ELECTRICITY ACT 1996

AGL SA Electricity Standing and Default Contract Prices

NOTICE is hereby given by AGL South Australia Pty Ltd that new electricity standing offer prices will apply to residential and small business customers who consume less than 160MWh per annum and go onto a standing contract price arrangement on or after 1 February 2013, subject to the Government implementing its announced deregulation of electricity prices in South Australia, effective from 1 February 2013. If the proposed deregulation does not occur by 1 February 2013, the prices for all customers on standing contract price arrangements and default contracts will be those set out in the *South Australian Government Gazette* No. 44 dated 21 June 2012.

Subject to proclamation of the National Energy Retail Law (South Australia) (Implementation) Amendment Bill 2012, all references in this notice to a 'standing contract price arrangement' will instead be to a 'Standard Retail Contract pricing arrangement' and the reference to 'default contracts' will be removed and will be ineffective. All references below to a 'standing and default contract price' will instead be to a 'standing offer price'.

The details of the new prices can be accessed at agl.com.au.
