1.3 The Tribunal received written submission from the Auditor-General and oral submission from the Ombudsman and a joint oral submission from the Electoral Commissioner and Deputy Electoral Commissioner. In addition, the Minister's representative made written and oral submissions in relation to all of the positions being considered. The oral submissions were made to the Tribunal on 26 October 2006.

2. Auditor-General

2.1 The remuneration for the Office of Auditor-General was last determined in Determination No. 1 of 2006 operative from 1 July 2005. The current salary is \$235 000 per annum.

2.2 The Auditor-General's written submission states, '...the position of Auditor-General *vis-à-vis* comparable public sector offices of similar status has seriously been eroded in salary terms in recent years through the approach of discounting the salary of the Auditor-General.' It further states, 'In my submission, apart from having regard to general public sector increases anticipated to be in the vicinity of 4 per cent, the present difference of approximately 10 per cent between the salary of the Auditor-General and other public sector positions of similar status should be restored in this Determination to that prevailing prior to the introduction of the artificial concept of a discounting or penalty for tenured officers.'

2.3 The Minister submitted, 'A salary increase should be granted to Statutory Office Holders (being the Auditor-General, Electoral Commissioner, Deputy Electoral Commissioner, Employee Ombudsman, Ombudsman and Health and Community Services Complaints Commissioner) that is generally consistent with movements in Public Sector Executive Remuneration in 2006, in particular, and in the public sector generally.'

Given that Cabinet is yet to determine the salary increase that will apply to public sector Executives and in view of the importance of the Executive increase, the Tribunal is requested to defer its decision until such time as the Executive increase is known.

In the alternative, the Tribunal, in determining the salary outcomes for Statutory Office Holders, should have regard to the economic indicia outlined in the Minister's submission in particular, the CPI increase for South Australia and the offer for a salary increase of 3.5 per cent made to the public sector salaried employees immediately below the Executive level, together with information about the public sector Executive level increase for 2006 when it is known'.

2.4 In previous submissions the Minister has submitted, 'given the nature and status of the Statutory Offices, it is in the public interest that the salaries for these officers keep pace with, but do not significantly exceed, increases applicable to other public sector positions of similar status'.

2.5 In relation to the Auditor-General's comments on the 'the introduction of the artificial concept of a discounting or penalty for tenured officers' the Tribunal draws attention to its comment on this issue in its Report No. 1 of 2006 at paragraph 2.8.

2.6 The Tribunal accepts that higher salaries are paid to 'non-tenured' officers in compensation for aspects of their contracts which are different to those of 'tenured' positions. In this respect it views the position of Auditor-General as being a tenured position.

2.7 Further the Tribunal noted that the overall remuneration of the Auditor-General is generally comparable with positions identified by him as being comparable, viz. The Chief Executive Officer, Treasury and Finance (Under Treasurer) and the Chief Executive Officer, Premier and Cabinet (considering the nature of their contracts). After reviewing previous Tribunal Determinations and the submissions received during this review the Tribunal has determined that salary for the office of Auditor-General will be \$243 700 per annum. Telephone rental and calls allowance for this office will remain unaffected by this Determination.

3. Electoral Commissioner

3.1 The remuneration of the Office of Electoral Commissioner was last determined in Determination No. 1 of 2006 operative from 1 July 2005. The current salary is \$136 000 per annum.

3.2 The Electoral Commissioner and Deputy Electoral Commissioner jointly submitted that the Tribunal needed to take a more robust approach in determining salaries for their respective Offices and assessing their work value especially given the Electoral Commissioner is the Chief Executive Officer of the State Electoral Office and as such is required, with the support of the Deputy Commissioner, to manage one of the most complex electoral programs in Australia. They provided the Tribunal with details of their past year's workload, which included overseeing the State Election and upwards of 250 Local Government elections.

They indicated that a number of new initiatives and products had been adopted for the State Election and that there had been 'an increased workload and work value associated with the responsibility in managing the truth in advertising provisions and the complexities involved in investigating the resolving complaints handling' associated therewith. They also claimed that there had been a significant increase in the level of media interaction that in their view could not be surpassed by any other public officer at times of intense scrutiny. They referred to a number of non-election activities including research for and provision of advice to the Electoral District Boundaries Commission regarding the redistribution of electoral boundaries.

3.3 The Electoral Commissioner and Deputy Electoral Commissioner again argued that when determining the work value of their positions, the Tribunal should consider forces such as market rates; attraction and retention; the fact that electoral administrators suffer career limitation by vigorously maintaining their independence; the pressure of continuously running elections and the high levels of performance and competence required of such positions. Further, they submitted that the increased volumes of electoral events including ballots, elections and public education and research programs placed an increasing pressure on the Electoral Commissioner's Office.

