ASSOCIATIONS INCORPORATION ACT 1985

*Order Pursuant to Section 42 (2)*

WHEREAS the Corporate Affairs Commission ('the Commission'), pursuant to section 42 (1) of the Associations Incorporation Act ('the Act') is of the opinion that the undertaking of Masonic Homes Incorporated ('the association'), being an incorporated association under the Act would more appropriately be carried on by a body corporate incorporated under the Corporations Act 2001 and whereas the Commission was on 16 May 2008 requested by the association to transfer its undertaking to Masonic Homes Limited (ACN 130 259 424), the Commission, pursuant to section 42 (2) of the Act does hereby order that at midnight on 30 June 2008, the undertaking of Masonic Homes Incorporated be transferred to Masonic Homes Limited (ACN 130 259 424).

Given at Adelaide, 20 May 2008.

B. I. COLQUIST, a Delegate of the  
Corporate Affairs Commission

ASSOCIATIONS INCORPORATION ACT 1985

*Notice Pursuant to Section 42 (2)*

PURSUANT to section 44 (1) of the Associations Incorporation Act ('the Act'), the Corporate Affairs Commission ('the Commission') is of the opinion that The Finance Brokers Institute of South Australia Incorporated ('the association') being an incorporated association under the Act is defunct, on 31 March 2008 served a notice on the Association and on 2 April 2008 by notice published in *The Advertiser* required the Association to show good cause why the Association should not be dissolved.

Pursuant to section 44 (2) of the Act, the Commission is satisfied The Finance Brokers Institute of South Australia Incorporated should be dissolved and the Commission hereby cancels the incorporation of the Association.

Given at Adelaide, 20 May 2008.

B. I. COLQUIST, a Delegate of the  
Corporate Affairs Commission

GROUNDWATER (BORDER AGREEMENT) ACT 1985

*Alteration of Permissible Annual Volume of Extraction*

NOTICE is hereby given that the Border Groundwaters Agreement Review Committee by virtue of its powers under Clause 28 (2) of the Border Groundwaters Agreement, has determined that the permissible annual volume of extraction in relation to the aquifers within Zone 11A to be 2 144 Megalitres for the Parilla Sands Aquifer, 6 861 Megalitres for the Tertiary Limestone Aquifer and 0 Megalitres for the Tertiary Confined Sand Aquifer. The Parilla Sands Aquifer means the stratigraphic unit called the Parilla Sands Formation as defined in the Australian Stratigraphic Names Database, held by Geoscience Australia. The alteration will take effect from the date of publication of this notice.

For and on behalf of the Border Groundwaters Agreement Review Committee.

Dated 22 May 2008.

R. NOTT, President, Border Groundwaters  
Agreement Review Committee

## ATTACHMENT A

## GOLDEN GROVE COMMERCIAL ZONE

*Introduction*

The objective and principles of development control that follow apply in the Golden Grove Commercial Zone shown on Map TTG/19. They are additional to those expressed for the whole of the Council area.

*Objective*

Objective 1: A zone primarily accommodating a range of commercial, office and service industries.

*Principles of Development Control*

1. Development undertaken in this zone should primarily be a range of commercial, office and service industries.
2. Access to the centre should be from The Golden Way and linked to the remainder of the neighbourhood centre with the consideration being given to integrating existing pedestrian and cycle linkages.
3. Service areas located in the zone should be screened by landscaping from adjoining roads and development.
4. The appearance of the buildings should be integrated with each other.
5. The following kinds of development are complying in the Golden Grove Commercial Zone subject to compliance with conditions comprising, where applicable:
  - (a) the conditions prescribed in Tables TTG/GG/1 and TTG/GG/3 (Advertisements);
  - (b) provided that the proposed development does not involve any activity as being either of Environmental Significance or Major Environmental Significance within Schedule 21 or 22 of the Development Regulations:

Advertisements that are listed in Table TTG/GG/3  
 Internal building work associated with a local heritage place  
 Motor Repair Station  
 Office  
 Service Industry  
 Showroom  
 Store  
 Warehouse

6. The following kinds of development are non-complying in the Golden Grove Commercial Zone:

General Industry  
 Petrol Filling Station  
 Shop or group of shops with a gross leasable area greater than 450 m<sup>2</sup>  
 Special Industry  
 Used Car Lot

#### FISHERIES MANAGEMENT ACT 2007: SECTION 115

TAKE notice that pursuant to section 115 of the Fisheries Management Act 2007, Russell Bradford of Commonwealth Scientific and Industrial Research Organisation (CSIRO) Marine and Atmospheric Research, G.P.O. Box 1538, Hobart, Tas. 7001 (the 'exemption holder'), or a person acting as his agent, is exempt from section 71 of the Fisheries Management Act 2007 and Clause 123 of Schedule 6 of the Fisheries Management (General) Regulations 2007 but only insofar as he will not be guilty of an offence when undertaking the activities described in Schedule 1 (the 'exempted activity') using the gear specified in Schedule 2, subject to the conditions set out in Schedule 3 from the 21 May 2008 until 31 December 2008 inclusive, unless varied or revoked earlier.

#### SCHEDULE 1

1. The tagging of white sharks (*Carcharodon carcharias*).
2. The capture and release of three white sharks (*Carcharodon carcharias*) for the purpose of attaching satellite tags at North Neptune Island during the period 21 May 2008 to 27 May 2008 (inclusive).

#### SCHEDULE 2

- Non-stainless steel, barbless 14/0 or 12/0 hook attached to a short (approx. 1 m) braided wire trace (3 mm diameter);
- The trace must be attached to a 12 mm silver rope and secured under three polystyrene floats (2 x 22.5 cm diameter and 1 x 30 cm diameter).

#### SCHEDULE 3

1. Only the following persons may act as an agent of the exemption holder:
  - Employees of CSIRO Marine and Atmospheric Research;
  - Andrew Wright of Calypso Star Charters;
  - Kent Stannard of Whitetag.
2. The exemption holder must advise PIRSA Fisheries Compliance on 1800 065 522, as well as the DEH Duty Ranger on (08) 8688 3223 at least two hours prior to undertaking the exempted activity and provide details of the persons undertaking the exempted activity, proposed locations and the dates on which the exempted activity is to be conducted. Exemption No. 9902123.
3. The exemption holder must not conduct any other fishing activity including recreational fishing whilst undertaking the exempted activity.
4. While engaging in the exempted activity, the exemption holder and persons acting as his agent must be in possession of a copy of this notice. Employees of CSIRO Marine and Atmospheric Research section must have written confirmation from the exemption holder that they are acting as an agent. A copy of this notice and such a letter must be produced to a PIRSA Fisheries Compliance Officer if requested.

5. The exemption holder must not contravene or fail to comply with the Fisheries Management Act 2007 or any regulations made under that Act, except where specifically exempted by this notice.  
 Dated 20 May 2008.

W. ZACHARIN, Director of Fisheries

## ENVIRONMENT PROTECTION ACT 1993

*Vary the Approval of Category B Containers*

I, STEPHEN RICHARD SMITH, Senior Adviser, Container Deposit Legislation and Delegate of the Environment Protection Authority ('the Authority'), pursuant to section 69 of the Environment Protection Act 1993 (SA) ('the Act') hereby:

*Vary the Approval of Category B Containers:*

Approve as Category B Containers, subject to the conditions in subclauses (i) and (ii) below, each of the classes of containers identified by reference to the following matters described in the first 4 columns of Schedule 1 of this Notice which are sold in South Australia:

- (a) the product which each class of containers shall contain;
- (b) the size of the containers;
- (c) the type of containers; and
- (d) the name of the holders of these approvals.

(i) *Subsection 69 (3) Arrangements:*

The holders of these approvals must ensure that the empty containers which belong to their respective class of containers hereby approved as Category B Containers are collected from the collection depots approved under section 69 of the Act by the party named in Column 5 of Schedule 1 of this Notice; and

(ii) *Approved Refund Markings:*

- (a) The holders of these approvals must ensure that each container which belongs to their respective class of containers hereby approved as Category B Containers bears the refund marking approved by the Authority in respect of that class of containers.
- (b) The refund marking that appears on each container that belongs to the class of containers hereby approved, must be a minimum 1.5 mm for the smallest letter in the statement and a minimum 3 mm for the numeric ('5') in the statement.
- (c) The holder of these approvals must ensure that if a sticker bearing the refund marking has been approved, and is applied to the container, then the sticker must not be placed on any portion of the opening mechanism or in any other place that would require complete or partial removal of the sticker before the contents may be consumed.

## NATIONAL ELECTRICITY LAW

THE Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law (NEL) of the following matters.

