ENVIRONMENT PROTECTION AUTHORITY 1993

SECTION 37

Granting of an Exemption

The Environment Protection Authority (EPA) has granted IWS Group Asset Co Pty Ltd (IWS) an environmental authorisation in the form of an Exemption, from Section 45(5)—Conditions, of the *Environment Protection Act 1993* (the Act) in respect of the holder of an authorisation must not contravene a condition of the authorisation.

This Exemption specifically authorises the IWS Group Asset Co Pty Ltd (IWS)'s licensed waste facility (EPA51568) at Port Wakefield Road, Lower Light, SA 5501 to receive and dispose of asbestos-contaminated material (ACM) in bulk (in 200-micron polyethylene lined trailer), including friable asbestos contaminated soil.

The ACM arises from excavation and development works ongoing at Lot 14, North Tee, Adelaide SA 5000—as detailed in the WSP document entitled 'Lot Fourteen Proposed Public Realm Development: Environmental Management Plan' (Doc Ref PS219037-SA-CLM-REP-002 RevD, dated 18 June 2025).

The specific stockpile of ACM is detailed in the Jurkovic Group document entitled 'RPS—Asbestos Removal Control Plan' (Doc Ref CHE32390, dated 14 November 2025) or any revised Asbestos Removal Control Plan for the Lot 14 project approved in writing by the EPA.

The receipt and disposal of friable ACM not within sealed and airtight steel or heavy-duty plastic containers at the IWS waste facility would otherwise be considered a contravention of their current environmental licence (EPA 51568) condition (U - 1083).

The Licensee must comply with all requirements of EPA Licence 51568 other than Clause 3.1.1b of condition ASBESTOS MANAGEMENT (U - 1083), which states "The Licensee must only receive friable asbestos that is contained within sealed and air tight steel or heavy duty plastic containers".

Site specific conditions are included in the Exemption to mitigate and minimise the potential for environmental harm.

MENTAL HEALTH ACT 2009

Conditions Placed on an Approved Treatment Centre

The Chief Psychiatrist pursuant to Section 96 of the *Mental Health Act 2009* ('the Act'), by notice in the Gazette published on 21 November 2019 varied the determination that Flinders Medical Centre, Flinders Drive, Bedford Park SA is an Approved Treatment Centre by attaching the conditions that the service may continue to admit patients subject to Inpatient Treatment Orders to the Margaret Tobin Centre Ward 5J Psychiatric Intensive Care Unit (PICU) subject to the following conditions:

- The ward can admit patients who require short stay PICU care with an anticipated length of stay up to 5 days.
- Patients who require longer admission, or are expected to require a longer admission, can only be admitted following an assessment of their needs against the physical condition and capability of the unit. This will be with the approval of the Clinical Director of the Mental Health Division of the Southern Adelaide Local Health Network, or the Head of Unit, Margaret Tobin Centre.
- Patients who are either subject to an order under Part 8A of the *Criminal Law Consolidation Act 1935*, or are prisoners (persons committed to a correctional institution pursuant to an order of a court or a warrant of commitment) subject to an Inpatient Treatment Order, will only be admitted for PICU care by exception. This will be after an assessment of their needs against the physical condition and capability of the unit and with the approval of the Clinical Director of the Mental Health Division of the Southern Adelaide Local Health Network, or the Head of Unit, Margaret Tobin Centre.

The conditions placed 21 November 2019 remain. This determination is subject to the following new conditions:

- That the Ward 2SW unit is only activated to for mental health inpatient care when there are no practicable alternative mental health beds available, and that consideration be given to deactivating the unit each week based on an assessment of demand.
- That the Ward 2SW unit is for voluntary patients only.
- The Ward 2SW unit is intended for "step down" care of patients who have received an assessment in a mental health ward, and not for direct admission of patients from the emergency department.
- By exception, admission of involuntary patients or the admission of patients direct from the emergency department can only occur with the approval of the Clinical Director and Nursing Director (or their delegates), with consideration of the limitations of the physical infrastructure of the Ward 2SW unit.
- That the operator of Ward 2SW will lodge a document that describes the purpose of the unit, when it will be activated and deactivated, and staffing arrangements lodged with the OCP. Monthly reports of the use of the unit will be provided to the OCP.
- The authority to use the unit for temporary additional mental health use expires on 27th February 2026.

