9. In accordance with commitments by the applicant, wastewater shall not be stored in open storage ponds until it is first treated to reduce the potential for odours to occur.

10. The applicant shall ensure that stormwater, which does not comply with the Environment Protection (Water Quality) Policy 2003 criteria, is not discharged from the site without prior effective treatment.

11. Noise from the development shall be in accordance with the following:

12. The proponent shall, within 12 months from the date of this notice and in accordance with the commitments given in the letter by the proponent dated 12 April 2006 and subject to obtaining the landowner's consent to access the land, supply and install two frost fans on the adjacent property located north of the proposed development site. Such fans are to be a 4 blade type as specified in the Acoustic Report in Appendix H of the Response Document and the fans shall be sited in accordance with the recommendations of the Frost Fan Report of Appendix I of the Development Report. If the landowner refuses access to the land or seeks to condition access in an unreasonable way that is not acceptable to the proponent, the proponent shall not be required to comply with the commitments in the letter dated 12 April 2006.

13. Landscaping of the site shall commence prior to construction of the proposed Major Development, and when established must be maintained in good health and condition at all times. - (b) minimise soil degradation and damage to crops by using sustainable irrigation application rates, based on soil limitations (determined by a soil survey), crop requirements and limiting wastewater constituents;
- (c) prevent environmental nuisance by identifying wastewater pre-treatment requirements and employing suitable separation distances for irrigation;
- (d) prevent public and animal health impacts by using appropriate irrigation equipment and implementing training and awareness programs for staff;
- (e) maximise organic carbon, nutrient and salt removal by selecting suitable land, viable and tolerant crops and suitable cropping practices;
- (f) maintain a 50 m buffer between irrigation areas and the Council stormwater collection system.

19. The Irrigation Management Plan shall contain contingency measures for the disposal of any excess wastewater that cannot be irrigated during the winter periods.

20. The proponent must provide adequate safeguards or control provisions to prevent the escape or overflow of wastewater to the adjacent road arising from power failure, pump breakdown and pipe blockages, which could result in potential contamination of stormwater.

21. The proponent must ensure that:

- (a) any underground pipelines are marked clearly to prevent accidental damage; and
- (b) stormwater and wastewater drains are marked distinctly to prevent accident discharges to the stormwater detention dam.

NOTES TO APPLICANT

- Should the applicant wish to vary the Major Development or any of the components of the Major Development, an application may be submitted, provided that the development application variation remains within the ambit of the Development Report and Assessment Report referred to in this provisional development authorisation. If an application variation involves substantial changes to the proposal, pursuant to section 47 of the Development Act 1993, the applicant may be required to prepare an amended Development Report for public inspection and purchase. - (b) being of the opinion that the rate at which water is being taken from the Clare Valley Prescribed Water Resources Area, being the area defined by a bold broken line in GRO Plan No. 368/96, is such that there is a risk that the quantity of water available can no longer meet the demand, hereby prohibit the taking of water from watercourses, wells and the taking of surface water in the Clare Valley Prescribed Water Resources Area, pursuant to section 132 (1) of the Act, subject to the exceptions specified in Schedule 1.

SCHEDULE 1

3. Any application for a water licence, the transfer of a water licence and/or its allocation or the variation of a water licence determined in accordance with the said Clare Valley Prescribed Water Resources Area Water Allocation Plan where that application will not result in an increase in the amount of underground water, surface water or watercourse water allocated within the Clare Valley Prescribed Water Resources Area.

4. This prohibition does not apply to the taking of water pursuant to section 124 (5) of the Act for domestic purposes or watering stock (other than stock subject to intensive farming), or to the taking of water for fire-fighting, road making, reticulated supplies of potable water for townships in the area or for chemical

RIVER MURRAY ACT 2003

Notice of Exemption from Requirement to Refer

PURSUANT to section 22 (18) of the River Murray Act 2003 and in accordance with Clause 1, paragraph (4) of Schedule 8 of the Development Regulations 1993, I, Karlene Maywald, Minister for the River Murray, hereby exempt from the requirement to be referred to me under section 37 of the Development Act 1993 and Schedule 8 of the Development Regulations 1993, development applications of the classes specified in Schedule 1 subject to the conditions specified in Schedule 2.

