NATIONAL ELECTRICITY (SOUTH AUSTRALIA) ACT 1996 AND NATIONAL GAS (SOUTH AUSTRALIA) ACT 2008

PURSUANT to section 41 (3) of the National Electricity Law (NEL) and section 79 (3) of the National Gas Law (NGL), the Australian Energy Market Commission (AEMC) hereby publishes the following Ministerial Council on Energy (MCE) direction:

Ministerial Council on Energy's direction to the AEMC.

Section 41 of the NEL enables the MCE to direct the AEMC to review any matter relating to the National Electricity Market (NEM) or any other market for electricity. Similarly section 79 of the NGL enables the MCE to direct the AEMC to review any matter relating to a market for gas, including services provided in a market for gas.

Pursuant to section 41 of the NEL and section 79 of the NGL, the MCE directs the AEMC to conduct a review of the current energy market frameworks and to identify any amendments which may be necessary, having regard to the NEL Objective and the NGL Objective, as a consequence of or in conjunction with the implementation of Carbon Pollution Reduction Scheme (CPRS) and the 20 per cent Renewable Energy Target (RET). In identifying options for addressing issues raised by these implementations, the AEMC shall have regard to the need for actions to be proportionate, as well as to the value of stability and predictability in the energy markets regulatory regime.

The review shall provide detailed advice on implementation of any amendments the AEMC considers are required to the energy market frameworks.

The review is to consider both electricity and gas markets in all states and territories.

In conducting the review, the AEMC should consider, whether relevant, current and past reviews and rule-changes. The review should also recognise current and foreshadowed reforms to the gas and electricity markets including the establishment of the Australian Energy Market Operator, revised gas access framework implemented by MCE, the establishment of the Bulletin Board and work on the Short-Term Trading Market.

MCE does not anticipate that this review will result in fundamental revision of market designs or impede the effectiveness of the access regimes under the *Trade Practices Act 1974*, but recognises the prudence and potential value of reviewing the ability of the energy markets to meet the climate change challenge, through efficient and timely investment and appropriate integration of renewable and other technologies.

The AEMC is not to review the design of the CPRS or RET, as these are matters being developed through other governmental policy processes.

Establishment of an Advisory Committee

In tasking the AEMC to undertake this review, the MCE notes the importance of engaging with the energy sector and drawing upon relevant technical expertise.

In this regard, the AEMC is to establish an Advisory Committee comprising representatives from:

- The National Electricity Market Management Company and the Independent Market Operator in Western Australia.

- The Victorian Energy Networks Corporation.
- The South Australian Electricity Supply Industry Planning Council.
- The Australian Energy Regulator and the Economic Regulation Authority in Western Australia.
- Industry groups or representatives, from electricity generators, electricity and gas networks and electricity and gas retailers.
- Energy end user representatives.

The AEMC is to have regard to the views and advice of the Advisory Committee in the preparation of the AEMC's discussion paper and the interim and final reports arising from the review. The AEMC should convene meetings of the Advisory Committee as appropriate at regular intervals.

Timing and process

The MCE requires the AEMC to undertake formal stakeholder consultation as follows:

- Release a scoping paper by 30 September 2008.
- Release a 1st Interim Report by 31 December 2008. A copy of the Interim Report is to be presented to the MCE at its meeting in December 2008 prior to public release.
- Hold at least one public forum following the release of the 1st Interim Report.
- Release a 2nd Interim Report by 30 June 2009.
- Provide a Final Report to the MCE by 30 September 2009.

Prior to releasing the scoping paper, a copy should be provided to the MCE Standing Committee of Officials to ensure the scope of the review is consistent with the MCE's intent.

A copy of the MCE's direction is available on the AEMC's website www.aemc.gov.au.

OCCUPATIONAL HEALTH, SAFETY AND WELFARE
ACT 1986

Approved Code of Practice for Induction for Construction Work

NOTICE is hereby given that pursuant to subsection 63 (1) of the Occupational Health, Safety and Welfare Act 1986, the following standard is an approved code of practice:

National Code of Practice for Induction for Construction Work

National Code of Practice for Induction for Construction Work shall be read as incorporating the 'Foreword', which is included in this notice and shall have effect from the date of *Gazettal*.

Dated 15 August 2008.

PAUL CAICA, Minister for Industrial Relations

FOREWORD

The term 'approved code of practice' has a particular meaning under the South Australian Occupational Health, Safety and Welfare Act 1986.

An approved code of practice is designed to be used in addition to the Act and Regulations. In proceedings for an offence against the Act, where it is proved that a person failed to comply with a provision of a relevant approved code of practice, the person shall be taken to have failed to exercise the required standard of care, in the absence of proof to the contrary (section 63A of the Act).

Thus, a code of practice provides practical guidance on how a particular standard of health and safety can be achieved. It describes the preferred methods or courses of action for achieving this standard of health and safety. However, an approved code of practice allows the flexibility to show that an equivalent or better standard of health and safety is achieved by alternative action. An approved code of practice is therefore different from a regulation where the responsible person must meet the specific requirement of the regulation.

