2. The Minister for Urban Development and Planning has decided to approve the Plan Amendment.

##### NOTICE

PURSUANT to section 25 of the Development Act 1993, I—

- (a) approve the Plan Amendment; and
- (b) fix the day on which this notice is published in the *Gazette* as the day on which the Plan Amendment will come into operation.

Dated 19 September 2006.

PAUL HOLLOWAY, Minister for Urban  
Development and Planning

#### DEVELOPMENT ACT 1993, SECTION 48: DECISION BY THE DEVELOPMENT ASSESSMENT COMMISSION AS DELEGATE OF THE GOVERNOR

##### Preamble

1. The decision of the Governor under section 48 of the Development Act 1993, to grant provisional development authorisation of the Beringer Blass Wine Bottling and Storage Facility at Nuriootpa was published in the *Gazette* on 23 September 2004.

2. The amended decision of the Governor under section 48 of the Development Act 1993, to grant provisional development authorisation of the Beringer Blass Wine Bottling and Storage Facility at Nuriootpa was published in the *Gazette* on 15 September 2005 and 8 June 2006.

3. Pursuant to section 48 of the Development Act 1993 and Regulation 64 (1) of the Development Regulations 1993, the Governor reserved certain matters for further decision making.

4. Amendments to the development were granted by the Development Assessment Commission as delegate of the Governor on 14 October 2004, 16 December 2004, 3 March 2005, 28 April 2005, 9 June 2005, 18 August 2005, 15 September 2005 and 8 June 2006.

5. Decisions relating to Building Rules Certification were granted by the Development Assessment Commission, as delegate of the Governor on 16 December 2004, 13 January 2005, 7 April 2005, 22 September 2005, 8 December 2005, 2 March 2006, 13 April 2006 and 8 June 2006.

6. Further application has been made to the Development Assessment Commission, as delegate of the Governor, for a decision regarding the relocation of the guardhouse.

7. The Development Assessment Commission has, in considering the application, had regard to all relevant matters under section 48 (5) of the Development Act 1993.

8. The Development Assessment Commission is satisfied that there is no requirement to prepare a further or amended Development Report.

##### Decision

PURSUANT to section 48 of the Development Act 1993, the Development Assessment Commission, as delegate of the Governor, grants provisional development authorisation to the amended Beringer Blass Wine Bottling and Storage Facility subject to the Conditions and Notes to the applicant below:

- (a) reserve a decision on the following matters (upon application of further information) pursuant to section 48 (6) and Regulation 64 (1):
  - (i) further assessment and certification in respect of the Building Rules, for Stage 2 of the development (refer to Conditions and Notes to Applicant below);

- (b) specify all matters relating to this provisional development authorisation as matters in respect of which conditions of this authorisation may be varied or revoked, or new conditions attached;
- (c) specify, for the purposes of section 48 (11) (b) of the Development Act 1993, the period of two years from the date hereof, as the time within which substantial work must be commenced on site, failing which I may cancel this authorisation.

#### Conditions of Approval

- (t) The correspondence and documents from Nolan Rumsby Planners dated 18 July 2006.

2. The applicant shall submit further information and application(s) in relation to the matters that have been reserved for further decision-making.

3. No building works on any part of the development shall commence until a favourable decision has been notified to the applicant by the Governor or the Governor's delegate in respect of those reserved matters referred to in subparagraph (i) in paragraph (a) of the Decision section above.

4. No construction activities or building works shall commence until a heritage survey has been completed to identify any Aboriginal Sites, Objects or Remains in the site area, and monitoring shall be undertaken during construction to enable the development to proceed without a breach of the Aboriginal Heritage Act 1988. Details of the applicant's Heritage Agreement and consultation with the Ngadjuri Heritage Association shall also be provided to the Development Assessment Commission and the Department of Aboriginal Affairs and Reconciliation prior to construction commencing.

5. Subject to condition 3 and 4, the applicant may commence a stage of building works before receiving the Governor's decision concerning building rules compliance for other stages (refer reserved matter (i) in paragraph (a) of the Decision section above). No building works shall commence on a stage of the development, however, until a favourable decision in relation to building rules compliance in respect of that stage has been notified in writing to the applicant by the Governor or the Governor's delegate.