3.4 The Minister's submissions for the remuneration for the position of Electoral Commissioner mirrored those made in respect of the Auditor-General.

3.5 The Tribunal has had regard to the submissions made and in doing so noted the changed circumstances of this Office, however it did not consider these to be significant enough to warrant an increase beyond that generally proposed by the Minister. In all the circumstances the Tribunal has determined the salary for the Office of Electoral Commissioner will be \$141 200 per annum. Telephone rental and calls allowance for this Office will remain unaffected by this Determination

4. Deputy Electoral Commissioner

4.1 The remuneration for the Office of Deputy Electoral Commissioner was last determined in Determination No. 1 of 2006 operative from 1 July 2005. The current salary is \$99 500 per annum.

4.2 As previously stated, the submissions presented for the Electoral Commissioner and the Deputy Electoral Commissioner were as a joint submission and are as outlined at Clauses 3.2 to 3.3 above.

4.3 The Deputy Electoral Commissioner also raised his role as Research Officer to the Electoral District Boundaries Commission. The Deputy Electoral Commissioner advised that, 'In addition to the normal requirements of his role, the Deputy Electoral Commissioner has been required to specify, test and implement newly developed mapping software to support the Commission's tasks'. In this context he submitted, 'that the Tribunal consider it appropriate to determine a payment based upon the previous payment made in 2003 (refer to Determination and Report 7 of 2003), while taking into account inflationary factors over the period such as movements in remuneration and apportioning an amount of 50 per cent for the current year'. The Deputy Commissioner also submitted that recognition of an increased work value due to the Deputy Commissioner's additional level of expertise and support provided to the Commission could be considered.

4.4 On this point the Tribunal decided to maintain its previous approach of determining an appropriate allowance for the work performed at its conclusion. It is understood that this will occur in early 2007.

4.5 The Government submissions for the remuneration for the Office of Deputy Electoral Commissioner mirrored those made in respect to the Auditor-General.

4.6 As was the case with the Electoral Commissioner, the Tribunal had regard to the submissions made and in doing so recognised the changed circumstance of this Office, however it did not consider these to be significant enough to warrant an increase beyond that generally proposed by the Minister. In the circumstances the Tribunal has determined the salary for the Office of Deputy Electoral Commissioner will be \$103 400 per annum. Telephone rental and calls allowance for this office will remain unaffected by this Determination.

5. Employee Ombudsman

5.1 The remuneration for the Office of Employee Ombudsman was last determined in Determination No. 1 of 2006 operative from 1 July 2005. The salary is currently \$101 800 per annum.

5.2 No submissions were received from the Employee Ombudsman. The Employee Ombudsman, who is new to this Office, did attend the Tribunal sitting on 26 October 2006, to gain an understanding of how the Tribunal operated and what considerations were given in making its Determinations regarding annual salary reviews of Statutory Officers.

5.3 The Minister's submission in relation to the position of Employee Ombudsman mirrored that made in respect to the Auditor-General.

5.4 The Tribunal has considered the submission made and has determined that the salary for this Office will be \$105 700 per annum. Telephone rental and calls allowance for this Office will remain unaffected by this Determination.

6. Ombudsman

6.1 The remuneration of the Office of Ombudsman was last determined in Determination No. 1 of 2006 operative from 1 July 2005. The current salary is \$174 000 per annum.

6.2 The Ombudsman's did not have any objection to the increase outlined in the Government's submission.

6.3 The Minister's submission in relation to the position of Ombudsman mirrored that made in respect to the Auditor-General.

6.4 The Tribunal has had regard to the submissions made and has determined the salary for the office of Ombudsman will be \$180 500 per annum. Telephone rental and calls allowance for this Office will remain unaffected by this Determination.

7. Health and Community Services Complaints Commissioner

7.1 The remuneration of the Health and Community Services Complaints Commissioner was first determined in Determination No. 1 of 2006 operative from 1 July 2005. The current salary is \$157 000 per annum.

7.2 No submissions were received from the Health and Community Complaints Commissioner.

7.3 The Minister's submission in relation to the position of Health and Community Services Complaints Commissioner mirrored that made in respect of the Auditor-General.

7.4 The Tribunal has considered the submissions made and has determined that the salary for this Office will be \$162 900 per annum. Telephone rental and calls allowance for this Office will remain unaffected by this Determination.

