*Commentary to the Statement of the Amounts Credited to and Issued from the Consolidated Account  
for the Quarter Ended 30 September 2025 and 30 September 2024*

**Receipts***Taxation*

Gambling tax receipts in the September quarter 2025 were higher than the corresponding prior year period mainly due to higher collections from gaming machines and the Lotteries Commission.

Land tax receipts in the September quarter 2025 were lower than the corresponding prior year period due to the timing of payments.

Payroll tax receipts in the September quarter 2025 were higher than the corresponding prior year period mainly reflecting growth in taxable payrolls.

Stamp duty receipts in the September quarter 2025 were higher than the corresponding prior year period, largely due to higher conveyance duty receipts from the transfer of properties and higher insurance duty reflecting growth in general insurance premiums.

*Royalties*

Royalty receipts for the September quarter 2025 were higher than the corresponding prior year period largely due to stronger commodity prices.

*Fees and Charges*

Fees and Charges were higher in the September quarter 2025 than the corresponding prior year period, due to the timing of the collection of regulatory fees.

*Commonwealth—General Purpose Payments*

Growth in general purpose grant receipts in 2025-26 compared to 2024-25 is not indicative of underlying movements in Goods and Services Tax (GST) revenue. This is because monthly grants are paid according to a payment schedule prepared by the Commonwealth Government rather than actual emerging monthly GST collections.

Based on the growth in the national GST pool and population estimates as well as South Australia's relativity in 2025-26, the Commonwealth Government estimated in its 2025-26 Budget that South Australia's GST entitlement grant would increase by 4.4 per cent in 2025-26.

*Commonwealth—Specific Purpose Payments*

Specific Purpose Payments received in the September quarter 2025 were broadly in line with the corresponding prior year period.

*Commonwealth—National Partnership Payments*

National Partnership Payments received in the September quarter 2025 were broadly in line with the corresponding prior year period.

*Other Receipts*

Other Receipts were lower in the September quarter 2025 than the corresponding prior year period, due to a variation in the payment schedule for Rural Finance Loans.

**Payments**

Payments were made pursuant to the *Appropriation Act 2025* and also in accordance with other Acts for which specific appropriation has been authorised. The timing of the payments is based on agreed agency drawdown schedules and may change from period to period based on specific agency requirements.

All appropriations were paid within approved limits established under the various Acts.

**Note**

The following points should be considered when reviewing the quarterly statement of Consolidated Account transactions:

- Unlike the State Budget which comprises transactions on an accrual basis, the information reflected in the quarterly statement is limited to cash transactions.
- The Consolidated Account does not capture all the transactions undertaken by the general government sector. In particular, it does not record receipts to, and payments from, Agency deposit and special deposit accounts.

The timing of receipts and payments can fluctuate within a financial year and between financial years. As a result, apparent large movements between quarters or years may only be due to changes in the timing of receipts and payments and therefore may not have consequences for the underlying budget position

## WORK HEALTH AND SAFETY REGULATIONS 2012

*Exemption*

Pursuant to Regulation 615A(5)(b) of the *Work Health and Safety Regulations 2012*, I have determined on my own initiative to grant an exemption to Skinner Contracting Trust, trading as M. A. Skinner Earthmoving, Sand and Metal Supplies, from Regulation 615A(4) to enable the appointment of one mine manager across multiple sites.

The exemption provides for Mr Mark Skinner, Managing Director, Skinner Contracting Trust, to act as Mine Manager at the following Skinner Contracting Trust sites:

- Skinner Quarry (EML 6478) at 296 Port Broughton Road, Kadina SA 5554
- Toole Quarry (EML 6562) at Lot 1, Section 106 Kadina-Tickera Road, Kadina SA 5554
- Ninnes Sand Pit (EML 6559) at 3990 Upper Yorke Road, Ninnes SA 5560

I have assessed the application and am satisfied that granting this exemption will result in a level of health and safety at the work sites described above that is at least equivalent to that which would be achieved by observance of Regulation 615A(4).

The exemption will take effect from the date of publishing and will remain in place until there are any variations to the nature of the operations at the above-named mine sites, including changes to the number of workers at the sites and site supervision arrangements.
