(a) On 5 August 1997, the High Court invalidated the NSW tobacco franchise tax. Following this decision, all States and Territories ceased to collect business franchise fees on tobacco, petrol and liquor. Under revised arrangements, Commonwealth Replacement Grants were introduced.

(b) During the transitional year 1997-98, replacement grants were initially received to a working account from which subsidies for petrol and liquor together with expenditure on functions that were previously tied to franchise fee receipts were paid. The balance was then credited to Consolidated Account. In 1998-99, replacement grants in total are credited to Consolidated Account and appropriation provided to pay subsidies and other related costs.

(c) Gambling taxation receipts for the quarter ended 31 March 1998 are overstated by \$12.6 million, reflecting a misreporting of taxation receipts from gaming machines in the previous quarter that was corrected in January 1998.

(d) Reduction in receipts due to superannuation recoveries now being processed directly through special deposit accounts as from 1 July 1998.

(e) Includes receipts previously shown as Regulatory fees and fines.

(f) Includes interest recoveries previously processed through a special deposit account.
