 - (a) a facilities levy for a vessel has been paid in respect of a period (the *initial period*); and
 - (b) a further facilities levy becomes payable for the vessel because a certificate of registration, inspection or survey is proposed to be issued for a period (the *subsequent period*) that commences before the expiry of the initial period,

the amount of the facilities levy payable on the registration, inspection or survey of the vessel for the subsequent period is to be reduced by the amount of the facilities levy already paid in respect of the whole months for which the initial period and subsequent period overlap.

- (4) If the amount of the facilities levy already paid in respect of the whole months for which the initial period and subsequent period overlap is greater than the amount payable for the subsequent period, no facilities levy is payable.

Example—

A vessel is registered as a fishing vessel on 1 January 2010 for a period of 2 years and a facilities levy of \$100 is paid. A decision is made to use the vessel as a trading vessel and so it is surveyed for a period of 1 year commencing on 1 July 2010. No facilities levy is payable on survey if the amount that would be payable apart from this subregulation is less than \$50 (being the amount of the facilities levy already paid in respect of the period 1 July 2010 to 30 June 2011). If the vessel is further surveyed for a period of 1 year commencing on 1 July 2011, the levy then payable will be that payable for the year less \$25 (being the amount of the facilities levy already paid in respect of the period 1 July 2011 to 31 December 2011).
