- (b) payment of compensation and other amounts under Part 3;

- (d) repayment of contributions to the Fund under regulation 0;
- (e) payment of the reasonable operating and management expenses of the Cattle Advisory Group (whether sitting as the Cattle Advisory Group under the *Livestock Act 1997* or as the consultative committee under these regulations);
- (f) payment of the expenses of administering the Fund (including expenses incurred in assessing compensation payable under these regulations and expenses incurred by an inspector under regulation 0 if those expenses exceed the proceeds of sale obtained under that regulation).

PART 3
COMPENSATION SCHEME

Claim for compensation

8. (1) Subject to these regulations, the owner of cattle destroyed in accordance with a notice or order issued under Division 4 of Part 4 of the *Livestock Act 1997*, or by action taken or caused to be taken by an inspector under that Division, for the purposes of controlling or eradicating a compensable disease may claim compensation.

(2) Only one claim may be made in respect of an animal.

Sale of carcass of destroyed animal

9. If a notice or order is issued or action taken or caused to be taken in relation to an animal as referred to in regulation 0 (1), the following provisions apply:

- (a) an inspector may give the owner of the animal written notice requiring the owner to assign the animal to the Minister;
- (b) if such a notice is given, a claim for compensation cannot be made under these regulations unless the owner complies with the notice;
- (c) if the owner of the animal assigns the animal to the Minister—
 - (i) an inspector must ensure that the animal is destroyed;
 - (ii) an inspector may sell or otherwise dispose of the carcass of the animal as the inspector considers appropriate;
 - (iii) the net proceeds of the sale (if any) must be paid into the Fund;
 - (iv) if the owner of the animal makes a claim for compensation under these regulations and the net proceeds of the sale exceed the amount of compensation paid in respect of the animal under these regulations, the excess must be paid from the Fund to the owner;
 - (v) if no claim for compensation under these regulations is made in respect of the animal during the period allowed by these regulations, the amount of the net proceeds of the sale must be paid from the Fund to the owner of the animal.

Amount of compensation

10. (1) Subject to this regulation, the amount of compensation that may be claimed for an animal is the lesser of—

- (a) \$2 000; or
- (b) the value of the animal immediately before its destruction.

(2) If the animal was not assigned to the Minister or the animal was assigned to the Minister but the net proceeds of the sale of the carcass of the animal have been paid from the Fund to the owner of the animal under regulation 0(c)(v), the amount of compensation that may be claimed is reduced by the amount of the net proceeds (if any) of the sale of the carcass of the animal.

(3) An animal is to be valued—

- (a) as if it were unaffected by the compensable disease; and
- (b) having regard to the value of comparable animals at the nearest most recent markets selling such animals, whether those markets are in the State or in any other State or Territory of the Commonwealth; and
- (c) using a method of valuation determined by the Minister after consultation with the consultative committee.

(4) Compensation may not include any amount for loss of profit or production, loss arising from breach of contract or other consequential loss.

(5) If the owner of an animal has been paid compensation or is entitled to compensation in respect of the animal under any other law, the amount of compensation that may be claimed under these regulations is reduced by the amount so paid or to which the owner is so entitled.

Procedure for making claim and determination of claim

11. (1) A claim for compensation must be made to the Chief Inspector within one month after the issuing of the notice or order for destruction of the animal or the destruction of the animal by the inspector (as the case requires).

(2) The Chief Inspector may, if satisfied that it is just and reasonable in the circumstances to do so, dispense with the requirement that a claim be made within the period fixed by this regulation.

(3) A claim for compensation must be made in the form and contain or be accompanied by the information required by the Chief Inspector (including, if the animal was not assigned to the Minister, information relating to the proceeds (if any) of the sale of the carcass of the animal).

(4) The Chief Inspector may, with the approval of the Minister, determine that no compensation, or a reduced amount of compensation, is payable to a claimant if the Chief Inspector is satisfied that—

- (a) the animal was visibly affected by the compensable disease and the owner failed to notify an inspector of that fact; or
- (b) the owner failed to carry out any written direction of an inspector for the control or eradication of the compensable disease and that the failure was a probable cause of the animal being affected by the disease; or
- (c) the owner failed to take reasonable steps to minimise the risk of cattle affected with the compensable disease being introduced into the owner's herd or the cattle otherwise becoming affected by the compensable disease; or
- (d) the animal was destroyed within three months of being introduced into South Australia and was likely to have been affected by the compensable disease when so introduced; or
- (e) the owner has refused or failed to pay contributions as required under Part 2; or
- (f) the owner has, at the owner's request, been refunded contributions under regulation 0, at any time within the period of five financial years immediately preceding the claim for compensation.

(5) Before the Minister gives approval under subregulation (4), the Minister must consult the consultative committee.

(6) The Chief Inspector must, by written notice, inform the claimant, the Minister and the consultative committee of the Chief Inspector's determination of the claim.

(7) The claimant may, within one month after receiving notice of the amount of compensation to be paid, object in writing to the Minister to the proposed amount on the grounds set out in detail in the objection.

(8) If an objection is not made within the time allowed, the claimant's entitlement to compensation is finally determined for the purposes of these regulations.

(9) If an objection to a proposed amount of compensation is made, the Minister may, after consulting the consultative committee—

- (a) affirm the decision against which the objection is made; or
- (b) rescind the decision and substitute a decision that the Minister considers appropriate.

(10) A decision of the Minister after consideration of an objection is final and without appeal.
