SHOP TRADING HOURS ACT 1977 SECTION 13: AUTHORISATION TO OPEN SHOP DURING SPECIFIED HOURS—COUNTRY ROAD AT HYDE PARK

Proclamation By The Governor

(L.S.) MARJORIE JACKSON-NELSON

PURSUANT to section 13 of the *Shop Trading Hours Act 1977* and with the advice and consent of the Executive Council, I authorise the opening of the shop known as *Country Road*, located at shops 13-21, Metro Centre, 254 Unley Road, Hyde Park (the shop) from 7 p.m. until 9 p.m. on Tuesday, 26 November 2002, subject to the conditions specified in the Schedule.

SCHEDULE

This proclamation only authorises the opening of the shop if—

- (a) the shop keeper ensures that the only persons allowed to enter or remain in the shop during the hours specified in this proclamation (other than persons employed in the business of the shop during those hours) are persons who are Country Road card holders; and
- (b) all relevant industrial awards, workplace agreements and enterprise agreements are observed by the shopkeeper and persons employed in the business of the shop during and in relation to the hours specified in this proclamation during which the shop is open; and
- (c) subject to an industrial award, workplace agreement or enterprise agreement to the contrary—a person who is employed in the business of the shop is entitled to refuse to work at the shop during the hours specified in this proclamation unless he or she has agreed with the shopkeeper to work during those hours.

Given under my hand and the Public Seal of South Australia, at Adelaide, 10 October 2002.

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, La Cloture Fisheries Pty Ltd, c/o P.O. Box 957, Port Lincoln, S.A. 5606 (or its registered masters) holder of Western Zone Abalone Fishery Licence No. W01, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of the Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is undersize, from those waters defined as the Western Zone in the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

2. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

3. No more than one registered master may engage in the exempted activity on any one day.

4. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, provided that a separate notification pursuant to condition 5 below has been made for each area prior to conducting any fishing activity in that area.

5. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- (a) the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- (b) the name of the registered master who will be conducting the exempted activity on that day;
- (c) the date on which the exempted activity will take place;
- (d) the port of departure;
- (e) the designated area from Schedule 2 which is to be fished; and
- (f) where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

6. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);
- Time underwater;
- Swell;
- Number of *H. Roei*;
- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

7. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheet provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

8. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch; and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing; or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

9. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

10. The exemption holder shall not, during the period of this notice, take a combined quantity of *Haliotis roei* which exceeds 800 kg wholeweight.

11. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

12. The exemption holder shall not intentionally induce weight loss of abalone by any means.

13. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W01.

14. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

15. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Wayrob Pty Ltd, c/o P.O. Box 104, Streaky Bay, S.A. 5680 (or its registered masters) holder of Western Zone Abalone Fishery Licence No. W02, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of the Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is undersize, from those waters defined as the Western Zone in the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

2. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

3. No more than one registered master may engage in the exempted activity on any one day.

4. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, provided that a separate notification pursuant to condition 5 below has been made for each area prior to conducting any fishing activity in that area.

5. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- (a) the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- (b) the name of the registered master who will be conducting the exempted activity on that day;
- (c) the date on which the exempted activity will take place;
- (d) the port of departure;
- (e) the designated area from Schedule 2 which is to be fished; and
- (f) where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

6. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);
- Time underwater;
- Swell;
- Number of *H. Roei*;
- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

7. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheet provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

8. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch; and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing; or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

9. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

10. The exemption holder shall not, during the period of this notice, take a combined quantity of *Haliotis roei* which exceeds 800 kg wholeweight.

11. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

12. The exemption holder shall not intentionally induce weight loss of abalone by any means.

13. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W02.

14. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

15. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

J. PRESSER, Principal Fisheries Manager

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Garry J. Black, 45 Shaftesbury Terrace, Marino, S.A. 5049 (or his registered masters) holder of Western Zone Abalone Fishery Licence No. W04, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of the Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is undersize, from those waters defined as the Western Zone in the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

2. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

3. No more than one registered master may engage in the exempted activity on any one day.

4. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, provided that a separate notification pursuant to condition 5 below has been made for each area prior to conducting any fishing activity in that area.

5. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- the name of the registered master who will be conducting the exempted activity on that day;
- the date on which the exempted activity will take place;
- the port of departure;
- the designated area from Schedule 2 which is to be fished; and
- where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

6. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);
- Time underwater;
- Swell;
- Number of *H. roei*;
- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

7. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheet provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

8. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch; and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing; or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

9. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

10. The exemption holder shall not, during the period of this notice, take a combined quantity of *Haliotis roei* which exceeds 800 kg wholeweight.

11. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

12. The exemption holder shall not intentionally induce weight loss of abalone by any means.

13. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W04.

14. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

15. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

J. PRESSER, Principal Fisheries Manager

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Construction Divers Pty Ltd, c/o P.O. Box 364, Port Lincoln, S.A. 5606 (or its registered masters) holder of Western Zone Abalone Fishery Licence No. W06, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of the Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is undersize, from those waters defined as the Western Zone in the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

2. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

3. No more than one registered master may engage in the exempted activity on any one day.

4. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, provided that a separate notification pursuant to condition 5 below has been made for each area prior to conducting any fishing activity in that area.

5. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- the name of the registered master who will be conducting the exempted activity on that day;
- the date on which the exempted activity will take place;
- the port of departure;

(e) the designated area from Schedule 2 which is to be fished; and

(f) where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

6. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);
- Time underwater;
- Swell;
- Number of *H. roei*;
- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

7. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheet provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

8. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch; and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing; or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

9. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

10. The exemption holder shall not, during the period of this notice, take a combined quantity of *Haliotis roei* which exceeds 800 kg wholeweight.

11. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

12. The exemption holder shall not intentionally induce weight loss of abalone by any means.

13. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W06.

14. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

15. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, John C. Haagmans, c/o RSD 1955, Port Lincoln, S.A. 5607 (or his registered masters) holder of Western Zone Abalone Fishery Licence No. W08, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of the Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is

undersize, from those waters defined as the Western Zone in the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

2. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

3. No more than one registered master may engage in the exempted activity on any one day.

4. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, provided that a separate notification pursuant to condition 5 below has been made for each area prior to conducting any fishing activity in that area.

5. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- (a) the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- (b) the name of the registered master who will be conducting the exempted activity on that day;
- (c) the date on which the exempted activity will take place;
- (d) the port of departure;
- (e) the designated area from Schedule 2 which is to be fished; and
- (f) where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

6. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);
- Time underwater;
- Swell;
- Number of *H. Roei*;
- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

7. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheet provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

8. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch; and before the catch is consigned to a nominated processor

and/or taken onto processor premises where such premises are within 50 m of the point of landing; or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

9. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

10. The exemption holder shall not, during the period of this notice, take a combined quantity of *Haliotis roei* which exceeds 800 kg wholeweight.

11. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

12. The exemption holder shall not intentionally induce weight loss of abalone by any means.

13. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W08.

14. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

15. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, George Dixon, c/o P.O. Box 482, Port Lincoln, S.A. 5606 (or his registered masters) holder of Western Zone Abalone Fishery Licence No. W09, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of the Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is undersize, from those waters defined as the Western Zone in the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

2. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

3. No more than one registered master may engage in the exempted activity on any one day.

4. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, provided that a separate notification pursuant to condition 5 below has been made for each area prior to conducting any fishing activity in that area.

5. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- (a) the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- (b) the name of the registered master who will be conducting the exempted activity on that day;
- (c) the date on which the exempted activity will take place;
- (d) the port of departure;
- (e) the designated area from Schedule 2 which is to be fished; and
- (f) where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

6. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);
- Time underwater;
- Swell;
- Number of *H. roei*;

- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

7. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheets provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

8. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch; and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing; or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

9. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

10. The exemption holder shall not, during the period of this notice, take a combined quantity of *Haliotis roei* which exceeds 800 kg wholeweight.

11. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

12. The exemption holder shall not intentionally induce weight loss of abalone by any means.

13. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W09.

14. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

15. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Aquaculture Research Pty Ltd, 24 Flinders Drive, Streaky Bay, S.A. 5680 (or its registered masters) holder of Western Zone Abalone Fishery Licence No. W01, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of the Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is undersize, from those waters defined as the Western Zone in the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

2. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

3. No more than one registered master may engage in the exempted activity on any one day.

4. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, provided that a separate notification pursuant to condition 5 below has been made for each area prior to conducting any fishing activity in that area.

5. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- the name of the registered master who will be conducting the exempted activity on that day;
- the date on which the exempted activity will take place;
- the port of departure;
- the designated area from Schedule 2 which is to be fished; and
- where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

6. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);
- Time underwater;
- Swell;
- Number of *H. roei*;
- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

7. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheet provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

8. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch; and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing; or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

9. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

10. The exemption holder shall not, during the period of this notice, take a combined quantity of *Haliotis roei* which exceeds 800 kg wholeweight.

11. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

12. The exemption holder shall not intentionally induce weight loss of abalone by any means.

13. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W10.

14. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

15. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

J. PRESSER, Principal Fisheries Manager

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Philip J. Penalurick, c/o P.O. Box 680, Port Lincoln, S.A. 5606 (or his registered masters) holder of Western Zone Abalone Fishery Licence No. W11, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of the Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is undersize, from those waters defined as the Western Zone in the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

2. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

3. No more than one registered master may engage in the exempted activity on any one day.

4. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, provided that a separate notification pursuant to condition 5 below has been made for each area prior to conducting any fishing activity in that area.

5. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- (a) the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- (b) the name of the registered master who will be conducting the exempted activity on that day;
- (c) the date on which the exempted activity will take place;
- (d) the port of departure;
- (e) the designated area from Schedule 2 which is to be fished; and
- (f) where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

6. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);
- Time underwater;
- Swell;
- Number of *H. Roei*;
- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

7. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheet provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

8. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch; and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing; or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

9. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

10. The exemption holder shall not, during the period of this notice, take a combined quantity of *Haliotis roei* which exceeds 800 kg wholeweight.

11. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

12. The exemption holder shall not intentionally induce weight loss of abalone by any means.

13. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W11.

14. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

15. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

J. PRESSER, Principal Fisheries Manager

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, W. B. Mattner Nominees Pty Ltd, 7 Prospect Road, Port Lincoln, S.A. 5606 (or his registered masters) holder of Western Zone Abalone Fishery Licence No. W14, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of the Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is undersize, from those waters defined as the Western Zone in the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

2. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

3. No more than one registered master may engage in the exempted activity on any one day.

4. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, provided that a separate notification pursuant to condition 5 below has been made for each area prior to conducting any fishing activity in that area.

5. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- the name of the registered master who will be conducting the exempted activity on that day;
- the date on which the exempted activity will take place;
- the port of departure;
- the designated area from Schedule 2 which is to be fished; and

- (f) where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

6. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);
- Time underwater;
- Swell;
- Number of *H. roei*;
- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

7. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheet provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

8. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch; and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing; or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

9. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

10. The exemption holder shall not, during the period of this notice, take a combined quantity of *Haliotis roei* which exceeds 800 kg wholeweight.

11. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

12. The exemption holder shall not intentionally induce weight loss of abalone by any means.

13. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W14.

14. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

15. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

SCHEDULE 2

AREA 1

All waters east of the Western/Central zone boundary (longitude 136.5°E) to Shoal Point (longitude 135.5°E) excluding the following sub-area 1 in which no activity may take place:

All waters contained within the following boundaries:

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Bascoz Pty Ltd, c/o P.O. Box 1540, Elliston, S.A. 5670 (or its registered masters) holder of Western Zone Abalone Fishery Licence No. W15, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of the Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is undersize, from those waters defined as the Western Zone in the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

2. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

3. No more than one registered master may engage in the exempted activity on any one day.

4. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, provided that a separate notification pursuant to condition 5 below has been made for each area prior to conducting any fishing activity in that area.

5. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- the name of the registered master who will be conducting the exempted activity on that day;
- the date on which the exempted activity will take place;
- the port of departure;
- the designated area from Schedule 2 which is to be fished; and
- where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

6. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);
- Time underwater;
- Swell;
- Number of *H. Roei*;
- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

7. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheet provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

8. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch; and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing; or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

9. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

10. The exemption holder shall not, during the period of this notice, take a combined quantity of *Haliotis roei* which exceeds 800 kg wholeweight.

11. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

12. The exemption holder shall not intentionally induce weight loss of abalone by any means.

13. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W15.

14. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

15. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

J. PRESSER, Principal Fisheries Manager

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Dadeeton Pty Ltd, c/o P.O. Box 20, Streaky Bay, S.A. 5680 (or its registered masters) holder of Western Zone Abalone Fishery Licence No. W17, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of the Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is undersize, from those waters defined as the Western Zone in the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

2. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

3. No more than one registered master may engage in the exempted activity on any one day.

4. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, provided that a separate notification pursuant to condition 5 below has been made for each area prior to conducting any fishing activity in that area.

5. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- (a) the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- (b) the name of the registered master who will be conducting the exempted activity on that day;
- (c) the date on which the exempted activity will take place;
- (d) the port of departure;
- (e) the designated area from Schedule 2 which is to be fished; and
- (f) where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

6. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);
- Time underwater;
- Swell;
- Number of *H. Roei*;
- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

7. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheet provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

8. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch; and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing; or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

9. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

10. The exemption holder shall not, during the period of this notice, take a combined quantity of *Haliotis roei* which exceeds 800 kg wholeweight.

11. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

12. The exemption holder shall not intentionally induce weight loss of abalone by any means.

13. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W17.

14. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

15. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Tamatoa Fishing Co. Pty Ltd, c/o P.O. Box 1951, Port Lincoln, S.A. 5606 (or its registered masters) holder of Western Zone Abalone Fishery Licence No. W19, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of the Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is undersize, from those waters defined as the Western Zone in the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

2. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

3. No more than one registered master may engage in the exempted activity on any one day.

4. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, provided that a separate notification pursuant to condition 5 below has been made for each area prior to conducting any fishing activity in that area.

5. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- (a) the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- (b) the name of the registered master who will be conducting the exempted activity on that day;
- (c) the date on which the exempted activity will take place;
- (d) the port of departure;
- (e) the designated area from Schedule 2 which is to be fished; and
- (f) where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

6. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);
- Time underwater;
- Swell;
- Number of *H. Roei*;
- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

7. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheet provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

8. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch; and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing; or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

9. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

10. The exemption holder shall not, during the period of this notice, take a combined quantity of *Haliotis roei* which exceeds 800 kg wholeweight.

11. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

12. The exemption holder shall not intentionally induce weight loss of abalone by any means.

13. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W19.

14. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

15. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

9. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheet provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

10. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

11. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

12. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

13. The exemption holder shall not intentionally induce weight loss of abalone by any means.

14. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W05.

15. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

16. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

FISHERIES ACT 1982: SECTION 59

TAKE notice that subject to section 59 of the Fisheries Act 1982, T. Garnaut Nominees Pty Ltd, c/o P.O. Box 777, Port Lincoln, S.A. 5606 (or its registered masters) holder of Western Zone Abalone Fishery Licence No. W07, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is undersize, from those waters defined in Schedule 2 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. The exemption holder may only engage in the exempted activity at the direction of an officer from the South Australian Research and Development Institute.

2. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* from the area listed in Schedule 2 provided that it is not less than 60 mm in length at its greatest dimension. All abalone must be landed in the shell.

3. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* from the area listed in Schedule 3 provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

4. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

5. No more than one registered master may engage in the exempted activity on any one day.

6. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, as directed by an officer of the South Australian Research and Development Institute, provided that a separate notification pursuant to condition 7 below has been made for each area prior to conducting any fishing activity in that area.

7. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- (a) the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- (b) the name of the registered master who will be conducting the exempted activity on that day;
- (c) the date on which the exempted activity will take place;
- (d) the port of departure;
- (e) the designated area from Schedule 2 which is to be fished; and
- (f) where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

8. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);
- Time underwater;
- Swell;
- Number of *H. roei*;
- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

9. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheets provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

10. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

11. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

12. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

13. The exemption holder shall not intentionally induce weight loss of abalone by any means.

14. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W07.

15. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

16. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

Box 249, Port Lincoln, S.A. 5606 (or its registered masters) holder of Western Zone Abalone Fishery Licence No. W13, issued pursuant to the Scheme of Management (Abalone Fisheries) Regulations 1991 (hereinafter referred to as the 'exemption holder') is exempted from the provisions of Clause 60 of Schedule 1 of Fisheries (General) Regulations 2000 in that the exemption holder shall not be guilty of an offence when taking Roe's abalone (*Haliotis roei*) which is undersize, from those waters defined in Schedule 2 (hereinafter referred to as the 'exempted activity') subject to the conditions specified in Schedule 1 from the date of gazettal of this notice until 20 December 2002, unless varied or revoked earlier.

SCHEDULE 1

1. The exemption holder may only engage in the exempted activity at the direction of an officer from the South Australian Research and Development Institute.

2. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* from the area listed in Schedule 2 provided that it is not less than 60 mm in length at its greatest dimension. All abalone must be landed in the shell.

3. Whilst engaged in the exempted activity, the exemption holder may only take *Haliotis roei* from the area listed in Schedule 3 provided that it is not less than 75 mm in length at its greatest dimension. All abalone must be landed in the shell.

4. On any day the exemption holder engages in the exempted activity only abalone of the species (*Haliotis roei*) may be taken.

5. No more than one registered master may engage in the exempted activity on any one day.

6. The exemption holder may conduct the exempted activity in more than one area as defined in Schedule 2 on any one day, as directed by an officer of the South Australian Research and Development Institute, provided that a separate notification pursuant to condition 7 below has been made for each area prior to conducting any fishing activity in that area.

7. The exemption holder must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to engaging in the exempted activity with the following information:

- the name of the person making the call and the Western Zone Abalone Fishery Licence Number;
- the name of the registered master who will be conducting the exempted activity on that day;
- the date on which the exempted activity will take place;
- the port of departure;
- the designated area from Schedule 2 which is to be fished; and
- where the exemption holder is nominating to fish in an additional designated area from the previous nominated designated area on any one day, the exemption holder must wait at least 30 minutes prior to leaving the point from where the nomination was made.

8. Upon completion of the day's fishing activities the exemption holder shall complete the Daily Research Data Logsheet provided including the following information:

- Drop number;
- Fishing location (each dive entry location using GPS marks in decimal minutes including seconds);

- Time underwater;
- Swell;
- Number of *H. Roei*;
- Tag number; and
- CDR number.

The completed Daily Research Data Logsheets must be posted or delivered to the Chief Scientist, South Australian Research and Development Institute within seven days of the completion of the day's fishing activities to which it relates.

9. Upon completion of the dive at each site and before landing, the exemption holder shall place the abalone in or with the bag supplied and complete the information on the tag provided including the date and CDR number. The catch is to be bagged or stored separately for each dive location and the tag included with the catch. If more than one bag is taken in one dive location, the tag numbers are to be recorded in the row beneath the original on the Daily Research Data Logsheet provided.

The total number of bags for that day and the numbers of the tags placed on each bag shall be included on the CDR 1. The CDR 1 must be completed within 50 m of landing and the white and yellow copies of the CDR 1 must accompany the abalone to the fish processing premises.

10. The exemption holder must make a record in writing immediately at the conclusion of a fishing trip and before the abalone are consigned to a registered fish processor setting out details of the abalone taken during that fishing trip. This record must be completed within 50 m of the point of landing of the catch and before the catch is consigned to a nominated processor and/or taken onto processor premises where such premises are within 50 m of the point of landing or at the end of each day of fishing where the catch is not landed on that day. The details of such record shall be recorded on and be such as are sufficient to complete in triplicate a CDR 1 form.

11. All *Haliotis roei* taken pursuant to this notice shall be delivered to one of the registered fish processors detailed in Schedule 3 for weighing, within 48 hours of landing, within the State of South Australia.

12. The amount of *Haliotis roei* allocated pursuant to this notice is non-transferable.

13. The exemption holder shall not intentionally induce weight loss of abalone by any means.

14. The exemption holder whilst engaged in the exempted activity must conduct such activity from a boat registered pursuant to Western Zone Abalone Fishery Licence No. W13.

15. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any other regulations made under that Act except where specifically exempted by this notice.

