DEVELOPMENT ACT 1993: SECTION 48

DECISION BY THE GOVERNOR

Preamble

1. On 18 December 2008, the Minister for Urban Development and Planning published in the *Gazette* a declaration under Section 46 of the Development Act 1993 in respect of any development of a kind listed in Schedule 1 of that notice in the parts of the State listed in Schedule 2 of that notice.

2. A development proposed by Nan Hai Pu Tuo Temple of Australia Inc. to establish and operate a Buddhist Temple, including shrines, pagoda, accommodation and ancillary works and development on Main South Road, Sellicks Hill is the subject of a development application lodged on 27 January 2009.

3. In accordance with the declaration referred to in Paragraph 1 of this Preamble, the proposed development has been under consideration under Division 2 of Part 4 of the Act. The proposed development has been the subject of a Development Report and an Assessment Report under Sections 46 and 46D of the Act, and is hereafter referred to as the 'proposed Major Development'.

4. I am satisfied that the Development Report and Assessment Report prepared in relation to the proposed Major Development are appropriate and have had regard, when considering the proposed Major Development, to all relevant matters under Section 48 (5).

5. I have decided to grant a provisional development authorisation to the proposed Major Development, whilst reserving the decision on specified matters until further assessment of the proposed development.

Decision

PURSUANT to Section 48 of the Development Act 1993 and with the advice and consent of the Executive Council, and having due regard to the matters set out in Section 48 (5) and all other relevant matters, I:

(a) grant a provisional development authorisation in relation to the proposed Major Development under Section 48 (6), subject to the conditions set out in Part B below;

(b) pursuant to Section 48 (6) reserve my decision on the matters specified in Part A below;

(c) specify under Section 48 (7) (b) (i) all matters which are the subject of conditions herein and all reserved matters herein as matters in respect of which conditions of this authorisation may be varied or revoked, or new conditions attached; and

(d) specify for the purposes of Section 48 (11) (b) the period of two years from the date of this provisional development authorisation as the time within which substantial work must be commenced on site, failing which I may cancel this authorisation under Section 48 (11) and proceed to refuse a final development authorisation under Section 48 (2) (a).

PART A: RESERVED MATTERS

The following are the matters reserved for further assessment:

- (a) The proponent must prepare detailed design drawings for all structures on site for approval by the Minister for Planning. The final design drawings must show the layout of the structures on the site and the sustainability measures proposed by the proponent including:
 - (i) The layout of photovoltaic cells on the accommodation units; and
 - (ii) The orientation of buildings to maximise northern exposure.
- (b) The proponent must enter into a Developer Agreement with the Department of Planning, Transport and Infrastructure for the required works. The works shall include (but not be limited to) the following:
 - (i) Channelised right-turn (CHR) treatment and (short) left-turn treatment (AUL(s)) at the Main South Road/Cactus Canyon Road junction and any associated changes to the existing overtaking lane on Main South Road located just south of Cactus Canyon Road, guard fencing and the informal parking bay on Main South Road located just north of Cactus Canyon Road.
 - (ii) Constructing a 'level' section of Cactus Canyon Road at its junction with Main South Road that can accommodate the largest vehicle expected to enter the site.
 - (iii) Sealing the section to Cactus Canyon Road (from its junction with Main South Road to a point just north of the access to the Temple).
 - (iv) Providing sufficient width on Cactus Canyon Road to accommodate simultaneous two-way movements.
 - (v) Any other civil related works to establish appropriate road grades to connect to existing levels.
 - (vi) Providing Safe Intersection Sight Distance (SISD) at the Main South Road/Cactus Canyon Road junction, using a design speed of 110 km/h.

PART B: CONDITIONS OF PROVISIONAL DEVELOPMENT AUTHORISATION

1. The development authorisation granted hereunder is provisional only, does not operate as a final development authorisation, and does not therefore authorise implementation of the proposed Major Development. Only an authorisation granted under Section 48 (2) (b) (i) can operate to authorise implementation of the proposed Major Development, which authorisation will only be granted after the reserved matters have been assessed and approved.