6. A decision on building rules compliance will only be made after a Building Rules assessment and certification has been undertaken and issued by the Barossa Council, or a private certifier, in accordance with the provisions of the Development Act 1993, and after the Minister for Urban Development and Planning receives a copy of all relevant certification documentation, as outlined in Regulation 64 of the Development Regulations 1993 (refer to 'Notes to Applicant' below for further information).

7. The management and monitoring of the pre-construction, construction and operational phases of the wine bottling and storage facility shall be undertaken in accordance with the Environmental Management and Monitoring Plan, prepared by Parsons Brinckerhoff on behalf of Beringer Blass Wine Estates Limited (Report No. 2102542A-04-0600-02), dated October 2004, and as amended by the letter from Nolan Rumsby Planners dated 23 November 2004.

8. The wastewater collection and treatment system shall be designed to ensure that the general obligations of the Environment Protection (Water Quality) Policy 2003 are met, and to ensure that effluent does not overflow or escape from drains, pipes, sumps, tanks, storage/treatment basins into any watercourse, or into stormwater drains which do not drain into the effluent collection, treatment and disposal system, except where the effluent complies with criteria in the above Policy.

9. In accordance with commitments by the applicant, wastewater shall not be stored in open storage ponds until it is first treated to reduce the potential for odours to occur.

10. The applicant shall ensure that stormwater, which does not comply with the Environment Protection (Water Quality) Policy 2003 criteria, is not discharged from the site without prior effective treatment.

11. Noise from the development shall be in accordance with the following:

*Construction Activities—Mondays to Saturdays*

- (a) not exceed 52 dB (A) between the hours of 7 a.m. and 10 p.m. measured and adjusted at the nearest existing residential property;
- (b) not exceed 45 dB (A) between the hours of 6 a.m. and 7 a.m. measured and adjusted at the nearest existing residential property;
- (c) shall be in accordance with the Environment Protection (Industrial Noise) Policy 1994;
- (d) site deliveries and other noisier construction activities shall be scheduled to minimise noise impacts;
- (e) all other aspects of construction activities shall be undertaken in accordance with the Environmental Management and Monitoring Plan.

*Operation of the Development*

- (a) shall not exceed 52 dB (A) between the hours of 7 a.m. and 10 p.m. measured and adjusted at the nearest existing residential property in accordance with the Environment Protection (Industrial Noise) Policy 1994;
- (b) shall not exceed 45 dB (A) between the hours of 10 p.m. and 7 a.m. measured and adjusted at the nearest existing residential property in accordance with the Environment Protection (Industrial Noise) Policy 1994;
- (c) a short term typical maximum noise level of 60 dB (A) when measured at the nearest existing residential property.

12. The proponent shall, within 12 months from the date of this notice and in accordance with the commitments given in the letter by the proponent dated 12 April 2006 and subject to obtaining the landowner's consent to access the land, supply and install two frost fans on the adjacent property located north of the proposed development site. Such fans are to be a 4 blade type as specified in the Acoustic Report in Appendix H of the Response Document and the fans shall be sited in accordance with the recommendations of the Frost Fan Report of Appendix I of the Development Report. If the landowner refuses access to the land or seeks to condition access in an unreasonable way that is not acceptable to the proponent, the proponent shall not be required to comply with the commitments in the letter dated 12 April 2006.

13. Landscaping of the site shall commence prior to construction of the proposed Major Development, and when established must be maintained in good health and condition at all times. A plant must be replaced if or when it dies or becomes seriously diseased within the first growing season after the plant dies or becomes seriously diseased.

14. In accordance with commitments by the applicant, building walls up to 3 m shall be clad in colorbond 'ironstone' (or similar), and walls above 3 m shall be clad in colorbond 'paperbark' (or similar).

15. All lighting shall be directed and shielded in such a way as to prevent glare from the site, and any lighting that is not in use for operational or security reasons shall be switched off.