16. Whilst engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

NOTICE TO MARINERS

No. 47 of 2002

South Australia—Mooring Establishments on Historic Shipwrecks

THE DEPARTMENT FOR ENVIRONMENT AND HERITAGE has installed navigational buoys near the following shipwrecks. Mooring bridle are fitted to the buoys to facilitate attaching recreational and charter vessels up to 12 m in length or 15 tonnes displacement (maximum wind speed 20 knots) instead of anchoring. Only one vessel can make fast at any one time. It is an offence to damage or disturb historic shipwrecks. Hence mariners are advised to anchor well away from the wrecks. Vessels shall be manned by appropriate crew at all times when moored or anchored.

The following eight buoys are orange in colour with a yellow St Andrews Cross topmark and a flashing white light every 5 seconds. Co-ordinates for the buoys are in GPS datum-WG5 84.

WARDANG ISLAND SITES

Songvaar: latitude 34°27'34.8"S and longitude 137°23'15.8"E.

15 m from wreck on the north-eastern side. Water depth 8 m. The buoy can be approached from all directions. The site can be affected by strong flood and ebb tides.

Investigator: latitude 34°31'36.5"S and longitude 137°20'05.0"E.

15 m from wreck on the north-western side. Water depth 5 m. Generally approach the buoy from the north-west. Depending on tides some sections of the wreck are elevated to just below the water surface. The site can be affected by large swells and waves breaking over the wreck and reef, as well as by strong flood and ebb tides.

Australian: latitude 34°32'04.3"S and longitude 137°21'51.9"E.

15 m from wreck on the south-eastern side. Water depth 8 m. Generally approach the buoy from the south-east. Site can be affected by large swells and waves breaking over reef and rocks.

MacIntyre: latitude 34°32'04.8"S and longitude 137°21'59.0"E.

10 m from wreck on the north-eastern side. Water depth 8 m. Generally approach the buoy from the north-east. Depending on tides the reef and bow sections of the wreck are lying in less than 2 m of water. Site can be affected by large swells and waves breaking over reef.

Moorara: latitude 34°28'40.0"S and longitude 137°23'03.0"E.

10 m from wreck on the eastern side. Water depth 4 m. Generally approach the buoy from the east. Depending on tides some sections of the wreck are elevated to just under the water surface.

KANGAROO ISLAND SITE

Portland Maru: latitude 35°43'45.1"S and longitude 136°42'33.3"E.

40 m from wreck on the eastern side. Water depth 15 m. The buoy can be approached from all directions.

GULF OF ST VINCENT SITES

Norma: latitude 34°49'17.3"S and longitude 138°25'04.2"E.

20 m from wreck on the western side. Water depth 14 m. The buoy can be approached from all directions. The site can be affected by strong flood and ebb tides.

Star of Greece: latitude 35°15'08.6"S and longitude 138°27'33.7"E.

30 m from wreck on the western side. Water depth 5 m. Generally approach the buoy from the west. Depending on tides some sections of the wreck are lying in 3 m of water and are elevated to just under the water surface and sometimes exposed at low tides. Site can be affected by large swells and breaking waves.

The following two buoys are yellow in colour with a yellow St Andrews Cross topmark and a flashing amber light every 4 seconds.

Zanoni: latitude 34°30'42.4"S and longitude 138°03'49.4"E.

A Protected Zone having a 550 m radius from the buoy is in force under section 7 (1) of the Historic Shipwrecks Act 1981. Entry to the Protected Zone is prohibited without a permit issued by Heritage SA. Water depth 18 m. The site can be affected by strong flood and ebb tides.

Please note that this supersedes Australian Hydrographer Notices 561/83, 360/84 and 706/99 and local SA Notice 4/84 with respect to the *Zanoni* only.

Ardrossan Barge: latitude 34°31'50.9"S and longitude 138°03'43.3"E.

20 m from wreck on the eastern side. Water depth 16 m. The buoy can be approached from all directions. The site can be affected by strong flood and ebb tides.

Please note that this supersedes Australian Hydrographer Notice 52/85 with respect to the *Ardrossan Barge* only.

NOTICE TO MARINERS

No. 49 of 2002

South Australia—Lower River Murray—Dredging Operations

THE dredge *Marcon* will commence dredging operations inside the river mouth from 5 October 2002 until further notice. The operations will take place in approximate position 35°33'35"S and 138°53'E between Beacon No. 11 in the Goolwa Channel, through to the Coorong Channel in the vicinity of Barker Knoll.

