- 14.1 Divisions 1 and 2
- 14.2 Other than Divisions 1 and 2
- 14.3 Requirements for lodging claim under Rule 14.1.3 or 14.2.3
- 14.4 Commission's discretion

*Schedule*

Date of commencement.

---

1. *Preliminary*

- 1.1 These Rules may be cited as the Lotteries (Oz Lotto) Rules.
- 1.2 These Rules will come into operation on the date specified in the Schedule to these Rules.
- 1.3 These Rules are to be read in conjunction with and are subject to the Lotteries (General) Rules.
- 1.4 These Rules apply to the lottery known as 'Oz Lotto'.

2. *Interpretation*

- 2.1 In these Rules and in each part of these Rules unless the contrary intention appears:

'Bloc members' means the parties from time to time to a certain National Lotto Bloc Agreement entered into by the Commission with other parties for the conduct of Oz Lotto on a joint basis with a common draw and a declaration of common dividends based on the equal participation of all players in the aggregated prize pool;

'claim period' means the period commencing at midnight on the day of determination of the draw results ('relevant day') and ending at the close of business on the fourteenth day thereafter. If the fourteenth day is a Saturday, Sunday or public holiday the claim period will end at the Commission's close of business on the immediately preceding working day;

'drawing equipment' means equipment operated as determined from time to time by the Bloc members for ascertaining the winning numbers;

'Oz Lotto' means a lottery drawn at such intervals as the Bloc members determine in which a player is required to forecast 7 numbers to be drawn from the range of numbers 1 to 45 inclusive.

### 3. *Ordinary Entry*

- 3.1 To create an ordinary entry a player must forecast or cause to be forecast 7 numbers.
- 3.2 An ordinary entry will participate in one draw only for the number of games paid for and selected.
- 3.3 The minimum number of games to be completed will be one.
- 3.4 There will be no limit to the maximum number of games that can be played, save that in any one draw:
  - 3.4.1 the Commission may decline to issue more than 1 000 entries to a player; and
  - 3.4.2 a player may be issued with entries costing no more than \$99 999.
- 3.5 A player may request that an entry be issued in a competition to be conducted within 52 weeks or such lesser period as determined by the Commission.
- 3.6 Subject to Rule 6, a player must submit only:
  - 3.6.1 the coupon provided for that purpose from time to time by the Commission;
  - 3.6.2 an Easiplay Club card in respect of which regular wagers have been nominated; or
  - 3.6.3 an electronic request for entry in such format as the Commission determines.
- 3.7 In the case of a coupon, a player's forecast must be marked by hand with a vertical mark in the centre of the square or such other mark as the Commission or Agent requires. All marks on a coupon must be legible and made by pencil or dark blue pen. No other mark will be accepted. A coupon must not be marked in red or black.
- 3.8 The 'system entry' box must be left blank.
- 3.9 A player who marks the 'top up panel' or 'top up coupon' box will be taken to have authorised the terminal to generate a random forecast of a sufficient quantity of numbers to complete the panel or coupon, as the case may be.
- 3.10 If a player marks more than the specified number of squares in any panel, a ticket will not issue until the player has either nominated the number(s) to be deleted or opted for a system entry. The player may be required to complete another coupon.
- 3.11 If a player marks fewer than the specified number of squares in any panel and does not mark the relevant 'top up' box, a ticket will not issue until the player has either nominated the number(s) to be added or opted for a top up entry or a system entry.

### 4. *Multi-Week Entry*

- 4.1 A player may enter their number selections for a series of consecutive competitions by marking the appropriate square in the 'weeks' box or by verbally requesting such an entry. The number of consecutive competitions that may be submitted in this way is:
  - 4.1.1 in the case of a number selection nominated by the player, up to such number of weeks as the Commission determines; or
  - 4.1.2 in the case of an entry authorising the terminal to generate a random forecast of numbers, up to 52 weeks or such lesser period as determined by the Commission.
- 4.2 The Rules governing ordinary entries will apply to every multi-week entry.

5. *System Entry*

- 5.1 A player may create a system entry by selecting or causing to be selected 5, 6 or from 8 to 20 numbers, rather than the 7 to be selected in the case of an ordinary entry.
- 5.2 In the case of a coupon, a system entry must be created by marking the 'system entry' box and selecting or causing to be selected the quantity of numbers corresponding to the system to be entered by the player. (Thus, to play system 8, eight numbers are selected; to play system 9, nine numbers are selected and so on to a maximum of 20 numbers selected to play a system 20 entry.) In the case of verbal entry, a system entry is created by requesting the terminal operator to complete such an entry. Ordinary and system participation will not be accepted if completed on the one coupon and only one system entry type can be played on the one coupon.
- 5.3 If more numbers are marked in a panel than the requested system requires, a ticket will not issue until the player has nominated the number(s) to be deleted. If fewer numbers are marked in a panel than the requested system requires and the relevant 'top up' box is not marked, a ticket will not issue until the player has nominated either the number(s) to be added or a top up entry.
- 5.4 Systems 5 and 6 are a particular type of system wherein the quantity of numbers selected is less than the forecast objective.
- 5.5 A system 5 or 6 entry will be equivalent to playing a certain number of separate games of seven numbers as determined by the following formula:

$$\frac{(45 - S)!}{38! \times (7 - S)!} \quad (\text{where } S = \text{system number})$$