SCHEDULE 1

Development applications that would otherwise be referred pursuant to Item 19 of Schedule 8 of the Development Regulations 1993, where:

(1) the proposed development:

- (a) involves dredging or excavating to deepen and/or extend an existing irrigation channel for the purpose of collecting or diverting water from the River Murray Prescribed Watercourse and/or augmenting piping associated with an existing channel; or
- (b) involves relocating existing pumping infrastructure on or across land not currently occupied with pumping infrastructure for the purpose of pumping water from the River Murray Prescribed Watercourse; and

(2) the site of the proposed development is:

- (a) not wholly or partially located within a Ramsar listed wetland;
- (b) not on coastal land as defined in Schedule 8 of the Development Regulations 1993; and

(3) the proposed development will not directly affect a State heritage place within the meaning of the State Heritage Act 1993 and, in the opinion of the relevant authority, will not materially affect the context within which a State heritage place is situated.

SCHEDULE 2

Conditions

(In these conditions 'floodplain' means land below the 1956 River Murray flood-level).

1. Where the proposed development involves dredging or excavating to deepen and/or extend an existing irrigation channel for the purpose of collecting or diverting water from the River Murray Prescribed Watercourse and/or augmenting piping associated with an existing channel:

- (a) the dredging or excavation must not breach land separating the main channel of the river from a back-water or wetland so as to permit an exchange of water between the two bodies;
- (b) the dredged or excavated channel must not be wider (measured as the average width) than the existing channel;
- (c) the dredged or excavated material must not be placed in a watercourse or on a floodplain—material may be temporarily stored on the floodplain for de-wetting purposes for a maximum of one week provided it does not result in an increased sediment entry into the river—nor placed where it would destroy native vegetation, including samphire, as defined by the Native Vegetation Act 1991 (a Significant Environmental Benefit will be required to offset the loss or damage to native vegetation where that occurs);
- (d) the development must not take up more than 10 per cent of the width of the navigable channel, with submerged infrastructure in the navigable channel at a depth of at least 1.7 m;
- (e) land disturbed as a consequence of the development must be restored to a condition consistent with the natural heritage of the locality and to avoid sediment entry into the river; and
- (f) the development must not damage a historic shipwreck or historic relic within the meaning of the Historic Shipwrecks Act 1991 (a physical check of the riverbed for historic shipwreck material should be undertaken before works commence).

2. Where the proposed development involves relocating existing pumping infrastructure on or across land not currently occupied with pumping infrastructure for the purpose of collecting or diverting water from the River Murray Prescribed Watercourse, and the movement, augmentation or extension of associated piping:

- (a) the development must not take up more than 10 per cent of the width of the navigable channel, with submerged infrastructure in the navigable channel at a depth of at least 1.7 m;
- (b) the pumping infrastructure must not be placed where it would destroy native vegetation, including samphire, as defined by the Native Vegetation Act 1991 (a Significant Environmental Benefit will be required to offset the loss or damage to native vegetation where that occurs);
- (c) land disturbed as a consequence of the development must be restored to a condition consistent with the natural heritage of the locality and to avoid sediment entry into the river;
- (d) the development must not be prominent or conspicuous when viewed from the river;
- (e) the development must not impede passage on or along the banks of the river or obstruct the hydraulic connectivity of the River Murray Prescribed Water-course; and
- (f) the development must not damage a historic shipwreck or historic relic within the meaning of the Historic Shipwrecks Act 1991 (a physical check of the riverbed for historic shipwreck material should be undertaken before works commence).

NOTES:

- (a) This exemption does not affect the requirement that the applicant obtain authorisation for the proposed development under section 32 of the Development Act 1993 (provisional development plan consent). Additional approvals may be required under other Acts such as the Aboriginal Heritage Act 1988, Environment Protection Act 1993, Crown Lands Act 1929, Native Title (South Australia) Act 1994 and Native Title Act (Commonwealth) 1993 and the Native Vegetation Act 1991.
- (b) The management of lagoons and backwaters should enable the opportunity for periodic drying and wetting to emulate the natural process. On this basis pumping directly from the main stem of the River Murray is encouraged, thus enabling the manipulation of the lagoons and backwaters to be achieved without inconvenience to irrigators. Irrigators presently drawing from a lagoon and backwater should consider relocating pumping infrastructure to directly access from the main stem of the River Murray.
- (c) Failure to comply with a condition of this Notice of Exemption is an offence under the River Murray Act 2003, for which a maximum penalty of \$20 000 applies.

Dated 19 December 2006.