1a. Except where minor amendments may be required by other legislation, or by conditions imposed herein, the proposed Major Development must be undertaken in strict accordance with the following documents:

- Development Application from Nan Hai Pu Tuo Temple of Australia Inc. dated 27 January 2009 (except to the extent that it may be varied by a subsequent document in this paragraph).
- Development Application from Nolan Rumsby Planners dated 19 December 2011 (except to the extent that it may be varied by a subsequent document in this paragraph).
- Development Report, Nan Hai Pu Tuo Temple, prepared by Hames Sharley (for the Nan Hai Pu Tuo Temple of Australia Inc.), dated September 2010 (except to the extent that it may be varied by a subsequent document in this paragraph).

Building Work

2. Before any building work is undertaken on the site, the building work must be certified by a private certifier, or by some person determined by the Minister for Planning, as complying with the provisions of the Building Rules.

Parking and Access

3. The works required to provide safe and convenient access must be designed and constructed to the satisfaction of DPI and in accordance with the Austroads Guide to Road Design Part 4A: Unsignalised and Signalised Intersections, with all costs (including design, construction, project management, any upgrade of drainage, footpaths or road lighting required, any changes to guard fencing etc.) being borne by the developer. The works shall be completed prior to the opening of the Temple and associated facilities. The works must include an independent safety audit of the design.

4. The main car and bus parking area shown on Site Plan S03 must be sealed with a permeable surface and provide for 100 car parking spaces and four bus parking spaces. The parking layout including surface paving, parking dimensions and line marking must be undertaken in accordance with the Yankalilla Council's requirements.

5. The overflow car parking area shown on Site Plan S03 must provide an all weather surface and provide for 50 car parking spaces. The overflow car park must be constructed in accordance with the Yankalilla Council's requirements.

6. All car parking and manoeuvring areas shall conform to Australian/New Zealand Standards for off-street parking; AS/NZS 2890.1:2004 Parking facilities—Off-street car parking and AS 2890.6-2009 Off-street parking for people with disabilities.

- (b) Total phosphorous—45% retention of the typical urban annual load with no treatment.
- (c) Total nitrogen—45% retention of the typical urban annual load with no treatment.
- (d) Achieve run-off rates as near as practicable to pre-development levels.

Landscaping

13. The proponent must prepare a detailed Landscaping Plan and Planting Schedule for the site, using locally indigenous species (with the exception of the Chinese Garden). The Plan must indicate the mature height and density of species used to screen the temple and associated infrastructure. The Landscaping Plan must be lodged with the Minister for Planning (or his delegate) for approval prior to operation of the facility.

14. When landscaping of the site is established it must be maintained in good health and condition at all times. A plant must be replaced if and when it dies or becomes seriously diseased within the first growing season.

Construction Activities

15. The proponent must prepare a Construction Environmental Management and Monitoring Plan (CEMMP), in consultation with the Environment Protection Authority (EPA). Prior to construction activities commencing on-site, the CEMMP must be approved by the Minister for Planning. The approved CEMMP must be implemented by the proponent and include measures that at a minimum address the following:

16. Operating hours for construction activities and construction truck movements to and from the site must be limited to the hours of 7 a.m. to 7 p.m., Monday to Saturday inclusive.

17. The proponent must implement the development in accordance with approved engineering construction plans for roads, drainage, footpaths and intersections.

18. Stockpiled soils must be suitably managed to control dust emissions, erosion and weed infestation.

19. The proponent must prepare a site history report that:

- (a) has been prepared by a site contamination consultant in accordance with Schedules A and B of the National Environment Protection (Assessment of Site Contamination) Measure 1999 (NEPM);
- (b) documents the preliminary investigations at the site carried out in accordance with the NEPM;
- (c) determines whether a potentially contaminating land use as described in Appendix 1 of Planning Advisory Notice 20 has occurred with the potential to cause site contamination affecting the site; and
- (d) provides statements in relation to the existence of site contamination at the site. Statements by site contamination consultants in relation to site contamination must be clearly qualified as to the existence of site contamination at the site by specifying the land uses that were taken into account in forming that opinion as required by Section 103ZA of the Environment Protection Act 1993.

Servicing

20. Sufficient access must be provided for on-site manoeuvrability of waste collection vehicles and an appropriate screening treatment must be given to the waste disposal area.

Heritage

21. The proponent must prepare a Risk Management Plan prior to construction commencing on the site that identify measures for the protection of identified Aboriginal sites during construction and operation of the Temple and associated infrastructure.