Under section 95:

- the Australian Energy Regulator has requested the making of the proposed *National Electricity Amendment (Ramp Rates, Market Ancillary Service Offers, and Dispatch Inflexibility) Rule 2008*. The proposal seeks to limit a Registered Participant's ability to rebid ramp rates, market ancillary service offers, and dispatch inflexibility to pursue commercial objectives when power system security may be compromised.
- the Energy Users Association of Australia has requested the making of the proposed *National Electricity Amendment (WACC Parameter Values, Equity Beta and Gamma) Rule 2008*. The proposal seeks to amend the prescribed values of these parameters for revenue determinations for the provision of transmission and distribution services.

Submissions on each proposal can be forwarded to [submissions@aemc.gov.au](mailto:submissions@aemc.gov.au) and must be received by **19 June 2008**.

Further details on the above matter are available on AEMC's website [www.aemc.gov.au](http://www.aemc.gov.au). All documents in relation to the above matter are published on the AEMC's website and are available for inspection at the offices of the AEMC.

## RADIATION PROTECTION AND CONTROL ACT 1982

## SECTION 44

*Notice by Delegate of the Minister for Environment and Conservation*

PURSUANT to section 44 of the Radiation Protection and Control Act 1982, I, Keith Baldry, Director of the Radiation Protection Division of the Environment Protection Authority, being a person to whom the powers of the Minister under that section have been delegated under the Act, exempt any person who has been authorised to conduct *in vivo* research involving the use of ionising radiation on a human being at the Nutritional Physiology Research Centre, University of South Australia ('the University') from Regulation 45 of the Radiation Protection and Control (Ionising Radiation) Regulations 2000, subject to the conditions appearing in the Schedule.

## THE SCHEDULE

1. Such person shall only be exempted if the Human Research Ethics Committee ('the Committee') of the University has considered and approved such research, and the exemption is limited to the extent specifically approved by the Committee.

2. Such person so exempted shall have provided the following written details to the Committee for consideration at the time of making an application for approval of such research:

- (a) full details of the research that the applicant intends to undertake;
- (b) the reasons why it is necessary to expose a person to ionising radiation for the purposes of the research;
- (c) an independent assessment or verification by a medical physicist of the radiation doses and risks associated with the radiation exposure;
- (d) the written information to be given to the persons who may be exposed relating to the radiation doses and risks associated with the radiation exposure;
- (e) the number of persons who may be exposed in the course of the research; and
- (f) the precautions that the applicant will be taking to keep such exposure to a minimum.

3. In considering whether or not to approve an application of research by a person seeking exemption under this notice, the Committee shall have regard to:

- (a) the purpose of the research;
- (b) the balance between the likely benefits and risks that may be caused by the exposure of a person to ionising radiation;
- (c) the radiation doses to which any person may be exposed and the associated radiation risks;
- (d) the manner in which the radiation doses and risks are provided to the persons who may be exposed in the information sheet;
- (e) the steps to be taken by the applicant to keep such exposure to a minimum;
- (f) the number of persons who may be exposed;
- (g) the general objective as specified in section 23 of the Radiation Protection and Control Act 1982; and
- (h) the Australian Radiation Protection and Nuclear Safety Agency (ARPANSA) 'Code of Practice for the Exposure of Humans to Ionizing Radiation for Research Purposes (2005)' published as Radiation Protection Series No. 8 on 27 May 2005 and as subsequently amended from time to time.

4. The University shall notify the Radiation Protection Division of the Environment Protection Authority (EPA) in writing of the Committee's approval of any such application. Such notification to the EPA shall be made within seven days of the approval being given.

5. Any research undertaken by a person exempted under this notice shall be conducted so as to ensure that estimates of the effective dose to any individual shall not exceed the following values:

- (a) from conception to birth—0.1 millisievert;
- (b) from birth to 18 years—0.5 millisievert in any year; and
- (c) in any other case—5 millisieverts in any year.

Dated 13 May 2008.

K. BALDRY, Delegate of the Minister for Environment and Conservation

## RADIATION PROTECTION AND CONTROL ACT 1982

## SECTION 44

*Notice by Delegate of the Minister for Environment and Conservation*

PURSUANT to section 44 of the Radiation Protection and Control Act 1982, I, Keith Baldry, Director of the Radiation Protection Division of the Environment Protection Authority, being a person to whom the powers of the Minister under that section have been delegated under the Act, exempt veterinary assistants at the Adelaide Veterinary Specialist and Referral Centre from the requirement to hold a licence under section 28 of the Radiation Protection and Control Act 1982, to the extent that they may use or handle radioactive iodine-131 for the purposes of assisting veterinarians in therapy procedures involving administration of radioactive iodine-131 capsules to cats, caring for the cats and handling radioactive waste resulting from the procedures. The exemption is subject to the following conditions:

1. A veterinary assistant to which this exemption applies must have received appropriate training in the principles and practices of radiation protection in relation to the use or handling of the radioactive iodine-131; and

2. The veterinary assistant must only use or handle the radioactive iodine-131 under the supervision of a veterinarian who holds a licence under section 28 of the Act.

Dated 20 May 2008.

K. BALDRY, Delegate of the Minister for Environment and Conservation

## RADIATION PROTECTION AND CONTROL ACT 1982

## SECTION 44

*Notice by Delegate of the Minister for Environment and Conservation*

PURSUANT to section 44 of the Radiation Protection and Control Act 1982, I, Keith Baldry, Director of the Radiation Protection Division of the Environment Protection Authority, being a person to whom the powers of the Minister under that section have been delegated under the Act, exempt the specified employer, Clinpath Laboratories from the requirements of Regulation 18 of the Radiation Protection and Control (Ionising Radiation) Regulations 2000, subject to the following conditions:

1. The radiation worker handles only unsealed radioactive carbon-14 in Type C premises; and

2. The specified employer issues a personal monitoring device to a radiation worker if directed in writing by the Director of the Radiation Protection Division of the Environment Protection Authority to do so.

## Part 1—Preliminary

### 1—Short title

These regulations may be cited as the *Environment Protection (Fees and Levy) Variation Regulations 2008*.

### 2—Commencement

These regulations will come into operation on 1 July 2008.

### 3—Variation provisions

In these regulations, a provision under a heading referring to the variation of specified regulations varies the regulations so specified.

## Part 2—Variation of *Environment Protection (Fees and Levy) Regulations 1994*

### 4—Substitution of regulation 3

Regulation 3—delete the regulation and substitute:

#### 3—Interpretation

- (1) In these regulations, unless the contrary intention appears—

**accredited activity** means a prescribed activity of environmental significance carried on by a licensee in respect of which accreditation is granted under regulation 11A;

**Act** means the *Environment Protection Act 1993*;

**Adelaide airshed** means the area described in Schedule 2 clause 2;

**approved estimation or monitoring technique** for an activity means—

- (a) an estimation technique set out in an EET manual for the activity;  
or  
(b) a technique or method approved by the Authority for the activity by condition of licence or otherwise;

**assessable site**—see subregulation (2);

**assessable vehicle**—each vehicle approved by the Authority for the transport of waste under a licence that authorises a waste transport business (category A) or (category B) is to be taken to be an assessable vehicle;

***copper*** means copper and its compounds;

***designated air pollutant*** means sulphur dioxide, nitrogen oxides, particulates, volatile organic compounds or lead, but does not include ethanol emitted in the course of a prescribed activity of environmental significance specified in Schedule 1 clause 6(2) or (11) of the Act (breweries, wineries and distilleries);

***designated water pollutant*** means heat, suspended solids, nitrogen, phosphorus, organic matter, zinc, lead or copper;

***dredging*** means the prescribed activity of environmental significance specified in Schedule 1 clause 7(4) of the Act;

***earthworks drainage*** means the prescribed activity of environmental significance specified in Schedule 1 clause 7(6) of the Act;

***EET manual*** for an activity means a manual setting out techniques for making estimates in relation to the activity published by the Commonwealth for the purposes of the National Pollutant Inventory—see [www.npi.gov.au](http://www.npi.gov.au);

***environment management component*** means the environment management component of an annual authorisation fee for a licence (see regulation 10B and Schedule 1);

***EPA odour criteria*** means the criteria specified in *EPA Guideline 373/06 Odour assessment using odour source modelling* as issued by the Authority in April 2007;

***flat fee component*** means the flat fee component of an annual authorisation fee for a licence (see regulation 10);

***green waste*** means waste comprised of plants or plant matter, including leaves, twigs, branches, tree trunks, prunings, grass clippings, fruit, vegetables and fruit or vegetable scraps;

***inert waste*** means solid waste that has no active chemical or biological properties and is not subject to biological or chemical breakdown;

***lead*** means lead and its compounds;

***licence period***, in relation to a licence, means the period of 12 months from the first anniversary of the grant or renewal of the licence and each subsequent period of 12 months;

**Note—**

This is to be distinguished from the term of the licence (which is a period determined by the Authority under section 43 of the Act).

