementary Election will be necessary.

The voters roll will close at the closure of business on Monday 31 July 2000 and nominations open on Thursday 31 August 2000. The election will be conducted entirely by post.

To be included in the count, completed ballot material must be returned to reach the Deputy Returning Officer no later than 12 noon on Monday, 23 October 2000.

A. F. MCGUIRE, Deputy Returning Officer

DISTRICT COUNCIL OF MALLALA

Adoption of Valuation

NOTICE is hereby given that the council at its meeting held on 10 July 2000, resolved in accordance with section 167 of the Local Government Act 1999, to adopt the capital valuation of the Valuer-General for the purposes of rating for the 2000-2001 financial year, pursuant to section 167 (2) (a) of the said Act, being capital valuations totalling \$423 073 800.

Declaration of Rates

Notice is hereby given that at the council meeting held on 10 July 2000, council resolved as follows:

1. That pursuant to sections 153 and 156 (1) (b) of the Act and in respect of the financial year ending 30 June 2001, in order to raise the amount of \$2 713 796 from rate income:

Differential general rates of the following cents in the dollar of the capital value of rateable land be declared on such land in the following zones as indicated:

- (1) 0.698976 in the Centre, the Recreation and the Residential Zones in Mallala and Two Wells, in the Industrial and the Future Urban Zones in Two Wells, and the Country Township Zone in Dublin;
- (2) 0.57776 in the Coastal Township and Settlements Zones;
- (3) 0.620923 in the Rural Living (1), the Rural Living (2) and the Rural Living (3) Zones; and
- (4) 0.562595 in the Coastal, General Farming and Horticulture Zones.

2. A minimum amount payable by way of the general rate of \$371 be fixed in accordance with section 158 (1) (a) of the Act.

3. That pursuant to section 154 (1) of the Act in order to recover the amount paid to the Northern Adelaide and Barossa Catchment Water Management Board the council declares a separate rate of 0.017125 cents in the dollar on rateable properties within the Northern Adelaide and Barossa Catchment Area within the area of the District Council of Mallala.

C. H. DUNLOP, Chief Executive Officer

NARACOORTE LUCINDALE COUNCIL

ROADS (OPENING AND CLOSING) ACT 1991

Atkinson Road—between Allotment 1 in Filed Plan 12225 and Section 300, Hundred of Hynam

(re-advertised)

PURSUANT to section 10 of the Roads (Opening and Closing) Act 1991 the Naracoorte Lucindale Council hereby gives notice of its intent to implement a Road Process Order to:

- (i) re-align that portion of Atkinson Road between Allotment 1 in Filed Plan 12225 and section 300, with the road opening shown numbered '1', '2' and '3' and the road closing shown lettered 'A', 'B' and 'C' on Preliminary Plan No. PP6637/94;

(ii) transfer to Charles Leslie Boddington, the whole of closed road 'A' in exchange for new roads '1' and '3' above;

(iii) transfer to Robert Arnold Netherton, the whole of closed roads 'B' and 'C' in exchange for new road '2' above.

A copy of the plan and a statement of persons affected are available for public inspection at the office of the council, DeGaris Place, Naracoorte and the Adelaide office of the Surveyor-General during normal office hours.

Any application for easement or objection must set out the full name, address and details of the submission and must be fully supported by reasons.

The application for easement or objection must be made in writing to the council, P.O. Box 555, Naracoorte, S.A. 5271 WITHIN 28 DAYS OF THIS NOTICE and a copy must be forwarded to the Surveyor-General, G.P.O. Box 1354, Adelaide, S.A. 5001. Where a submission is made, the council will give notification of a meeting at which the matter will be considered.

Dated 27 July 2000.

D. BEATON, Chief Executive Officer

NARACOORTE LUCINDALE COUNCIL

Adoption of Assessment and Declaration of Rates

NOTICE is hereby given that the Naracoorte Lucindale Council at its meeting held on 3 July 2000, resolved that in exercise of the powers contained in Chapter 10, Part 1 of the Local Government Act 1999, (the 'Act') in respect of the financial year ending 30 June 2001, it has adopted the following:

Adoption of Assessment

1. Notice is hereby given that the council of the Naracoorte Lucindale Council in accordance with section 167 (2) (a) of the Local Government Act 1999, at its meeting held on 3 July 2000, adopted for the year ending 30 June 2001, the Government assessment of capital value being:

	\$
Rateable Properties.....	788 268 810
Non-rateable.....	27 949 090

As detailed in the valuation roll prepared by the Valuer-General in relation to the areas of the Naracoorte Lucindale Council the council hereby specifies 1 July 2000, as the day as and from which such assessment shall become and be the assessment of the council.