The dredge will have a floating pipeline extending along the inward shoreline of either Sir Richard Peninsula or the Youngusband Peninsula. A pump barge may be in operation on either shoreline.

Sand will be deposited on the ocean shoreline of either peninsula along a 500 m zone, starting one kilometre from the mouth.

The dredge anchors will be marked by orange unlit buoys. The exclusion zone around the dredge operations will also be marked with orange buoys connected either by a surface cable or individually anchored.

The dredge will operate continuously day and night and will display the appropriate lights and shapes as prescribed in the International Regulations for preventing collisions at sea.

Access by all personnel and aquatic craft in the vicinity of dredging operations is restricted by aquatic licence.

A restricted area to all personnel and aquatic craft has also been placed on the ocean side for a distance of 1.5 km from the mouth along both the Youngusband Peninsula and Sir Richard Peninsula extending seaward for a distance of 100 m.

CITY OF MITCHAM

ROADS (OPENING AND CLOSING) ACT 1991

Road Closure—Public Road, Pasadena

NOTICE is hereby given, pursuant to section 10 of the Roads (Opening and Closing) Act 1991, that the City of Mitcham proposes to make a Road Process Order to close the following road in the Hundred of Adelaide, being a strip of public road off Day Drive, Pasadena and being a portion of allotment 389 in Deposited Plan 3632 generally situate dividing portion of allotment 36 in Filed Plan 13430 from portion of allotment 358 in Deposited Plan 3123 and marked 'A' and 'B' on Preliminary Plan 02/0088.

It is proposed that the portion of road to be closed marked 'A' be transferred to J. L. and F. L. Turner and merged with said allotment 358 in Deposited Plan 3123 subject to an easement over the whole in favour of the City of Mitcham for drainage purposes and that the portion of road to be closed marked 'B' be transferred to T. C. Mathews and merged with said allotment 36 in Filed Plan 13430.

A copy of the preliminary plan of the proposal and a statement of persons affected are available for public inspection at the office of the Mitcham Council, 131 Belair Road, Torrens Park between the hours of 9 a.m. and 5 p.m., Monday to Friday or at the Adelaide office of the Surveyor-General during normal office hours.

Any person may object to the proposal (and any adjoining landowner or other person substantially affected by the proposed road closure may apply for an easement relative to the closure). Such objection (or application for an easement) must be made in writing to the City of Mitcham WITHIN 28 DAYS OF THE DATE OF THIS NOTICE. If a submission is made, the City of Mitcham is required to give notice of a time and place at which a meeting will be held to consider the matter, so that the person making the submission (or a representative) may attend to support the submission, if desired. Any submission must set out the full name and address of the person making the submission and must be fully supported by reasons (and any application for the grant of an easement must give full particulars of the nature and location of the easement and where made by a person as the owner of adjoining or nearby land, specify the land to which the easement is to be annexed). A copy of the submission must be forwarded to the Surveyor-General, G.P.O. Box 1354, Adelaide, S.A. 5001

Dated 10 October 2002.

R. MALCOLM, Chief Executive Officer

CITY OF PLAYFORD

ROADS (OPENING AND CLOSING) ACT 1991

Bishopstone Road, Davoren Park

NOTICE is hereby given, pursuant to section 10 of the Roads (Opening and Closing) Act 1991, that the City of Playford, proposes to make a Road Process Order to close and retain portion of the public road (Bishopstone Road), adjoining and dividing allotment 11 in FP 14460, and allotment 354 in DP 7278 as more particularly delineated and lettered 'A' on Preliminary Plan 02/0090.

The portion of road to be closed marked 'A' on the plan, is to be merged with allotment 11 in Filed Plan 14460, certificate of title volume 5455, folio 256, held by the City of Playford.

A copy of the plan and statement of persons affected are available for public inspection at the office of the council, Warooka Drive, Smithfield and the Adelaide office of the Surveyor-General during normal office hours.

Any application for easement or objection must set out the full name, address and details of the submission and must be fully supported by reasons.

The application for easement or objection must be made in writing to the council, Warooka Drive, Smithfield, S.A. 5114, within 28 days of this notice and a copy must be forwarded to the Surveyor-General, P.O.