**marine environment** means—

- (a) marine waters; or
- (b) land that is covered with marine waters (whether permanently or from time to time);

**metropolitan Adelaide** has the same meaning as in the *Development Act 1993*;

**metropolitan coastal waters** means the body of waters extending 3 nautical miles seaward from the coastline forming the western boundary of metropolitan Adelaide;

**Mount Gambier airshed** means the area described in Schedule 2 clause 3;

**Mount Lofty Ranges Water Protection Area** means the Mount Lofty Ranges Water Protection Area as declared under Part 8 of the Act;

**National Pollutant Inventory** means the inventory established as a result of the *National Environment Protection (National Pollutant Inventory) Measure*;

**nitrogen** means total nitrogen;

**organic matter**—see subregulation (3);

**particulates** means particulate matter 10 micro metres or less in diameter, and includes red dust particulates;

**phosphorous** means total phosphorus;

**pollutant load-based component** means the pollutant load-based component of the resource efficiency component of an annual authorisation fee for a licence (see regulation 10C);

**Port Pirie airshed** means the area described in Schedule 2 clause 4;

**Port River region** means the area described in Schedule 2 clause 5;

**prescribed activity of environmental significance**—see regulation 3A;

**prescribed environmental measure**—see regulation 3A;

**red dust particulates** means haematite or goethite;

**reporting period** means—

- (a) for a licence authorising an activity in respect of which a report is provided to the Authority for the purposes of the National Pollutant Inventory—the period to which the report relates; or
- (b) for any other licence—the 12 month period approved by the Authority for the licence by condition of the licence or by notice in writing to the licensee;

**resource efficiency component**—the resource efficiency component of the annual authorisation fee for a licence is comprised of the pollutant load-based component and the water reuse component (see regulation 10);

**resource recovery**, in relation to waste, means—

- (a) reusing the waste; or
- (b) recycling the waste; or
- (c) recovering part of the waste for reuse;

**South East Water Protection Area** means the South East Water Protection Area as declared under Part 8 of the Act;

**Upper Spencer Gulf** means the waters described in Schedule 2 clause 6;

**waste transport business (category A)** means the prescribed activity of environmental significance specified in Schedule 1 clause 3(5) of the Act;

**waste transport business (category B)** means the prescribed activity of environmental significance specified in Schedule 1 clause 3(6) of the Act;

**water reuse component** means the water reuse component of the resource efficiency component of an annual authorisation fee for a licence (see regulation 10D);

**Whyalla airshed** means the area described in Schedule 2 clause 7;

**zinc** means zinc and its compounds.

- (2) For the purposes of these regulations, the following principles apply in relation to an **assessable site**:
  - (a) each location specified in a licence at which a prescribed activity of environmental significance may be undertaken is to be taken to be an assessable site;
  - (b) if various places are specified in a licence as a single location, then the various premises are together to be taken to be an assessable site;
  - (c) if a licence authorises a prescribed activity of environmental significance to be undertaken by means of mobile works, then the various premises at which the mobile works are used are together to be taken to be an assessable site;
  - (d) the prescribed activities of dredging, earthworks drainage and a waste transport business (category A) or (category B) are not to be regarded as being undertaken at an assessable site.
- (3) A reference in these regulations to an amount of **organic matter** is a reference to the biochemical oxygen demand of the organic matter expressed in kilograms (determined in accordance with an approved estimation or monitoring technique for the activity that produces the organic matter).

### 3A—References in Schedule 1

- (1) A reference in Schedule 1 to a *prescribed activity of environmental significance* is to be taken to be a reference to the corresponding activity as set out in Schedule 1 of the Act.
- (2) A reference in Schedule 1 to a *prescribed environmental measure* means a reference to the following measures in place during the licence period:
  - (a) for an activity specified in clause 1(6) of Schedule 1 of the Act (wood preservation works)—a system for the on-site containment of the preservatives used in the works and for monitoring whether groundwater is contaminated by a preservative used in the works;
  - (b) for an activity specified in clause 3(2) of Schedule 1 of the Act (sewage treatment works or septic tank effluent disposal scheme)—a system for the disposal of wastewater collected or otherwise managed in the works or scheme involving the sustainable reuse of the wastewater or disposal of the wastewater to an evaporation lagoon;
  - (c) for an activity specified in clause 3(3) of Schedule 1 of the Act (waste depot for solid waste)—a leachate and landfill gas management system that complies with the guidelines entitled *Environmental management of landfill facilities (municipal solid waste and commercial industrial general waste)* as issued by the Authority in January 2007;
  - (d) for an activity specified in clause 6(1) of Schedule 1 of the Act (abattoirs, slaughterhouses or poultry processing works)—measures that result in wastewater produced at the works complying with each of the following levels:
    - (i) less than 100 milligrams per litre of biochemical oxygen demand averaged over the licence period;
    - (ii) an oil and grease level that is at least 99 per cent less than that of the untreated wastewater;
    - (iii) less than 50 milligrams per litre of suspended solids averaged over the licence period,assessed in accordance with an approved estimation or monitoring technique for the activity;
  - (e) for an activity specified in clause 6(3) of Schedule 1 of the Act (composting works)—a system for preventing the contamination of groundwater by chemical substances in the compost, by means, for example, of a suitable lining under the compost;
  - (f) for an activity specified in clause 6(7) of Schedule 1 of the Act (rendering or fat extraction works)—measures that result in wastewater produced at the works complying with each of the following levels:
    - (i) less than 100 milligrams per litre of biochemical oxygen demand averaged over the licence period;
    - (ii) an oil and grease level that is at least 99 per cent less than that of the untreated wastewater;

- (iii) less than 50 milligrams per litre of suspended solids averaged over the licence period,  
assessed in accordance with an approved estimation or monitoring technique for the activity;
- (g) for an activity specified in clause 6(11) of Schedule 1 of the Act (a winery or distillery)—measures that result in wastewater produced at the winery or distillery complying with each of the following levels:
  - (i) an electrical conductivity or total dissolved solids load that is at least 50 per cent lower than that of the untreated wastewater;
  - (ii) less than 100 milligrams per litre of biochemical oxygen demand averaged over the licence period;
  - (iii) less than 50 milligrams per litre of suspended solids averaged over the licence period,  
assessed in accordance with an approved estimation or monitoring technique for the activity.

#### **5—Variation of regulation 4—Monetary value of fee unit**

- (1) Regulation 4(b), (c) and (d)—delete paragraphs (b), (c) and (d)
- (2) Regulation 4(e)—delete "all other purposes" and substitute:  
purposes not otherwise specified in this regulation
- (3) Regulation 4—before its present contents as amended by this regulation (now to be designated as subregulation (2)) insert:
  - (1) In these regulations, the monetary value of a fee unit on or after 1 July 2008 is, for the purposes of the annual authorisation fee for a licence (including a projected annual authorisation fee under regulation 8)—
    - (a) for the flat fee component—\$50.50;
    - (b) for the environment management component—\$529.00;
    - (c) for the pollutant load-based component—\$4.95;
    - (d) for the water reuse component—\$12.50.

#### **6—Substitution of regulations 5 to 11 and Part 2 and 3 headings**

Regulations 5 to 11 (inclusive) and headings to Part 2 and Part 3—delete the regulations and headings and substitute:

## Part 2—Works approval fees

### 5—Application fee for grant of works approval

- (1) The application fee for a works approval payable under section 38(1) of the Act is the number of fee units determined according to the estimated cost of the proposed works as follows:

<b>Estimated cost of proposed works</b>	<b>Fee units</b>
Up to and including \$10 000	10
More than \$10 000 but not more than \$50 000	20
More than \$50 000 but not more than \$500 000	40
More than \$500 000 but not more than \$5 million	60
More than \$5 million but not more than \$50 million	100
More than \$50 million	200

- (2) However, if public notice is to be given under section 39(1) or 39(1) and (2) of the Act in respect of the application, the amount otherwise payable under subregulation (1) is increased by the amount determined by the Authority to be the cost of publication of the notice but not exceeding—
- (a) if the notice and other similar notices are to be published together by the Authority—5 fee units;
  - (b) in any other case—20 fee units.
- (3) If a works approval is refused on an application, the Authority must refund to the applicant 50 per cent of the amount of the application fee under this regulation.
- (4) In this regulation, a reference to the estimated cost of proposed works is a reference to the amount estimated by the Authority to be the total cost of the works to which the application relates excluding any part of the costs determined by the Authority to be attributable to—
- (a) the purchase of land; or
  - (b) building or other work that will not contribute directly or substantially to the prescribed activity of environmental significance to which the application relates.

### 5A—No authorisation fee on grant or renewal of works approval and no annual authorisation fee

No authorisation fee is payable under section 40 or 43 of the Act, and no annual authorisation fee is payable under section 48 of the Act, for a works approval.

