DEVELOPMENT ACT 1993

Section 46 (1)

Preamble

Subsection (1) of Section 46 of the Development Act 1993, allows the Minister for Planning to apply that section to a specified kind of development or project if the Minister is of the opinion that a declaration under that section is appropriate or necessary for the proper assessment of development or a project of major environmental, social or economic importance.

NOTICE

PURSUANT to section 46 (1) of the Development Act 1993, being of the opinion that a declaration under that section is appropriate for the proper assessment of development of major economic importance, I declare that section 46 of the Act applies to all development of a kind specified in Schedule 1, in that part of the State specified in Schedule 2.

SCHEDULE 1

The following kinds of development are specified:

- (a) the construction of a building(s) within the site specified in Schedule 2 for one or more of the following purposes:
 - (i) production, processing, packaging and storage of horticultural produce;
 - (ii) office/administration accommodation;
- (b) the demolition of any building or infrastructure within the site specified in Schedule 2;
- (c) the undertaking of works for the purposes of, or otherwise related to; transport arrangements, roads, parking, stormwater and effluent treatment in connection with the development whether undertaken within the site specified in Schedule 2 or on other adjacent land;
- (d) a change in the use of land associated with any development within the ambit of a preceding paragraph;
- (e) the division of an allotment associated with any development within the ambit of the preceding paragraph; and
- (f) any related or ancillary development associated with development within the ambit of a preceding paragraph.

SCHEDULE 2

The whole of the land comprised in the table below.

Plan Parcel	Title
Lot 2 in FP130912	CT 6206/503
Lot 116 in FP163084	CT 5566/93

HON STEPHAN KNOLL MP
Minister for Planning

DEVELOPMENT ACT 1993

SECTION 48

Decision by the Minister for Planning

Preamble

1. On 18 February 2016 notice of the Governor's decision to grant a development authorisation under section 48 of the Development Act 1993, in respect of a proposal to establish and operate a golf course resort on the south eastern coast of Kangaroo Island by Programmed Turnpoint Pty Ltd, was published in the *South Australian Government Gazette* at p 535.
2. Simultaneously, the Governor delegated his power to grant a variation to the Kangaroo Island Golf Course Resort development authorisation to the Minister for Planning pursuant to section 48 (8) of the Development Act 1993.
3. Variations to the development authorisation were notified in the *South Australian Government Gazette* on 30 May 2017 at p 1956 (related to modifications to the layout of the development) and on 21 March 2019 at p 904 (related to a 12 month extension of time to commence construction).
4. By letter dated 5 March 2019, Kangaroo Island Links Pty Ltd, being the beneficiary of the development authorisation, sought a variation to the authorisation so as to permit modifications to the layout of the development. Design modifications have been made to the golf course (relocation of fairway 13); clubhouse (smaller footprint) and accommodation suites (relocation to near the hotel site); hotel (reconfiguration); residential land division (reconfiguration); boardwalk (rerouted to follow the coastline) and water storage dam (capacity reduced to 75ML).
5. I am satisfied that the Public Environmental Report and Assessment Report prepared in relation to the proposed Major Development are appropriate and have had regard, when considering the proposed Major Development, to all relevant matters under Section 48 (5).
6. For ease of reference the conditions attached to the Kangaroo Island Golf Course Resort development authorisation are republished in full hereunder.

Decision

PURSUANT to Section 48 (7a) and 48 (7) (b) (ii) of the Development Act 1993; and having due regard to the matters set out in Section 48 (5) and all other relevant matters; and exercising the power of the Governor delegated by notice in the *South Australian Government Gazette* dated 18 February 2016 pursuant to section 48 (8), I:

- (a) vary the Kangaroo Island Links Pty Ltd Kangaroo Island Golf Course Resort development authorisation dated 21 March 2019, subject to the conditions set out below;
- (b) specify under Section 48 (7) (b) (iii) all matters which are the subject of conditions herein as matters in respect of which the conditions of this authorisation may be varied or revoked, or new conditions attached; and
- (c) specify for the purposes of Section 48 (11) (b) that substantial work must be commenced on site no later than 30 May 2020, failing which I may cancel this authorisation under Section 48 (11).