16. In accordance with EPA recommendations, no trucks or heavy vehicles shall access the site from the portion of Light Pass Road, south of the access point for the proposed Major Development.

17. The temporary concrete batching plant for on-site construction activities and associated infrastructure shall be decommissioned and removed from the site no later than 1 August 2005.

18. The applicant shall, prior to the commencement of operations, prepare an Irrigation Management Plan to the satisfaction of the Environment Protection Authority to demonstrate that the proposed development will:

- (a) minimise the risk of polluting surface and groundwater resources by preventing excessive wastewater runoff or infiltration;
- (b) minimise soil degradation and damage to crops by using sustainable irrigation application rates, based on soil limitations (determined by a soil survey), crop requirements and limiting wastewater constituents;
- (c) prevent environmental nuisance by identifying wastewater pre-treatment requirements and employing suitable separation distances for irrigation;
- (d) prevent public and animal health impacts by using appropriate irrigation equipment and implementing training and awareness programs for staff;
- (e) maximise organic carbon, nutrient and salt removal by selecting suitable land, viable and tolerant crops and suitable cropping practices;
- (f) maintain a 50 m buffer between irrigation areas and the Council stormwater collection system.

19. The Irrigation Management Plan shall contain contingency measures for the disposal of any excess wastewater that cannot be irrigated during the winter periods.

#### NOTES TO APPLICANT

- Pursuant to Development Regulation 64, the applicant is advised that the Barossa Council or private certifier conducting a Building Rules assessment must:
  - (a) provide to the Minister a certification in the form set out in Schedule 12A of the Development Regulations 1993 in relation to the building works in question; and
  - (b) to the extent that may be relevant and appropriate:
    - (i) issue a Schedule of Essential Safety Provisions under Division 4 of Part 12;
    - (ii) assign a classification of the building under these regulations; and
    - (iii) ensure that the appropriate levy has been paid under the Construction Industry Training Fund 1993.

Regulation 64 of the Development Regulations 1993 provides further information about the type and quantity of all Building Rules certification documentation for Major Developments required for referral to the Minister for Urban Development and Planning.

- The Barossa Council or private certifier undertaking Building Rules assessments must ensure that the assessment and certification are consistent with this provisional development authorisation (including any Conditions or Notes that apply in relation to this provisional development authorisation).
- Should the applicant wish to vary the Major Development or any of the components of the Major Development, an application may be submitted, provided that the development application variation remains within the ambit of the Development Report and Assessment Report referred to in this provisional development authorisation. If an application variation involves substantial changes to the proposal, pursuant to section 47 of the Development Act 1993, the applicant may be required to prepare an amended Development Report for public inspection and purchase. An amended Assessment Report may also be required to assess any new issues not covered by the original Assessment Report and a decision made by the Governor pursuant to section 48 of the Development Act 1993.
- It is recommended that the applicant finalise the required water licence arrangements pursuant to the Water Resources Act 1997, for the construction of the proposed water storage dam and subsequent reuse of water, prior to construction of the proposed Major Development (in order for operations to proceed). The applicant is also advised to submit information on the water licence arrangements to Planning SA, together with final details on the design of the stormwater dam and associated release mechanism(s) and infrastructure.
- The proponent is advised of the General Environmental Duty under section 25 of the Environment Protection Act 1993, which requires that a person must not undertake any activity,

which pollutes, or may pollute; without taking all reasonable and practical measures to prevent or minimise harm to the environment.