## **Part 2A—Exemption fees**

### **6—Application fee for grant of exemption**

- (1) The application fee for an exemption payable under section 38(1) of the Act is 10 fee units.
- (2) However, if public notice is to be given under section 39(1) or 39(1) and (2) of the Act in respect of the application, the amount otherwise payable under subregulation (1) is increased by the amount determined by the Authority to be the cost of publication of the notice but not exceeding—
  - (a) if the notice and other similar notices are to be published together by the Authority—5 fee units;
  - (b) in any other case—20 fee units.

### **6A—Authorisation fee on grant or renewal of exemption and annual authorisation fee**

- (1) The authorisation fee payable under section 40 or 43 of the Act, and the annual authorisation fee payable under section 48 of the Act, for an exemption will be at 1 of the following levels:
  - (a) 10 fee units;
  - (b) a multiple of 10 fee units up to 100 units;
  - (c) 100 fee units;
  - (d) a multiple of 100 fee units up to 2 500 units.
- (2) The level of the authorisation fee and annual authorisation fee for an exemption is to be determined by the Authority at its discretion having regard to the following:
  - (a) the factors specified in section 25(2) of the Act;
  - (b) any relevant environment protection policy;
  - (c) whether the applicant will be bound by an environment improvement program;
  - (d) the time of the day and the period for which the exemption will operate;
  - (e) the number of people affected by, or the extent of any other environmental impact of, the activity to which the exemption will relate;
  - (f) any relevant matter arising under the *Development Act 1993* or a Development Plan or development authorisation under that Act in relation to the location of the activity to which the exemption will relate;
  - (g) any other matter considered relevant by the Authority.
- (3) The amount of the application fee paid for an exemption is to be credited towards the amount of the authorisation fee required to be paid under section 40 of the Act for the exemption.

### 6B—Annual authorisation fee payment date for exemption

- (1) For the purposes of section 48(2)(b) of the Act, the date in each year before which the holder of an exemption must pay the annual authorisation fee to the Authority is—
  - (a) if a date is specified for the purpose in the exemption—that date; or
  - (b) in any other case—the date falling 1 month after each anniversary of the grant of the exemption.
- (2) For the purposes of section 48(4) of the Act, the penalty for failure to pay an annual authorisation fee is \$20.00 plus 1 per cent of the annual authorisation fee for the first month (or part of a month) for which the default continues and 2 per cent of the annual authorisation fee for each further month (or part of a month) for which the default continues.

## Part 3—Licence fees

### 7—Application fee for grant of licence

- (1) The application fee for a licence payable under section 38(1) of the Act is the number of fee units determined according to the applicant's projected annual authorisation fee, calculated under regulation 8(1) by reference to the Authority's reasonable assumptions at the time of the application, as follows:

<b>Projected annual authorisation fee</b>	<b>Fee units</b>
Up to and including \$2 000	10
More than \$2 000 but not more than \$5 000	20
More than \$5 000 but not more than \$10 000	30
More than \$10 000 but not more than \$50 000	50
More than \$50 000	100

**Note—**

An applicant for a licence for which an annual authorisation fee will not be payable under section 48 of the Act will nevertheless have a projected annual authorisation fee under regulation 8 for the purposes of calculating the amount of the application fee payable by the applicant.

- (2) However, if public notice is to be given under section 39(1) or 39(1) and (2) of the Act in respect of the application, the amount otherwise payable under subregulation (1) is increased by the amount determined by the Authority to be the cost of publication of the notice but not exceeding—
  - (a) if the notice and other similar notices are to be published together by the Authority—5 fee units;
  - (b) in any other case—20 fee units.

## 8—Authorisation fee payable for grant or renewal of licence

- (1) The authorisation fee payable under section 40 of the Act for the grant of a licence is the amount determined by the Authority to be the *applicant's projected annual authorisation fee*, being the amount of the annual authorisation fee (excluding the resource efficiency component) that would be payable by the applicant if the applicant were the holder of a licence liable to pay an annual authorisation fee under section 48 of the Act in respect of the projected licence period, calculated by reference to the Authority's reasonable assumptions as to what would be the nature and level of the applicant's activities if carried on for the whole of the period to which the calculations relate.
- (2) The authorisation fee payable under section 43 of the Act for renewal of a licence is the amount determined by the Authority to be the *applicant's projected annual authorisation fee*, being the amount of the annual authorisation fee that would be payable by the applicant if the applicant were the holder of a licence liable to pay an annual authorisation fee under section 48 of the Act in respect of the projected licence period, calculated by reference to the Authority's reasonable assumptions as to what would be the nature and level of the applicant's activities if carried on for the whole of the periods to which the calculations relate.
- (3) For the purposes of determining the applicant's projected annual authorisation fee—
  - (a) a reference in regulation 10 to an annual authorisation fee is to be read as if it were a reference to the projected annual authorisation fee; and
  - (b) subject to subregulation (4), a reference in these regulations to the current licence period is to be read as if it were a reference to the projected licence period; and
  - (c) a reference in these regulations to activities authorised by the licence is to be read as if it were a reference to activities to be authorised by the licence.
- (4) If the projected licence period is less than or more than 12 months—
  - (a) a pro rata adjustment is to be made to the amount of the environment management component, and, in the case of renewal, the resource efficiency component, by applying the proportion that the length of the projected licence period bears to 12 months; and
  - (b) the pro rata adjustment is to be made on the basis of months, parts of a month being counted as a full month; and
  - (c) for the purposes of determining the environment management component, if the number of fee units specified in Schedule 1 depends on an indicator of the level of activity during the licence period, the indicator is to be determined by the Authority on the basis of the Authority's estimates in relation to the activity during a period of 12 months rather than during the projected licence period.

**Examples—**

- 1 If the term of the licence is 3 months, the proportion that the length of the projected licence period bears to 12 months would be  $\frac{1}{4}$ .
  - 2 If the term of the licence is  $3\frac{1}{2}$  months, the proportion that the length of the projected licence period bears to 12 months would be  $\frac{1}{3}$ .
- (5) The amount of the application fee paid for a licence is to be credited towards the amount of the authorisation fee required to be paid under section 40 of the Act for the licence.
- (6) In this regulation—

***projected licence period*** means—

- (a) in the case of a licence for which the holder is not liable to pay an annual authorisation fee under section 48 of the Act (by reason of the fact that the term of the licence is less than 2 years or that it is an environmental authorisation of a prescribed class)—the term of the licence;
- (b) in the case of a licence for which the holder is liable to pay an annual authorisation fee under section 48 of the Act—the period between the grant or renewal of the licence and the commencement of the first licence period for which an annual authorisation fee will be payable.

**9—Annual authorisation fee payment date for licence**

- (1) For the purposes of section 48(2)(b) of the Act, the date in each year before which the licensee must pay the annual authorisation fee to the Authority is—
  - (a) if a date is specified for the purpose in the licence—that date; or
  - (b) in any other case—the date falling 1 month after each anniversary of the grant of the licence.
- (2) For the purposes of section 48(4) of the Act, the penalty for failure to pay an annual authorisation fee is \$20.00 plus 1 per cent of the annual authorisation fee for the first month (or part of a month) for which the default continues and 2 per cent of the annual authorisation fee for each further month (or part of a month) for which the default continues.

**10—Annual authorisation fee for licence**

- (1) The annual authorisation fee payable under section 48 of the Act for a licence is the sum of—
  - (a) the flat fee component determined in accordance with regulation 10A; and
  - (b) the environment management component determined for the current licence period in accordance with regulation 10B; and
  - (c) the resource efficiency component comprising—

- (i) if the pollutant threshold is exceeded in the reporting period immediately preceding the current licence period—the pollutant load-based component determined in accordance with regulation 10C; and
  - (ii) if the low salinity water threshold is exceeded in the reporting period immediately preceding the current licence period—the water reuse component determined in accordance with regulation 10D.
- (2) However, if a licence is renewed under section 43(6) of the Act and the activity undertaken pursuant to the licence has ceased, no environment management component or flat fee component is payable.
- (3) The ***pollutant threshold*** is exceeded in a reporting period if—
  - (a) the amount of a designated air pollutant emitted to air during the period from an assessable site specified in the licence exceeds—
    - (i) in the case of sulphur dioxide or nitrogen oxides—10, 000 kilograms; or
    - (ii) in the case of particulates or volatile organic compounds—1 000 kilograms; or
    - (iii) in the case of lead—100 kilograms; or
  - (b) the amount of a designated water pollutant discharged to waters during the period from an assessable site specified in the licence exceeds—
    - (i) in the case of heat—10 megawatts; or
    - (ii) in the case of suspended solids, nitrogen, phosphorus, organic matter or zinc—1 000 kilograms; or
    - (iii) in the case of lead or copper—100 kilograms,in each case, assessed in accordance with an approved estimation or monitoring technique for the activity that produces the pollutant.
- (4) The ***low salinity water threshold*** is exceeded in a reporting period if 10 megalitres or more of water is discharged to the marine environment during that period (whether directly or indirectly through pipes or channels) from an assessable site specified in the licence and the average salinity of water so discharged is less than 1 500 milligrams of total dissolved solids per litre (assessed in accordance with an approved estimation or monitoring technique for the activity that produces the water).
- (5) The pollutant threshold or low salinity water threshold is to be taken to have been exceeded in the reporting period immediately preceding the current licence period (the ***relevant reporting period***) if—
  - (a) the Authority is satisfied that the threshold has been exceeded in the relevant reporting period on the basis of information reported to the Authority in relation to the activities authorised by the licence (for the purposes of the National Pollutant Inventory, conditions of licence or otherwise); or