CONSOLIDATED VERSION OF CONDITIONS OF AUTHORISATION

General

1. The proponent shall carry out the development generally in accordance with the:
 - (a) Development Application, prepared by Programmed Turnpoint Pty Ltd, dated April 2014, except as varied by the conditions listed below or to the extent that they are varied by the plans and drawings described in paragraph 1 (d and e);
 - (b) Public Environmental Report, prepared by Programmed Turnpoint Pty Ltd, dated April 2015, except as varied by the conditions listed below or to the extent that they are varied by the plans and drawings described in paragraph 1 (d and e);
 - (c) Response Document prepared by Branford Planning + Design on behalf of Programmed Turnpoint Pty Ltd, dated August 2015, except as varied by the conditions listed below or to the extent that they are varied by the plans and drawings described in paragraph 1 (d and e);
 - (d) Variation application, comprising a letter from Kangaroo Island Links Pty Ltd to the Minister for Planning, dated 26 April 2017; document titled 'Development Update – Kangaroo Island Resort, Located at Pennington Bay, Kangaroo Island South Australia' prepared by Kangaroo Island Links Pty Ltd, dated 23 February 2017; and layout plan dated 27 March 2017, except as varied by the conditions listed below or to the extent that they are varied by the plans and drawings described in paragraph 1 (e); and
 - (e) Variation application, comprising a letter from Sinclair Brook Pty Ltd to the Department of Planning, Transport and Infrastructure, dated 5 March 2019; document titled 'The Cliffs, Kangaroo Island – Master Plan' prepared by HASSELL, dated 18 January 2019; and document titled 'The Cliffs, Kangaroo Island – Comparison Report' prepared by HASSELL, dated 28 February 2019.
2. The proponent shall have completed the development within five years of the date of this authorisation, failing which the authorisation may be cancelled.
3. In accordance with Conditions 1 and 2 above, the development shall be completed in accordance with the following, failing which I may cancel the authorisation:
 - (a) Essential infrastructure works, including power and water supply to the site, shall be completed prior to any other works, and be substantially commenced within two years of the date of this authorisation.

- (b) Works on the golf course shall commence within 6 months of the completion of infrastructure works, and shall be completed prior to the commencement of any residential development on the site, excluding land division for that purpose.
- (c) The clubhouse and tourist accommodation must be commenced within 6 months of completion of the golf course.
- (d) All external and internal road upgrades, including car parking areas, shall be commenced and completed prior to occupation of development on the site, and prior to commencing commercial operations.

Prior to the Commencement of Construction Works

The following information shall be submitted for further assessment and approval by the Minister for Planning, prior to the commencement of construction works:

4. Building Rules compliance, following assessment and certification by a private certifier, the Kangaroo Island Council or by a person determined by the Minister for Planning, as complying with the provisions of the Building Rules (or the Building Rules as modified according to criteria prescribed by the Development Regulations 2008). For the purposes of this condition 'building work' does not include plant and equipment or temporary buildings that are not permanently attached to the land (refer to relevant Advisory Notes below).
5. Final detailed plans for all structures on site and for each component of the development (including site plans, floor plans, elevations, cross-sections, rendered perspectives, final golf course layout and other relevant specifications).
6. Final plans, drawings, specifications and financial and maintenance arrangements (including Deeds of Agreement) associated with road infrastructure upgrades for the intersection of Hog Bay Road and Davies Road, prepared in consultation with the Department of Planning, Transport & Infrastructure and the Kangaroo Island Council.
7. Final plans, drawings, specifications and financial and maintenance arrangements (including Deeds of Agreement) associated with road infrastructure upgrades for Davies Road and Cathers Road, prepared to the reasonable satisfaction of the Kangaroo Island Council.
8. A Preliminary Site Investigation / Site History Report to determine whether a potentially contaminating land use has occurred on the site in the past, prepared in consultation with the Environment Protection Authority.
9. A sand drift erosion and cliff stability investigation shall be completed, in consultation with the Department for Environment and Water, and the finding included into the final design of the golf course.
10. A Construction Environmental Management and Monitoring Plan (CEMMP), prepared in consultation with the Environment Protection Authority, the Department for Environment and Water and the Kangaroo Island Council. The CEMMP must incorporate measures to address (but not be limited to) the following matters:
 - (a) traffic management for the duration of demolition and construction;
 - (b) construction and works noise management to ensure compliance with the Environment Protection (Noise) Policy 2007;
 - (c) management of air quality (including odour and dust);
 - (d) sequencing of development (including construction timelines for works on site, as well as periods and hours of construction);
 - (e) occupational health and safety matters;
 - (f) bio-security and wash down procedures to minimise the transfer of pests and pathogens during the construction process;
 - (g) soils (including fill importation), stockpile management and prevention of soil contamination (such as from chemical use and storage, pest plants and pathogens);
 - (h) soil erosion and sediment control (including rehabilitation and stabilisation of land as construction progresses);
 - (i) stormwater management, prior to implementation of a permanent solution;
 - (j) groundwater (including prevention of groundwater contamination);
 - (k) site contamination and remediation (where required);
 - (l) Aboriginal Heritage to ensure compliance with the Aboriginal Heritage Act 1988;
 - (m) waste management for all waste streams and overall site clean-up;
 - (n) use and storage of chemicals, oil, construction-related hazardous substances and other materials that have the potential to contaminate the environment (including proposed emergency responses); and
 - (o) site security, fencing and safety (including the management of public access and local traffic).
11. An Integrated Water Management Plan (IWMP), prepared in consultation with the Environment Protection Authority and the Department for Environment and Water. The plan must incorporate measures and actions to address (but not be limited to) the following issues:
 - (a) a site plan identifying all water related features and infrastructure for the storage, treatment and/or reuse of potable water, stormwater, wastewater and irrigation water;
 - (b) water balance information, including the total water needs of all components of the development;
 - (c) observation wells and a water level and water quality monitoring program;
 - (d) total wastewater generation from the development (based on projected wastewater volumes per day);
 - (e) predicted greywater generation volumes and a description of how all greywater will be collected, stored and re-used on site (if greywater is to be collected separately to wastewater);
 - (f) predicted evaporative losses from water and wastewater storages;
 - (g) a description of how all wastewater will be collected, stored and re-used on site (including the capacity of the system);
 - (h) a Reclaimed Water Irrigation Management Plan, prepared in accordance with the EPA Guideline 'Wastewater Irrigation Management Plan – a Drafting Guide for Wastewater Irrigators' (June 2009);
 - (i) details of the proposed wastewater storage lagoon liners, prepared in accordance with the EPA Guideline 'Wastewater Lagoon Construction' (November 2014);

