## RULES OF COURT

### District Court (Criminal and Miscellaneous) Rules 1992 (Amendment No. 12)

By virtue and in pursuance of Section 51 of the District Court Act 1991 and all other enabling powers, we, Terence Anthony Worthington, Chief Judge, and Dean Ernest Clayton and Kevin Gordon Nicholson, Judges of the District Court of South Australia, do hereby make the following Rules of Court:

1. These Rules may be cited as the 'District Court (Criminal and Miscellaneous) Rules 1992 (Amendment No 12)'.

2. The District Court (Criminal and Miscellaneous) Rules 1992 are amended as set out below.

3. This amendment will commence on 1 July 2012 or upon its gazettal, whichever is the later.

4. **Rule IV—3** is amended by:

- (i) deleting the words '**A person**' at the commencement of subrule IV-3.05 and inserting in their place '**Subject to Rule 3.06, a person**';
- (ii) inserting after the word '**trial**' and before the comma in the second line of subrule IV-3.05 the words '**or sentence**';
- (iii) deleting the text of sub-paragraph (a) in subrule IV-3.05 and inserting in its place:  
'for the trial or sentence, as the case may be, and directions hearings relating to the trial or sentence';
- (iv) inserting immediately after subrule IV-3.05 a new subrule IV-3.06 as follows:  
'IV—3.06 Subject to section 59IQ of the Evidence Act 1929 and to any contrary direction by the Court persons in custody will appear before the District Court for the following hearings by audio visual link:  
3.06.1 directions hearings;  
3.06.2 bail applications ;  
3.06.3 pre-trial conferences conducted under Rule 7;  
3.06.4 such other applications as the Court may order.'
- (v) inserting new subrules IV-3.07 and IV-3.08 as follows:  
'IV—3.07 A party may object to the use of an audio visual link for a hearing to which Rule 3.06 refers by:  
(a) an oral submission made at the time of arraignment or on any other occasion on which the person in custody is present in Court; or  
(b) at least three business days before the hearing, filing a notice of objection using Form 24. A notice of objection may be determined at the discretion of the Court by a Judge at a hearing in Court at which the person in custody is present, or in chambers without the Judge hearing from any party, or at a hearing using an audio visual link (whether that be a hearing to which Rule 3.06 refers, or otherwise).

IV—3.08 It may be necessary for counsel during the course of a hearing by audio visual link to take instructions on a matter which could not reasonably have been anticipated. In that event counsel will be provided with access to a private telephone which will link directly to the audio visual link facility at the custodial institution in which the person in custody is held.'

5. **Rule IV—6.06(c)** is amended by inserting immediately after the word '**attend**' and before the semi-colon the words '**but that attendance may be by audio visual link under Rule 3.06**'.

6. **Rule IV—7.06** is amended by adding immediately before the words ‘**by the person committed for trial**’, ‘**subject to Rule 3.06**,’.

**GOVERNMENT OF SOUTH AUSTRALIA****COMMENTARY TO THE STATEMENT OF THE AMOUNTS CREDITED TO  
AND ISSUED FROM THE CONSOLIDATED ACCOUNT FOR THE QUARTERS ENDED  
30 DECEMBER 2011 AND 30 DECEMBER 2010****Receipts***Taxation*

Higher payroll tax receipts for the December quarter 2011 compared with the same period a year ago reflects growth in taxable payrolls.

Land tax receipts in the six months to December 2011 and for the December quarter 2011 are lower than the same periods a year ago, largely due to the timing of land tax receipts from the SA Housing Trust which were received in January 2012.

Stamp duty receipts were lower in the December quarter 2011 compared to the same period a year ago, mainly due to softer property market conditions impacting on conveyance duty revenue.

*Royalties*

Higher royalty receipts for the December quarter 2011 compared with the same period in 2010 mainly relate to higher royalties from Olympic Dam due to the return to full production, and increased mineral prices.

*Fees and Charges*

The decrease in fees and charges for the first six months of 2011-12 financial year compared with the same period in 2010 mainly reflects decreased land regulatory service fees received due to the softer property market conditions.

*Commonwealth—General Purpose Grants*

Growth in general purpose grants between the first six months of 2011-12 and the corresponding period for 2010-11 is not indicative of underlying Goods and Services Tax (GST) revenue growth. This is because monthly grants are paid according to a payment schedule prepared by the Commonwealth Government at the commencement of a financial year rather than in accordance with the actual emerging monthly GST collections.

In its 2011-12 Mid-Year Economic and Fiscal Outlook, the Commonwealth Government estimated the GST pool would grow by 3.5% in 2011-12.

*Commonwealth—Specific Purpose Grants*

Specific Purpose Grants for the December quarter 2011 were higher than the same period for the previous year mainly due to the annual indexation of grant payments.

*Commonwealth—National Partnership Payments*

Prior to 2011-12, National Partnership payments to the Consolidated Account were received at the end of the financial year. National Partnership Payments received in 2011-12 reflect their timing based on the nature of the National Partnership Payments and the achievement of particular milestones.

**Payments**

Payments were made pursuant to the Appropriation Act 2011 and also in accordance with other Acts for which specific appropriation has been authorised.

The timing of these payments is generally established at the beginning of each financial year and may change in comparison to previous years depending on individual operating requirements at that time.

**Note**

Caution should be exercised in interpreting the quarterly statement of Consolidated Account transactions. Unlike the State Budget, which comprises transactions on an accrual basis, the information reflected in the quarterly statements is limited to cash transactions. Also, the Consolidated Account does not capture all the transactions undertaken by the general government sector (in particular, it does not record receipts to and payments from special deposit accounts). Finally, the timing of receipts and payments could be volatile within a particular year. As a result, apparently large movements between years may only be due to changes in the timing of receipts and payments and therefore may not have consequences for the underlying budget position.