In summary, an approved code of practice:

- provides practical guidance;

- should be followed unless there is another solution which achieves the same or a better standard of health and safety; and
- can be used to support prosecution.

Codes of Practice are approved by the Minister for Industrial Relations, following recommendation from the SafeWork SA Advisory Committee which is constituted under the Occupational Health, Safety and Welfare Act 1986.

STATE LOTTERIES ACT 1966

LOTTERIES (KENO) RULES

1. *Preliminary*

- 1.1 These Rules may be cited as the Lotteries (Keno) Amendment Rules 2008 (No. 2).
- 1.2 The Lotteries (Keno) Rules made under the State Lotteries Act 1966 and published in the *Government Gazette* on 13 March 2008, are hereinafter referred to as the 'Principal Rules'.
- 1.3 The Principal Rules are hereby amended effective from 28 August 2008 and these Rules will take effect immediately thereafter, except as provided in these Rules.

2. *Amendment of Rules 7, 8 and 9*

Rules 7, 8 and 9 of the Principal Rules are amended by deleting the whole of those Rules and the following are substituted therefor:

7. *Prize Pool Allocation*

- 7.1 Only one prize can be won by any one selection of numbers.
- 7.2 The prizes payable will be as designated in Schedule 1, subject to Rules 7.3, 7.4 and 8.
- 7.3 The prize for 10 hits in a Spot 10 entry:
 - 7.3.1 if there is one winner, will be the amount designated in Schedule 1.
 - 7.3.2 if there is more than one winner, will be apportioned between such winners in accordance with the following formula:

$W = \frac{Ew}{Et} \times (Ga+J)$	(where	W	is the amount payable to a particular winner;
		Ew	is the entry fee paid by the particular winner for the winning selection of numbers;
		Et	is the total of all entry fees paid by all winners in respect of winning selections of numbers;
		Ga	is the guaranteed amount—see Rule 8.2;
		J	is the jackpot—see Rule 8.2).
- 7.4 Other than prizes for 10 hits in a Spot 10 entry, if:
 - 7.4.1 the total amount of the prizes in any draw exceeds \$500 000; and
 - 7.4.2 a prize is equal to or greater than \$1 001 other than by reason of the fact that the permitted multiple of the entry was greater than 1,

the prize will be reduced (scaled) to an amount calculated in accordance with the following formula:

$$P = \frac{W \times \$500\,000}{W_t} \quad (\text{where } P \text{ is the scaled prize;}$$

W is the amount payable to a particular winner under Schedule 1; and

W_t is the total of all prizes payable to all winners under Schedule 1).

8. *Keno Prize Reserve*

- 8.1 From time to time, and with Ministerial approval as required, the Commission may set aside and maintain such sums, including a proportion of the total amount received from Spot 10 entry fees to any draw, to constitute a pool called the Keno Prize Reserve.
- 8.2 The Keno Prize Reserve will be accumulated by the Commission to constitute the guaranteed amount and the jackpot and be applied as follows:
- 8.2.1 The jackpot will be distributed from time to time as additional or increased prize money to Spot 10 winners together with the guaranteed amount in such draws and in such amounts as the Commission determines.
- 8.2.2 If there is no Spot 10 winner in any draw in which the jackpot is offered, the jackpot will be added to the jackpot in the next draw in which the jackpot is offered and this jackpotting will continue until there is a Spot 10 winner.

9. *Prize Structure*

- 9.1 The prize structure in a draw will be in accordance with Schedule 1 and Rule 7.

10. *Prize Claims*

- 10.1 A prize greater than \$100 000 will be distributed on the next business day after the claimant advises the Commission of the claim.
- 10.2 Any other prize will be available for collection as soon as practicable after the draw.
- 10.3 Any player who:
- 10.3.1 claims to be entitled to a spot 10 prize;
- 10.3.2 claims to be entitled to a prize but whose entry has not been identified by the central computer system as a prize winning entry;
- 10.3.3 claims that their entry has been incorrectly evaluated by the Commission; or
- 10.3.4 considers they are entitled to a prize and has not on application to a selling point terminal obtained confirmation that their entry has won the prize,

must lodge a claim with the Commission.

- 10.4 A claim under Rule 10.3:
- 10.4.1 may be lodged with the Commission either personally or by registered mail;
 - 10.4.2 must reach the Commission within the claim period;
 - 10.4.3 must be accompanied by the ticket or record of electronic entry in respect of which the claim is made, clearly endorsed with the claimant's full name and address; and
 - 10.4.4 if posted, must be accompanied by a self-addressed envelope bearing the correct postage.
- 10.5 The Commission:
- 10.5.1 will not be obliged to recognise any claim not identified as a prize winning entry by the central computer within 12 months of the relevant day; and
 - 10.5.2 may in its absolute discretion accept or refuse to accept a claim in whole or in part.
- 10.6 The Commission will keep the results of each draw for a period of 12 months from the relevant day and make the results available for perusal at any time during that period.
