NATURAL RESOURCES MANAGEMENT ACT 2004

Revocation of Notice of Restriction

THE Notice of Restriction on the Taking of Water from the River Murray Prescribed Watercourse dated 1 July 2006 and published 22 June 2006 is hereby revoked.

Notice of Restriction on the Taking of Water from the River Murray Prescribed Watercourse

PURSUANT to section 132 (1) of the Natural Resources Management Act 2004 ('the Act'), and pursuant to the delegation of the power in section 132 of the Act made to me by the Minister for Environment and Conservation (under section 9 (1) of the Administrative Arrangements Act 1994 and by the notice published in the *Government Gazette*) I, Karlene Maywald, Minister for the River Murray, being of the opinion that due to reduced River Murray flow to South Australia, the rate at which water is being taken from the River Murray Prescribed Watercourse as described in Schedule 1:

- is such that the quantity of water available can no longer meet the demand;
- is such that there is a risk that the available water will not be sufficient to meet future demand; and
- is affecting the quality of water in the watercourse,

hereby restrict the taking of water from the River Murray Prescribed Watercourse (including for domestic and animal health and welfare purposes) in the manner and subject to the conditions specified in Schedule 2.

SCHEDULE 1

The River Murray Prescribed Watercourse established by proclamation under the Water Resources Act 1976 and continued in existence as if it had been proclaimed under the Water Resources Act 1990 and continued in existence by virtue of clause 2 (1) (a) of Schedule 3 of the Water Resources Act 1997 and clause 52 (a) of Schedule 4 of the Natural Resources Management Act 2004, and described in the General Registry Office Plan No. 926/78, sheets 1 to 13.

SCHEDULE 2

1. A person may only take water from the River Murray Prescribed Watercourse in accordance with the terms of a written authorisation granted under this Notice by me or my authorised agent.

2. An authorisation terminates according to its terms, or upon expiry or revocation of this Notice, whichever is the earliest.

3. An authorisation under this Notice may be granted as follows:

- (a) To a person holding a water licence endorsed with a water (taking) allocation to take water from the River Murray Prescribed Watercourse for purposes other than domestic purposes, such that the person is entitled to take a quantity of water equivalent to 60% of the water (taking) allocation endorsed on the water licence, excluding water allocations for the purposes specified in clause 7 and subject to the provision of clause 4.
- (b) To the South Australian Water Corporation in respect of its water licence endorsed with a water (taking) allocation for the taking of water for urban water supply through reticulated water supply infrastructure under the Waterworks Act 1932 (Metropolitan Adelaide), entitling the South Australian Water Corporation to take 146 GL.
- (c) To the South Australian Water Corporation in respect of its water licence endorsed with a water (taking) allocation for the taking of water for urban water supply

through reticulated water supply infrastructure under the Waterworks Act 1932 (Country Towns), such that it is entitled to take a quantity of water equivalent to 60% of the water (taking) allocation endorsed on the water licence, excluding water allocations for the purposes specified in clause 7 and subject to the provision of clause 4.

- (d) To a person who during the period of this Notice, receives approval to convert a water (holding) allocation to a water (taking) allocation under the Natural Resources Management Act 2004, such that the person is entitled to take a quantity of water equivalent to 60% of the water (taking) allocation endorsed on the water licence after conversion, excluding water allocations for purposes specified in clause 7 and subject to the provision of clause 4.
- (e) To a person authorised by licence or otherwise entitled under the Natural Resources Management Act 2004, to take water from the River Murray Prescribed Watercourse for domestic purposes, entitling that person to take water in the same manner and on the same terms as the current Water Restrictions published by the South Australian Water Corporation and applying to Metropolitan Adelaide water users.

4. Where a water allocation is transferred to the State of South Australia for taking purposes from interstate, the total volume transferred may be taken by the transferee.

5. The following condition applies to the taking of water in accordance with this Notice except to persons referred to in clause 3 (d):

- The water may only be taken through a meter that accurately measures the quantity of water taken and is at all times in good working condition, unless water is taken to irrigate reclaimed land within the Lower Murray Reclaimed Irrigation Management Zone as defined in the Water Allocation Plan for the River Murray Prescribed Watercourse adopted on 1 July 2002.

6. An authorisation granted under this Notice to a person holding a licence endorsed with a water (taking) allocation will terminate if the person to whom the authorisation was granted ceases to hold that licence.

7. This Notice of Restriction does not apply:

- to the taking of water for fire-fighting purposes.

This notice will remain in effect until 30 June 2007 unless earlier varied or revoked.

Dated 2 November 2006.

K. MAYWALD, Minister for the River Murray

FISHERIES ACT 1982: SECTION 43

TAKE notice that it is hereby declared that it shall be unlawful for any person to engage in the class of fishing activity specified in Schedule 1 during the period specified in Schedule 2.

SCHEDULE 1

The act of taking or an act preparatory to or involved in the taking of snapper (*Pagrus auratus*) in all waters of the State.

SCHEDULE 2

From 1200 hours on 1 November 2006 until 1200 hours on 30 November 2006.

Dated 1 November 2006.

W. ZACHARIN, Director of Fisheries
