EDUCATION REGULATIONS 2012

*Notice of Policy by the Minister for Education
and Child Development*

PURSUANT to Regulation 60 (2) (a) of the Education Regulations 2012, I, the Minister for Education and Child Development publish the following Capacity Management Plan for the purposes of the enrolment of a child at the East Marden Primary School:

CAPACITY MANAGEMENT PLAN*East Marden Primary School*

This Capacity Management Plan sets out the conditions for enrolment at East Marden Primary School ('the school').

Capacity of School

The school has an estimated built capacity of 700 students.

Criteria for Enrolment**Year level: Reception**

Priority consideration will be given to applications for enrolment from parents of prospective reception students to attend the following school year and whose application is received by the end of week 5, term 3. Places will be offered based on whether any, all or a combination of the following applies:

- The child is living in the East Marden Primary school zone.
- The child currently has a sibling attending the school, or a sibling who attended in the previous 12 months.

Applications for enrolment must be lodged prior to the end of week 5, term 3.

The school will notify parents of the outcome of this process by the end of week 6, term 3.

Late applications of students living in the school zone

Families who move into the zone, or who are already living in the zone but lodge their application after the end of week 5, term 3, will only have their applications considered if or when vacancies exist, with priority consideration afforded to those applicants already on the enrolment register.

In these cases, applications will be considered based on siblings at the school, the length of time the child has lived in the school zone and the distance of the child's residence from the school.

The school will notify parents by the beginning of week 1, term 4 if a vacancy is available for their child to attend.

If no vacancies exist the applicants will be placed on the enrolment register and referred for enrolment to other neighbouring schools.

Intensive English Language Centre (IELC) students

Any Reception student offered enrolment at the school and who is eligible to attend an Intensive English Language Centre (IELC), will be able to attend the IELC during Reception and begin Year 1 at the school the following year.

Year levels: 1 to 7

Applications for enrolment from parents of prospective students living inside the school zone will be considered if or when vacancies exist, with priority consideration afforded to those applicants already on the enrolment register.

In these cases, applications will be considered based on siblings at the school, the length of time the child has lived in the school zone and the distance of the child's residence from the school.

The school will notify parents by the beginning of week 1, term 4 if a vacancy is available for their child to attend the following school year.

If no vacancies exist the applicants will be encouraged to remain at their current primary school, or referred for enrolment to other neighbouring schools, and upon an applicant's request placed on the school's enrolment register.

Out of zone applications with siblings currently at the school

Applications for enrolment from parents of prospective students, who live outside the school's zone and have siblings who currently attend the school, will not be considered for enrolment.

International Education Program

No new international students will be offered enrolment at the school.

Special Circumstances

Enrolment for special consideration for compelling or unusual reasons, including but not limited to students under the guardianship of the Minister may be given by the Principal, in consultation with the Education Director. These will be assessed on a case by case basis.

East Marden Primary School zone

A school zone is a geographic area surrounding the school from which the school accepts its core intake of students. East Marden Primary School operates within the following zone:

- The area bounded by Torrens River, Church Road, Lower North East Road, Payneham Road and OG Road.

A school zone map (guide only) is available at: <https://www.decd.sa.gov.au/sites/g/files/net691/f/east-marden-primary-school-zone.pdf>

Enrolment Register

Only applications for enrolment from parents of a child living in the school zone will be placed on the register.

Parents whose child's name has been placed on the enrolment register will only be contacted if vacancies become available.

The enrolment register will be reviewed and updated annually by the school.

Where a child's name appears on the register is confidential and will only be disclosed as required by law.

Enrolment Process

All parents are required to complete the school enrolment form and provide the school with a copy of the following:

- proof of the child's identity and date of birth;
- proof of the child's residential address; and
- copies of any family law or other relevant court orders.

Upon receipt of the above to the satisfaction of the school the processing of the parents' enrolment application may begin.

Parents will be invited to attend a pre-enrolment interview or information session with the school once a vacancy is offered.

Monitoring and enforcement

It is the responsibility of the parents applying for enrolment to be able to verify to the satisfaction of the school that the information provided is true and factual.

The Principal is responsible for the implementation of this Capacity Management Plan and all decisions on enrolments.

This Capacity Management Plan will be reviewed annually.

Dated 13 February 2017.

Schedule 1— Incorporated hospitals and public hospital sites: fees for admitted patients who are compensable patients

1—Interpretation

- (1) In this Schedule, unless the contrary intention appears—

AR-DRG means Australian Refined Diagnosis Related Group;

leave hour means an hour for which an admitted patient of a public hospital site is on leave from the public hospital site without being discharged from the public hospital site;

maintenance care (formerly Nursing Home Type care) means treatment and care of an admitted patient in which the treatment goal is to prevent deterioration in the patient's health or ability to function and where care over an indefinite period, but not further complex assessment or stabilisation, is required;

Manual means the most current *Australian Refined Diagnosis Related Groups Definitions Manual*, released by the Commonwealth Department of Health and Ageing;

Private and public admitted compensable patients - patients will be seen as a public or private admitted compensable patient in accordance with hospital practices in a similar way as applied to Medicare eligible patients;

rehabilitation, or rehabilitation care, means the treatment and care of a patient with an impairment, disability or handicap in which the treatment goal is to improve the ability of the patient to function;

rounded to the nearest hour, in relation to the determination of a number of hours, means that where a number of hours includes a fraction of an hour, the number is to be rounded up to the nearest whole hour if the fraction consists of 30 minutes or more and rounded down to the nearest whole hour (or, where necessary, to zero) if the fraction consists of less than 30 minutes;

- (2) For the purposes of this Schedule—
- (a) AR-DRG reference numbers or descriptions are as set out in the Manual; and
 - (b) terms and abbreviations used in AR-DRG descriptions have the meanings given by the Manual.
- (3) A reference in this Schedule to a Table of a specified number in this Schedule is a reference to the Table of that number in clause 9.