- (b) the Authority has not received information for the relevant reporting period or has not had an opportunity to determine whether it is satisfied as to the accuracy of information reported to the Authority for the relevant reporting period, but is satisfied that the threshold has been exceeded in the reporting period immediately preceding the relevant reporting period on the basis of information reported to the Authority in relation to the activities authorised by the licence (for the purposes of the National Pollutant Inventory, conditions of licence or otherwise); or
  - (c) the Authority is satisfied on the basis of its reasonable assumptions as to the nature and level of the activities authorised by the licence that the threshold would be exceeded if the activities were to be carried on over a 12 month period (whether or not they have in fact been carried on over such a period).
- (6) If discharges of liquid pollutants from 2 or more activities authorised by separate licences (whether or not held by the same person) are mixed by use of the same pipe or channel or otherwise so as to constitute a single discharge to waters, the Authority is to—
- (a) determine the annual authorisation fee payable for the licence as if the discharge to waters were the result of activities authorised by a single licence; and
  - (b) apportion the amount so determined between the separate licences concerned—
    - (i) on such basis as may be nominated by the holder of the licences, or, if there is more than 1 holder, on such basis as may be agreed by the holders; or
    - (ii) in the absence of such a nomination or agreement, on a basis determined by the Authority having regard to the respective environmental impacts of the discharges resulting from the activities authorised by the separate licences.

#### **10A—Flat fee component**

- (1) The flat fee component is 1 fee unit.
- (2) If no environment management component is payable for the licence, no flat fee component is payable.

#### **10B—Determining environment management component**

- (1) The environment management component is comprised of—
  - (a) a separate amount payable for each assessable site specified in the licence as follows:
    - (i) if the licence authorises only 1 prescribed activity of environmental significance to be carried on at the site during the licence period—the number of fee units specified in Schedule 1 for the activity;

- (ii) if the licence authorises 2 or more prescribed activities of environmental significance to be carried on at the site during the licence period—the highest number of fee units specified in Schedule 1 for any of the activities (or the higher number, in the case of only 2 such activities); and
  - (b) if the licence authorises a waste transport business (category A) or a waste transport business (category B)—the number of fee units determined as follows:
    - (i) the number of fee units specified in Schedule 1 for the activity for each vehicle that is an assessable vehicle during the licence period adjusted, if the vehicle is not an assessable vehicle for the whole of the licence period, by applying the proportion that the number of months during the licence period for which the vehicle is an assessable vehicle bears to 12 months;
    - (ii) for the purposes of the adjustment, part of a month is to be counted as a full month;
    - (iii) if the same vehicle is an assessable vehicle for the purposes of both a waste transport business (category A) and a waste transport business (category B) and a different number of fee units is specified in Schedule 1 for the vehicle in those different businesses, the number of fee units for the vehicle is the higher number of fee units so specified adjusted, if the vehicle is not an assessable vehicle for the whole of the licence period, as set out in subparagraph (i); and
  - (c) if the licence authorises dredging—the number of fee units specified in Schedule 1 for the activity for each day on which the activity is undertaken during the licence period; and
  - (d) if the licence authorises earthworks drainage—the number of fee units specified in Schedule 1 for the activity for each day on which the activity is undertaken during the licence period.
- (2) If the number of fee units specified in Schedule 1 depends on an indicator of the level of activity during the licence period, the indicator is to be determined by the Authority on the basis of the Authority's estimates in relation to the activity during the licence period.
  - (3) Amounts determined under this regulation are subject to any necessary adjustment under regulation 11 after the end of the licence period.

### **10C—Determining pollutant load-based component**

- (1) The pollutant load-based component is comprised of a separate amount payable for each assessable site specified in the licence.
- (2) The amount payable for an assessable site is the sum of—
  - (a) the fee units for each designated air pollutant emitted to air from the site in the course of a prescribed activity of environmental significance during the designated reporting period determined in accordance with subregulation (3); and

- (b) the fee units for each designated water pollutant discharged to waters from the site (whether directly or indirectly through pipes or channels) in the course of a prescribed activity of environmental significance during the designated reporting period determined in accordance with subregulation (4).
- (3) The number of fee units for a designated air pollutant is to be determined in accordance with the following formula:

$$DAP = T \times N \times Z$$

where—

*DAP* is the number of fee units for the designated air pollutant;

*T* is the weight (in tonnes rounded to the nearest 0.1 tonne) of the pollutant emitted to air during the reporting period, assessed—

- (a) in accordance with an approved estimation or monitoring technique for the activity that resulted in the emission; or
- (b) if the pollutant threshold is taken to be exceeded under regulation 10(5)(c), on the basis of the Authority's own estimates and reasonable assumptions as to the nature and level of the licensee's activities;

*N* is the number of fee units for the pollutant specified in Table 1;

*Z* is the zone weighting determined in accordance with Table 1 by reference to the pollutant and the location of the assessable site from which the pollutant is emitted (and if the site is located in 2 areas listed in the table, the higher zone weighting applies).

**Table 1—Fee units and zone weightings for designated air pollutants**

<b>Pollutant</b>	<b>Fee units</b>	<b>Location of assessable site</b>	<b>Zone weighting</b>
sulphur dioxide	1	All areas	1
nitrogen oxides	1	Adelaide airshed	2
		Other areas	1
particulates	10	Mount Gambier airshed	2
		In the case of red dust particulates— Whyalla airshed	4
		Other areas	1
volatile organic compounds	10	Adelaide airshed	1.5
		Areas outside the Adelaide airshed that are within a council area	1
		Other areas	0.5
lead	100	Port Pirie airshed	15
		Other areas	1

- (4) The number of fee units for a designated water pollutant is to be determined in accordance with the following formula:

$$DWP = T \times N \times Z$$

where—

*DWP* is the number of fee units for the designated water pollutant;

*T* is—

- (a) the weight (in tonnes rounded to the nearest 0.1 tonne); or
- (b) in the case of heat—the number of megawatts (rounded to the nearest megawatt),

of the pollutant discharged to waters during the reporting period, assessed—

- (c) in accordance with an approved estimation or monitoring technique for the activity resulting in the discharge; or
- (d) if the pollutant threshold is taken to be exceeded under regulation 10(5)(c), on the basis of the Authority's own estimates and reasonable assumptions as to the nature and level of the licensee's activities;

*N* is the number of fee units for the pollutant specified in Table 2;

*Z* is the zone weighting determined in accordance with Table 2 by reference to the pollutant and the location of the waters into which the pollutant is discharged (and if the pollutant is discharged into 2 areas listed in the table, the higher zone weighting applies).

**Table 2—Fee units and zone weightings for designated water pollutants**

<b>Pollutant</b>	<b>Fee units</b>	<b>Location of waters</b>	<b>Zone weighting</b>
heat	1	All waters of the State	1
suspended solids	10	Metropolitan coastal waters	2
		All other waters of the State	1
nitrogen	10	Port River region or Metropolitan coastal waters	3
		All other waters of the State	1
phosphorus	10	Port River region	2
		All other waters of the State	1
organic matter	10	Lake Bonney (South East)	2
		All other waters of the State	1
zinc	10	Upper Spencer Gulf	2
		All other waters of the State	1
copper, lead	100	Upper Spencer Gulf	2
		All other waters of the State	1

- (5) If the pollutant threshold is taken to be exceeded under regulation 10(5)(b) or regulation 10(5)(c), the pollutant load-based component is subject to any necessary adjustment under regulation 11 after the end of the licence period.
- (6) In this regulation—  
*designated reporting period* means—
  - (a) if the pollutant threshold is taken to be exceeded under regulation 10(5)(a)—the reporting period immediately preceding the current licence period;
  - (b) if the pollutant threshold is taken to be exceeded under regulation 10(5)(b)—the reporting period immediately preceding the reporting period referred to in paragraph (a);
  - (c) if the pollutant threshold is taken to be exceeded under regulation 10(5)(c)—a hypothetical reporting period of 12 months.

