ELECTRICITY ACT 1996
ENERGYAUSTRALIA

Default Contract Terms and Conditions Applicable from 13 February 2004

PREAMBLE

This contract is about the sale of electricity to you as a customer at your current supply address (but only if this contract is expressed to apply to you in relation to that supply address). It does not deal with how that electricity is supplied to your supply address. You have a separate contract with your distributor dealing with the connection of your supply address to the distribution network and the supply of electricity to your supply address.

These default terms and conditions are published in accordance with section 36 of the South Australian *Electricity Act 1996* and will come into force on 13 February 2004. When in force these default terms and conditions will by law be binding on us and any default customer to whom they are expressed to apply without the need for us or that customer to sign a document containing these terms and conditions.

1. THE PARTIES

This contract is between:

EnergyAustralia (ABN 67 505 337 385) of Level 50, 120 Collins Street, Melbourne, Vic. 3000 (in this *customer sale contract* referred to as “we”, “our” or “us”); and

You, the *customer* to whom this *customer sale contract* is expressed to apply (in this *customer sale contract* referred to as “you” or “your”).

2. DEFINITIONS

Words appearing in italic type like *this* are defined in Schedule 1 to this contract.

3. DO THESE TERMS AND CONDITIONS APPLY TO YOU?

3.1 *These are our default customer sale contract terms and conditions*

This document sets out our current *default customer sale contract* terms and conditions for the purposes of section 36AB of the *Act*.

3.2 *Default Contracts*

These terms and conditions will only apply to you (and as a consequence you will be deemed by section 36 of the *Act* to have a *default customer sale contract* with us) if:

- (a) you are a *small customer* in relation to your *supply address*;
- (b) you commence to take a *supply* of electricity at that *supply address* after 1 January 2003 without first entering into a *customer sale contract* for that *supply address* with us or another *retailer*; and
- (c) we were the last *retailer* to have a contract with a *customer* for the sale of electricity for that *supply address*.

4. WHAT IS THE TERM OF THIS CONTRACT?

4.1 *When does this contract start?*

Your contract with us will start when you first start using electricity at that *supply address*.

4.2 *When does this contract end?*

Subject to clause 4.3, your contract will end when:

- (a) you enter into a different *customer sale contract* with us or another *retailer* for your *supply address*;
- (b) another *customer* enters into a *customer sale contract* with us or another *retailer* for that *supply address*; or
- (c) on the day after you cease to have the right under the *Electricity Retail Code* to have your *supply address* reconnected following disconnection in accordance with clause 17.

4.3 *Rights on the contract ending*

The ending of this contract does not affect any rights or obligations which have accrued under this contract prior to that time.

5. COOLING-OFF

This clause does not apply to you as you are a *default customer*.

6. SCOPE OF THIS CONTRACT

6.1 *What is covered by this contract?*

This contract applies only to the sale of electricity to you at your *supply address*. We agree to sell to you electricity supplied to your *supply address* (by your *distributor*) and perform the other obligations set out in this contract.

In return, you are required to pay the amount billed by us under clause 11 of this contract, and perform your other obligations under this contract.

6.2 *What is not covered by this contract?*

We do not operate the electricity network to which your *supply address* is connected. This is the role of your *distributor*.

You have a separate *connection and supply contract* with your *distributor*. Your *distributor* is responsible for:

- (a) the connection of your *supply address* to the electricity network;
- (b) the maintenance of that connection;
- (c) the *supply* of electricity to your *supply address*; and
- (d) the quality and other characteristics of electricity.

Unless you negotiate a different arrangement with your *distributor*, your *connection and supply contract* will automatically come into place by operation of law.

6.3 *Quality of electricity supplied to your supply address*

We cannot regulate the quality or reliability of electricity supplied to your *supply address*. You should also be aware that electricity suffers fluctuations and interruptions from time to time for a number of reasons, including:

- (a) the location of the *supply address*;
- (b) whether your *supply address* is served by underground or overhead mains;
- (c) the weather conditions;
- (d) animals, vegetation, the actions of vandals and other people;
- (e) the existence of emergency or dangerous conditions;
- (f) damage to an electricity network;
- (g) the design and technical limitations of the electricity network; and
- (h) the demand for electricity at any point in time.

