-

1—Short title

This proclamation may be cited as the *National Parks and Wildlife (Hanson Scrub Conservation Park—Mining Rights) Proclamation 2003*.

2—Commencement

This proclamation comes into operation on the day on which it is made.

3—Existing rights continue

Subject to clause 5, existing rights of entry, prospecting, exploration or mining under the *Mining Act 1971* or the *Petroleum Act 2000* may continue to be exercised in respect of the land described in Schedule 1.

4—New rights may be acquired

Subject to clause 5, rights of entry, prospecting, exploration or mining may, with the approval of the Minister for Mineral Resources Development and the Minister for Environment and Conservation, be acquired pursuant to the *Mining Act 1971* or the *Petroleum Act 2000* in respect of the land described in Schedule 1.

5—Conditions subject to which rights may be exercised

A person in whom rights of entry, prospecting, exploration or mining are vested pursuant to the *Mining Act 1971* or the *Petroleum Act 2000* (whether those rights were acquired before or after the making of this proclamation) must not exercise those rights in respect of the land described in Schedule 1 unless the person complies with the following conditions:

- (a) no work may be carried out on the surface of the land in the exercise of those rights;
- (b) if work to be carried out in relation to the land in the exercise of rights under the *Petroleum Act 2000* is a regulated activity within the meaning of that Act, the person must ensure that—

 - (ii) the work is carried out in accordance with the statement as so approved;
- (c) if work to be carried out in relation to the land in the exercise of rights under the *Mining Act 1971* or the *Petroleum Act 2000* has not previously been authorised (whether by inclusion in an approved statement of environmental objectives referred to in paragraph (b) or otherwise), the person must give at least 3 months notice of that proposed work to the Minister for Mineral Resources Development and the Minister for Environment and Conservation and supply each Minister with such information in relation to the proposed work as the Minister may require;
- (d) if directions are agreed upon by the Minister for Mineral Resources Development and the Minister for Environment and Conservation and given to the person in writing in relation to—

 - (ii) preserving objects, structures or sites of historical, scientific or cultural interest; or
 - (iii) rehabilitating the land (including the land's vegetation and wildlife) on completion of the work; or

- (e) if a plan of management is in operation under section 38 of the *National Parks and Wildlife Act 1972* in respect of the land, the person must have regard to the provisions of the plan of management;

- (f) in addition to complying with the other requirements of this proclamation, the person—
 - (i) must take such steps as are reasonably necessary to ensure that objects, structures and sites of historical, scientific or cultural interest and the land's vegetation and wildlife are not unduly affected by any work; and
 - (ii) must, upon the completion of any work, obliterate or remove all installations and structures (other than installations and structures designated by the Minister for Mineral Resources Development and the Minister for Environment and Conservation as suitable for retention) used exclusively for the purposes of the work;
- (g) if no direction has been given by the Minister for Mineral Resources Development and the Minister for Environment and Conservation under paragraph (d)(iii), the person must (in addition to complying with any approved statement of environmental objectives referred to in paragraph (b)) rehabilitate the land (including the land's vegetation and wildlife) on completion of the work to the satisfaction of the Minister for Environment and Conservation.