8. Conclusion

8.1 The Tribunal again draws attention to the requirements of the State wage case principles as they relate to changes in work value. The relevant principle states 'Changes in work value may arise from changes in the nature of work, skill and responsibility required or the conditions under which work is performed. Changes in work by themselves may not lead to a change in wage rates. The strict test for an alteration in wage rates is that the change in the nature of the work should constitute such a significant net addition to work requirements as to warrant the creation of a new classification or upgrading to a higher classification'.

8.2 Salaries determined herein will operate from 1 July 2006.

Dated 12 December 2006.

REMUNERATION TRIBUNAL

REPORT RELATING TO DETERMINATION NO. 10 OF 2006

1. *Introduction*

1.1 In accordance with the provisions of the Remuneration Act 1990, the Remuneration Tribunal by letters dated 16 October 2006, invited those members of the judiciary and statutory office holders whose offices are listed under section 13 of the Act, as well as those covered by relevant sections of the Fair Work Act 1994, to make submissions in relation to the remuneration of members of the judiciary and those office holders. The Tribunal also invited the Minister to make submissions in the public interest.

1.2 On 25 October 2006, the following notice was published in *The Advertiser* newspaper:

REMUNERATION TRIBUNAL

Review of Remuneration for Members of the Judiciary and other Statutory Officers

Section 8 (2) of the Remuneration Act 1990, requires the Tribunal to sit at least once a year to review its previous Determinations. Accordingly, the Tribunal is conducting a review of the salaries payable to members of the Judiciary and other Statutory Officers.

Interested persons, organisations and associations are invited to submit in writing any views they consider should be taken into account in the above review.

The closing date is Wednesday, 8 November 2006 and submissions should be forwarded to:

The Secretary
Remuneration Tribunal
G.P.O. Box 1072
Adelaide, S.A. 5001

or alternatively submissions can be forwarded via the Tribunal's website:
www.remtribunal.sa.gov.au.

Telephone (08) 8226 4093
Facsimile (08) 8226 4174

2. *Submissions*

2.1 The Tribunal received written submissions from:

- Justice Bleby, Chair of the Judicial Remuneration Coordinating Committee (JRCC), on behalf of all the Justices and Masters of the Supreme Court, the Judges and Masters of the District Court, the Judges of the Industrial Relations Court, Stipendiary and Industrial Magistrates, the lay Deputy Presidents and Commissioners of the Industrial Relations Commission, the Commissioners of the Environment Resources and Development Court and the State Coroner;
- Mr David Prendergast on behalf of the Minister in the public interest; and
- A member of the public.

2.2 The Tribunal convened a hearing on 21 November 2006 to hear oral submissions. The following attended and made submissions as appropriate:

- Justice Bleby, along with Judge Chivell and Mr Johns on behalf of the JRCC; and
- Mr David Prendergast on behalf of the Minister, in the public interest.

2.3 In summary, the JRCC submissions discussed:

- judicial remuneration, disparity with other jurisdictions regarding non-salary benefits (such as leave). Copies of the most recent Determinations of some of the other Tribunals were included as part of the submissions;
- concerns expressed in last year's submission regarding recruitment and retention of judicial officers both in the short and long term;
- the relevance of the use of ABS survey of Average Weekly Ordinary Time Earnings;
- the proposed operative date for any determined increase in salaries, which it was submitted should be 1 July of the relevant year to align with the Federal Courts, the Territories, Queensland, Victoria and Tasmania.

2.4 Mr Prendergast presented submissions on behalf of the Minister. He discussed relevant factors that the Tribunal has previously considered when making judicial Determinations, including comparison of State, Territory and Federal judicial salaries; South Australia's economic circumstances and judicial independence. He submitted that, 'the Tribunal should continue to have regard to these factors, but with an emphasis on the economic factors and indicators applicable to South Australia'.

The submission also addressed the date of operation. The Minister submitted that in the context of a requirement for an annual review, it was considered reasonable that there be at least 12 months between increases, and that there should be no basis for any retrospectivity. It was therefore submitted that the operative date should be the first pay period on or after 1 November 2006.

3. *Comparison of Federal, State and Territory Judicial Salaries*

3.1 As in previous reviews the Tribunal examined the Federal and other State and Territory judicial salaries relevant to the office of Puisne Judge.