You should understand that unexpected fluctuations or interruptions may cause damage to your equipment or cause it to malfunction. We recommend that you give careful consideration to taking out insurance or installing devices to protect your equipment and property when these fluctuations or interruptions do occur.

7. YOU MUST SATISFY OUR PRECONDITIONS (IF ANY)

7.1 *Application*

When you apply for an account with us for the sale of electricity at your *supply address*, we may require you to satisfy some pre-conditions, which are set out in the *Electricity Retail Code*. We will explain any pre-conditions that may apply to you when you apply for an account with us.

7.2 *Connection*

In particular, if:

- (a) your *supply address* is not already connected to an electricity network; or

(b) your existing connection or associated equipment requires modification or upgrading, you will need to make arrangements with your *distributor* about your connection. In some cases, we can arrange for these things on your behalf.

8. OUR LIABILITY

8.1 *How this clause operates with the Trade Practices Act etc.*

The *Trade Practices Act 1974 (Cth)* and other laws imply certain conditions, warranties and rights into contracts that cannot be excluded or limited. Unless one of these laws requires it, we give no condition, warranty or undertaking, and we make no representation to you about the condition or suitability of electricity, its quality, fitness or safety, other than those set out in this contract.

Any liability we have to you under these laws that cannot be excluded but that can be limited is (at our option) limited to:

- (a) providing equivalent goods or services provided under this contract to your *supply address*; or
- (b) paying you the cost of replacing the goods or services provided under this contract to your *supply address*, or acquiring equivalent goods or services.

8.2 *Not liable*

So far as the law allows, we are not liable for any loss or damage you suffer (whether due to negligence or otherwise), because of the electricity we sell to you under this contract.

In particular, we are not liable for any loss or damage you may suffer because:

- (a) there is a failure of *supply*, or there is a defect in the electricity supplied (however caused); or
- (b) some characteristic of the electricity (for example, voltage or frequency) makes it unsuitable for some purpose.

8.3 *National Electricity Law*

This clause 8 applies in addition to, and does not vary or exclude, the operation of section 78 of the National Electricity Law.

8.4 *Survival of this clause*

This clause 8 survives the termination of this *customer sale contract*.

9. APPOINTMENTS

We will do our best to be on time for any appointment with you. Unless due to circumstances beyond our reasonable control, if we are more than 15 minutes late we will credit your next bill with \$20 (including GST) and phone you to apologise.

10. PRICE FOR ELECTRICITY AND OTHER SERVICES

10.1 *What are our tariffs and charges?*

- (a) Our current tariffs and charges for the electricity and other services are set out in the *price list*. Some of the tariffs and charges are regulated by law.
- (b) Our tariffs or charges will be stated as a single amount, including the amounts due to your *distributor* under your *supply and connection contract* for *prescribed distribution services*. Any other amounts relating to the sale of electricity to you, including special meter readings, street lighting, account application fees and fixed charges for special purpose electricity sales will be separately itemised on your bill.
- (c) At your request, we must provide you with reasonable information setting out the components of the charges which appear on a bill.

10.2 *Which tariff applies to you?*

- (a) Our *price list* explains the conditions that need to be satisfied for each tariff and charge.
- (b) In some cases, you will be able to select a tariff to apply to you. In those cases, if you do not choose a tariff, we will assign one to you.

10.3 *Variations to the customer's tariffs and charges*

- (a) We may vary our tariffs and charges by giving you at least 20 *business days*' prior notice in writing.
- (b) If the conditions applying to our tariffs and charges change so that your previous tariff and charges no longer apply to you at your *supply address*, we can decide which tariffs and charges will apply.

10.4 *Switching Tariffs*

You must tell us if your circumstances relating to your eligibility for a tariff or charge change. If you think you satisfy all of the conditions applying to another tariff or charge, you can ask us to review your current circumstances to see whether that tariff or charge can apply to you.

10.5 *Changes to the tariff rates and charges during a billing cycle*

If a tariff rate or charge applying to you changes during a *billing cycle*, your bill for that *billing cycle* will be calculated on a *pro-rata* basis using:

- (a) the old tariff or charge up to and including the date of change; and
- (b) the new tariff or charge from that date to the end of the *billing cycle*.