#### **10D—Determining water reuse component**

- (1) The water reuse component is comprised of a separate amount payable for each assessable site specified in the licence.
- (2) The water reuse component is 1 fee unit for each megalitre (rounded to the nearest megalitre) of wastewater discharged to the marine environment (whether directly or indirectly through pipes or channels) in the course of a prescribed activity of environmental significance during the designated reporting period—
  - (a) measured in accordance with an approved estimation or monitoring technique for the activity; or
  - (b) if the low salinity water threshold is taken to be exceeded under regulation 10(5)(c)—estimated by the Authority on the basis of its reasonable assumptions as to the nature and level of the licensee's activities.
- (3) If the low salinity water threshold is taken to be exceeded under regulation 10(5)(b) or regulation 10(5)(c), the water reuse component is subject to any necessary adjustment under regulation 11 after the end of the licence period.
- (4) In this regulation—  
*designated reporting period* means—
  - (a) if the low salinity water threshold is taken to be exceeded under regulation 10(5)(a)—the reporting period immediately preceding the current licence period;
  - (b) if the low salinity water threshold is taken to be exceeded under regulation 10(5)(b)—the reporting period immediately preceding the reporting period referred to in paragraph (a);
  - (c) if the low salinity water threshold is taken to be exceeded under regulation 10(5)(c)—a hypothetical reporting period of 12 months.

### **11—Adjustment of annual authorisation fee or projected annual authorisation fee at end of licence period or projected licence period**

- (1) If the Authority is satisfied after the end of a licence period that the annual authorisation fee determined for the period (as based on estimates made by the Authority under this Part or regulation 10 of the substituted regulations) was an amount less than the amount calculated by reference to the activity as actually undertaken during the licence period or the reporting period immediately preceding the licence period, the Authority may, by notice in writing to the holder of the licence or by conditions of the licence, require the holder of the licence to pay to the Authority, within a specified period, the amount determined by the Authority to represent the difference between those 2 amounts.

**Note—**

If no resource efficiency component was payable because the pollutant threshold or low salinity water threshold was determined in accordance with regulation 10(5)(b) or (c) as not having been exceeded but information subsequently reported to the Authority shows that the threshold would have been exceeded under regulation 10(5)(a) if that information had then been available and the Authority had been satisfied as to its accuracy, this subregulation will apply and a resource efficiency component will become payable.

- (2) If the holder of a licence satisfies the Authority (by such evidence as the Authority may require) after the end of a licence period that the annual authorisation fee paid for the period (as based on estimates made by the Authority under this Part or regulation 10 of the substituted regulations) was more than the amount calculated by reference to the activity as actually undertaken during the licence period or the reporting period immediately preceding the licence period, the Authority must refund to the holder of the licence the amount determined by the Authority to represent the difference between those 2 amounts.
- (3) In this regulation—

***annual authorisation fee*** includes a projected annual authorisation fee under regulation 8;

***licence period*** includes a projected licence period under regulation 8;

***substituted regulations*** means these regulations as in force immediately before the commencement of the *Environment Protection (Fees and Levy) Variation Regulations 2008*.

### **7—Variation of regulation 11A—Accredited licences**

Regulation 11A(3)(b)—delete "licence period" and substitute:  
term of the licence

**8—Variation of regulation 11C—Benefits of accreditation**

Regulation 11C(a)—delete paragraph (a) and substitute:

- (a) a 50 per cent reduction in the authorisation fee otherwise payable under section 40 or 43 of the Act, or the annual authorisation fee otherwise payable under section 48 of the Act, in relation to the accredited activity; and

**9—Revocation of regulations 12 and 13**

Regulations 12 and 13—delete the regulations

**10—Insertion of regulation 17A**

After regulation 17—insert:

**17A—Late fee for application for renewal of environmental authorisation**

For the purposes of section 43(4) of the Act, the fee for late application for renewal of an environmental authorisation is \$20.00 plus 1 per cent of the authorisation fee payable on renewal for the first month (or part of a month) for which the application is late and 2 per cent of that authorisation fee for each further month (or part of a month) for which the application is late.

**17B—Fee for renewal without application**

If an environmental authorisation under which activities continue to be undertaken is renewed under section 43(6) of the Act (without application), the holder of the authorisation must pay the Authority the authorisation fee that would have been payable under section 43(5) had the authorisation been renewed on application.

**11—Variation of regulation 19—Recovery of fee instalments**

- (1) Regulation 19—delete "these regulations" first occurring and substitute:  
the regulations under the Act
- (2) Regulation 19—delete "these" second occurring

**12—Variation of regulation 20—Additional charge on fee paid by instalments**

- (1) Regulation 20—after "fee" insert:  
under the Act or the regulations under the Act
- (2) Regulation 20—after "interest" insert:  
, or an administrative fee,

**13—Insertion of regulation 21**

After regulation 20 insert:

**21—Fee increase if instalment outstanding**

If the Authority allows a fee to be paid by instalments, the fee is the amount that would be payable under the Act or the regulations under the Act apart from this regulation plus, for each instalment that is not paid by the date for payment, \$20 plus 1 per cent of the instalment for the first month for which the default continues and 2 per cent of the instalment for each further month for which the default continues.

**14—Substitution of Schedules 1, 2 and 3**

Schedules 1, 2 and 3—delete the Schedules and substitute:

## **Schedule 2—Descriptions and maps of areas**

### **1—Interpretation**

- (1) For the purposes of the descriptions in this Schedule—
  - (a) all lines are geodesic lines based on the Geocentric Datum of Australia 1994 (GDA94) as defined in the Commonwealth of Australia Gazette GN35 of 6 September 1995; and
  - (b) all coordinates are given according to the Map Grid of Australia 1994 (a projection of the geographical coordinate set (latitude and longitude) of GDA94 by Universal Transverse Mercator, using the GRS80 ellipsoid, according to the relevant zone).
- (2) The point references given in a description in this Schedule are references to the corresponding points in the map that follows the description.
- (3) The maps included in this Schedule are provided for convenience of reference only.

## 2—Adelaide airshed

The Adelaide airshed is comprised of the area contained within and bounded by a line commencing (in zone 54) at East 299000m, North 6173000m (point 1), then southerly to East 299000m, North 6103000m (point 2), then westerly to East 269000m, North 6103000m (point 3), then northerly to East 269000m, North 6173000m (point 4), then easterly to the point of commencement, but excluding that part of the area that is more than 300 metres above sea level.

### 3—Mount Gambier airshed

The Mount Gambier airshed is comprised of the area contained within and bounded by a line commencing (in zone 54) at East 487100m, North 5821300m (point 1), then southerly to East 487100m, North 5806300m (point 2), then westerly to East 472100m, North 5806300m (point 3), then northerly to East 472100m, North 5821300m (point 4), then easterly to the point of commencement.

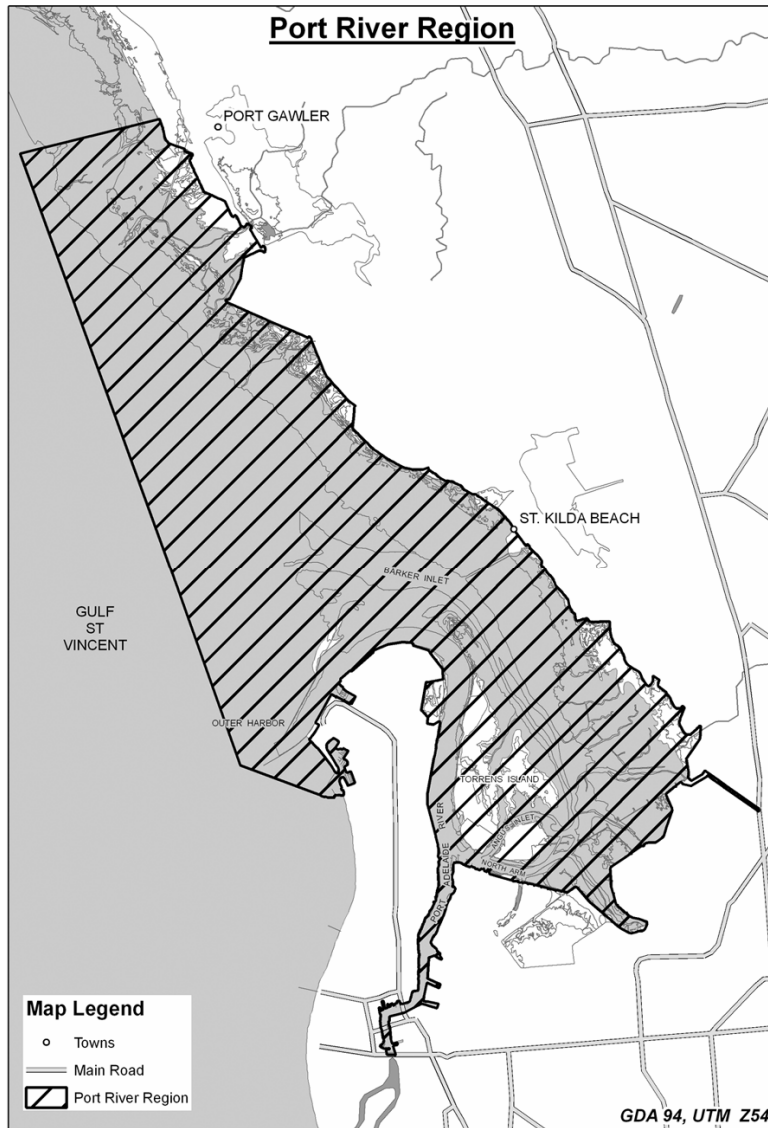

#### 4—Port Pirie airshed

The Port Pirie airshed is comprised of the area contained within and bounded by a line commencing (in zone 53) at East 790400m, North 6330700m (point 1), then southerly to East 790400m, North 6315700m (point 2), then westerly to East 775400m, North 6315700m (point 3), then northerly to East 775400m, North 6330700m (point 4), then easterly to the point of commencement.