Wastewater

22. The proponent must consult with the Department of Health about the proposed wastewater treatment system and ensure appropriate approvals are in place prior to the operation of the Temple, accommodation units and associated infrastructure.

Staging and Completion

23. The proponent must address the reserved matters and submit relevant documentation for approval within 12 months hereof failing which I may cancel this provisional authorisation and exercise my power to refuse approval to the development under Section 48 (2) (a).

24. Any final authorisation granted under Section 48 (2) (b) (i) shall be subject to a condition that the proponent must complete substantial work on-site within two years of the date of this provisional development authorisation, failing which I may cancel the final authorisation.

25. In addition, any final development authorisation granted under Section 48 (2) (b) shall be subject to a condition that the proponent must comply with the following staging and timing requirements failing which I may cancel the authorisation:

- Stage 1—two years from the date of final development authorisation to complete road junction works and site works for construction elements.
- Stage 2—four years from the date of final development authorisation to complete main, side and rear shrines, statue, pagoda, car parking and access, and Chinese Memorial Gardens.
- Stage 3—six years from the date of final development authorisation to complete front shrine, courtyards and covered walkways.
- Stage 4—seven years from the date of final development authorisation to complete all accommodation units.

PART C: NOTES TO PROPONENT

The following is advised to the proponent:

1. *Building Rules*

The proponent must obtain a Building Rules assessment and certification from either the District Council of Yankalilla or a private certifier (at the proponent's option) and forward to the Minister for Planning all relevant certification documents as outlined in Regulation 64 of the Development Regulations, 1993.

Pursuant to Development Regulation 64, the proponent is especially advised that the District Council of Yankalilla or private certifier conducting a Building Rules assessment must:

- (a) provide to the Minister for Urban Development and Planning a certification in the form set out in Schedule 12A of the Development Regulations 1993 in relation to the building works in question; and
- (b) to the extent that may be relevant and appropriate:
 - (i) issue a Schedule of Essential Safety Provisions under Division 4 of Part 12;
 - (ii) assign a classification of the building under these regulations; and
 - (iii) ensure that the appropriate levy has been paid under the Construction Industry Training Fund 1993.

Regulation 64 of the Development Regulations 1993 provides further information about the type and quantity of all Building Rules certification documentation for Major Developments required for referral to the Minister for Urban Development and Planning. The District Council of Yankalilla or private certifier undertaking Building Rules assessments must ensure that the assessment and certification are consistent with the provisional development authorisation (including its Conditions and Notes).

2. *Landscaping Plan and Schedule*

The Landscaping Plan and Schedule should provide the following:

- (a) details shall be provided showing street furniture, shading devices and lighting;
- (b) location of tanks for water reuse for irrigation purposes;
- (c) details of the fencing to be provided; and
- (d) further landscaping details in respect of the site boundaries to ensure adequate screening.

3. *Construction, Environmental Management and Monitoring Plan Covering Pre-construction and Construction Phases*

A Construction Environmental Management and Monitoring Plan (CEMMP) covering both pre-construction and construction phases should be prepared in consultation with the Environment Protection Authority, before its submission to the Minister for Planning for approval. The CEMMP should include the following:

- (a) reference to, and methods of adherence to, all relevant Environment Protection Authority (EPA) policies and codes of practice for construction sites;
- (b) to address management issues during construction and including a site audit;
- (c) timing, staging and methodology of the construction process and working hours (refer also to condition outlining working hours);

- (d) a risk assessment relating to the potential impacts of construction activities;
- (e) traffic management strategies during construction;
- (f) management of infrastructure services during construction and re-establishment of local amenity and landscaping;
- (g) control and management of construction noise, dust and mud;
- (h) a soil erosion and drainage management plan prepared in accordance with the Stormwater pollution prevention code of practice for the building and construction industry (1999);
- (i) http://www.epa.sa.gov.au/xstd_files/Water/Code%20of%20practice/bccopl.pdf;
- (j) identification and management of contaminated soils and groundwater, should these be encountered;
- (k) site security, fencing and safety and management of impacts on local amenity for residents, traffic and pedestrians;
- (l) disposal of construction waste and refuse in an appropriate manner according to the nature of the waste;
- (m) protection and cleaning of roads and pathways; and
- (n) overall site clean-up.