10.6 *Changes to the tariff type during a billing cycle*

If the type of tariff or charge applying to you changes during a *billing cycle*, your bill for that *billing cycle* will be calculated using:

- (a) the old tariff or charge up to and including the date of change; and
- (b) the new tariff or charge from that date to the end of the *billing cycle*.

10.7 *Pass through of taxes and other charges*

In some cases we can pass through to you certain taxes and other charges in accordance with *applicable regulatory instruments*. We can do this by either changing the tariffs and charges, or including the amount as a separate item in your bill.

10.8 *GST*

Certain amounts in this contract are (or will be) stated to be inclusive of GST.

These are:

- (a) the amounts specified in our *price list* from time to time; and
- (b) the amount specified in clause 9.

Apart from these amounts, there may be other amounts paid by you or by us under this contract that are payments for "taxable supplies" as defined for GST purposes. To the extent permitted by law, these other payments will be increased so that the GST payable on the taxable supply is passed on to the recipient of that taxable supply.

Any adjustments for GST under this clause will be made in accordance with the requirements of the *Trade Practices Act 1974*.

11. BILLING

11.1 *When bills are sent*

We will send a bill to you as soon as possible after the end of each *billing cycle*.

11.2 *Payments to the distributor*

We will arrange for one bill to be sent to you for each *billing cycle* covering tariffs and charges due to us and those tariffs and charges due to your *distributor* under your *connection and supply contract*. We will arrange for payment to the *distributor*.

11.3 *Calculating the bill*

We will calculate at the end of each *billing cycle*:

- (a) the bill for electricity sold during that *billing cycle* (using information obtained from reading your meter or using an approved estimating system); and

(b) the amount for any other services supplied under this contract during the *billing cycle*.

The bill will also include amounts due to the *distributor* under your *connection and supply contract*.

11.4 *Estimating the electricity usage*

(a) If there is an approved estimating system or your meter is unable to be read for any reason (for example, if access to the meter cannot be gained, or the meter breaks down or is faulty), the amount of electricity which was purchased from us at your *supply address* may be estimated by using other information (such as your previous bills or your electricity usage history).

(b) When your meter is subsequently read, the bill will be adjusted for the difference between the estimate and the actual amount of electricity used, based on the reading of the meter.

(c) If the meter is unable to be read due to your actions, we can bill you the charge in the *price list* for returning to your *supply address* to read the meter.

11.5 *How bills are issued*

We must send a bill:

(a) to you at the address or email address nominated by you; or

(b) to a person authorised in writing by you to act on your behalf at the address specified by you.

11.6 *Contents of a bill*

The bill will be in a form and contain such information as is required by the *Electricity Retail Code*.

12. **PAYING YOUR BILL**

12.1 *What you have to pay*

You must pay to us the amount shown on each bill by the date shown on the bill as the date for payment.

12.2 *How the bill is paid*

You can pay the bill using any of the payment methods listed on the bill. If a payment you make is dishonoured (e.g., where a cheque or credit card payment is not honoured), and we incur a cost as a result, you must reimburse us that cost.

12.3 *Late payments*

(a) If you do not pay your bill on time, we may require you to pay our reasonable costs of recovering that amount from you. If you are a *business customer*, you may also be required to pay interest on the outstanding amount as set out in the *price list*.

(b) This clause does not affect our right to arrange for your *supply address* to be disconnected under clause 16 of this contract.

12.4 *Difficulties in paying*

(a) If you have difficulties paying your bill, you should contact us as soon as possible. We will provide you with information about various payment options and, where applicable, payment assistance, in accordance with the *Electricity Retail Code*.

(b) We are required by the *Electricity Retail Code* to identify situations where you may be experiencing difficulties in paying your bill. In such cases, we will provide you with information about various payment options and, where applicable, payment assistance, in accordance with the *Electricity Retail Code*.

13. **METER**

You must allow safe and convenient access to your *supply address* for the purposes of reading the meter.

14. **OVERCHARGING AND UNDERCHARGING**

14.1 *Undercharging*

(a) We may recover from you any amount you have been undercharged.

- (b) Where you have been undercharged as a result of our error or the *distributor's* error, we can only recover the amount undercharged in the 12 months prior to your last bill. You may ask us to allow you to pay this amount in instalments over the same period of time during which you were undercharged.

