The zone recognises those areas of land, existing uses or localities that have a public focus or a regional or district nature such as conservation parks, secondary schools, public works depots, cemeteries and district parks.

- (d) Public Lands.
- (e) Conservation.
- (f) Recreation and Sports.

The Education, Recreation and Open Space policy areas are located within the township environs of Stirling, while the Conservation, Recreation and Sports and Public Lands policy areas are located outside of the township. The policy areas of the township have the additional controls of the Mount Lofty Ranges Watershed Area and Primary Production Area.

The Plan Amendment Report provides for the following:

- clear objectives which detail the intent of the zone and policy areas;
- principles of development control which provide guidance in relation to the form of development proposed, appearance of land and buildings, public utilities, conservation, heritage, building setbacks, access and movement and outdoor advertising;
- a table listing the types of development which are non-complying; and
- a provision detailing the public notification requirements within the zone.