The CEMMP should be prepared taking into consideration, and with explicit reference to, relevant Environment Protection Authority policies and guideline documents, including the Environment Protection (Noise) Policy 2007.

4. Environmental Duty of Care

The proponent is advised of the General Environmental Duty under Section 25 of the Environment Protection Act 1993, which provides that a person must not undertake any activity, which pollutes, or may pollute; without taking all reasonable and practical measures to prevent or minimise harm to the environment.

The Minister for Planning has a specific power to require testing, monitoring and auditing under Section 48C of the Development Act 1993.

5. Site History Report

Change to a sensitive use:

If the site history report identifies that the site has been used for a potentially contaminating land use, where a change to a sensitive use is proposed a Site Contamination Auditor accredited by the EPA under Part 10A of the Environment Protection Act 1993, should be engaged to carry out a Site Contamination Audit for the subject land. The completion of the audit is the preparation of a Site Contamination Audit Report which indicates the site is suitable for the proposed use.

Where a site history identifies that the subject land has only been used for the broad scale agricultural activities (such as cropping or grazing) and no localised intensive and higher risk agricultural activities (such as animal dips, spray races and waste burial areas) have been undertaken, an audit will not be required where a change to a sensitive use is proposed. If the localised higher risk activities are identified, then an audit should be carried out on that portion of the land.

Change to a non-sensitive use:

If the site history report identifies that the site has been used for a potentially contaminating land use, where a change to a non-sensitive use is proposed a site contamination consultant should provide a definitive statement in the form of an environmental assessment report that:

- (a) has been prepared in accordance with Schedules A and B of the National Environment Protection (Assessment of Site Contamination) Measure 1999 and relevant guidelines issued by the EPA; and

- (b) provides definitive statements that in regard to site contamination the site does not pose unacceptable risks to human health and the environment taking into account the proposed use(s). Statements by site contamination consultants in relation to site contamination must be clearly qualified as to the existence of site contamination at the site by specifying the land uses that were taken into account in forming that opinion as required by Section 103ZA of the Environment Protection Act 1993.

Where a site history identifies that the subject land has only been used for the broad scale agricultural activities (such as cropping or grazing) and no localised intensive and higher risk agricultural activities (such as animal dips, spray races and waste burial areas) have been undertaken, an environmental assessment report will not be required where a change to a non-sensitive use is proposed.

6. Aboriginal Heritage

The proponent should note that they must comply with the requirements of the Aboriginal Heritage Act 1988.

The proponent must conduct surveys, report sites, and apply to the Minister for Aboriginal Affairs prior to any disturbance of a site in accordance with the Aboriginal Heritage Act 1988.

7. Developer Agreement

Prior to undertaking any road works, the developer should contact Alison Allen from DPTI's Eastern Region on (08) 8532 8112.

Given under my hand at Adelaide, 21 February 2013.

Schedule

Date of commencement

1. *Preliminary*

- 1.1 These Rules may be cited as the Lotteries (Powerball) Rules.
- 1.2 These Rules will come into operation on the date specified in the Schedule to these Rules.
- 1.3 These Rules are to be read in conjunction with and are subject to the Lotteries (General) Rules.
- 1.4 These Rules apply to the lottery known as 'Powerball'.

2. *Interpretation*

- 2.1 In these Rules and in each part of these Rules unless the contrary intention appears:

'Bloc members' means the parties from time to time to the Bloc agreement entered into by SA Lotteries with other lottery operators for the promotion, conduct and sale of tickets in the game of Powerball on a joint basis with a common winning number determination and a declaration of common dividends based on the equal participation of all players in the aggregated prize pool;

'claim period' means the period commencing at midnight on the day of determination of the draw results ('relevant day') and ending at the close of business on the 14th day thereafter. If the 14th day is a Saturday, Sunday or public holiday the claim period will end at SA Lotteries' close of business on the immediately succeeding business day;

'drawing equipment' means equipment operated by the Bloc members for ascertaining the winning numbers;

'Easi-Pick entry' means a nomination made by a player indicating that the player wishes to make an Easi-Pick selection in accordance with Rule 6 of these Rules.