2—Determination of applicable AR-DRG

For the purposes of this Schedule, the AR-DRG applicable to a patient must be determined in accordance with the guidelines contained in *South Australian Morbidity Coding Standards and Guidelines (Inpatients)*, effective 1 July 2015, published by the Department of Health.

3—Standard fee for admitted patients

Subject to this Schedule, the fee to be charged by a public hospital site for a period of treatment, care and accommodation of an admitted patient to whom an AR-DRG specified in the first and second columns of Table 3 in this Schedule is applicable must be calculated as follows:

$$\text{Fee} = \text{Price} \times \text{Cost Weight}$$

where—

- (a) the **Price** is the price specified in the second column of Table 1 in this Schedule; and

- (b) the **Cost Weight** is the cost weight specified in the third or fourth column of Table 3 in this Schedule according to the patient classification (public or private) specified in those columns for the AR-DRG applicable to the patient.

4—Fee for rehabilitation or maintenance care

Despite clause 3, the fee to be charged by a public hospital site for a period of treatment, care and accommodation of an admitted patient where the treatment and care consists of rehabilitation or maintenance care must be calculated as follows:

$$\text{Fee} = \text{Price} \times \text{LOS}$$

where—

- (a) the **Price** is the price specified in the third column of Table 2 in this Schedule according to the patient classification (public or private) specified in the first column and the type of treatment or care specified in the second column of the Table; and
- (b) the **LOS** (length of stay) means the number of hours (rounded to the nearest hour) between—
- (i) the admission of the patient to the public hospital site or, where the patient receives maintenance care, the commencement of maintenance care, whichever is the later; and
 - (ii) the discharge of the patient from the public hospital site,
- excluding any leave hours (rounded to the nearest hour) for the patient during that period, expressed as a figure in days (including parts of days) and rounded up to the nearest whole day.

5—Medical or diagnostic services not included in fees for private patients

In the case of a private patient, a fee determined in accordance with this Schedule does not include a fee for the cost of medical or diagnostic services provided by a medical practitioner selected by the patient.

6—Retrieval fee (admitted patients)

Where a retrieval team provided by a public hospital site or SA Ambulance Service monitors and treats a seriously ill or seriously injured admitted patient of that or any other public hospital site during the transportation of the patient to a the public hospital site or to another facility of the public hospital site, the fee to be charged by the public hospital site or SA Ambulance Service providing the retrieval team is as follows:

Provision of retrieval team—\$3 039.00

7—Transportation fee

- (1) Where, in addition to providing a service referred to in this Schedule, a public hospital site transports, or arranges for the transportation of, a patient to or from (or between different facilities of) the public hospital site, the public hospital site may charge an additional fee equal to the cost to the public hospital site of providing, or arranging for the provision of, that transportation.
- (2) Subclause (1) does not apply to the transportation of a patient with a retrieval team provided by the public hospital site.

8—Other fees

- (1) Pharmaceutical Reform arrangements

For public hospital sites participating in the pharmaceutical reform arrangements under the agreement between the South Australian and the Australian Government the following fees apply for pharmaceuticals provided to admitted patients on discharge:

- (i) For compensable patients:
 - (a) For the supply of Pharmaceutical Benefit Scheme items (per item) the community co-payment rate for pharmaceuticals as set under the Commonwealth *National Health Act 1953* each year on 1 January.
 - (b) For the supply of non-Pharmaceutical Benefit Scheme items (per item) an amount that is the cost to the public hospital (using a full cost recovery principle) for supply of that item.

DEVELOPMENT ACT 1993

NOTICE is hereby given that the Port Pirie Regional Council has prepared the Better Development Plan Council Wide and Zones Amendments Development Plan Amendment (the DPA) to amend the Port Pirie (RC) Development Plan. The proposed amendment seeks to adopt policies from the South Australian Planning Policy Library and also includes the following proposed amendments:

The DPA includes mapping that identifies areas that will be subjected to inundation in a 1:100 year ARI, including the depth of flooding and acceptable minimum floor levels within the study area.

- **Tourist Accommodation Zone and Waterfront (Solomontown) Zone**

The DPA provides a more co-ordinated approach to development within the existing zones by introducing an overarching Mixed Use Zone and changing the existing zones to policy areas with some minor adjustments to the existing zoning boundaries.

The DPA has reviewed and amended the boundary between the Regional Centre Zone and the Commercial Zone. The DPA extends the Regional Centre Zone to encompass all land identified in the Commercial Zone and located on the western side of Wandearah Road.