- The applicant's EMMP should be prepared taking into consideration, and with explicit reference to, relevant EPA policies and guideline documents, including, but not limited to: the Environment Protection (Air Quality) Policy 1994, the Environment Protection (Water Quality) Policy 2003, the Occupational Health and Safety Regulations, EPA Guidelines on Odour Assessment, using odour source modelling 2003, EPA Handbook for Pollution Avoidance on Commercial and Residential Building Sites 2004, and the EPA Stormwater Pollution Prevention Code of Practice for the Building and Construction Industry, in addition to other legislative requirements and Guidelines/Australian Standards requiring compliance.
- The applicant is reminded of its obligations under the Aboriginal Heritage Act 1988 whereby any 'clearance' work, which may require permission to disturb damage or destroy Aboriginal Sites, must be undertaken with the full authorisation of the Minister for Aboriginal Affairs and Reconciliation, according to section 23 of the Aboriginal Heritage Act 1988.
- It is recommended that the applicant ensure there are measures in place to promote staff vehicle access to the site from the northern end of Light Pass Road.
- The applicant is advised that a further development application and authorisation will be required pursuant to Part 4, Division 2 of the Development Act 1993, for the following matters:
  - prior to commencement of Stage 2, if the applicant proposes to treat wastewater at the existing Wolf Blass winery wastewater treatment system;
  - for the establishment of any additional frost fans that may be required as part of Stage 2;
  - if the external advertising signage is amended from that indicated in the Development Report, or additional advertising signage is proposed.
- The applicant is advised that any construction activities proposed to be undertaken on Sundays shall be subject to EPA requirements and further approval.
- The Minister has a specific power to require testing, monitoring and auditing under section 48C of the Development Act 1993.
- The Environment Protection Authority has advised that an authorisation (licence) will be required for the temporary concrete batching plant.
- Wastewater dams shall be constructed in accordance with EPA Guidelines for Wastewater and Evaporation Lagoon Construction (March 2004).

Dated 5 October 2006.

## FISHERIES ACT 1982

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Andrew Palmer, Murray-Darling Freshwater Research Centre, P.O. Box 3428, Mildura, Vic. 3500, (the 'exemption holder') or a person acting as his agent, is exempt from the provision of section 41 of the Fisheries Act 1982 and the Fisheries (General) Regulations 2000, insofar as she may engage in the collection of fish (the 'exempted activity') from the waters described in Schedule 1, using the gear specified in Schedule 2, subject to the conditions set out in Schedule 3 from 7 September 2006 until 31 August 2007, unless varied or revoked earlier.

### SCHEDULE 1

Inland waters upstream of Lock 4 to the Victorian Border.

### SCHEDULE 2

- Gill nets of sizes 38, 76 and 100 mm only (not to be used in main river channel).
- Push net attached to front of boat.
- Benzocaine solution.

### SCHEDULE 3

1. The specimens collected by the exemption holders are for scientific and research purposes only and must not be sold.

2. All native fish taken pursuant to the exempted activity must be immediately returned to the water as soon as information is collected unless kept for tissue sampling. All non-native fish must be destroyed and disposed off appropriately.

3. The exempted activity may only be conducted on the exemption holder's behalf by Peter Fraser, Iain Ellis and Adam Richardson.

4. Before conducting the exempted activity, the exemption holder must contact the PIRSA Fisheries Compliance Unit on 1800 065 522 and answer a series of questions about the exempted activity. You will need to have a copy of your exemption with you at the time of making the call, and be able to provide information about the area and time of the exempted activity, the vehicles and/or boats involved, the number of agents undertaking the exempted activity and other related issues. Exemption No. 9901918.

5. While engaged in the exempted activity, the exemption holder or a person acting as an agent must be in possession of a copy of this notice. Such notice must be produced to a PIRSA Fisheries Compliance Officer if requested.

6. The exemption holder must not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under that Act, except where specifically exempted by this notice.

Dated 28 September 2006.

W. ZACHARIN, Director of Fisheries

## FISHERIES ACT 1982: SECTION 59

TAKE notice that, pursuant to section 59 of the Fisheries Act 1982, licence holders in the Marine Scalefish Fishery endorsed with a condition fixing a pilchard quota on the licence (the 'exemption holders') are exempt from subregulation 4 (1) of the Fisheries (Vessel Monitoring Scheme) Regulations 2003, insofar as the exemption holders are permitted to undertake fishing activities using a registered boat pursuant to the licence without a VMS unit installed (the 'exempted activity'), subject to conditions specified in Schedule 1, from the date of gazettal of this notice until 30 June 2007, unless varied or revoked earlier.

## SCHEDULE 1

1. The registered boat used pursuant to the exempted activity must be 7.5 m or less in length.

2. Whilst engaged in the exempted activity, the registered boat may not be used for the taking of pilchards using a pilchard net or the holding or transport of any pilchards.