Adoption of the Budget

2. That the following budget estimates for 2000-2001 be adopted:

	\$
(a) Estimated Expenditure.....	8 276 769
(b) Estimated Income (other than rates)	3 575 945
(c) Amount to be raised by rates.....	4 700 824

Declaration of the Rate and Minimum Rate

3. Notice is hereby given that at a meeting of council held on Monday, 3 July 2000, the Naracoorte Lucindale Council in accordance with section 156 (1) (a) and (b) of the Local Government Act 1999, declared differential general rates based upon the capital value of the land and subject to the rate, for the year ending 30 June 2001 as follows:

- (a) In respect of rateable property which is categorised as Rural—Naracoorte, a differential general rate of 0.504 cents in the dollar.
- (b) In respect of rateable property which is categorised as Rural—Lucindale, a differential general rate of 0.504 cents in the dollar.
- (c) In respect of rateable property which is categorised as town of Naracoorte, a differential general rate of 0.845 cents in the dollar.

Pursuant to section 158 of the Local Government Act 1999, the council fixed the minimum amounts that shall be payable by way of rates for the year ending 30 June 2001 as follows:

- (a) In respect of all rateable properties in the locality of the Town of Naracoorte, \$375.
- (b) In respect of all other rateable properties in the area of the council, \$155.

Declaration of Refuse Special Rate

4. Pursuant to section 155 of the Local Government Act 1999, the council fixed an annual service charge for refuse collection and disposal for the year ending 30 June 2001, in respect of all occupied properties in the township of Lucindale, \$130.

Declaration of STEDS Special Rate

5. Pursuant to section 155 of the Local Government Act 1999, the council fixed an annual service charge for the Lucindale STEDS Scheme for the year ending 30 June 2001, as follows:

- (a) In respect of all occupied properties serviced by that scheme in the township of Lucindale, \$125.
- (b) In respect of all vacant properties serviced by that scheme in the township of Lucindale, \$45.

Declaration of S.E. Water Catchment Board Levy

6. Pursuant to the powers contained in section 138 of the Water Resources Act 1997, and section 154 (1) of the Local Government Act 1999, in order to reimburse the council the amount contributed to the S.E. Water Catchment Management Board, the council fixed a separate rate of \$8.60 in respect of each rateable property in the area of the council in the Catchment Area of the Board.

Payment of Rates by Quarterly Instalments

7. That pursuant to section 184 of the Act the payment of rates may be made by four equal instalments, the first of which shall be due on the first working day of September 2000, second, on the first working day of December 2000, third, on the first working day of March 2001, and the fourth, on the first working day of June 2001.

D. L. BEATON, Chief Executive Officer

DISTRICT COUNCIL OF TATIARA

Adoption of Valuation and Declaration of Rates

NOTICE is hereby given that at its meeting held on 11 July 2000, the council in exercise of the powers contained in Chapter 10 of the Local Government Act 1999, adopted the following:

Adoption of Valuation

That in accordance with the provisions of section 167 (2) (a) of the Local Government Act 1999, the council adopt for rating purposes for the year ending 30 June 2001, the Valuer-General's valuation of the capital values applicable to land within the area of the council, totalling \$701 640 400, and that the date of adoption of the valuation be 13 June 2000.

Adoption of Budget

The council adopts the budget for the financial year ending 30 June 2001, comprising the following documents, pursuant to section 123 (2) (b) of the Local Government Act 1999:

- Budgeted Operating Statement
- Budgeted statement of financial position
- Budgeted statement of changes in equity
- Budgeted statement of cash flows
- Rates determination

Declaration of Rates

That pursuant to section 156 (1) (b) of the Local Government Act 1999, the council declares the following differential general rates for the 2000-2001 financial year, on rateable land within the area, by reference to the locality of the land:

0.7093 cents in the dollar within the townships of Bordertown, Keith, Mundulla, Padthaway and Wolseley;

0.5665 cents in the dollar in the area outside the townships of Bordertown, Keith, Mundulla, Padthaway and Wolseley.

Declaration of Minimum Rate

That pursuant to section 158 (1) (a) of the Local Government Act 1999, the council fixes, in respect of the year ending 30 June 2001, a minimum amount of rates payable by way of a differential general rate on rateable land within the townships of Bordertown, Keith, Mundulla, Padthaway and Wolseley in the sum of \$190, and rateable land outside of those townships of \$80.

That pursuant to section 155 of the Local Government Act 1999, in respect of the year ending 30 June 2001, the council imposes:

- An annual service charge, based on property units, on rateable and non-rateable land within its area which is serviced by Septic Tank Effluent Disposal schemes.
- In the area covered by the Bordertown Septic Tank Effluent Drainage Scheme an annual service charge of \$90 on each vacant allotment and an annual service charge of \$106 on all other assessed properties.
- In the area covered by the Keith Septic Tank Effluent Drainage Scheme an annual service charge of \$90 on each vacant allotment and an annual service charge of \$105 on all other assessed properties.
- In the area covered by the Mundulla Septic Tank Effluent Drainage Scheme an annual service charge of \$73 on each vacant allotment and an annual service charge of \$86 on all other assessed properties.
- In the area covered by the Wolseley Septic Tank Effluent Drainage Scheme an annual service charge of \$150 on each vacant allotment and an annual service charge of \$180 on all other assessed properties.

Declaration of Separate Rate—Catchment Water

That in exercise of the powers contained in section 138 of the Water Resources Act 1997 and section 154 (1) of the Local Government Act 1999, in order to reimburse to the council the amount contributed to the South East Catchment Water Management Board, the council declares a separate rate of \$8.60 on all rateable land in the council's area in the catchment area of the Board, based on a fixed levy of the same amount on all rateable land.