'Powerball' means a lottery drawn at such intervals as the Bloc members determine in which a player is required to forecast 6 numbers to be drawn from the range of numbers 1 to 40 inclusive in the 6 Ball Barrel and 1 number to be drawn from the range of numbers 1 to 20 inclusive in the Powerball Barrel;

'Powerball Barrel' means the drawing barrel from which the Powerball is drawn;

'Power20' means a method of entry where all 20 Powerball numbers are deemed to have been selected for each game played.

'Powerball number' means the single ball drawn from balls numbered 1 to 20 inclusive from the Powerball Barrel;

'6 Ball Barrel' means the drawing barrel from which 6 balls are drawn.

3. *Ordinary Entry*

- 3.1 To create an ordinary entry, a player must forecast or cause to be forecast 6 numbers and the Powerball number.
- 3.2 An ordinary entry will provide participation for the number of games selected and paid for in one (1) draw only.
- 3.3 The minimum number of games that must be completed will be two (2) or such number as otherwise determined by SA Lotteries.
- 3.4 There will be no limit to the maximum number of games that can be played, save that in any one draw:
 - 3.4.1 SA Lotteries may decline to issue more than 1,000 entries to a player; and
 - 3.4.2 a player can be issued with entries costing no more than \$99,999.00.
- 3.5 A player may request that an entry be issued in a draw to be conducted within 52 weeks or such lesser period as determined by SA Lotteries.
- 3.6 Subject to Rule 6, a player may enter a draw by:
 - 3.6.1 submitting a coupon provided for that purpose from time to time by SA Lotteries, together with an Easiplay Club membership card if applicable; or
 - 3.6.2 making a verbal or electronic request at the selling point, together with providing an Easiplay Club membership card if applicable.
- 3.7 In the case of a coupon:
 - 3.7.1 a player's forecast must be marked by hand with either a cross mark or vertical mark within the designated square and circle, or such other mark as SA Lotteries determines. All marks on a coupon must be legible and if a coupon cannot be read by a selling point terminal, it will be rejected. No other mark will be accepted. A coupon must not be marked in red.
 - 3.7.2 the 'system' box must be left blank.
 - 3.7.3 a player who marks a 'top up' box or circle will be taken to have authorised the selling point terminal operator to generate a random forecast of a sufficient quantity of numbers or the Powerball to complete the game, the coupon or the nominated number of games, as the case may be.
 - 3.7.4 if a player marks more than the specified number of squares or circles in either panel in any one game, a ticket will not issue until the player has either nominated the number(s) to be deleted or nominated a system entry. The player may be required to complete another coupon.
 - 3.7.5 if a player marks fewer than the specified number of squares or no circle in either panel in any one game and does not mark the relevant 'top up' box or circle, a ticket will not issue until the player has either nominated the number(s) to be added or nominated a top up entry or a system entry.

4. *Multi-Week Entry*

- 4.1 A player may enter their number forecasts for a series of consecutive draws by marking the appropriate square in the 'weeks' box on a coupon or by verbally or electronically requesting such an entry at the selling point. The number of consecutive draws that may be entered in this way is up to 52 weeks or such lesser period as determined by SA Lotteries.
- 4.2 The Rules governing ordinary entries will apply to every multi-week entry.

5. *System Entry*

- 5.1 Subject to Rule 7.3, a player may create a system entry in the top panel by forecasting or causing to be forecast in that panel 4, 5 or from 7 to 20 numbers, rather than the 6 to be forecast in the case of an ordinary entry.
- 5.2 In the case of a coupon, a system entry must be completed by marking the 'system' box and forecasting or causing to be forecast in the top panel the quantity of numbers corresponding to the system to be entered by the player. (Thus, to play system 7, 7 numbers are forecast; to play system 8, 8 numbers are forecast and so on to a maximum of 20 numbers forecast to play a system 20 entry.) In all other instances, a system entry is created by verbally or electronically requesting such an entry at the selling point. Ordinary and system entry participation will not be accepted if completed on the same coupon and only one system entry type can be played on the one coupon.
- 5.3 In the case of a coupon, if more numbers are marked in any panel than the requested system requires, a ticket will not issue until the player has nominated the number(s) to be deleted. If fewer numbers are marked in any panel than the requested system requires and the 'top up' box or circle is not marked, a ticket will not issue until the player has either nominated the number(s) to be added or selected a top up entry.
- 5.4 Systems 4 and 5 are system entries in which the quantity of numbers forecast in the top panel is less than 6 numbers and the Powerball number.
- 5.5 A system 4 or 5 entry will be equivalent to playing a certain number of separate games of 6 numbers in the top panel in conjunction with the Powerball number forecast by the player as determined by the following formula:

$$\frac{(40 - S)!}{34! \times (6 - S)!} \quad (\text{where } S = \text{system number})$$