3. Whilst a registered boat is engaged in the exempted activity, other registered boats on the licence are prohibited from undertaking any pilchard fishing activities pursuant to that licence.

4. Whilst engaged in the exempted activity, the exemption holder must have in their possession a copy of this notice and produce that notice to a PIRSA Fisheries Compliance Officer upon request.

5. The exemption holder must not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under that Act, except where specifically exempted by this notice.

6. The exemption holder must notify PIRSA Fisheries on 1800 065 522 at least two hours prior to conducting the exempted activity and answer a series of questions about the exempted activity. The exemption holder will need to have a copy of the exemption notice at the time of making the call and be able to provide information about the area and time of the exempted activity, the vehicles and boats involved, the number of agents undertaking the exempted activity and other related questions. ## PETROLEUM ACT 2000

## SECTION 25 (5) (b)

*Variation of Geothermal Exploration Licence—GEL 98*

NOTICE is hereby given that under the provisions of the Petroleum Act 2000, pursuant to delegated powers dated 28 March 2002, *Gazetted* 11 April 2002, page 1573, the conditions of the abovementioned Exploration Licence have been varied as follows:

Condition 1 of the licence is omitted and the following substituted:

'1. During the term of the licence, the Licensee shall carry out or cause to be carried out exploratory operations on the area comprised in the licence in accordance with such work programs as are approved by the Minister from time to time. Year one exploratory operations are guaranteed. These exploratory operations shall include but not necessarily be limited to:

Year of Term of Licence	Minimum Work Requirements
One	Selection of injection well test site.
Two	Drilling of one injection well.
Three	Multi stimulation of granite.
Four	Drilling of first production well; conduct circulation tests.
Five	Reservoir studies and economic analysis.

This variation provides for the removal of the drilling of a second production well, three well circulation test and power station and surface construction. The revised work requirements as a result of this variation would not have altered the outcome of the original competitive tender process.'

Dated 29 September 2006.

B. A. GOLDSTEIN,  
 Director Petroleum and Geothermal  
 Minerals and Energy Resources  
 Primary Industries and Resources SA  
 Delegate of the Minister for Mineral  
 Resources Development

## PETROLEUM ACT 2000: SECTION 25 (5) (b)

*Variation of Petroleum Exploration Licence—PEL 106*

NOTICE is hereby given that under the provisions of the Petroleum Act 2000, pursuant to delegated powers dated 28 March 2002, *Gazetted* 11 April 2002, page 1573, the conditions of the abovementioned Exploration Licence have been varied as follows:

Condition 1 of the licence is omitted and the following substituted:

1. During the term of the licence, the Licensee shall carry out or cause to be carried out exploratory operations on the area comprised in the licence in accordance with such work programs as are approved by the Minister from time to time. Years one to three exploratory operations are guaranteed. These exploratory operations shall include but not necessarily be limited to:

Year of Term of Licence	Minimum Work Requirements
One	2 wells; 90 km <sup>2</sup> 2D seismic; geological and geophysical review; seismic reprocessing
Two	1 well; 110 km <sup>2</sup> 2D seismic or detailed 3D seismic program
Three	3 wells; 100 km <sup>2</sup> 2D seismic acquisition; 80 km <sup>2</sup> 3D seismic acquisition
Four	3 wells
Five	3 wells

This variation provides for one well originally programmed for year three to be replaced with 80 km<sup>2</sup> of 3D seismic acquisition. The revised work requirements as a result of this variation would not have altered the outcome of the original competitive tender process.

Dated 27 September 2006.