K. A. MAYWALD, Minister for the River Murray

BY virtue and in pursuance of section 51 of the District Court Act 1991 and all other enabling powers, We, Terence Anthony Worthington, Chief Judge, Peter Anthony John Herriman and Andrea Simpson, Judges of the District Court of South Australia, make the following Rules of Court:

1. These Rules may be cited as the 'District Court Rules, Amendment No. 49'.
2. The District Court Rules 1992, as amended by these Rules, may be cited as the 'District Court Rules 1992'.
3. This Amendment No. 49 is to take effect on and from 1 January 2007.
4. Rule IV-6.07 (1) (e) is amended by adding after r IV-6.07 (1) (e) (iii) the following:
 - (iiiA) abridgment or extension of the time for service of a subpoena.
5. Rule IV-11.01 of the District Court Rules 1992 is deleted and in its place the following Rule is inserted:

IV-11.01 (1) In this Rule, unless the contrary intention appears:

addressee means a person who is the subject of the order expressed in a subpoena;

business day means a day on which the Registry is ordinarily open for business;

conduct money means a sum of money or its equivalent, such as pre-paid travel, sufficient to meet the reasonable expenses of the addressee of attending Court as required by the subpoena and returning after so attending;

issuing party means the party at whose request a subpoena is issued;

subpoena means an order in writing requiring a person (an **addressee**):

(a) to attend to give evidence; or

(b) to produce the subpoena or a copy of it and a document or thing; or

(c) to do both those things.

(2) To the extent that a subpoena requires an addressee to attend to give evidence, it is called a **subpoena to attend to give evidence**.

(3) To the extent that a subpoena requires an addressee to produce the subpoena or a copy of it and a document or thing, it is called a **subpoena to produce**.

IV-11.02 (1) The Court may, in any proceeding, by subpoena order an addressee:

(a) to attend to give evidence as directed by the subpoena; or

(b) to produce the subpoena or a copy of it and any document or thing as directed by the subpoena; or

(c) to do both those things.

(2) The Registrar is empowered to issue subpoenas on the Court's behalf.

(3) The Registrar:

(a) may issue a subpoena if requested by a party to a proceeding to do so;

(b) may refuse to issue a subpoena which is vexatious, oppressive or an abuse of the process of the Court;

- (c) may refer to a Judge for consideration any subpoena which the Registrar considers may be vexatious, oppressive or an abuse of the process of the Court;
 - (d) must issue a subpoena if directed by the Court to do so.
- (4) A subpoena which is vexatious, oppressive or an abuse of the process of the Court may be set aside by a Judge.
- (5) A subpoena is not to issue:
 - (a) if the Court has made an order, or there is a Rule of the Court, having the effect of requiring that the proposed subpoena:
 - (i) not be issued; or
 - (ii) not be issued without permission of the Court and that permission has not been given; or
 - (b) requiring the production of a document or thing in the custody of the Court or another Court.
- (6) A subpoena is not to issue to compel the production of a public document, unless a Judge authorises the issue of the subpoena.
- (7) On issuing a subpoena, the Court will authenticate it by affixing its seal or in some other appropriate manner.

IV-11.03 (1) A subpoena must be in Form 8.

- (2) A subpoena:
 - (a) may be addressed to one or more persons; and
 - (b) must, unless the Court otherwise orders, identify the addressee or addressees by name, or by description of office or position.
- (3) A subpoena to produce must:
 - (a) identify the document or thing to be produced; and
 - (b) specify the date, time and place for production.
- (4) A subpoena to attend to give evidence must specify, for each addressee who is required to attend, the date, time and place for attendance.
- (5) If a subpoena requires an addressee's personal attendance at a particular date, time and place to produce a document or thing, or to give evidence (or both):
 - (a) the date, time and place for attendance must be the date, time and place at which the trial is scheduled to commence or some other date, time and place permitted by the Court; but
 - (b) if the course of the Court's business makes it necessary or expedient to change the date, time or place for attendance:
 - (i) the issuing party may amend the date, time or place by serving notice of the amendment in an approved form on the addressee personally and tendering any additional conduct money that may be reasonable in the light of the amendment; and
 - (ii) the subpoena then operates in its amended form.
- (6) The last date for service of a subpoena:
 - (a) is the date falling 14 days before the earliest date on which an addressee is required to comply with the subpoena or an earlier or later date fixed by a Judge; and
 - (b) must be specified in the subpoena.
- (7) If an addressee is a company, the company must comply with the subpoena by its appropriate or proper officer.