3.2 The Tribunal is advised that the present relevant judicial salaries (for the Puisne Judges in States and Territories) are as follows:

Court/State/Territory	Salary \$	Operative Date
Commonwealth—Federal and Family Court.....	307 000	1.7.06
New South Wales.....	306 990	1.10.06
Northern Territory.....	307 000	1.7.06
Australian Capital Territory.....	307 000	1.7.06
Western Australia.....	300 809	1.1.06
Tasmania.....	300 440	1.7.06
Queensland.....	294 030	1.7.05
Victoria.....	297 100	1.10.06
South Australia.....	293 170	1.11.05

3.3 The Tribunal is aware that Queensland and Western Australia are currently conducting their annual reviews of State judicial remuneration. As prescribed by legislation in Victoria, from 1 July 2007 the salary of a Supreme Court Judge will be the same as that payable from time to time for a Federal Court Judge.

4. *Attraction and Retention Factors*

4.1 Attraction and retention factors were again highlighted by the JRCC and referral was made to its previous submissions of 2004 and 2005. The JRCC submitted that since the previous review of judicial salaries another South Australian Supreme Court Judge has been appointed to the Federal Court.

4.2 The Minister submitted, 'attraction and retention is not an issue for the South Australian judiciary'.

4.3 The Tribunal continues to believe that its past approach of setting salaries in a 'national framework' continues to be appropriate and in the public interest to ensure that the JRCC's assertions do not further materialise.

5. *South Australian Economic Circumstances*

5.1 As stated earlier, the submission from the Minister stated 'that it would be appropriate for any increase in judicial salaries determined by the Tribunal to be consistent with CPI increases'. In doing so the Minister provided the following statistical data:

- The Adelaide Consumer Price Index between the September quarter 2005 and the September quarter 2006 increased by 3.8 per cent;
- through the year to the September quarter 2006, wages growth as measured by growth in hourly rates of pay in South Australia was 3.7 per cent;
- since 1997 there has been a growth in judicial salaries of 65 per cent compared with 35 per cent growth in South Australian hourly rates of pay and 31 per cent growth in the Adelaide CPI;
- the past two Determinations of the Tribunal have increased judicial salaries by over 13 per cent compared to general wages growth of 7.6 per cent and CPI of 5.5 per cent over the 2003-2005 period;
- the Australian Bureau of Statistics Survey of Average Weekly Earnings shows that on average for the year May 2006 to average weekly ordinary time earnings for full-time adult employees were 6.5 per cent lower in South Australia compared nationally.

5.2 The JRCC again referred to its previous 2005 submission on this matter and repeated that reliance of absolute levels of Average Weekly Ordinary Time Earnings, as a reason for resisting parity with other jurisdictions could not be used for such purpose. It was further submitted that public sector salaries in South Australia and their rates of salary increase have never been relevant to the fixation of judicial salaries and that the State's economy and capacity to pay are not relevant to the fixing of salaries for a particular occupational group.

6. *Public Submission*

6.1 The one public submission received by the Tribunal acknowledged the importance of the role of the judiciary but provided little assistance in determining appropriate remuneration for the judiciary.

7. *Telephone Rental and Calls Allowance*

The Telephone Rental and Calls Allowance for members of the Judiciary, members of the Industrial Relations Commission, the State Coroner, and Commissioners of the Environment, Resources and Development Court are currently prescribed in Determination No. 3 of 2005. These allowances will remain unaffected by this Determination.

8. *Conveyance Allowance*

Conveyance Allowances for Judges, Statutory Officers and Court Officers are currently prescribed in Determination No. 5 of 2005. These allowances were last adjusted in December 2005 and will remain unaffected by this Determination.

9. *Travelling and Accommodation Allowances*

Travelling and Accommodation Allowances for Judges, Statutory Officers and Court Officers are currently prescribed in Determination No. 1 of 2005. These allowances were adjusted in April 2005 and will remain unaffected by this Determination.

10. *Operative Date*

10.1 The JRCC submitted that the date of operation for the Determination should be 1 July 2006, while as stated the Minister submitted that against the background of the requirement for an annual review as set out in section 8 (2) of the Remuneration Act 1990, it is reasonable that the 2006 Determination have an operative date of no earlier than the first pay period commencing on or after 1 November 2006.

10.2 In all the circumstances the Tribunal was not persuaded to change its current practice regarding operative date.

11. *Determination*

11.1 Having regard to all the arguments and material put to the Tribunal, including those concerning State and Federal comparisons, attraction and retention, economic factors, operative date and section 15 of the Remuneration Act which requires it to have regard to the constitutional principle of judicial independence, the Tribunal has determined that the salary of the Puisne Judge of the Supreme Court will be \$306 070 per annum operative from 1 November, 2006. In this regard the Tribunal reiterates that its past approach of setting salaries in a 'National framework' continues to be appropriate and in the public interest.

11.2 The salaries of all other judicial officers and statutory office holders listed in the Determination have also been increased from the same date and to the annual amounts shown in the Determination.