- 5.6 A player who seeks to participate in a system 4 entry must forecast or cause to be forecast any 4 numbers from the top panel. These 4 numbers will be combined with all combinations of 2 numbers from the remaining unforecast numbers. This system entry will be equivalent to playing 630 games of 6 numbers.
- 5.7 A player who seeks to participate in a system 5 entry must forecast or cause to be forecast any 5 numbers from the top panel. These 5 numbers will be combined with each of the remaining unforecast numbers in turn. This system entry will be equivalent to playing 35 games of 6 numbers.
- 5.8 A player who seeks to participate in a system 7 to 20 entry inclusive must forecast or cause to be forecast the quantity of numbers according to the system number to be played. The forecast numbers in the top panel will be combined with one another in all possible combinations of 6 numbers in conjunction with the Powerball number forecast by the player. This system entry will be equivalent to playing a certain number of separate games of 6 numbers in conjunction with the Powerball number selected by the player as determined by the following formula:

$$\frac{S!}{6! \times (S - 6)!} \quad (\text{where } S = \text{system number})$$

- 5.9 Subject to Rule 3.4., a player may enter up to 12 games of the same type of system entry on the one coupon or such other number as SA Lotteries determines.

Such entries will be limited to such number of games (each of 6 numbers and a Powerball number) for an ordinary entry, and subject to Rule 3.4, such number of the same type of system entry as SA Lotteries determines.
- 7.2 Ordinary Power20 entry
 - 7.2.1 To place an ordinary Power20 entry, a player must make a forecast of 6 numbers from 1 to 40.

- 8.2 Each draw will be conducted using drawing equipment determined by the Bloc members.
- 8.3 For each draw the Bloc members will cause 6 numbered balls to be drawn from the 6 Ball Barrel and 1 numbered ball to be drawn from the Powerball Barrel.
- 8.4 There will be 8 prize winning divisions in each draw as follows:

- Division 8— player(s) who correctly forecast 2 of the 6 balls drawn from the 6 Ball Barrel and the Powerball number from the Powerball Barrel in any one game.

9. *Supervision of Draw*

- 9.1 The selection of winning numbers will be conducted in such manner as agreed by the Bloc members and
- 9.1.1 will be supervised by the appropriate representatives for the State in which the draw is conducted; and
- 9.1.2 will be final for the purpose of determining the prize winners for that draw.

10. *Prize Pool Allocation*

- 10.1 Only one prize can be won by any one ordinary entry in a game.
- 10.2 60% of the total entry fees received for each draw (or such greater amount as SA Lotteries determines) will be allocated as the prize pool.
- 10.3 SA Lotteries will pay the percentage referred to in Rule 10.2 into an aggregate prize pool to which each of the Bloc members will contribute the same percentage of the entry fees received by them.
- 10.4 The total amount of the prize pool will be announced at each draw.
- 10.5 The prize money allocated to each division will be apportioned in equal shares between the winners in that division.

- 10.6 If there is no winner in any of Divisions 2, 3, 4, 5, 6 or 7 of any draw, the prize money allocated to that division will be added to the prize money allocated to the next lower division in which there is a winner.

11. *Prize Structure*

- 11.1 The total prize pool will be distributed between the prize divisions in accordance with the determination of SA Lotteries, after consultation with the Bloc members.

- 11.3 Notwithstanding any other Rule, SA Lotteries may, at its discretion round out the amount of any prize other than a Division 1 prize to the nearest five cents above or below the actual prize otherwise payable. The resulting surplus or deficit will be added to or deducted from the Prize Reserve Fund.