### 5—Port River region

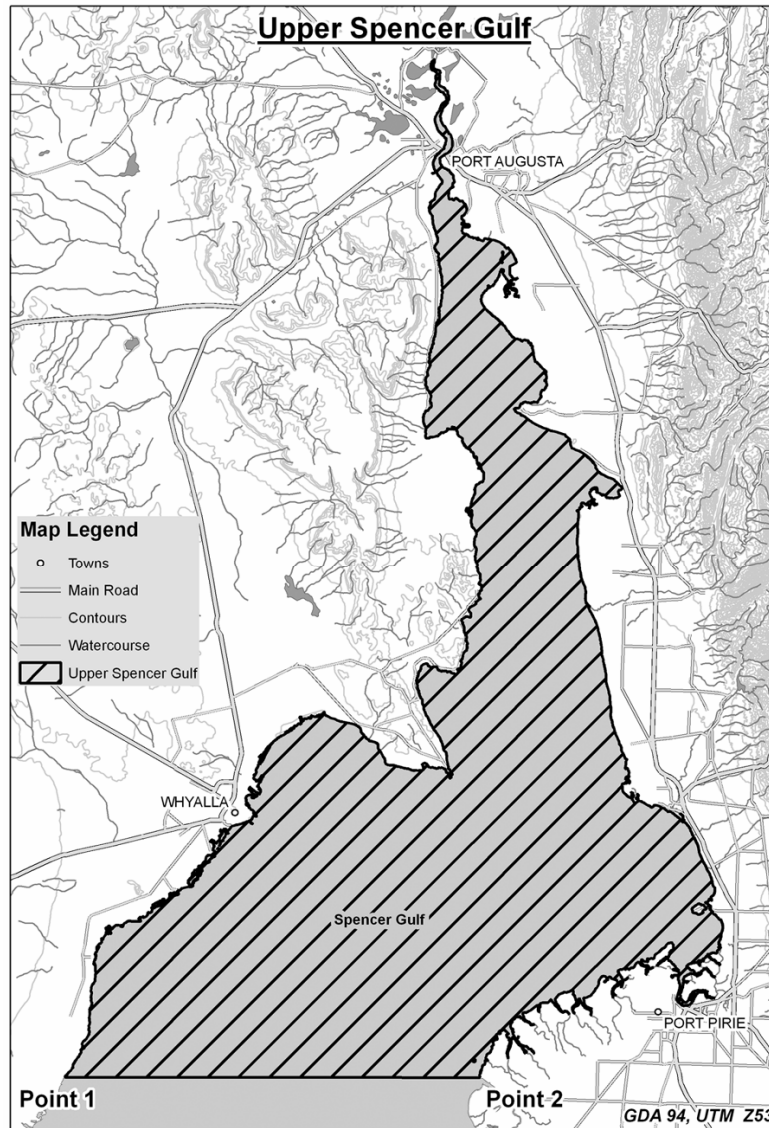

The Port River region comprises the waters (within the limits of the State and vested in the Crown) of the Adelaide Dolphin Sanctuary established by the *Adelaide Dolphin Sanctuary Act 2005* as at the date of commencement of these regulations.

## BY-LAW MADE UNDER THE LOCAL GOVERNMENT ACT 1999

*By-law No. 1—Permits and Penalties*

TO provide for a permit system and penalties in Council by-laws, to clarify the construction of such by-laws and to repeal by-laws.

A. All previous by-laws made or adopted by the Council, prior to the date this by-law is made, are hereby repealed.

*Permits*

1. (1) In any by-law of the Council the word 'permission' means the permission of the Council given in writing.

(2) The Council may attach such conditions to a grant of permission as it thinks fit and may vary or revoke such conditions or impose new conditions by notice in writing to the permit holder.

(3) A permit holder will comply with every such condition. Failure to do so constitutes a breach of this by-law.

(4) The Council may revoke such grant of permission at any time by notice in writing to the permit holder.

*Penalties*

2. Any person who commits a breach of any by-law of the Council, including of a continuing nature, will be guilty of an offence and, in addition to any other penalty that may be imposed, will be liable to a further penalty for every day on which the offence is continued. Penalties for any breach of a by-law are set at the maximum amount that can be prescribed by by-law.

*Construction*

3. Every by-law of the Council will be subject to any Act of Parliament and Regulations made thereunder.

The foregoing by-law was duly made and passed at a meeting of the Council of the City of Norwood Payneham & St Peters held on 5 May 2008, by an absolute majority of the members for the time being constituting the Council, there being at least two-thirds of the members present.

## BY-LAW MADE UNDER THE LOCAL GOVERNMENT ACT 1999

*By-law No. 2—Moveable Signs*

TO set standards for moveable signs, banners and other signs on roads and to provide conditions for the placement of such signs.

*Definitions*

1. In this by-law:

- (1) 'footpath' means:
  - (a) a footway, lane or other place made or constructed for the use of pedestrians and not for the use of motor vehicles;
  - (b) that part of a road between the edge of the carriageway and the boundary between the road and the adjoining land on the same side of the carriageway as that edge;
- (2) 'approved construction' means a moveable sign which:
  - (a) is not more than 1 000 mm in height, 600 mm in depth and 600 mm in width;
  - (b) is constructed so as not to be (or be likely to be) a hazard to a member of the public using the footpath upon which the moveable sign has been placed;
  - (c) is constructed so as to be (and to be likely to be) stable when displayed upon a footpath including being stable during inclement weather conditions;
  - (d) does not rotate, contain flashing lights or is illuminated internally or externally; and
  - (e) does not have balloons, flags, streamers or other things attached to it.
- (3) 'authorised officer' means a person lawfully exercising the delegated authority of the Council to exercise any powers or discretion under this by-law;
- (4) 'business premises' means the premises from which a business, trade or calling is conducted;
- (5) 'moveable sign' has the same meaning as in section 4 of the Local Government Act 1999;
- (6) 'public road' has the same meaning as in section 4 of the Local Government Act 1999.

*Construction*

2. A moveable sign displayed on a public road:

- (1) will be a kind known as an 'A' Frame or Sandwich Board sign, an 'Inverted "T"' sign, or a flat sign;
- (2) will:
  - (a) be constructed and maintained in good quality and condition;
  - (b) be of strong construction with no sharp or jagged edges or corners;
  - (c) not be unsightly or offensive in appearance;
- (3) will:
  - (a) be constructed of timber, metal, plastic or plastic-coated cardboard, or a mixture of such materials;
  - (b) not exceed 1 000 mm in height, 600 mm in depth and 600 mm in width;

- (4) will not be likely to fall over or collapse;
- (5) in the case of an 'A' Frame or Sandwich Board sign:
  - (a) will be hinged or joined at the top;
  - (b) will be of such construction that its sides will be securely fixed or locked in position when erected; and
- (6) in the case of an 'Inverted "T"' sign, will contain no struts or members that run between the display area and the base of the sign.

#### Placement

3. A moveable sign displayed on a public road must:
  - (1) not be placed on a median strip, traffic island or carriage-way;
  - (2) not be placed anywhere except on a footpath;
  - (3) not be placed on a footpath that is less than 2.5 m wide;
  - (4) not be placed on the sealed part of a footpath unless the sealed part is wide enough to contain the sign and still leave a clear thoroughfare of at least 1.5 m wide;
  - (5) not be placed on a landscaped area (other than when landscaping comprises only lawn);
  - (6) not be placed on a designated parking area or within 1 m of an entrance to premises;
  - (7) not, without permission, be fixed, tied or chained to, or leaned against any bus shelter;
  - (8) not be placed within 10 m of the far kerb of an intersection or in such a position or such circumstances, including where the view of any user of the street, road or footpath, including motorists, is obstructed, that the safety of the user of the road or footpath, including motorists, is at risk;
  - (9) not, without permission be fixed, tied or chained to, or leaned against or placed closer than 2 m to any other structure, object, plant (including another moveable sign) or tree;
  - (10) be securely anchored down with an appropriate device to minimise the likelihood of the sign being blown over in inclement weather or knocked down.