Dated 12 December 2006.

 - (iv) level crossing offences.
- (2) Where a photographic detection device referred to in regulation 14(1)(a) is used to provide evidence of relevant offences, the following provisions must be complied with:
 - (a) the camera or cameras forming part of the device must be positioned and aimed so that when vehicles are proceeding into the intersection, or over the marked foot crossing or level crossing, as the case may be, a photograph or series of photographs may be taken of the vehicles from the rear, at least 1 of which will depict the traffic lights or warning lights towards which the vehicles are facing when proceeding towards the intersection or crossing;

 - (iii) on each of which is recorded the date, time and code for the location at which the exposure or record is taken or made, together with the lane in which the vehicle is travelling;
- (e) if the device is used to provide evidence of red light offences and speeding offences arising out of the same incidents, the device must be programmed and set to operate, and the induction loop and the traffic lights referred to in paragraph (a) must be linked up with the device, so that, following a programmed delay after the traffic lights commence showing a red traffic light, if a vehicle is detected by the device passing over the induction loop while the red traffic light is showing, at least 2 exposures are taken, or at least 2 electronic records are made, of that vehicle from the rear—

- (i) the first of which is taken or made following the detection of the vehicle by the device; and
 - (ii) at least 1 of which is taken or made (as that vehicle or both that vehicle and other vehicles proceed over the intersection or crossing) following a programmed delay after the first is taken or made; and

- (f) subject to paragraph (g), once in every 7 days while the device is being used to provide evidence of speeding offences—
- (i) a test must be carried out (by reference to speeds not exceeding the speed-limit applying to drivers driving vehicles through the intersection or crossing) to ensure that the device detects vehicles passing over the induction loop and accurately indicates the speed of any vehicle so detected and the lane in which the vehicle is travelling; and

 - (A) indicates the correct date, time and code for the location at which exposures or electronic records are taken or made by the device; and

 - (iv) if a fault is indicated by the check referred to in subparagraph (ii), corrective action must be taken until no fault is indicated;
- (g) if that part of the road surface under which the induction loop is installed has 2 or more lanes for vehicles travelling in the same direction, the test referred to in paragraph (f)(i) is not required to be carried out in relation to each such lane in the same 7 day period provided that, once in every 7 days, the test is carried out in relation to one of those lanes and the lane in relation to which the test is carried out is not the same as the lane in relation to which the previous test was carried out;
- (h) once in every 7 days while the device is being used to provide evidence of red light or level crossing offences—

- (i) a test must be carried out to ensure that the device detects and takes exposures, or makes electronic records, of vehicles passing over the induction loop and accurately indicates the lane in which any such vehicle is travelling; and
 - (ii) the device must be checked to ensure that the device—
 - (A) indicates the correct date, time and code for the location at which exposures or electronic records are taken or made by the device; and
 - (B) is set to operate in accordance with paragraph (d) or (e); and
 - (iii) if a fault is indicated by the test referred to in subparagraph (i), corrective action must be taken and the test must be repeated until no fault is indicated; and
 - (iv) if a fault is indicated by the check referred to in subparagraph (ii), corrective action must be taken until no fault is indicated;
- (i) after a person relocates the device with recording media in place, that person must do the following:
- (i) ensure that each camera forming part of the device is correctly positioned and aimed as referred to in paragraph (a) and that the induction loop is correctly installed as referred to in paragraph (b);
 - (ii) if the device is being used for the purpose of providing evidence of speeding offences, ensure that the test and check referred to in paragraph (f) are carried out and—
 - (A) if a fault is indicated by the test, take corrective action and repeat the test until no fault is indicated;
 - (B) if a fault is indicated by the check, take corrective action until no fault is indicated;
 - (iii) if the device is being used for the purpose of providing evidence of red light or level crossing offences, ensure that the test and check referred to in paragraph (h) are carried out and—
 - (A) if a fault is indicated by the test, take corrective action and repeat the test until no fault is indicated;
 - (B) if a fault is indicated by the check, take corrective action until no fault is indicated;
- (j) if—
- (i) a test or check; or
 - (ii) in the case of a wet film camera—the film when developed; or

- (iii) in the case of a digital or other electronic camera—any electronic record made by the camera,
indicates a fault that has affected the proper operation of the device as required by this subregulation, that part of the film affected by the fault, or those electronic records affected by the fault, (as the case may be), must be rejected for evidentiary purposes;
- (k) the accuracy with which the device detects vehicle speeds must be tested on the day on which it is used (or on a day within the period of 6 days immediately preceding that day) with a view to the issuing of a certificate under section 175(3)(ba) of the Act.