- (8) If there is a mistake in the terms in which a subpoena is issued, and the mistake is discovered before the subpoena is served, the issuing party may correct the mistake and, after filing a corrected copy of the subpoena in the Court, proceed with service of the subpoena in its corrected form.
- IV-11.04 (1) The Court may on the application of a party or any person having a sufficient interest, set aside a subpoena in whole or in part, or grant other relief in respect of it.
- (2) Any application under Rule 11.04 (1) must be made on notice to the issuing party.
- (3) The Court may order that the applicant give notice of the application to any other party or to any other person having a sufficient interest.
- IV-11.05 (1) A subpoena must be served personally on the addressee on or before the last day for service specified in the subpoena.
- (2) The issuing party must serve a copy of a subpoena to produce on each other party as soon as practicable after the subpoena has been served on the addressee or addressees.
- IV-11.06 (1) An addressee need not comply with the requirement of a subpoena to attend to give evidence unless conduct money has been handed or tendered to the addressee a reasonable time before the date on which attendance is required.
- (2) An addressee need not comply with the requirements of a subpoena unless it is served on or before the date specified in the subpoena as the last date for service of the subpoena.
- (3) Despite Rule 11.05 (1), an addressee must comply with the requirements of a subpoena even if it has not been served personally on that addressee if the addressee has, by the last date for service of the subpoena, actual knowledge of the subpoena and of its requirements.
- (4) An addressee who is required to comply with a subpoena to produce must comply with the subpoena:
- (a) by attending at the date, time and place specified for production and producing the subpoena or a copy of it and the document or thing to the Court; or
- (b) by delivering or sending the subpoena or a copy of it and the document or thing to the Registrar at the address specified for the purpose in the subpoena, so that they are received not less than two business days before the date specified in the subpoena for attendance and production.
- (5) In the case of a subpoena that is both a subpoena to attend to give evidence and a subpoena to produce, production of the subpoena or a copy of it and of the document or thing in any of the ways permitted by Rule 11.06 (4) does not discharge an addressee who is required to give evidence from the obligation to attend to give evidence.
- (6) The Registrar must take custody of documents and things produced to the Court in response to a subpoena, and of all exhibits tendered in proceedings before the Court, and deal with them:
- (i) if they have not become, and it is apparent that they will not become, exhibits in proceedings—as authorised by these Rules; or
- (ii) if they have become exhibits in proceedings—as required by Rule 15.
- IV-11.07 (1) This Rule applies if an addressee produces a document or thing in accordance with Rule 11.06 (4) (b).
- (2) The Registrar must, if requested by the addressee, give a receipt for the document or thing to the addressee.

- (3) If the addressee produces more than one document or thing, the addressee must, if requested by the Registrar, provide a list of the documents or things produced.
- (4) The addressee may, with the consent of the issuing party, produce a copy, instead of the original, of any document required to be produced.
- (5) The addressee may at the time of production inform the Registrar in writing that any document or copy of a document produced need not be returned and may be destroyed.

IV-11.08 The Court may give directions in relation to the removal from and return to the Court, and the inspection, copying and disposal, of any document or thing that has been produced to the Court in response to a subpoena.

- IV-11.09
- (1) On request in writing of a party, the Registrar must inform the party whether production in response to a subpoena has occurred in accordance with Rule 11.06 (4) (b) and, if so, include a description, in general terms, of the documents and things produced.
 - (2) The following provisions of this Rule apply if an addressee produces a document or thing in accordance with Rule 11.06 (4) (b).
 - (3) Subject to this Rule, no person may inspect a document or thing produced unless the Court has granted permission and the inspection is in accordance with that permission.
 - (4) Unless the Court otherwise orders, the Registrar may permit the parties to inspect at the Registry any document or thing produced unless the addressee, a party or any person having a sufficient interest objects to the inspection under this Rule.
 - (5) If the addressee objects to a document or thing being inspected by any party to the proceeding, the addressee must, at the time of production, notify the Registrar in writing of the objection and of the grounds of the objection.
 - (6) If a party or person having a sufficient interest objects to a document or thing being inspected by a party to the proceeding, the objector may notify the Registrar in writing of the objection and of the grounds of the objection.
 - (7) On receiving notice of an objection under this Rule, the Registrar:
 - (a) must not permit any, or any further, inspection of the document or thing the subject of the objection; and
 - (b) must refer the objection to the Court for hearing and determination.
 - (8) The Registrar must notify the issuing party of the objection and of the date, time and place at which the objection will be heard, and the issuing party must notify the addressee, the objector and each other party accordingly.
 - (9) The Registrar must not permit any document or thing produced to be removed from the Registry except on application in writing signed by the solicitor for a party.
 - (10) A solicitor who signs an application under Rule 11.09 (9) and removes a document or thing from the Registry undertakes to the Court by force of this Rule that:
 - (a) the document or thing will be kept in the personal custody of the solicitor or a barrister briefed by the solicitor in the proceeding; and
 - (b) the document or thing will be returned to the Registry in the same condition, order and packaging in which it was removed, as and when directed by the Registrar.
 - (11) The Registrar may, in the Registrar's discretion, grant an application under Rule 11.09 (9) subject to conditions or refuse to grant the application.

