BUILDING WORK CONTRACTORS ACT 1995

Exemption

Take notice that, pursuant to Section 45 of the *Building Work Contractors Act 1995*, I, Brett Humphrey as a delegate for the Minister for Consumer and Business Affairs, do hereby exempt the licensee named in Schedule 1 from the application of Division 3 of Part 5 of the above Act in relation to domestic building work described in Schedule 2 and subject to the conditions specified in Schedule 3.

SCHEDULE 1

JENNIFER LOUISE GWYNNE (BLD 181994)

SCHEDULE 2

Construction of a detached two storey dwelling and swimming pool at Allotment 29 Filed Plan 13139, being a portion of the land described in Certificate of Title Volume 5486 Folio 368, more commonly known as 18 The Crescent, Crafers SA 5152.

SCHEDULE 3

1. This exemption is limited to domestic building work personally performed by the licensee in relation to the building work described in Schedule 2.
2. This exemption does not apply to any domestic building work the licensee contracts to another building work contractor, for which that contractor is required by law to hold building indemnity insurance.
3. That the licensee does not transfer his interest in the land or let or lease the property for valuable consideration prior to five years from the date of completion of the building work the subject of this exemption, without the prior authorisation of Consumer and Business Services (CBS). Before giving such authorisation, CBS may require the licensee to take any reasonable steps to protect the future purchaser(s) of the property, including but not limited to:
 - Providing evidence that an adequate policy of building indemnity insurance is in force to cover the balance of the five-year period from the date of completion of the building work the subject of this exemption;
 - Providing evidence of an independent expert inspection of the building work the subject of this exemption;
 - Making an independent expert report available to prospective purchasers of the property;
 - Giving prospective purchasers of the property notice of the absence of a policy of building indemnity insurance.

PUBLIC CORPORATIONS ACT 1993

SECTION 6

*Direction to the South Australian Water Corporation***Background**

1. Pursuant to Section 6 of the *Public Corporations Act 1993*, and Sections 6 and 7(2)(f) of the *South Australian Water Corporation Act 1994*, the South Australian Water Corporation (SA Water) is subject to control and direction by its Minister, and has the functions conferred on it by its Minister.
2. The *South Australian Water Corporation Act 1994* is committed to the Minister for Housing Infrastructure (the Minister) as per Gazette notice dated 15 April 2024 (p. 683).
3. On 23 January 2019, the District Council of Coober Pedy (DCCP) was placed into voluntary administration and its water assets require significant upgrades to ensure safe operation and ongoing water supply to Coober Pedy.
4. The Minister considers it appropriate to direct SA Water to take ownership of the existing water assets and operations from the DCCP.

Direction

5. I, Nicholas David Champion, Minister for Housing Infrastructure, direct SA Water under Section 6 of the *Public Corporations Act 1993* to:
 - (i) Take ownership and operation of water assets and associated services from the DCCP at a date to be agreed by me, to ensure continued operation to customers of the DCCP;
 - (ii) Provide water retail services to customers of DCCP at the current level of service standards required of the retail water licence and applicable code held by the DCCP immediately prior to asset transfer;
 - (iii) Provide water retail services at the prices approved by the State Government and published in the State Government Gazette that are updated from time to time;
 - (iv) SA Water will fund up to \$16.1 million of required capital expenditure as it acquires, upgrades or constructs assets together with associated operating costs (as per the tables below) to enable the delivery of services;

- (v) In relation to SA Water's operational expenditure:

2026-27 (\$'000)	2027-28 (\$'000)	2028-29 (\$'000)	2029-30 (\$,000)	2030-31 (\$'000)
4,436	5,237	5,368	5,503	5,640

- (vi) In relation to SA Water's initial capital expenditure:

2026-27 (\$'000)	2027-28 (\$'000)
10,613	5,511

- (vii) The South Australian Government will make the following contributions to SA Water in relation to the costs in each financial year:

2026-27 (\$'000)	2027-28 (\$'000)	2028-29 (\$'000)	2029-30 (\$,000)	2030-31 (\$'000)
3,066	3,035	3,260	3,365	3,473

- (viii) These services and assets will form part of SA Water's water retail services at the date of their provision and acquisition.

6. For the avoidance of doubt and to the extent of any inconsistency, this direction overrides any other previous direction to SA Water under Section 6 of the *Public Corporations Act 1993*, with respect to customers of the DCCP.
7. This Direction may be varied at any time.

RADIATION PROTECTION AND CONTROL ACT 2021

SECTION 76

Notice RPC202610-26

Pursuant to Section 76 of the *Radiation Protection and Control Act 2021* (the Act), I, Ian Yorke, Environment Protection Authority, being a person to whom the powers of the Minister under that section have been delegated under the Act, exempt "dental employees" from the requirement to hold a radiation use licence under Section 24(1) of the Act for the sole purpose of activating the exposure control of plain dental ionising radiation apparatus, and only where such activation is undertaken in accordance with this Notice and under the direct supervision of a 'supervising Dental Practitioner'.

