 PETROLEUM (SUBMERGED LANDS) ACT 1967

Notice of Invitation of Applications for Exploration Permits

I, BARRY ALAN GOLDSTEIN, the Delegate of the Designated Authority in respect of the adjacent area in respect of South Australia and on behalf of the Commonwealth-South Australia Offshore Petroleum Joint Authority, acting pursuant to delegated powers dated 14 July 2002, *Gazetted* 22 August 2002, page 3127 and pursuant to section 20 (1) of the Petroleum (Submerged Lands) Act 1967 of the Commonwealth of Australia, hereby invite applications for the grant of an exploration permit in respect of the following area as scheduled below:

SCHEDULE

(The references hereunder are to the names of the map sheets of the 1:1,000,000 series and to the numbers of graticular sections shown thereon).

The Commonwealth/State/Territory jurisdictional boundary in coastal waters is determined by the Australian Maritime Boundaries Information System Dataset of 2001, released in January 2001 by the Australian Surveying and Land Information Group (now Geoscience Australia National Mapping Division).

Section 5AAA of the Petroleum (Submerged Lands) Act 1967 provides that, where a change to the baseline of Australia's territorial sea would impact on the boundary of an existing petroleum title (in Commonwealth or State or Territory waters), there is in fact no such impact. The Commonwealth, State or Territory Act (as the case may be) under which the title has been granted, continues to apply to the title and the whole title area for as long as the title remains in force. Therefore, this Instrument does not apply to any such area that is already under title.

Petroleum Exploration Licence—PEL 103

Condition 1 of the licence is omitted and the following substituted:

'1. During the term of the licence, the Licensees shall carry out or cause to be carried out, exploratory operations on the area comprised in the licence in accordance with such work programs as are approved by the Minister from time to time. Years one and two exploratory operations are guaranteed, and any subsequent licence year work program becomes guaranteed upon entry into that licence year.