Payment of Rates

That pursuant to section 181 of the Local Government Act 1999, the council declares that the rates and charges payable in respect of the 2000-2001 financial year, are payable in four instalments due on 30 September 2000, 1 December 2000, 1 March 2001 and 1 June 2001.

G. W. PIESSE, Chief Executive Officer

DISTRICT COUNCIL OF YANKALILLA

Adoption of Valuation

NOTICE is hereby given that at a meeting of the council held on 17 July 2000, the council, pursuant to section 167 of the Local Government Act 1999, adopted the Valuer-General's Capital Valuation for rating purposes for the year ending 30 June 2001, in relation to the area of the council and specified that the date of adoption of the valuation is 8 July 2000, and that the total valuation for the district is \$496 675 400 of which \$473 601 900 is valuable for rating purposes.

Declaration of Rates

Notice is hereby given that council at a meeting held on 17 July 2000, pursuant to the provisions of Chapter 10 of the Local Government Act 1999, declared the following rates for the year ending 30 June 2001, and the terms of such declaration as to the nature and the amount of such rates are as follows:

1. (a) Differential general rates be declared for the year ending 30 June 2001, on the Capital Valuation of all rateable property within the area of the council and the said differential general rates to vary by reference to the locality in which the rateable property is situated.

(b) For the purposes of section 156 of the said Act, council hereby resolves that the locality differentiating factor for the basis of differential general rates shall be according to the zone in which the land is situated and in this context zone means a zone defined as a zone by or under the Development Act 1993.

(c) The said differential general rates shall be and are hereby declared as follows:

- (i) In respect to such rateable property which is located within the Residential, Commercial, Centre, Commercial (Cape Jervis), Rural Living, Rural Coastal, Country Township, Tourist Accommodation (Normanville), Wirrina Cove, Country Living, Historic (Conservation) Rapid Bay, Extractive Industry, Randalsea Historic (Conservation), Residential (Randalsea) and Residential (Golf Course) zones a differential general rate of 0.517 cents in the dollar on the Capital Valuation of such rateable property.
- (ii) In respect of such rateable property which is located in all other zones within the area of the District Council of Yankalilla a differential general rate of 0.416 cents in the dollar on the Capital Valuation of such rateable property.

2. In respect to the 2000-2001 financial year and pursuant to section 158 of the Local Government Act 1999, the council hereby fixes the sum of \$360 as the minimum amount payable by way of rates in respect of rateable land within the area.

3. That pursuant to section 181 of the Local Government Act 1999, the above rates be paid in a single instalment by 31 October 2000, or in four equal, or approximately equal, instalments with the first instalment payable by 29 September 2000, or unless otherwise agreed with the principal ratepayer.

Declaration of Separate Rate

Notice is hereby given that council at a meeting held on 20 July 2000, as required by the Catchment Water Management Act and pursuant to section 154 (1) of the Local Government Act 1999, declared a separate rate of 0.024092 cents in the dollar on the Capital Value of all rateable land within the district that is within the Onkaparinga Catchment Area for the year ending 30 June 2001.

Declaration of Service Charges

Notice is hereby given that at a meeting of the council held on 17 July 2000, the following service charges were declared for the year ending 30 June 2001, pursuant to the provisions of section 155 of the Local Government Act 1999:

- (a) In respect to all occupied properties serviced by the Yankalilla-Normanville STEDS, a service rate of \$215 per unit.
- (b) In respect to each vacant allotment within Yankalilla and Normanville to which land STEDS is available, a service rate of \$181.
- (c) In respect to all occupied properties serviced by STEDS within the Carrickalinga Sands subdivision, a service rate of \$100 per unit.
- (d) In respect to each vacant allotment within the Carrickalinga Sands subdivision to which land STEDS is available, a service rate of \$80.
- (e) In respect to all occupied properties serviced by STEDS at Second Valley, a service rate of \$100.
- (f) In respect to each vacant allotment at Second Valley to which land STEDS is available, a service rate of \$80.
- (g) In respect to all occupied properties serviced by the Links Lady Bay Sewage System, a service rate of \$215 per unit.
- (h) In respect to each vacant allotment at Links Lady Bay to which a sewage system is available, a service rate of \$181.

(A unit being as prescribed in the Determination of Service Charges—Septic Tank Effluent Disposal Schemes, issued by the STEDS Advisory Committee).

The above service charges to be paid in a single instalment by 31 October or in four equal, or approximately equal, instalments with the first instalment payable by 29 September 2000, or unless otherwise agreed with the principal ratepayer.

M. DAVIS, Chief Executive Officer

IN the matter of the estates of the undermentioned deceased persons:

Anderson, Hilda, late of 39 Fisher Street, Myrtle Bank, widow, who died on 4 June 2000.

Corney, Edith, late of 19 Gainsborough Street, Salisbury Downs, home duties, who died on 1 June 2000.

Howson, Ella May, late of 8 Athol Avenue, Blair Athol, home duties, who died on 19 June 2000.