- (j) predicted stormwater generation volumes and details of stormwater quality improvements, including the location and sizing of bio-retention swales and basins, anticipated quality improvements and details of any other proposed stormwater quality treatment features;
 - (k) management of the potential impacts from nutrient and chemical runoff from the golf course, including details regarding the management of pesticides and herbicides, in accordance with the EPA 'Guidelines for Responsible Pesticide Use' (December 2005) and the EPA 'Safe and Effective Pesticide Use: a Handbook for Commercial Spray Operators';
 - (l) control of the spread of turf grasses; and
 - (m) contingencies to address any detrimental effects, especially on local hydrology.
12. Preparation and implementation of a Cultural Heritage Management Plan for the site (including the infrastructure corridors), to be prepared in consultation with relevant Aboriginal heritage representatives, to establish protocols for the discovery of any Aboriginal sites, objects and/or remains during construction.

During Construction Works and Prior to Operation of the Development

13. All works shall be undertaken in accordance with the approved plans, drawings, specifications and other documentation provided in accordance with conditions 4 to 12 listed above.

The following information shall be submitted for further assessment and approval by the Minister for Planning, during construction works and prior to the operation of the development.

14. An Operational Environmental Management and Monitoring Plan (OEMMP), prepared in consultation with the Environment Protection Authority, the Department for Environment and Water and the Kangaroo Island Council. The OEMMP must incorporate measures to address (but not be limited to) the following matters:
- (a) general operational noise management (such as from machinery noise), to ensure compliance with the Environment Protection (Noise) Policy 2007;
 - (b) a Waste Management strategy detailing the collection, storage and disposal of waste (for all waste streams) to comply with the Environment Protection (Waste to Resources) Policy 2010;
 - (c) wastewater collection and treatment to comply with general obligations of the Environment Protection (Water Quality) Policy 2004;
 - (d) traffic management associated with the preparation of events;
 - (e) noise from live and/or recorded music and public address systems for events;
 - (f) a Kangaroo and Wallaby Management Strategy (including any proposed site fencing and implementation of natural barriers);
 - (g) emergency and evacuation procedures (including a Fire Management Plan prepared in consultation with the Country Fire Service); and
 - (h) ongoing sustainability initiatives (including power, water, flora and fauna management) and details of proposed methods for ongoing monitoring and reporting.
15. A Native Vegetation Management, Rehabilitation and Revegetation Plan, prepared in consultation with the Department for Environment and Water and the Kangaroo Island Natural Resources Management Board. The plan also should include details on how weeds and pests are to be managed following commencement of operations.