12. *Prize Reserve Fund*

- 12.1 From time to time, SA Lotteries may set aside a proportion of the total amount received from entry fees to any draw and, in respect of that draw, the distribution of prizes will be reduced *pro rata* in all prize winning divisions. The amount set aside will be accumulated by SA Lotteries to constitute a pool called the Prize Reserve Fund.
- 12.2 The Prize Reserve Fund will be applied from time to time for or towards the payment of any of the following:
- 12.2.1 prizes in respect of missed prize entries for lotteries conducted by SA Lotteries;

13. *Jackpots*

- 13.1 If there is no Division 1 prize winner, that portion of the prize pool that would have been payable to a single Division 1 winner in that draw will be added to or jackpotted with the Division 1 prize money in the next draw. This jackpoting will continue for no more than 25 consecutive draws. If there is no Division 1 prize winner in the next (or 26th) consecutive draw, the total amount of the jackpot and the Division 1 prize that would have been payable to a single winner in that 26th draw will be added to the prize money allocated to the next lower Division in which there is a winner.
- 13.2 If SA Lotteries guarantees a minimum prize payout in Division 1 of any draw, the amount by which SA Lotteries has augmented the portion of the prize pool allocated to Division 1 in that draw will not be taken into account in determining the amount of any jackpot subsequently paid in respect of that division.

- (2) A surrendered item that is a prohibited weapon (within the meaning of the *Summary Offences Act 1953*), or that is an item that cannot otherwise be lawfully possessed in this State, is, by force of this subregulation, forfeited to the Crown.

- (3) The Commissioner of Police must retain a surrendered item (other than a surrendered item forfeited under subregulation (2)) in a location determined by the Commissioner of Police until—
- (a) the surrendered item is forfeited to the Crown under this or any other Act; or
 - (b) the surrendered item is returned in accordance with this regulation to the youth who surrendered it; or

- (5) Subject to this regulation, if the Commissioner of Police—
- (a) is notified pursuant to subregulation (4); or
 - (b) otherwise becomes aware that the release on licence or conditional release from detention of the youth is no longer subject to the condition imposed under section 37(3a)(a), 41A(2)(c)(iia) or 41A(3)(c)(iia) (as the case requires), or the youth is discharged from detention absolutely,

Bail Act 1985

How to apply for release on bail

1—General

The law of bail in South Australia is contained in the *Bail Act 1985*.

This pamphlet is designed to help you decide whether you are eligible to apply for bail, and to assist you in making such an application

It will also assist people who want to "stand bail" (that is, be a guarantor) for you.

If there are things you do not understand, ask the police, telephone your lawyer, or ask the magistrate or the person who witnesses your bail documents for advice.

If you do not have a lawyer and you want help, you can ask to see the duty solicitor from the Legal Services Commission or telephone the Legal Services Commission during office hours on (08) 8463 3555. (Duty solicitors visit the larger courthouses during office hours—ask the police to contact the duty solicitor for you.)

2—What is a bail agreement?

A bail agreement is an agreement between the Crown and a person requiring the person to be at his or her court hearings and to obey any special conditions set by the court during the period of the operation of the bail agreement in return for the person's release from custody on bail.

3—Can I apply for bail?

Adults

If you are aged 18 years or more, you can apply for bail in any of the following circumstances:

- you are appearing before a court in answer to a summons and you might be remanded in custody; or
- you are in custody on a charge of an offence after being arrested by the police; or
- you have been convicted of an offence but have not yet been sentenced; or
- you have been convicted of an offence and sentenced, but you intend to appeal; or
- you are appearing in court for allegedly failing to observe a condition of a bond; or
- you have been arrested on a warrant and you are appearing, or are to appear, before a court as a witness; or

- you have been arrested on a warrant issued by a court—
 - for failing to appear before that court on charges, or
 - for breach of a bond,

and the court has authorised the police officer in charge of the police station, or a person specified on the warrant, to grant bail on your arrest.

However, you cannot apply for bail after having been arrested if you are being detained under the *Summary Offences Act 1953* for a purpose related to the investigation of an offence until the end of that detention.

People under the age of 18 years

If you are under the age of 18 years, you can apply for bail if you have been arrested on suspicion of having committed an offence and you have been taken into police custody.

4—I think I qualify for bail

To whom do I apply for bail?

There are various bail authorities under the *Bail Act 1985* that can hear and decide bail applications.

The following is a list of bail authorities for the purposes of the Act:

the Supreme Court, the court before which you were charged, any court before which you must appear in relation to the matter, a justice, a sergeant of police, a police officer of a rank higher than sergeant, a police officer in charge of a police station, the person specified on the warrant for your arrest.

