  - (c) the gambling provider is exempted in the terms set out in the management plan from compliance with the variable requirements; and
  - (d) the gambling provider is required to comply with the substitute requirements—by operation of this clause.
- (2) A management plan must recite the basis on which the gambling provider says substitute requirements compensate for, or are the equivalent of, variable requirements.
- (3) For the purposes of this clause, a variable requirement is a requirement of Chapter 2 or Chapter 3 which the Chapter expressly identifies as being variable by a management plan.
- (4) A management plan is constituted by one or more documents filed by a gambling provider with the Authority.

- (5) Subject to sub-clauses (6) and (7), the establishment, alteration or revocation of a management plan is effective from the commencement date or dates set out in the relevant filing.
- (6) A commencement date under sub-clause (5) cannot be earlier than 21 days after the date on which filing was made, unless the Authority specifically authorises that commencement.
- (7) The Authority may disallow a management plan in whole or in part by notice of disallowance given to the gambling provider.

  - (a) in the case of a notice given in respect of the establishment or alteration of a management plan before the date on which the plan or variation commences, forthwith;

## 7 Dispensations

  - (b) a dispensation from—
    - (i) the radio blackout requirement of clause 23, in respect of advertising on a radio broadcasting service; and
    - (ii) the television blackout requirement of clause 24, in respect of advertising on a television broadcasting service—

if the Authority is satisfied that the advertising will not be incompatible with family time or that the dispensation is otherwise in the public interest;
  - (c) a dispensation from a requirement of Chapter 3 (other than a requirement relating to pre-commitment) if the Authority is satisfied that a regulatory requirement of another State, or of a Territory, in which the gambling provider operates presents a suitable responsible gambling alternative; and
  - (d) a time limited or transitional dispensation from the application of a new requirement or obligation.

*Example:* A “new” requirement would be, on 1 March 2014, the requirement for the mandatory warning message to be spoken at the same time as it appears on television, because that is not a requirement of any of the codes this notice replaces.

- (2) A dispensation may be granted under sub-clause (1) on the application of a gambling provider or an agent of a gambling provider, or on the initiative of the Authority.
- (3) A dispensation under sub-clause (1) may be granted for the benefit of the applicant, for the benefit of a class of gambling providers or for the benefit of gambling providers generally.

    - (ii) are consistent with the actual relationship between the gambling provider and the peak body;

*Examples:* Clause 46(4)(c) requires a gambling provider to maintain management level contact with an appropriate gambling rehabilitation agency. This provision would allow the necessary relationship to be established for a gaming machine licensee by Club Safe or Gaming Care. In the case of an SA TAB agent, the relationship could be established by SA TAB on behalf of its agents. In the case of an SA Lotteries agent, the relationship could be established by either Tatts (as master agent) or the Lotteries Commission itself.

- (b) does not apply to the training obligations in Part 5 of Chapter 3.

- (c) if the letter “A”, “B”, “C” or “D” appears in Column C of the table in Schedule 2 next to the listing of a mandatory provision, the offence of contravention or failure to comply with the mandatory provision is declared to be an expiable offence in the category corresponding to that letter;