14.2 *Overcharging*

Where you have been overcharged, we must tell you and follow the procedures set out in the *Electricity Retail Code* for repaying the money. Where the amount overcharged is \$100 or less, and you have already paid that amount, the amount will be credited to your next bill. Where the amount overcharged is more than \$100, and you have already paid that amount, we must repay the amount to you or to another person, as directed by you.

14.3 *Reviewing your bill*

If you disagree with the amount you have been charged, you can ask us to review your bill. The review will be undertaken in accordance with the requirements of the *Electricity Retail Code*. If your bill is being reviewed, you are still required to pay the greater of:

- (a) the portion of the bill which you do not dispute; or
(b) an amount equal to the average of your bills in the last 12 months.

You must also pay any future bills.

15. SECURITY DEPOSITS

15.1 *Interest on security deposits*

Where you have paid a *security deposit*, we must pay you interest on the deposit at a rate and on terms required by the *Electricity Retail Code*.

15.2 *Use of a security deposit*

We may use your *security deposit*, and any interest earned on the *security deposit*, to offset any amount you owe under this contract or under your *connection and supply contract* with your *distributor*:

- (a) if you fail to pay a bill and, as a result, we arrange for the disconnection of your *supply address*; or
(b) in relation to a final bill (i.e., the bill we issue when you stop buying electricity from us at your *supply address*).

15.3 *Business customers*

If you are purchasing electricity for business use, we may request that you increase the amount of your *security deposit* in accordance with the *Electricity Retail Code*.

16. DISCONNECTION OF SUPPLY

16.1 *When can we arrange for disconnection?*

Subject to us satisfying the requirements in the *Electricity Retail Code*, we can arrange for the disconnection of your *supply address* if:

- (a) you do not pay your bill by the last day for payment and, in the case of *residential customers*, you refuse to agree to an instalment plan or payment option offered by us;
(b) you fail to comply with the terms of an agreed instalment plan or payment option;
(c) you use electricity illegally or breach clause 19 of this contract;
(d) we are otherwise entitled or required to do so under the *Electricity Retail Code* or by law.

You must tell us if information you have provided to us changes (for example, if your address changes, or the purpose for which you are buying electricity changes).

21. WE CAN AMEND THIS CONTRACT

We can amend our contract with you at any time in accordance with the *Act*, provided the amendments satisfy the requirements of the *Electricity Retail Code*, any special conditions to this contract and our licence. Any amendment will take effect from the date referred to in the *Gazette*.

22. NOTICES

Unless this document or the *Electricity Retail Code* says otherwise (for example, where phone calls are allowed), all notices must be sent in writing. We can send to you notices at the address at which you buy electricity from us or the most recent address that we have for you. ACCC Letter of Authorisation

21 January 2004

Stephen Kelly
Managing Director
National Electricity Code Administrator
Level 5, 41 Currie Street
ADELAIDE, S.A. 5000

Dear Stephen

*Final Determination—Prudential Framework and Settlement
Residue Auction (SRA) arrangements*

On 14 August 2003, the National Electricity Code Administrator (NECA) lodged applications for authorisation (Nos A90877, A90878 and A90879) of proposed amendments to the National Electricity Code (Code).

On 3 December the Australian Competition and Consumer Commission (ACCC) released its draft determination, outlining its analysis and views on the proposed Code changes.

The ACCC invited NECA and other interested persons to notify it by 17 December 2003, whether they wanted the ACCC to hold a conference in relation to the draft determination, or make a further submission. One submission was submitted by the National Electricity Market Management Company (NEMMCO) concerning the conditions imposed for the SRA arrangements code change.

On 22 December 2003, the Commission granted interim authorisation with respect to the prudential framework code changes. Upon consideration of NEMMCO's submission the Commission has amended the final determination with respect to the conditions imposed for the SRA arrangements code change, otherwise, the final determination remains unchanged from that of the draft determination.

Please find attached a copy of the ACCC's final determination, which outlines its analysis and views on the proposed amendments.

A person dissatisfied with the final determination may apply to the Australian Competition Tribunal for its review.

If you have any enquiries please contact me on (03) 9290 1867.