*Commentary to the Statement of the Amounts Credited to and Issued from the Consolidated Account
for the Quarters Ended 30 June 2025 And 30 June 2024*

Receipts

Taxation

Gambling tax receipts in the June quarter 2025 were broadly in line with the corresponding prior year period. Gambling tax receipts in the twelve months ended June 2025 are higher compared to the corresponding prior year period largely due to a once-off payment from the Adelaide Casino to reflect the outcome of the High Court's decision in *SkyCity Adelaide Pty Ltd v Treasurer of South Australia* [2024] HCA 37 in relation to the tax payable on loyalty points that had been converted to gambling credits and utilised by patrons.

Land tax receipts in the June quarter 2025 and twelve months ended June 2025 were higher than the corresponding prior year periods mainly due to growth in site values.

Payroll tax receipts in the June quarter 2025 and twelve months ended June 2025 were higher than the corresponding prior year periods primarily reflecting growth in taxable payrolls.

Stamp duty receipts in the June quarter 2025 and twelve months ended June 2025 were higher than the corresponding prior year periods, largely due to higher conveyance duty receipts from the transfer of properties and higher insurance duty reflecting growth in general insurance premiums.

Royalties

Royalty receipts for the June quarter 2025 were higher than the corresponding prior year period primarily reflecting higher royalties from minerals, partially offset by lower royalties from petroleum. Royalty receipts for the twelve months ended June 2025 were lower than the corresponding prior year period mainly due to the timing of payments.

Fees and Charges

Fees and Charges for the twelve months ended 2025 were higher than the corresponding prior year period due to the timing of the collection of regulatory fees from the Department of Housing and Urban Development.

Commonwealth—General Purpose Payments

Growth in general purpose grant receipts in 2024-25 compared to 2023-24 is not indicative of underlying movements in Goods and Services Tax (GST) revenue. This is because monthly grants are paid according to a payment schedule prepared by the Commonwealth Government rather than actual emerging monthly GST collections.

Based on the growth in the national GST pool and population estimates as well as South Australia's relativity in 2024-25, the Commonwealth Government determined in its 2024-25 Final Budget Outcome that South Australia's GST entitlement grant grew by 6.7 per cent in 2024-25.

Commonwealth—Specific Purpose Payments

Specific Purpose Payments received in the June quarter 2025 were higher than the corresponding prior year period mainly due to the timing of payments into the consolidated account. Specific Purpose Payments received in the twelve months ended June 2025 were broadly in line with the corresponding prior year period.

Commonwealth—National Partnership Payments

National Partnership Payments received in the June quarter 2025 and the twelve months ended June 2025 were lower than the corresponding prior year periods mainly reflecting lower payments under the Natural Disaster Relief and Recovery Arrangements, partially offset by a payment under the Housing Australia Future Fund for the repairs, maintenance and improvements of housing in remote Indigenous communities.

Other Receipts

Other Receipts for the June quarter 2025 and twelve months ended June 2025 were lower than the corresponding prior year periods primarily due to lower interest on investments. This is due to lower interest rates applied on the Treasurer's deposits placed with the South Australian Government Financing Authority.

Payments

Payments were made pursuant to the *Appropriation Act 2024* and also in accordance with other Acts for which specific appropriation has been authorised. The timing of the payments is based on agreed agency drawdown schedules and may change from period to period based on specific agency requirements.

The appropriation amounts for some agencies changed during the 2024-25 financial year due to the Machinery of Government changes that became effective 1 July 2024. These appropriation transfers were approved pursuant to Section 5 of the *Appropriation Act 2024* on the 4th of December 2024 and 9th of March 2025.

All appropriations were paid within approved limits established under the various Acts.

Note

The following points should be considered when reviewing the quarterly statement of Consolidated Account transactions:

- Unlike the State Budget which comprises transactions on an accrual basis, the information reflected in the quarterly statement is limited to cash transactions.
- The Consolidated Account does not capture all the transactions undertaken by the general government sector. In particular, it does not record receipts to, and payments from, Agency deposit and special deposit accounts.

The timing of receipts and payments can fluctuate within a financial year and between financial years. As a result, apparent large movements between quarters or years may only be due to changes in the timing of receipts and payments and therefore may not have consequences for the underlying budget position