Depending on your circumstances, you can apply to one of these bail authorities. You should check with a police officer, your lawyer or a court officer as to whom you must apply for bail.

How do I apply for bail?

Your application for bail must be in writing.

Application forms are available from police stations, gaols and courts. You must answer all questions.

If you were under the age of 18 years at the time you allegedly committed the offence for which you are arrested, your parent, guardian or custodian may assist you to make your application.

If there is something you do not understand, ask a police officer, your lawyer or a court officer to explain.

5—On what grounds will bail be granted?

Whether or not you are granted bail will depend on many factors, including—

- the seriousness of the alleged offence;
- the likelihood that you—
 - may not attend court when required; or
 - may offend again; or
 - may interfere with evidence or a witness;

- any need you, or an alleged victim, may have for physical protection;
- medical matters;
- whether you have previously breached bail conditions;
- any other relevant matter.

6—What can I do if I am refused bail?

If your application for bail is unsuccessful, you can ask for that decision to be reviewed. (A review is a type of appeal.)

If the bail authority is a police officer or a justice, the review will be carried out by a magistrate, who can be contacted (by telephone if necessary) by the person who made the original decision.

Once the magistrate has been told the facts of the case and the reason why your application was refused, you have the right to put your case. The magistrate must reach a decision straight away.

If the bail authority is a magistrate or a District Court judge, the review must be carried out by a Supreme Court judge.

If you are refused bail, you will be given a copy of the written reasons for that refusal.

7—What is meant by a bail agreement?

When you enter into a bail agreement, you are agreeing to attend a particular court on the next date and at the time fixed for your case as well as on every other occasion when your matter is listed and, unless directed otherwise in the agreement, to be present in court each time your matter is listed until it is finished.

You are also agreeing to comply with all of the conditions set out in your bail agreement. Failure to obey any condition of a bail agreement is a criminal offence and can, in some cases, be punished by up to 2 years gaol or a fine of up to \$10 000.

In addition, any money promised to the Crown as part of your bail agreement may have to be paid and, if necessary, collected in the same way as a fine.

8—What are conditions of bail?

Conditions of bail are the rules that you must obey in return for your freedom.

In all cases, except where a bail authority allows you to live interstate or gives you permission to travel interstate for a specific reason, you cannot leave South Australia while on bail.

It is a condition of bail that you must not possess a firearm, ammunition, or any part of a firearm, and that you submit to such tests (including testing without notice) for gunshot residue, as required by the bail authority. These two conditions apply to the grant of every bail, and can only be varied or revoked if the bail authority is satisfied that there are cogent reasons to do so and the possession of a firearm, ammunition or part of a firearm does not represent an undue risk to the safety of the public. The bail authority must make a written record of the reasons for its decision to vary or revoke these conditions. Once you have been granted bail, the bail authority may direct you to surrender any firearms or ammunition you own or possess.

Other restrictions can be imposed on you, including, for example, not seeing or contacting certain people, staying away from certain places, agreeing to live at a certain address, being under the supervision of a community corrections officer, reporting to the police on a regular basis or giving up your passport. Conditions are set by the court to suit individual cases.

You can ask a bail authority to vary the conditions imposed on you under the bail agreement.

9—What is a guarantor and what does a guarantor have to do?

Your guarantor is a person who enters into a guarantee that you will, if freed on bail, obey all the conditions of bail set by the bail authority (see clause 8).

If you do not comply with a condition of your bail agreement and you breach a condition, or if the guarantor knows that you have breached a condition or that you are likely to breach a condition, the guarantor must tell the police what you have done or are likely to do. If the guarantor does not do so, the guarantor can be liable to a fine of up to \$1 250.

In addition to the possibility of having to pay a fine, if you breach a condition of your bail agreement, your guarantor may have to pay to the Crown the sum of money that the guarantor has undertaken to pay in the guarantee.

10—Guarantor may apply to have guarantee varied or revoked

Your guarantor may, at any time, apply to a bail authority to have the terms of the guarantee varied or the guarantee revoked. This could happen if your guarantor is afraid you may abscond or otherwise not comply with the conditions of your bail agreement.

Note—

As required by section 10AA(2) of the *Subordinate Legislation Act 1978*, the Minister has certified that, in the Minister's opinion, it is necessary or appropriate that these regulations come into operation as set out in these regulations.