During Operation of the Development

16. Operations on the site shall be undertaken in accordance with the approved plans, drawings, specifications and other documentation provided in accordance with conditions 12 – 15 as listed above.
17. The development/site shall be maintained in a serviceable condition and operated in an orderly manner at all times consistent with conditions of approval, to the satisfaction of the Minister for Planning.
18. Undeveloped allotments shall be maintained in a neat and tidy condition at all times, with soil surfaces stabilised to minimise erosion, to the satisfaction of the Minister for Planning.
19. Recycled water (wastewater, greywater and stormwater) must be stored separately from the main water supply storage in accordance with relevant EPA Guidelines.
20. All liquids that have the ability to cause environmental harm must be stored within a bunded compound that has a capacity of at least 120% of the volume of the largest container, in accordance with the EPA 'Bunding and Spill Management Guidelines' (2007).

ADVISORY NOTES

1. Approvals will be required for all structures on site and for each component of the development, including:
- the resort clubhouse building and associated facilities;
 - the tourist accommodation (lodges and suites);
 - storage sheds and other storage structures;
 - the water storage dam; and
 - any land division to create certificates of title for separate allotments.
- In respect of land division documentation, surveyed plans sufficient to satisfy Lands Titles Office procedure should be provided.
2. Further designs and plans (i.e. subject to separate applications to the Minister for Planning or the Development Assessment Commission, as the Governor's delegate, will be required should further development approval be sought for dwellings or additional tourist accommodation.
3. Pursuant to Development Regulation 64, the applicant is advised that the Kangaroo Island Council or private certifier conducting a Building Rules assessment must-
- (a) provide to the Minister a certification in the form set out in Schedule 12A of the Development Regulations 2008 in relation to the building works in question; and
 - (b) to the extent that may be relevant and appropriate-
 - (i) issue a Schedule of Essential Safety Provisions under Division 4 of Part 12; and
 - (ii) assign a classification of the building under these regulations; and

(iii) ensure that the appropriate levy has been paid under the Construction Industry Training Fund Act 1993.

Regulation 64 of the Development Regulations 2008 provides further information about the type and quantity of all Building Rules certification documentation for Major Developments required for referral to the Minister for Planning.