## ROAD TRAFFIC ACT 1961

*Exemption for Adelaide Christmas Pageant Floats*

UNDER section 163AA of the Road Traffic Act 1961, I hereby grant exemption for vehicles known as Pageant Floats used as part of the Adelaide Christmas Pageant with an overall width not exceeding 4.9 m, from the following provisions of the *Road Traffic (Vehicle Standards) Rules 1999*:

- Part 8, Division 2—Headlights;
- Part 8, Division 3—Parking Lights;
- Part 8, Division 5—Tail Lights;
- Part 8, Division 6—Number Plate Lights;
- Part 8, Division 7—Clearance Lights;
- Part 8, Division 8—Side Marker Lights;
- Part 8, Division 9—Brake Lights;
- Part 8, Division 11—Direction Indicator Lights;
- Part 8, Division 14—Reflectors Generally;
- Part 8, Division 15—Rear Reflectors;
- Part 8, Division 17—Front Reflectors;
- Part 8, Division 19—Other Lights, Reflectors, Rear Marking Plates or Signals;
- Rule 34—Horns, alarms etc.;
- Rule 35—Rear vision mirrors;
- Rule 129—Motor vehicle braking system requirements;
- Rule 132—Trailer braking requirements;
- Rule 146—Crank case gases; and
- Rule 148—Exhaust systems.

Subject to the following conditions:

1. Travel is permitted on the following routes only:

From Woodville to Adelaide City and return via Port Road, West Terrace, Grote Street, Wakefield Street, Pulteney Street, South Terrace—then pageant route to North Terrace—Pulteney Street, South Terrace, West Terrace, Port Road to Woodville.

2. The Pageant Floats are only permitted to travel on a road for the purpose of taking part in the annual Christmas Pageant in the City of Adelaide and travel to and from the event.
3. The driver of a Pageant Float is required to pull off the carriageway at regular intervals to permit other vehicles to overtake.
4. The Pageant Floats must travel in convoy and be accompanied by Police Escorts.
5. In the event that a Pageant Float breaks down or cannot continue the journey the convoy may continue the journey with the specified escorts, provided the disabled unit is moved off the carriageway so as not to obstruct traffic.
6. In the event of any problems in regards to traffic or transport, convoy travel will cease at the discretion of the escorting police officers or officers of the Department for Transport, Energy and Infrastructure.
7. The Pageant Floats shall not be driven on a road between the hours of sunset and sunrise as specified in the *Proof of Sunrise and Sunset Act 1923*, as amended, and published in the *South Australian Government Gazette*.
8. The Pageant Floats shall not be driven on a road during periods of low visibility due to circumstances such as fog, heavy rain, smoke or dust.
  - 8.1 For the purpose of this Notice ‘a period of low visibility’ means any time when, owing to insufficient daylight or unfavourable conditions, persons or vehicles on a road are not clearly visible at a distance of 250 m to a person of normal vision.
  - 8.2 If a Pageant Float is already travelling when visibility is reduced to the level described above, the driver must drive it into the nearest safe parking area, and wait until visibility improves beyond that level, before continuing to travel.
9. The Pageant Floats shall not be operated at a speed exceeding 25 km/h.

10. Self Propelled Pageant Floats must be equipped with Service Brakes either:
  - 10.1 Operating on two or more wheels complying with the performance requirements of Rule 128 of the *Road Traffic (Vehicle Standards) Rules 1999*; or
  - 10.2 Utilising a vehicular transmission retardation system commonly referred to as a 'hydrostatic braking system', complying with the performance requirements of Rule 128 of the *Road Traffic (Vehicle Standards) Rules 1999*.
11. A self propelled Pageant Float must be equipped with:
  - 11.1 A parking brake that operates on at least two wheels and is capable of holding the vehicle stationary on a 12% gradient.
  - 11.2 An actuating mechanism for the parking brake that incorporates a device that prevents accidental release of that mechanism and holds the brake in the applied position unless intentionally released by the driver.
  - 11.3 For the purpose of this Notice a vehicle which incorporates a positive transmission locking system that operates by locking two transmission gears together or engaging a transmission parking pawl is deemed to satisfy the requirements of Clauses 11.1 and 11.2 above provided that the mechanism is capable of holding the vehicle stationary on a 12% gradient.
12. A copy of this Notice is carried by the person responsible for co-ordinating the movement of the floats for the duration of the event and is produced when requested by a Department for Transport, Energy and Infrastructure, Transport Safety Compliance Officer appointed under the *Road Traffic Act 1961* and/or the *Motor Vehicles Act 1959* or a Police Officer.