- 5.6 A player who wishes to enter a system 5 entry must select or cause to be selected any five numbers. These five numbers will be combined with all combinations of two numbers from the remaining numbers. This system entry will be equivalent to playing 780 games of seven numbers.
- 5.7 A player who wishes to enter a system 6 entry must select or cause to be selected any six numbers. These six numbers will be combined with each of the remaining numbers in turn. This system entry will be equivalent to playing 39 games of seven numbers.
- 5.8 A player who wishes to enter a system 8 to 20 inclusive must select or cause to be selected the quantity of numbers according to the system number to be entered. These numbers will be combined with one another in all possible combinations of seven numbers. This system entry will be equivalent to playing a certain number of separate games of seven numbers as determined by the following formula:

$$\frac{S!}{7! \times (S - 7)!} \quad (\text{where } S = \text{system number})$$

- 5.9 Subject to Rule 3.4, a player may enter up to 12 of the same type of system entry on the one coupon.
- 5.10 A system entry may be entered for multi-week participation, in which case the Rules relating to multi-week and Easi-Pick entries will also apply.
- 5.11 The price of a system entry will be as published by the Commission from time to time.

6. *Easi-Pick Entry*

- 6.1 A player can play by means of an Easi-Pick nomination at the selling point. The Commission or Agent must enter the information nominated by the player into the terminal and cause it to generate a forecast of the type nominated by the player.
- 6.2 Easi-Pick entries will be limited to 25 games (of seven numbers) for an ordinary entry, up to 12 panels of the same type of system entry, or such other number as the Commission determines.
- 6.3 An Easi-Pick entry can be nominated using the terminal keyboard.
- 6.4 The Easi-Pick forecast will be printed on a ticket generated by the terminal, and the printed selections will be deemed to be those selections nominated to the Commission or authorised agent as if they were marked on a coupon by the player in accordance with these Rules.

## 7. *Determination of Winning Numbers*

- 7.1 Each draw will be identified by a number.
- 7.2 Each draw will be conducted using drawing equipment as the Bloc members determine.
- 7.3 For each draw, the Bloc members will cause 9 numbered balls to be drawn from the drawing equipment.
- 7.4 The first 7 balls drawn will be the winning numbers and the additional 2 balls will be the supplementary numbers.
- 7.5 There will be 7 prize winning divisions in each draw:
  - Division 1—player(s) who correctly forecast the 7 winning numbers in any one game.
  - Division 2—player(s) who correctly forecast any 6 of the 7 winning numbers and either one of the supplementary numbers in any one game.
  - Division 3—player(s) who correctly forecast any 6 of the 7 winning numbers in any one game.
  - Division 4—player(s) who correctly forecast any 5 of the 7 winning numbers and either one of the supplementary numbers in any one game.
  - Division 5—player(s) who correctly forecast any 5 of the 7 winning numbers in any one game.
  - Division 6—player(s) who correctly forecast any 4 of the 7 winning numbers in any one game.
  - Division 7—player(s) who correctly forecast any 3 of the 7 winning numbers and either one of the supplementary numbers in any one game.

## 8. *Supervision of Draw*

- 8.1 The selection of winning numbers will be conducted in such a manner as agreed by the Bloc members, and:
  - 8.1.1 if conducted in the State of Victoria, will be supervised by a Victorian Government Representative;
  - 8.1.2 if conducted in any of the States of South Australia, Western Australia, New South Wales or Queensland, will be supervised by a representative of the Auditor-General's Department from the State in which the draw is conducted; and
  - 8.1.3 will be final for the purpose of determining the prize winners for that draw.

## 9. *Prize Pool Allocation*

- 9.1 Only one prize can be won by any one entry in a game.
- 9.2 60% of the total entry fees received for each draw (or such greater amount as the Commission determines) will be allocated as the prize pool.
- 9.3 The Commission will pay the percentage referred to in Rule 9.2 into a total prize pool to which the Bloc members must contribute the same percentage of the total amount of their entry fees.
- 9.4 The amount of the prize pool will be announced at each draw.
- 9.5 The prize money allocated to each division will be apportioned in equal shares between the winners in that division.
- 9.6 If there is no winner in any of Divisions 2, 3, 4, 5 or 6 of any draw, the prize money allocated to that division will be added to the prize money allocated to the next lower division in which there is a winner.