4. The Kangaroo Island Council or private certifier undertaking Building Rules assessments must ensure that the assessment and certification are consistent with this development authorisation (including any Conditions or Advisory Notes that apply in relation to this development authorisation).
5. Should the applicant wish to vary the Major Development or any of the components of the Major Development, an application may be submitted, provided that the development application variation remains within the ambit of the Public Environmental Report and Assessment Report referred to in this development authorisation. If an application variation involves substantial changes to the proposal, pursuant to Section 47 of the Development Act 1993, the applicant may be required to prepare an amended Public Environmental Report for public inspection and purchase. An amended Assessment Report may also be required to assess any new issues not covered by the original Assessment Report and a decision made by the Governor pursuant to Section 48 of the Development Act 1993.
6. The applicant's CEMMP and other Plans should be prepared taking into consideration (and with explicit reference to) relevant EPA policies and guideline documents, including, but not limited to:
 - (a) the Environment Protection (Air Quality) Policy 1994;
 - (b) the Environment Protection (Noise) Policy 2007;
 - (c) the Environment Protection (Water Quality) Policy 2003;
 - (d) the Environment Protection (National Pollutant Inventory) Policy 2008;
 - (e) the Standard for the Production and Use of Waste Derived Fill (if applicable) (2013);
 - (f) the Bunding and Spill Management Guidelines (2012);
 - (g) the Stormwater Pollution Prevention Code of Practice for the Building and Construction Industry (1999);
 - (h) Handbooks for Pollution Avoidance; and
 - (i) any other legislative requirements, Guidelines and Australian Standards requiring compliance.
7. All works and activities must be undertaken in accordance with the General Environmental Duty as defined in Part 4, section 25(1) of the Environment Protection Act 1993 (which requires that a person must not undertake any activity, which pollutes, or may pollute; without taking all reasonable and practical measures to prevent or minimise harm to the environment), relevant Environment Protection Policies made under Part 5 of the Environment Protection Act 1993 and other relevant publications and guidelines.
8. A site contamination consultant must be engaged to prepare the Preliminary Site Investigation Report, in accordance with Schedules A and B of the National Environment Protection (Assessment of Site Contamination) Measure 1999 (NEPM). If the report identifies that a potentially contaminating activity has occurred, an accredited Site Contamination Auditor must provide a Site Contamination Audit Report that states the site is suitable for residential use or the site does not pose unacceptable risks to human health and the environment for the proposed commercial area (e.g. short term tourist accommodation).
Statements by site contamination consultants in relation to site contamination must be clearly qualified as to the existence of site contamination at the site by specifying the land uses that were taken into account in forming that opinion as required by Section 103ZA of the Environment Protection Act 1993.
9. Best practice with regard to bioretention is considered to be a design which uses the guidance contained in the Cooperative Research Centre 'Water Sensitive Cities Guidelines for Stormwater Biofiltration Systems – Summary Report' (2015), available at: www.watersensitivecities.org.au. To be effective at treating stormwater on a long term basis, it is recommended that at least 50% of the plants used for bioretention are those recommended in the Report.
10. The applicant is reminded of its obligations under the Native Vegetation Regulations 2003 whereby any native vegetation clearance must be undertaken in accordance with a management plan that has been approved by the Native Vegetation Council that results in a significant environmental benefit on the property where the development is being undertaken, or a payment is made into the Native Vegetation Fund of an amount considered by the Native Vegetation Council to be sufficient to achieve a significant environmental benefit in the manner contemplated by section 21(6) of the Native Vegetation Act 1991, prior to any clearance occurring.
11. Kangaroos are protected under the National Parks and Wildlife Act 1972. South Australia has a Kangaroo Management Plan which has been approved under federal legislation, and a planning decision does not include approvals for the culling of Kangaroos, which is a separate matter to be carefully managed in consultation with the for Environment and Water and Natural Resources Kangaroo Island.
12. The applicant is reminded of its obligations under the Aboriginal Heritage Act 1988, whereby any 'clearance' work that may require permission to disturb, damage or destroy Aboriginal Sites, must be undertaken with the full authorisation of the Minister for Aboriginal Affairs and Reconciliation, according to Section 23 of the Act.
13. The applicant, and all agents, employees and contractors, such as construction crews, must be conversant with the provisions of the Aboriginal Heritage Act 1988, particularly the requirement to immediately contact the Department of Aboriginal Affairs and Reconciliation in the event that archaeological items (especially skeletal material) are uncovered during earthmoving.
14. The applicant is reminded of its obligations under the Commonwealth Environment Protection and Biodiversity Conservation Act 1999 (EPBC Act), not to undertake any activity that could have a significant impact on any matter of National Environmental Significance, without first referring it to Commonwealth Minister for the Environment for consideration under the Act.
15. The Minister has a specific power to require testing, monitoring, auditing and reporting under Section 48C of the Development Act 1993.

ENVIRONMENT PROTECTION ACT 1993

SECTION 68

Approval of Category B Containers:

I, ANDREA KAYE WOODS, Team Leader, Container Deposit Legislation and Delegate of the Environment Protection Authority ('the Authority'), pursuant to section 68 of the Environment Protection Act, 1993 (SA) ('the Act') hereby:

Approval of Category B Containers:

Approve as Category B Containers, subject to the conditions in sub-clauses 1, 2, 3 and 4 below, each of the classes of containers identified by reference to the following matters described in the first 4 columns of Schedule 1 of this Notice which are sold in South Australia:

- the product which each class of containers shall contain;
 - the size of the containers;
 - the type of containers;
 - the name of the holders of these approvals.
- That containers of the class to which the approval relates must bear the refund marking specified by the Authority for containers of that class. The Authority specifies the following refund markings for Category B containers:
 - "10c refund at collection depots when sold in SA", or
 - "10c refund at SA/NT collection depots in State/Territory of purchase", or
 - "10c refund at collection depots/points in participating state/territory of purchase"
 - The holder of the approval must have in place an effective and appropriate waste management arrangement in relation to containers of that class. For the purpose of this approval notice the company named in column 5 of Schedule 1 of this Notice is the nominated super collector.
 - In the case of an approval in relation to category B containers that the waste management arrangement must require the holder of the approval to provide specified super collectors with a declaration in the form determined by the Authority in relation to each sale of such containers by the holder of the approval as soon as practicable after the sale";
 - The holder of these approvals must ensure that if a sticker bearing the refund marking has been approved, and is applied to the container, then the sticker must not be placed on any portion of the opening mechanism or in any other place that would require complete or partial removal of the sticker before the contents may be consumed.

