TO

ROBERT WILLIAM FITZGERALD AM

HELEN MARY MILROY

ANDREW JAMES MARSHALL MURRAY

Greeting:

Whereas all children deserve a safe and happy childhood.

AND Australia has undertaken international obligations to take all appropriate legislative, administrative, social and educational measures to protect children from sexual abuse and other forms of abuse, including measures for the prevention, identification, reporting, referral, investigation, treatment and follow up of incidents of child abuse.

AND all forms of child sexual abuse are a gross violation of a child's right to this protection and a crime under Australian law and may be accompanied by other unlawful or improper treatment of children, including physical assault, exploitation, deprivation and neglect.

AND child sexual abuse and other related unlawful or improper treatment of children have a long-term cost to individuals, the economy and society.

AND public and private institutions, including child-care, cultural, educational, religious, sporting and other institutions, provide important services and support for children and their families that are beneficial to children's development.

AND it is important that claims of systemic failures by institutions in relation to allegations and incidents of child sexual abuse and any related unlawful or improper treatment of children be fully explored, and that best practice is identified so that it may be followed in the future both to protect against the occurrence of child sexual abuse and to respond appropriately when any allegations and incidents of child sexual abuse occur, including holding perpetrators to account and providing justice to victims.

AND it is important that those affected by child sexual abuse can share their experiences to assist with healing and to inform the development of strategies and reforms that your inquiry will seek to identify.

AND noting that, without diminishing its criminality or seriousness, your inquiry will not specifically examine the issue of child sexual abuse and related matters outside institutional contexts, but that any recommendations you make are likely to improve the response to all forms of child sexual abuse in all contexts.

AND all Australian Governments have expressed their support for, and undertaken to cooperate with, your inquiry.

I, the Governor, with the advice and consent of the Executive Council and under the Royal Commissions Act 1917, DO HEREBY APPOINT YOU to be Commissioners and require and authorise you to inquire into institutional responses to allegations and incidents of child sexual abuse and related matters, and in particular, without limiting the scope of your inquiry, the following matters:

- (a) what institutions and governments should do to better protect children against child sexual abuse and related matters in institutional contexts in the future;
- (b) what institutions and governments should do to achieve best practice in encouraging the reporting of, and responding to reports or information about, allegations, incidents or risks of child sexual abuse and related matters in institutional contexts;
- (c) what should be done to eliminate or reduce impediments that currently exist for responding appropriately to child sexual abuse and related matters in institutional contexts, including addressing failures in, and impediments to, reporting, investigating and responding to allegations and incidents of abuse;
- (d) what institutions and governments should do to address, or alleviate the impact of, past and future child sexual abuse and related matters in institutional contexts, including, in particular, in ensuring justice for victims through the provision of redress by institutions, processes for referral for investigation and prosecution and support services.

AND I direct you to make any recommendations arising out of your inquiry that you consider appropriate, including recommendations about any policy, legislative, administrative or structural reforms.

AND, without limiting the scope of your inquiry or the scope of any recommendations arising out of your inquiry that you may consider appropriate, I direct you, for the purposes of your inquiry and recommendations, to have regard to the following matters:

- (e) the experience of people directly or indirectly affected by child sexual abuse and related matters in institutional contexts, and the provision of opportunities for them to share their experiences in appropriate ways while recognising that many of them will be severely traumatised or will have special support needs;

- (f) the need to focus your inquiry and recommendations on systemic issues, recognising nevertheless that you will be informed by individual cases and may need to make referrals to appropriate authorities in individual cases;
- (g) the adequacy and appropriateness of the responses by institutions, and their officials, to reports and information about allegations, incidents or risks of child sexual abuse and related matters in institutional contexts;
- (h) changes to laws, policies, practices and systems that have improved over time the ability of institutions and governments to better protect against and respond to child sexual abuse and related matters in institutional contexts.

AND I further declare that you are not required by this commission to inquire, or to continue to inquire, into a particular matter to the extent that you are satisfied that the matter has been, is being, or will be, sufficiently and appropriately dealt with by another inquiry or investigation or a criminal or civil proceeding.

AND, without limiting the scope of your inquiry or the scope of any recommendations arising out of your inquiry that you may consider appropriate, I direct you, for the purposes of your inquiry and recommendations, to consider the following matters, and I authorise you to take (or refrain from taking) any action that you consider appropriate arising out of your consideration:

- (i) the need to establish mechanisms to facilitate the timely communication of information, or the furnishing of evidence, documents or things:
 - (i) that, in your opinion, relate, or that may relate, to a contravention of a law, or evidence of a contravention of a law, of the Commonwealth, of a State or of a Territory to the Attorney-General of the Commonwealth, of a State, of the Australian Capital Territory or of the Northern Territory, or the Director of Public Prosecutions, or the Commissioner of the Australian Federal Police or of the Police Force of a State or of the Northern Territory, or the authority or person responsible for the administration or enforcement of that law; or
 - (ii) that, in your opinion, relate or may relate to a matter into which another Commission is required or authorised to inquire, to that other Commission; or
 - (iii) that, in your opinion, relate or may relate to the performance of the functions of the Australian Crime Commission, to the Chief Executive Officer of the Australian Crime Commission; or
 - (iv) that, in your opinion, relate or may relate to the performance of the functions of the Integrity Commissioner (within the meaning of the Law Enforcement Integrity Commissioner Act 2006), to the Integrity Commissioner; or
 - (v) that, in your opinion, relate or may relate to corruption in public administration, misconduct in public administration or maladministration in public administration (within the meaning of the Independent Commissioner Against Corruption Act 2012), to the Office for Public Integrity; or
 - (vi) as otherwise authorised by law.
- (j) the need to establish investigation units to support your inquiry;
- (k) the need to ensure that evidence that may be received by you that identifies particular individuals as having been involved in child sexual abuse or related matters is dealt with in a way that does not prejudice current or future criminal or civil proceedings or other contemporaneous inquiries;
- (l) the need to establish appropriate arrangements in relation to current and previous inquiries, in South Australia and elsewhere (whether or not in Australia), for evidence and information to be shared with you in ways consistent with relevant obligations so that the work of those inquiries, including, with any necessary consents, the testimony of witnesses, can be taken into account by you in a way that avoids unnecessary duplication, improves efficiency and avoids unnecessary trauma to witnesses;

- (m) the need to ensure that institutions and other parties are given a sufficient opportunity to respond to requests and requirements for information, documents and things, including, for example, having regard to any need to obtain archived material.

AND, pursuant to Section 4 of the Royal Commissions Act 1917, I appoint you, The Honourable Justice Peter David McClellan AM, to be the Chairman of the Commission.

AND, pursuant to Section 4 (2) of the Royal Commissions Act 1917, I authorise you to sit independently to conduct parts or aspects of your inquiry that are, by direction of the Chairman, to be dealt with independently by individual Commissioners.

AND I declare that you are authorised to conduct your inquiry into any matter under this Commission in combination with any inquiry into the same matter, or a matter related to that matter, that you are directed or authorised to conduct by any Commission, or under any order or appointment, made by the Governor-General or any of the Governors of the States or by the Government of any of the Territories.

AND I declare that in this Commission:

 - (ii) determined by the Commission to be efficient.