## 10. *Prize Structure*

10.1 The total prize pool will be distributed as follows:

- Division 1—40% of the prize pool.
- Division 2—1.7% of the prize pool.
- Division 3—3.5% of the prize pool.
- Division 4—1.8% of the prize pool.
- Division 5—2.1% of the prize pool.
- Division 6—24% of the prize pool.
- Division 7—26.9% of the prize pool.

10.2 Notwithstanding any other Rule, the Commission may at its discretion round out the amount of any prize other than a Division 1 prize to the nearest 5 cents above or below the actual prize otherwise payable. To the extent necessary to give effect to this Rule, the above percentages will be varied and the resulting surplus or deficit will be added to or deducted from the prize pool payable in respect of that draw or from the Prize Reserve Fund.

## 11. *Prize Reserve Fund*

11.1 From time to time, the Commission may set aside a proportion of the total amount received from entry fees to any draw and, in respect of that draw, the distribution of prize money will be reduced pro rata in all prize winning divisions. The amounts set aside will be accumulated by the Commission to constitute a pool called the Prize Reserve Fund.

11.2 The Prize Reserve Fund will be distributed from time to time as additional prize money in respect of such draws and in such amounts as the Commission determines.

11.3 An amount may be distributed as an additional prize notwithstanding that the results of the draw have been determined.

11.4 An amount may be paid to such player(s) as the Commission in its absolute discretion determines and whether or not any such player is otherwise entitled to any prize under these Rules.

11.5 The amounts to be set aside and the amounts to be distributed must be agreed with the Bloc members.

## 12. *Jackpots*

12.1 If there is no Division 1 prize winner, that portion of the prize pool that would have been payable to a single Division 1 winner in that draw will be added to or jackpotted with the Division 1 prize money in the next draw. This jackpotting will continue for no more than 25 consecutive draws. If there is no Division 1 prize winner in the next (or 26th) consecutive draw, the total amount of the jackpot and the Division 1 prize that would have been payable to a single winner in that 26th draw, will be added to the prize money allocated to the next lower division in which there is a winner.

12.2 If the Commission guarantees a minimum prize payout in Division 1 of any draw, the amount by which the Commission thereby augments the portion of the prize pool allocated to Division 1 in that draw will not be taken into account in determining the amount of any jackpot subsequently paid in respect of that division.

## 13. *Publication of Results*

13.1 The Commission will publish the results as soon as practicable after each draw.

13.2 The information published may include:

- 13.2.1 the winning numbers;
- 13.2.2 the amount of the prize pool allocated to each division;
- 13.2.3 the number of prize winners or provisional prize winners in each division;
- 13.2.4 the value or provisional value of each prize in each division;
- 13.2.5 the date when prizes will be paid; and
- 13.2.6 the date the claim period expires.

#### 14. *Prize Claims*

##### 14.1 In the case of Division 1 and 2 prizes:

- 14.1.1 prize money will be distributed after the claim period has elapsed;
- 14.1.2 claims lodged within the claim period and determined by the central computer to be prize winning entries and any entries subsequently identified within the claim period as prize winning entries will share equally in the prize pool available to winners in their respective division; and
- 14.1.3 any player who claims to be entitled to a prize must lodge a claim with the Commission.

##### 14.2 In the case of prizes other than Division 1 and 2 prizes:

- 14.2.1 prize money will be paid as soon as practicable after the draw either at the Commission or through any selling point terminal on presentation of the ticket or record of electronic entry and evaluation by a terminal subject to these Rules;
- 14.2.2 if a ticket or record of electronic entry includes a game that has won a prize in Division 3 or a lower division in addition to a Division 1 or 2 prize then the lower division prize will not be paid until the Division 1 or 2 prize is payable; and
- 14.2.3 any player who claims to be entitled to a prize but:
  - 14.2.3.1 whose entry has not been identified by the central computer system as a prize winning entry;
  - 14.2.3.2 considers that their ticket has been incorrectly evaluated by the Commission; or
  - 14.2.3.3 has not on application to a selling point terminal obtained confirmation that their entry has won the prize,must lodge a claim with the Commission.

##### 14.3 A claim under Rule 14.1.3 or 14.2.3:

- 14.3.1 may be lodged with the Commission either personally or by registered mail;
- 14.3.2 must reach the Commission within the claim period;
- 14.3.3 must be accompanied by the ticket or record of electronic entry in respect of which the claim is made, clearly endorsed with the claimant's full name and address; and
- 14.3.4 if posted, must be accompanied by a self-addressed envelope, bearing the correct postage.

##### 14.4 The Commission:

- 14.4.1 will not be obliged to recognise any claim not identified as a prize winning entry by the central computer within 12 months of the relevant day; and
- 14.4.2 may in its absolute discretion accept or refuse to accept a claim in whole or in part.