1. In this Notice:

"**dental employee**" means a person employed by the holder of the Radiation Management Licence to assist the 'supervising Dental Practitioner' in the provision of dental services and who has successfully completed mandatory training in radiation safety and the safe operation of the relevant plain dental ionising radiation apparatus as provided by the holder of the Radiation Management Licence.

"**plain dental ionising radiation apparatus**" means a fixed, mobile or portable dental ionising radiation apparatus, other than handheld dental ionising radiation apparatus, that is designed, manufactured and used exclusively for intraoral dental radiography (including periapical (IOPA's), bitewing surveys (BWS) and occlusal films) using an intraoral film or image receptor, and excludes any apparatus capable of or intended for cone beam computed tomography (CBCT), panoramic (OPG), cephalometric or other extraoral dental imaging.

"**supervising Dental Practitioner**" means an AHPRA-registered Dental Practitioner (holding current, practising registration) under the Health Practitioner Regulation National Law as a Dentist, Dental Specialist, Oral Health Therapist, Dental Hygienist, Dental Prosthetist or Dental Therapist who holds a current radiation use licence authorising the use of the relevant plain dental ionising radiation apparatus in South Australia.

"**direct supervision**" means supervision by a 'supervising Dental Practitioner' who remains responsible for the overall conduct of the procedure and is immediately available to direct and intervene in the conduct of the radiation exposure if required. The 'supervising Dental Practitioner' must either:

- be physically present in the treatment room and directly attending the patient undergoing the exposure; or
- be located in a suitably shielded position from which the patient and the dental employee can be continuously observed and communicated with throughout the exposure.

2. The exemption granted by this notice applies only to the operation of **plain dental ionising radiation apparatus**. "**Dental employees**" must not operate ionising radiation apparatus for any purpose other than plain dental radiography. This means that non-licensed dental employees must not operate:

- handheld plain dental radiography;
- orthopantomography (OPG);
- cone beam computed tomography (CBCT);
- cephalometric radiography; or
- any other extra-oral or advanced imaging modality.

3. The plain dental ionising radiation apparatus must only be operated by a person who:

- is a "**dental employee**" employed by the holder of the Radiation Management Licence for the Dental practice at which the apparatus is operated; and
- has successfully completed the mandatory training required under this Notice, provided by the holder of the Radiation Management Licence in:
 - radiation safety principles; and
 - safe operation of the relevant plain dental ionising radiation apparatus; and
 - the requirements of this exemption.

4. The holder of the Radiation Management Licence for the dental practice at which the plain dental ionising radiation apparatus is operated must maintain records demonstrating that each ‘dental employee’ who operates the apparatus has successfully completed the mandatory training required under this Notice. The records must be made available to the EPA on request.
5. The plain dental ionising radiation apparatus must only be operated by a ‘**dental employee**’ where:
 - (a) the activation of the exposure control switch occurs under the direct supervision of, and following the explicit direction of, a ‘supervising Dental Practitioner;’ and
 - (b) the ‘supervising Dental Practitioner’:
 - (i) holds a current radiation use licence authorising the use of the plain dental ionising radiation apparatus; and
 - (ii) is providing direct supervision as defined by this Notice; and
 - (iii) is not able to operate the plain dental ionising radiation apparatus themselves by reason of the nature of the Dental procedure being carried out; and
 - (iv) determines that operation of the exposure control by the ‘dental employee’ is appropriate having regard to the dental procedure being performed.
6. The dental employee’s operation of the plain dental ionising radiation apparatus is strictly limited to activation of the exposure control following the ‘supervising Dental Practitioner’s’ explicit instruction. Unlicensed dental employees must not:
 - (a) authorise or justify any dental exposure; or
 - (b) select, modify or adjust exposure parameters; or
 - (c) position the patient, the plain dental ionising radiation apparatus or the image receptor; or
 - (d) make any decision affecting radiation safety or image quality; or
 - (e) exercise any clinical or diagnostic judgement; or
 - (f) Perform any repeat exposure except at the explicit direction of the ‘supervising Dental Practitioner.’
7. The ‘supervising Dental Practitioner’ remains solely responsible for the:
 - (a) confirmation of the patient’s identity and obtaining the informed consent prior to the exposure; and
 - (b) authorisation and justification of each ionising radiation exposure; and
 - (c) optimisation of radiation dose in accordance with the ALARA principle; and
 - (d) selection and verification of exposure parameters; and
 - (e) patient positioning and radiation protection measures; and
 - (f) implementation of appropriate radiation protection measures for patients, carers, comforters, workers and members of the public; and
 - (g) compliance with all applicable requirements under the Act and regulations.
8. “**Dental employees**” must operate the plain dental ionising radiation apparatus only within the scope of this exemption and in accordance with the lawful instructions of the ‘supervising Dental Practitioner.’

This exemption shall take effect commencing on the date of publication of this Notice in the Government Gazette.