- IV-11.10 (1) Unless the Court otherwise orders, the Registrar may, in the Registrar's discretion, return to an addressee any document or thing produced in response to the subpoena.
- Note:** It should be noted however that if the document or thing has been tendered as an exhibit, the Registrar is to deal with the exhibit as required by Rule 15.
- (2) Unless the Court otherwise orders, the Registrar must not return any document or thing under Rule 11.10 (1) unless the Registrar has given to the issuing party at least 14 days' notice of the intention to do so and that period has expired.
- (3) If the addressee has informed the Court that a document or a copy of a document need not be returned and may be destroyed, the Registrar may, unless the Court otherwise orders, destroy the document or copy instead of returning it.
- (4) The Registrar must not destroy a document or a copy of a document unless the Registrar has first given to the issuing party and to the addressee at least 14 days' notice of the intention to destroy the document or copy.
- IV-11.11 (1) The Court may order the issuing party to pay the amount of any reasonable loss or expense incurred in complying with the subpoena.
- (2) If an order is made under Rule 11.11 (1), the Court must fix the amount or direct that it be fixed in accordance with the Court's usual procedure in relation to costs.
- (3) An amount referred to in this Rule is separate from and in addition to:
- (a) any conduct money paid to the addressee; or
- (b) any witness expenses payable to the addressee.
- IV-11.12 (1) An addressee who fails to comply with a subpoena without lawful excuse is in contempt of Court and may be dealt with accordingly.
- (2) Despite Rule 11.05 (1), if a subpoena has not been served personally on an addressee, the addressee may be dealt with for contempt of Court as if the addressee had been so served if it is proved that the addressee had, by the last date for service of the subpoena, actual knowledge of the subpoena and its requirements.
- (3) Rules 11.12 (1) and (2) are without prejudice to any power of the Court under any Rules of the Court (including any Rules of the Court providing for the arrest of an addressee who defaults in attendance in accordance with a subpoena) or otherwise, to enforce compliance with a subpoena.
- IV-11.13 (1) A party who seeks production of a document or thing in the custody of the Court or of another Court may inform the Registrar in writing accordingly, identifying the document or thing.
- (2) If the document or thing is in the custody of the Court, the Registrar must produce the document or thing:
- (a) in Court; or
- (b) as the Court directs.
- (3) If the document or thing is in the custody of another Court, the Registrar must, unless the Court has otherwise ordered:

Schedule

Date of commencement.

1. *Preliminary*
 - 1.1 These Rules may be cited as the Lotteries (Powerball) Rules.
 - 1.2 These Rules will come into operation on the date specified in the Schedule to these Rules.
 - 1.3 These Rules are to be read in conjunction with and are subject to the Lotteries (General) Rules.
 - 1.4 These Rules apply to the lottery known as 'Powerball'.
2. *Interpretation*
 - 2.1 In these Rules and in each part of these Rules unless the contrary intention appears:

‘Bloc members’ means the parties from time to time to an agreement entered into by the Commission with other parties for the conduct of Powerball on a joint basis with a common draw and a declaration of common dividends based on the equal participation of all players in the aggregated prize pool;

‘claim period’ means the period commencing at midnight on the day of determination of the draw results (‘relevant day’) and ending at the close of business on the fourteenth day thereafter. If the fourteenth day is a Saturday, Sunday or Public Holiday the claim period will end at the Commission’s close of business on the immediately preceding working day;

‘drawing equipment’ means equipment operated as determined from time to time by the Bloc members for ascertaining the winning numbers;

‘Powerball’ means a lottery drawn at such intervals as the Bloc members determine in which a player is required to forecast 5 numbers to be drawn from the range of numbers 1 to 45 inclusive and 1 number to be drawn from a second range of numbers 1 to 45 inclusive;

‘Powerball Barrel’ means the drawing barrel from which the Powerball is drawn;

‘Power45’ means a method of entry where all 45 Powerball numbers are deemed to have been selected for each game played;

‘Powerball number’ means the single ball drawn from balls numbered 1 to 45 inclusive from the Powerball Barrel;

‘5 Ball Barrel’ means the drawing barrel from which 5 balls are drawn.

3. *Ordinary Entry*

- 3.1 To create an ordinary entry, a player must select or cause to be selected 5 numbers and the Powerball number.
- 3.2 An ordinary entry will participate in 1 draw only for the number of games paid for and selected.
- 3.3 The minimum number of games to be completed will be 2.
- 3.4 There will be no limit to the maximum number of games that can be played, save that in any one draw:
 - 3.4.1 the Commission may decline to issue more than 1 000 entries to a player; and
 - 3.4.2 a player can be issued with entries costing no more than \$99 999.
- 3.5 A player may request that an entry be issued in a draw to be conducted within 52 weeks or such lesser period as determined by the Commission.
- 3.6 Subject to Rule 6, a player must submit only:
 - 3.6.1 the coupon provided for that purpose from time to time by the Commission;
 - 3.6.2 an Easiplay Club card in respect of which regular wagers have been nominated; or
 - 3.6.3 an electronic request for entry in such format as the Commission determines.
- 3.7 In the case of a coupon, a player’s forecast must be marked by hand with a vertical mark in the centre of the square or such other mark as the Commission or the Agent requires. All marks on a coupon must be legible and made by pencil or dark blue pen. No other mark will be accepted. A coupon must not be marked in red or black.
- 3.8 The ‘system entry’ box must be left blank.

- 3.9 A player who marks a 'top up' box will be taken to have authorised the terminal to generate a random forecast of a sufficient quantity of numbers to complete the panel, the coupon or the nominated number of games, as the case may be.
- 3.10 If a player marks more than the specified number of squares in either panel in any one game, a ticket will not issue until the player has either nominated the number(s) to be deleted or opted for a system entry. The player may be required to complete another coupon.
- 3.11 If a player marks fewer than the specified number of squares in either panel in any one game and does not mark the relevant 'top up' box, a ticket will not issue until the player has either nominated the number(s) to be added or opted for a top up entry or a system entry.

4. *Multi-Week Entry*

- 4.1 A player may enter their number selections for a series of consecutive draws by marking the appropriate square in the 'weeks' box or by verbally requesting such an entry. The number of consecutive draws that may be entered in this way is up to 52 weeks or such lesser period as determined by the Commission.
- 4.2 The Rules governing ordinary entries will apply to every multi-week entry.

5. *System Entry*

- 5.1 Subject to Rule 7.3, a player may create a system entry in the top panel by selecting or causing to be selected in that panel 3, 4 or from 6 to 20 numbers, rather than the 5 to be selected in the case of an ordinary entry.
- 5.2 In the case of a coupon, a system entry must be completed by marking the 'system entry' box and selecting or causing to be selected in the top panel the quantity of numbers corresponding to the system to be entered by the player. (Thus, to play system 7, 7 numbers are selected; to play system 8, 8 numbers are selected and so on to a maximum of 20 numbers selected to play a system 20 entry). In the case of a verbal entry, a system entry is created by requesting the terminal operator to complete such an entry. Ordinary and system participation will not be accepted if completed on the one computer coupon and only one system entry type can be played on the one coupon.
- 5.3 If more numbers are marked in any panel than the requested system requires, a ticket will not issue until the player has nominated the number(s) to be deleted. If fewer numbers are marked in any panel than the requested system requires and the 'top up' box is not marked, a ticket will not issue until the player has either nominated the number(s) to be added or opted for a top up entry.
- 5.4 Systems 3 and 4 are a particular type of system entry whereby the quantity of numbers selected in the top panel is less than the forecast objective.
- 5.5 A system 3 or 4 entry will be equivalent to playing a certain number of separate games of 5 numbers in the top panel in conjunction with the Powerball number selected by the player as determined by the following formula:

$$\frac{(45 - S)!}{40! \times (5 - S)!} \quad (\text{where } S = \text{system number})$$

- 5.6 A player who wishes to enter a system 3 entry must select or cause to be selected any 3 numbers from the top panel. These 3 numbers will be combined with all combinations of 2 numbers from the remaining numbers. This system entry will be equivalent to playing 861 games of 5 numbers.
- 5.7 A player who wishes to enter a system 4 entry must select or cause to be selected any 4 numbers from the top panel. These 4 numbers will be combined with each of the remaining numbers in turn. This system entry will be equivalent to playing 41 games of 5 numbers.

- 5.8 A player who wishes to enter a system 6 to 20 inclusive must select or cause to be selected the quantity of numbers according to the system number to be played. The selected numbers in the top panel will be combined with one another in all possible combinations of 5 numbers in conjunction with the Powerball number selected by the player. This system entry will be equivalent to playing a certain number of separate games of 5 numbers in conjunction with the Powerball number selected by the player as determined by the following formula:

$$\frac{S!}{5! \times (S-5)!} \quad (\text{where } S = \text{system number})$$

- 5.9 Subject to Rule 3.4., a player may enter up to 7 of the same type of system entry on the one coupon.
- 5.10 A system entry may be entered for multi-week participation, in which case the Rules relating to multi-week and Easi-Pick entries will also apply.
- 5.11 The price of a system entry will be as published by the Commission from time to time.

6. *Easi-Pick Entry*

- 6.1 A player can play by means of an Easi-Pick nomination at the selling point. The Commission or Agent must enter the information nominated by the player into the terminal and cause it to generate a forecast of the type nominated by the player.
- 6.2 Easi-Pick entries will be limited to 25 panels (of 5 numbers and a Powerball number) for an ordinary entry, up to 7 panels (of 5 numbers and a Powerball number) of the same type of system entry, or such other number as the Commission determines.
- 6.3 An Easi-Pick entry can be nominated using the terminal keyboard.
- 6.4 The Easi-Pick forecast will be printed on a ticket generated by the terminal, and the printed selections will be deemed to be those selections nominated to the Commission or Agent as if they were marked on a coupon by the player in accordance with these Rules.

7. *Power45 Entry*

- 7.1 Power45 can be played using a coupon provided for that purpose or an Easi-Pick entry method. In the case of a coupon entry, a player must complete either an ordinary entry or a system entry in the top row of panels and mark the 'PP45' box for the Powerball number. In the case of an Easi-Pick entry, a player must nominate the number of Power45 entries to the Commission or the Agent in accordance with Rule 6.
- 7.2 Ordinary Power45 entry
- 7.2.1 For an ordinary Power45 entry, a player is to make a selection of 5 numbers for each of the chosen number of panels in the top row of the coupon.
- 7.2.2 The terminal will combine the number selections in Rule 7.2.1 with each and every Powerball number.
- 7.3 System Power45 entry
- 7.3.1 For a system Power45 entry, a player is to make a selection of numbers being either 3, 4 or from 6 to 15 numbers in the top panel of the coupon.
- 7.3.2 The terminal will determine all possible combinations of 5 numbers from the number selection in Rule 7.3.1 and combine each combination with each and every Powerball number.

8. *Determination of Winning Numbers*

- 8.1. Each draw will be identified by a number.
- 8.2. Each draw will be conducted using drawing equipment as the Bloc members determine.
- 8.3. For each draw the Bloc members will cause 5 numbered balls to be drawn from the 5 Ball Barrel and 1 numbered ball to be drawn from the Powerball Barrel.
- 8.4. There will be 7 prize winning divisions in each draw as follows:

Division 1—player(s) who correctly forecast the 5 balls drawn from the 5 Ball Barrel and the Powerball number from the Powerball Barrel in any one game.

Division 2—player(s) who correctly forecast the 5 balls drawn from the 5 Ball Barrel in any one game.

Division 3—player(s) who correctly forecast 4 of the 5 balls drawn from the 5 Ball Barrel and the Powerball number from the Powerball Barrel in any one game.

Division 4—player(s) who correctly forecast 3 of the 5 balls drawn from the 5 Ball Barrel and the Powerball number from the Powerball Barrel in any one game.

Division 5—player(s) who correctly forecast 4 of the 5 balls drawn from the 5 Ball Barrel in any one game.

Division 6—player(s) who correctly forecast 2 of the 5 balls drawn from the 5 Ball Barrel and the Powerball number from the Powerball Barrel in any one game.

Division 7—player(s) who correctly forecast 3 of the 5 balls drawn from the 5 Ball Barrel in any one game.

9. *Supervision of Draw*

- 9.1. The selection of winning numbers will be conducted in such manner as agreed by the Bloc members:
and
 - 9.1.1. if drawn in the State of Victoria, will be supervised by representatives of the Treasury of the State of Victoria;
 - 9.1.2. if drawn in any of the States of South Australia, Western Australia, New South Wales or Queensland, will be supervised by representatives of the Auditor-General's Department of the State in which the draw is conducted; and
 - 9.1.3. will be final for the purpose of determining the prize winners for that draw.

10. *Prize Pool Allocation*

- 10.1. Only one prize can be won by any one entry in a game.
- 10.2. 60% of the total entry fees received for each draw (or such greater amount as the Commission determines) will be allocated as the prize pool.
- 10.3. The Commission will pay the percentage referred to in Rule 10.2 into a total prize pool to which the Bloc members will contribute the same percentage of the total amount of their entry fees.
- 10.4. The amount of the prize pool will be announced at each draw.

- 10.5 The prize money allocated to each division will be apportioned in equal shares between the winners in that division.
- 10.6 If there is no winner in any of Divisions 2, 3, 4, 5 or 6 the prize money allocated to that division will be added to the prize money allocated to the next lower division in which there is a winner.

11. *Prize Structure*

- 11.1 The total prize pool will be distributed as follows:

Division 1—40% of the prize pool.
Division 2—12.9% of the prize pool.
Division 3—5.9% of the prize pool.
Division 4—4.6% of the prize pool.
Division 5—2.6% of the prize pool.
Division 6—11.7% of the prize pool.
Division 7—22.3% of the prize pool.