#### Restrictions

4. A moveable sign displayed on a public road is subject to the following restrictions:
  - (1) must only contain material which advertises a business or the goods or services available within a business being conducted on premises adjacent to the moveable sign;
  - (2) only one moveable sign will be displayed in relation to a business premises;
  - (3) must not be in place unless the business to which it relates is open to the public;
  - (4) must be clearly visible during the hours of darkness;
  - (5) must be of an approved construction.

#### Appearance

5. A moveable sign displayed on a public road will:
  - (1) be painted or otherwise detailed in a competent and professional manner;
  - (2) be legible and simply worded to convey a precise message;
  - (3) be of such design and contain such colours which are compatible with the architectural design of the premises adjacent to the sign and which relate well to the townscape and overall amenity of the locality in which it is situated; and
  - (4) contain combinations of colour and typographical styles which blend in with and reinforce the heritage qualities of the locality and the buildings where it is situated.

#### Banners

6. A banner which is visible from a public road will only be displayed if it:
  - (1) is securely fixed to a fence so that it does not hang loose or flap and provided that prior permission is obtained in the case of attachment to any Council property;
  - (2) only advertises an event to which the public are invited; and
  - (3) is displayed not more than one month before the event it advertises and not more than one week afterwards.

#### Signs on Council Land

7. No person will without permission on any land vested in or under the control of the Council (including public roads) display a sign on a parked vehicle:
  - (1) indicating that the vehicle is for sale; or
  - (2) which rests on or which is attached to the vehicle and which advertises a product or business excepting:
    - (a) a licensed taxi, a vehicle belonging to any Council or controlling authority, a bus greater than 6 m in length and a vehicle which only has a sign or signs painted on or glued to it the main purpose of which is to identify it as belonging to a business; and
    - (b) a sign comprising a sunscreen on a vehicle, where any message or trade name or mark on the sunscreen does not advertise a business being carried on in a vicinity of the place the vehicle is parked, or the products available from that business.

#### Exemptions

8. This by-law does not apply to a moveable sign which:
  - (1) directs people to premises that are open for inspection, for sale or lease, provided the sign is in place only on the day of the inspection;
  - (2) advertises a garage sale, taking place from residential premises, provided the sign does not restrict the use of the road or endanger members of the public and provided that the sign is in place only on the day of the garage sale;
  - (3) is a flat sign containing only the banner or headlines of a newspaper or magazine;
  - (4) relates to a State or Commonwealth election and is displayed during the period commencing on the issue of the writ or writs for the election and ending at the close of polls on polling day;
  - (5) relates to an election held under the Local Government Act 1999 or the Local Government (Elections) Act 1999 and is displayed during the period commencing four weeks immediately before the date that has been set (either by or under either Act) for polling day and ending at the close of voting on polling day;
  - (6) is a sign in a location for which permission has first been obtained.

#### Removal of Unauthorised Moveable Signs, Banners or Other Signs

9. (1) An Authorised Officer may remove from any public road or footpath a moveable sign, banner or other sign that has been placed in contravention of this by-law or of section 226 of the Local Government Act 1999.
  - (2) If a moveable sign, banner or other sign is removed under subparagraph (1) and is not claimed within 14 days of such removal, the Authorised Officer may sell, destroy or otherwise dispose of the moveable sign, banner or other sign, as the Authorised Officer deems fit.
  - (3) Any person who displays an unauthorised moveable sign, banner or other sign, or who is the owner of an unauthorised moveable sign, banner or other sign, which has been removed under subparagraph (1) must pay the Council any reasonable costs incurred in removing, storing or attempting to dispose of it before becoming entitled to recover the banner or sign.

*Removal of Authorised Moveable Signs, Banners and Other Signs*

10. A moveable sign, banner or other sign must be removed or relocated at the request of an Authorised Officer if:

- (1) in the opinion of that Authorised Officer and notwithstanding compliance with this by-law, there is any hazard or obstruction or there is likely to be a hazard or obstruction arising out of the location of the moveable sign;
- (2) so required by that Authorised Officer for the purpose of special events, parades, road or footpath works or any other circumstances which, in the opinion of that Authorised Officer, requires relocation or removal of the moveable sign, banner or other sign.

The foregoing by-law was duly made and passed at a meeting of the Council of the City of Norwood Payneham & St Peters held on 5 May 2008, by an absolute majority of the members for the time being constituting the Council, there being at least two-thirds of the members present.

## CITY OF NORWOOD PAYNEHAM &amp; ST PETERS

BY-LAW MADE UNDER THE DOG AND CAT MANAGEMENT ACT 1995 AND THE LOCAL GOVERNMENT ACT 1999

*By-law No. 5—Dogs*

FOR the management of dogs within the City and to limit the number of dogs kept in premises.

*Definitions*

1. In this by-law:

- (1) 'dog' means an animal of the species *canis familiaris* but does not include a dingo or cross of a dingo;
- (2) 'small dwelling' means a flat, a service flat, home unit or a suite of rooms which is wholly occupied, or designed or intended or adapted to be occupied, as a separate dwelling, but does not include a detached, semi-detached or row dwellinghouse;
- (3) 'approved kennel establishment' means a building, structure or area approved by the relevant authority, pursuant to the Development Act 1993, for the keeping of dogs on a temporary or permanent basis;
- (4) a person is exercising 'effective control of a dog by means of physical restraint' if:
  - (a) the person is exercising effective control of the dog by means of a chain, cord or leash that does not exceed 2 m in length restraining the dog; or
  - (b) the person has effectively secured the dog:
    - (i) by placing it in a cage, vehicle or other object or structure; or
    - (ii) by tethering it to a fixed object by means of a chain, cord or leash that does not exceed 2 m in length;
- (5) a person is exercising 'effective control of a dog by means of command' if the dog is in close proximity to the person and the person is able to see the dog at all times;

- (6) 'Council approved activities' means activities that the Council has approved in writing and will include 'one off' as well as regular activities.

*Limit on Dog Numbers*

2. (1) The limit on the number of dogs kept, which are of the age of three months or older, will be:

- (a) in a small dwelling, one dog; and  
(b) in premises other than a small dwelling, two dogs.

(2) No person will, without obtaining the written permission of the Council, keep any dog on any premises where the number of dogs on those premises exceeds the limit unless the premises are approved as a kennel establishment.

*Dog Free Areas*

3. No person will in the following locations cause, suffer or permit any dog under that person's control, charge or authority (except a Guide Dog) to be in, or remain in that place:

- (1) Any area within 15 m of public play equipment, unless the public play equipment is fenced, in which case, within such fenced area.  
(2) Any area within 15 m of public picnic or barbeque areas.  
(3) Any other area stipulated in the Council's Urban Animal Management Plan, as amended from time to time.

*Dogs On-Leash Areas*

4. No person will on any land that is not a dog free area or a dog exercise area cause, suffer or permit any dog under that person's control, charge or authority to be or remain in that place unless that person is exercising effective control of such dog by means of physical restraint and preventing it from being a nuisance or a danger to other persons or animals.

*Dog Exercise Areas*

5. (1) Any person may enter any area which has been dedicated by the Council a dog exercise (off-leash) area in the Council's Urban Animal Management Plan, as amended from time to time, for the purpose of exercising a dog under that person's control in accordance with any conditions contained in the Council's Urban Animal Management Plan.

(2) Where a person enters upon such part of Council land for that purpose, that person will ensure that the dog or dogs under their control remains under effective control:

- (a) when Council approved activities are being undertaken, by means of physical restraint;  
(b) at other times during which the land is available for use as an off-leash park, by means of physical restraint or command.

*Exemptions*

6. The physical restraint restrictions in this by-law do not apply to a person participating in a dog obedience training class, the holding of which has been approved by the Council, provided that person is ensuring that the dog or dogs under their control remains under effective control by means of command.

*Dog Obedience Classes*

7. No person will without prior permission conduct dog obedience training classes on Council land.

*Dog Faeces*

8. No person will cause, suffer or permit a dog under that person's control, charge or authority to be on or to remain on Council land unless that person has in their possession a bag or other suitable container on their person for the collection of any faeces from that dog for the purpose of complying with the obligation in section 45A (6) of the Dog and Cat Management Act 1995.

The foregoing by-law was duly made and passed at a meeting of the City of Norwood, Payneham & St Peters held on 5 May 2008, by an absolute majority of the members for the time being constituting the Council, there being at least two-thirds of the members present.
