Pursuant to section 158 of the Local Government Act 1999, the Council fixes a minimum amount of \$200 payable by way of rates for the year ending 30 June 2007.

Rate Capping

To provide relief against what would otherwise amount to a substantial change in rates payable by a ratepayer due to rapid changes in valuation, a rebate of general rates for the 2006-2007 financial year will be granted to the principal ratepayer of an Assessment under section 166 (1) (l) of the Local Government Act 1999, on application to Council where the amount of any increase in rates in respect of that assessment in monetary terms between the amount of general rates imposed for the 2005-2006 financial year (after any rebate was applied) and the amount of general rates imposed for the 2006-2007 financial year, is greater than 50% (5% for pensioners and self-funded retirees in relation to their principal place of residence). The amount of rebate will be the difference between the amount of general rates in monetary terms imposed for the 2006-2007 financial year and the amount of general rates imposed in monetary terms payable for the 2005-2006 financial year (after any rebate was applied but prior to deducting any pensioner or other concession) plus 50% (or 5% for pensioners and self-funded retirees in relation to their principal place of residence) of that amount.

The rebate will not apply where:

- (i) any such increase is due in whole or part to an increase in valuation of the land in the Assessment because of improvements made worth more than \$20 000;
- (ii) any such increase is in whole or part because the zoning of the land, or land use has changed;
- (iii) any such increase is due in full or part to the use of the land being different for rating purposes on the date the Council declared its general rates for the 2006-2007 financial year than on the date the Council declared its general rates for the 2005-2006 financial year;
- (iv) the ownership of the rateable property has changed since 1 July 2005; or
- (v) any increase occurs as a result of a change in the minimum rate.

The Naracoorte Lucindale Council will review the Rate Capping percentage annually and Rate Rebates will only be granted to ratepayers on application to the Council on the prescribed form.