- 11.2 Notwithstanding any other Rule, the Commission may at its discretion round out the amount of any prize other than a Division 1 prize to the nearest 5 cents above or below the actual prize otherwise payable. To the extent necessary to give effect to this Rule, the above percentages will be varied and the resulting surplus or deficit will be added to or deducted from the prize pool payable in respect of that draw or from the Prize Reserve Fund.

12. *Prize Reserve Fund*

- 12.1 From time to time, the Commission may set aside a proportion of the total amount received from entry fees to any draw and, in respect of that draw, the distribution of prizes will be reduced *pro rata* in all prize winning divisions. The amount set aside will be accumulated by the Commission to constitute a pool called the Prize Reserve Fund.
- 12.2 The Prize Reserve Fund will be applied from time to time for the purpose of additional or increased prizes in respect of such subsequent lottery or lotteries conducted by the Commission, in such amount(s) and to such player(s) as the Commission in its absolute discretion determines.
- 12.3 The amounts to be set aside and the amounts to be applied to additional or increased prizes must be agreed with the Bloc members.
- 12.4 In the event that the game of Powerball is replaced, enhanced, renamed or otherwise varied, the Prize Reserve Fund as constituted by this Rule 12 may be assigned to the game replacing, enhancing, renaming or otherwise varying the game of Powerball.

13. *Jackpots*

- 13.1 If there is no Division 1 prize winner, that portion of the prize pool that would have been payable to a single Division 1 winner in that draw will be added to or jackpotted with the Division 1 prize money in the next draw. This jackpotting will continue for no more than 25 consecutive draws. If there is no Division 1 prize winner in the next (or 26th) consecutive draw, the total amount of the jackpot and the Division 1 prize that would have been payable to a single winner in that 26th draw will be added to the prize money allocated to the next lower Division in which there is a winner.
- 13.2 If the Commission guarantees a minimum prize payout in Division 1 of any draw, the amount by which the Commission thereby augments the portion of the prize pool allocated to Division 1 in that draw will not be taken into account in determining the amount of any jackpot subsequently paid in respect of that division.

14. *Publication of Results*

- 14.1 The Commission will publish the results as soon as practicable after each draw.
- 14.2 The information published may include:
 - 14.2.1 the winning numbers;
 - 14.2.2 the amount of the prize pool allocated to each division;
 - 14.2.3 the number of prize winners or provisional prize winners in each division;
 - 14.2.4 the value or provisional value of each prize in each division;
 - 14.2.5 the dates when prizes will be paid; and
 - 14.2.6 the date the claim period expires.

15. *Prize Claims*

- 15.1 In the case of Division 1 and 2 prizes:
 - 15.1.1 prize money will be distributed after the claim period has elapsed;
 - 15.1.2 claims lodged within the claim period and determined by the central computer to be prize winning entries and any entries subsequently identified within the claim period as prize winning entries will share equally in the prize pool available to winners in their respective division; and
 - 15.1.3 any player who claims to be entitled to a prize must lodge a claim with the Commission.
- 15.2 In the case of prizes other than Division 1 and 2 prizes:
 - 15.2.1 prize money will be paid as soon as practicable after the draw either at the Commission or through any selling point terminal on presentation of the ticket or record of electronic entry and evaluation by a terminal subject to these Rules;
 - 15.2.2 if a ticket or record of electronic entry includes a game that has won a prize in Division 3 or a lower division in addition to a Division 1 or 2 prize the lower division prize will not be paid until the Division 1 or 2 prize is payable; and
 - 15.2.3 any player who claims to be entitled to a prize but:
 - 15.2.3.1 whose entry has not been identified by the central computer system as a prize winning entry;
 - 15.2.3.2 considers that their entry has been incorrectly evaluated by the Commission; or
 - 15.2.3.3 has not on application to a selling point terminal obtained confirmation that their entry has won the prize, must lodge a claim with the Commission.
- 15.3 A claim under Rule 15.1.3 or 15.2.3:
 - 15.3.1 may be lodged with the Commission either personally or by registered mail;
 - 15.3.2 must reach the Commission within 12 months of the relevant day;

15.3.3 must be accompanied by the computer ticket or record of electronic entry pertaining to the entry in respect of which the claim is made, clearly endorsed with the claimant's full name and address; and

15.3.4 if posted, must be accompanied by a self-addressed envelope bearing the correct postage.

15.4 The Commission:

15.4.1 will not be obliged to recognise any claim not identified as a prize winning entry by the central computer within 12 months of the relevant day; and

15.4.2 may in its absolute discretion accept or refuse to accept a claim in whole or in part.
