## WATER RESOURCES ACT 1997

*Notice of Prohibition on Water Use in the Baroota Area*

PURSUANT to section 16 (1) of the *Water Resources Act 1997*, I, John David Hill, Minister for Environment and Conservation in the State of South Australia, being of the opinion that the rate at which water is taken from wells that source water from the Quaternary sands and gravels in the Baroota area is such that there is a risk that the available water will not be sufficient to meet future demand hereby prohibit the taking of water from wells in the area bounded by the bold line in G.R.O. Plan No. 213/00 (the 'defined area').

The taking of water in the defined area is subject to the exceptions specified in Schedule 1.

## SCHEDULE 1

1. A person may continue to take water in accordance with the terms of a written authorisation granted by the Minister for Water Resources or his delegate, issued pursuant to the Notice of Prohibition of Water Use in the Baroota Area published in the *Government Gazette* on 8 June 2000 at page 3097, for the same purpose and subject to the same conditions as are endorsed on that authorisation, and in accordance with the Guidelines for Authorisation in the Baroota Area dated 3 June 2000 and signed by the Minister for Water Resources ('the Guidelines').

2. A person may take water in accordance with the terms of a written authorisation granted by me or my delegate, pursuant to the Revised Guidelines for Authorisation in the Baroota Area dated 11 June 2002 and signed by me ('the Revised Guidelines').

3. Any authorisation to take water from the wells in the defined area may be varied by further written authorisation issued by me or my delegate in accordance with the Revised Guidelines.

4. This restriction does not apply to the taking of water pursuant to section 7 (5) of the Act for domestic purposes or watering stock (other than stock subject to intensive farming), or to the taking of water for firefighting, public road making, or reticulating supplies of potable water for townships in the defined area.

This notice will remain in effect until 29 June 2004, unless earlier varied or revoked.

Dated 11 June 2002.

J. D. HILL, Minister for Environment  
and Conservation

## WATER RESOURCES ACT 1997

*Notice of Intent to Prescribe the Watercourses, Wells and Surface Water in the Baroota Area, Pursuant to Section 8 of the Water Resources Act 1997*

I, JOHN DAVID HILL, Minister for Environment and Conservation in the State of South Australia, hereby give notice that I propose to recommend to the Governor that she declare by regulation, that the following water resources be prescribed water resources, pursuant to section 8 of the *Water Resources Act 1997* (the 'Act'):

- (a) all watercourses and wells within the Baroota area, as defined by the bold solid line and shaded area in the G.R.O. Plan No. 173/2002; and
- (b) the surface water in the area defined by the bold solid line and shaded area in the G.R.O. Plan No. 173/2002, this area becoming a surface water prescribed area.

I propose that this area as defined on the G.R.O. Plan No. 173/2002 (the 'defined area'), be known as the Baroota Prescribed Water Resources Area.

The proposal will enable the watercourses, underground water, and surface water in the 'defined area' to be managed and used in accordance with the Object of the Act. Achieving this outcome will sustain the physical, economic and social well being of the community and facilitate the economic development of the State while:

- ensuring that these resources are able to meet the reasonably foreseeable needs of future generations; and

- protecting the ecosystems (including their biodiversity) that depend on those resources.

I invite all interested persons to make written submissions to me in relation to this proposal. The closing date for submissions will be Friday, 4 October 2002.

All submissions and enquiries should be addressed to:

## WATER RESOURCES ACT 1997

*Notice of Restriction of Water Use in the Kangaroo Flat Area*

PURSUANT to Section 16 of the *Water Resources Act 1997*, I John David Hill, Minister for Environment and Conservation, being of the opinion that the rate at which water is being taken from wells obtaining access to the T2 aquifer Lower Port Willunga Formation ('the wells') in the area bounded by the bold line in GRO Plan No. 45/2000 (the 'defined area') is:

- likely to affect the quality of water in that underground aquifer; and
- is also such that there is a risk that the available water will not be sufficient to meet future demand;

hereby prohibit the taking of water from the wells subject to the exceptions specified in Schedule 1.

## SCHEDULE 1

1. A person authorised in writing by the Minister for Water Resources or delegate pursuant to the notice published in the *Government Gazette* on 23 March 2000, page 1603 (the '2000 Notice') may take water at the same rate or volume, for the same purpose and subject to the same conditions as endorsed on that authorisation.

2. A person may take water in accordance with the terms of a written authorisation granted by me or my delegate in accordance with the Guidelines for Authorisation in the Kangaroo Flat Area ('the Guidelines') dated 16 March 2000 and signed by the Minister for Water Resources and approved by me.

3. Any authorisation to take water from wells in the 'defined area' may be varied by further written authorisation issued by me or my delegate in accordance with 'the Guidelines'.

4. This prohibition does not apply to the taking of water pursuant to section 7 (5) of the Act for domestic purposes or watering stock (other than stock subject to intensive farming) or to taking of water for firefighting, road making or reticulating supplies of potable water for townships in the 'defined area'.

The period of this restriction will commence at the expiration of seven days from the publication of this notice in the *Government Gazette* or newspaper (whichever is the later).

This notice will remain in force for 2 years unless earlier varied or revoked.

Dated 21 May 2002.

I propose that this area as defined on GRO Plan No. 45/2000 (the 'defined area'), be known as the Kangaroo Flat Prescribed Wells Area.

The proposal will enable the underground water in the 'defined area' to be managed and used in accordance with the Object of the Act. Achieving this outcome will sustain the physical, economic and social well being of the community and facilitate the economic development of the State while:
