EDUCATION AND CHILDREN'S SERVICES REGULATIONS 2020

Notice of Policy by the Minister for Education, Training and Skills

Pursuant to Regulation 12(1) of the *Education and Children's Services Regulations 2020*, I, the Minister for Education, Training and Skills publish the following Capacity Management Plan in relation to the enrolment of a child of compulsory school age at Morialta Secondary College:

CAPACITY MANAGEMENT PLAN

Morialta Secondary College

This Capacity Management Plan sets out the conditions for enrolment at Morialta Secondary College ("the school") effective for the enrolment of a child to attend in **2027**.

Morialta Secondary College Zone

A school zone is a defined area from which the school accepts its core intake of students. Morialta Secondary College operates a school zone, which is reflected within the Notice of Policy by the Minister for Education, Training and Skills published in the [Government Gazette on 6 January 2022](#).

An online map of the Morialta Secondary College zone and a search tool to indicate if an applicant's home address is within the school zone is available at: <https://www.education.sa.gov.au/findaschool>.

Student Enrolment Numbers

As a new school, Morialta Secondary College will have a progressive enrolment process. This process will introduce a new Year 7 cohort at the start of each school year, beginning in 2023 until the school has all year levels in 2028. In **2027**, Morialta Secondary College will have offerings of **Year 7—Year 11**.

Year 7

The student enrolment ceiling for Year 7 is limited to **200**, unless there are more applications that have met the enrolment criteria below.

Inclusive Learning Community

The Inclusive Learning Community at Morialta Secondary College includes special options classes providing facilities for students requiring adjustments to engage and learn alongside their similar aged peers. The inclusive learning community can enrol up to a maximum of **24** students within the school's special options classes.

Placement into the inclusive learning community is determined through the department's state-wide Special Education Options panel process and must align with the school's progressive enrolment process, which includes **year 7—year 11** enrolments in **2027**.

International Education Program

No International Education Program places will be offered at the school.

*Enrolment Criteria—by Year Level***Year 7—Applications through the Statewide Transition Process**

Applications for enrolment from parents of prospective Year 7 students require that the student must be enrolled in a government or non-government school in South Australia at the time the parents apply for enrolment through the [state-wide registration of interest process](#).

The applicant must meet one of the following requirements to be eligible for a Year 7 allocation through the state-wide registration of interest process for the coming school year:

- The child is living in the Morialta Secondary College [zone](#).
- The child identifies as Aboriginal and/or Torres Strait Islander and has registered through the [Enter for Success strategy](#) (by the **end of term 4**).
- The child has been granted enrolment due to special or extenuating circumstances, including but not limited to a child in care where there is a custody or guardianship order made under the *Children and Young People (Safety) Act 2017*.

Year 7—Students Living Outside the School Zone with Siblings Currently at the School

There is no automatic entry to the school for Year 7 students who live outside the school's zone and have siblings who currently attend the school, however they will be considered for enrolment if places are available.

Year 7—Late Applications Prior to Commencing Secondary School

Applications for enrolment from parents of prospective year 7 students who move into, or who are already living in the school zone that are lodged after the department's registration of interest process is completed (**end of term 2**), will have their applications considered if or when vacancies exist. Priority consideration will be afforded to those applicants already on the school's enrolment register.

If no vacancies exist, the school will assist the family to enrol at a neighbouring school and, upon request, the applicant will be placed on the school's enrolment register for consideration for enrolment at a future time.

Year 7 to 11—Students who have already Commenced Secondary School

Applications for enrolment from parents of prospective students who have already commenced secondary school and are living in the school zone will be considered if or when vacancies exist.

If no vacancies exist the applicant will be encouraged to remain at their current secondary school (if applicable), or the school will support the family to enrol at a neighbouring school. Upon request, the applicant will be placed on the school's enrolment register for consideration pending future enrolment vacancies.

Year 12—Students who have already Commenced Secondary School

Applications for enrolment in year 12 will not be accepted for **2027**.

The applicant will be encouraged to remain at their current secondary school (if applicable), or the school will support the family to enrol at a neighbouring school.

Out of Zone Applications with Siblings Currently at the School

There is no automatic entry to the school for any year level for students who live outside of the school's zone and have siblings who currently attend the school. If there are places available after all students who meet the above enrolment criteria have been accommodated, out of zone siblings will be considered for enrolment.

*Enrolment Criteria—General***Special Circumstances**

Enrolment applications for consideration based on special or extenuating circumstances, including but not limited to a child in care where there is custody or guardianship orders made under the *Children and Young People (Safety) Act 2017*, may be granted by the Principal in consultation with the Education Director.

These applications will be assessed on a case-by-case basis.

*Enrolment Process***Enrolment Register**

If vacancies have become available for the following year, the school will contact parents whose child's name has been placed on the enrolment register from **term 3** to offer a place for the following year. All enrolments from the enrolment register will be completed by the end of **week 3, term 4** for the following year.

Students on the register must be ranked in order, based on the following criteria prior to offering places:

- the child currently has a sibling attending the school
- the distance of the child's primary place of residence from the school
- curriculum focus (excluding special interest programs)
- transportation/location convenience
- social/family links.

The enrolment register will be reviewed and updated annually by the school.

The position that a child's name appears on the register is confidential and will only be disclosed as required by law.

Monitoring and Enforcement

It is the parent's responsibility when applying for enrolment to verify, to the satisfaction of the school's Principal, that the information provided is true and factual.

If a child was enrolled at the school based on false or misleading information (including residential address), the Chief Executive may direct that the child be instead enrolled at another Government school pursuant to Section 63(1) of the *Education and Children's Services Act 2019*.

The Principal is responsible for the implementation of this Capacity Management Plan and all decisions on enrolments.

This Capacity Management Plan will be reviewed annually.