ENVIRONMENT PROTECTION ACT 1993

SECTION 69

Variation to Existing Approval of Collection Depot

I, ANDREA KAYE WOODS, Delegate of the Environment Protection Authority ('the Authority'), pursuant to section 69 of the Environment Protection Act, 1993 (SA) ('the Act') hereby:

1. Variation to Existing Approval of Collection Depot:

Vary the approval of the collection depot listed at Schedule 1 of this notice, that was granted under the Act prior to the date of this Notice and impose the conditions of this approval to be as follows:

1.1 Approval of Collection Depot:

The collection depot identified by reference to the following matters is approved:

- the name of the collection depot described in column 1 of Schedule 1 of this Notice;
- the name of the company identified in column 2 of Schedule 1 of this notice;
- the name of the proprietor of the depot identified in column 3 of Schedule 1 of this Notice;
- the location of the depot described in columns 4-7 of Schedule 1 of this Notice.

The collection depot listed at Schedule 1 of this Notice is approved in relation to all classes of containers, which were approved under the Act, at or subsequent to the date of this Notice, as Category B Containers.

1.2 Conditions of approval:

Impose the following conditions on the approval:

- If the Approval Holder's name or postal address (or both) changes, then the Approval Holder must inform the Authority in writing, within 28 days of the change occurring.
- If the collection depot is sold to another party, the Approval Holder must inform the Authority in writing, within 28 days of settlement.
- The Approval Holder who wishes to cease operation of the depot shall notify the Authority in writing no less than 14 days from the date of closing.
- The Approval Holder, or a person acting on his or her behalf, must not pay a refund on, or seek reimbursement for, containers that the Approval Holder, or the person acting on his or her behalf, knows were not purchased in South Australia.
- The Approval Holder must ensure that prominent signage is displayed, detailing the offence and the penalties under Section 69 the Act, for presenting interstate containers for refund.

4—Recognition of motor vehicles clubs

The motor vehicle clubs specified in Schedule 1 are, subject to the conditions set out in clause 5, recognised for the purposes of regulation 16 of the Regulations.

5—Conditions of recognition

A motor vehicle club specified in Schedule 1 must comply with the following conditions:

- (a) the club must maintain a constitution approved by the Registrar;
- (b) the club must nominate and have members authorised by the Registrar (authorised persons). The club’s authorised person(s) are responsible for approving applicants and motor vehicles for registration under the Scheme. This includes confirming that Scheme applicants are financial members of a club; any other details as required by the Registrar on the MR334 form; and to inspect members’ vehicles when requested to do so by the Registrar;
- (c) the club must issue a prescribed log book to club members for each of their vehicles to record vehicle use;
- (d) the club must cancel a member’s prescribed log book when a member resigns, must ensure that a statutory declaration is provided when a member’s log book is lost or destroyed, must keep details of members’ prescribed log book return sheets and forward copies of the same to the Registrar or Federation annually as required;
- (e) the club must create and maintain records detailing all its financial members, its authorised persons, all vehicles for which an MR334 form has been issued, all statutory declarations received and prescribed log books issued and returned to the club;
- (f) the club must keep records for a period of 5 years from the date of the document and these records must include all duplicate MR334 forms, all records of motor vehicle inspections undertaken in accordance with paragraph (b), all statutory declarations provided by members for the purposes of paragraphs (d), all prescribed log books issued by reference to their serial number, the member’s name and the vehicle for which it was issued, and to make all such records available for inspection or provide copies of the records at the request of the Registrar for audit purposes;

- (g) the club must ensure, as far as practicable, that all members comply with the Code of Practice;
- (h) the club, as far as practicable, must report to the Registrar or the Federation details of members and motor vehicles not complying with the conditions and criteria set out in the Code of Practice for the Scheme;
- (i) the club must provide to the Registrar, within 2 months after the end of the club's financial year, an annual report detailing members from that financial year with vehicles registered under the Scheme who are no longer financial members of the club;
- (j) the club must notify the Registrar, in writing, within 14 days of resolution to cease operation as a club and must provide the club records specified in paragraph (f) to the Registrar within 14 days of its dissolution.

Note—

Under regulation 16(3)(c) of the *Motor Vehicles Regulations 2010*, the Registrar may, by notice in the Gazette, withdraw the recognition of a motor vehicle club if satisfied that the club has contravened or failed to comply with a condition applying to its recognition by the Registrar, or if there is other good cause to withdraw the recognition.

- 1) Subject to paragraphs (2) and (3), a levy per kilolitre of water of:
 - (i) 0.662 cents per kilolitre where the water allocation endorsed on the licence is specified as an annual volume in kilolitres; or
 - (ii) A levy of \$200;
 whichever is the greater (except for a water allocation endorsed on the licence as a Taking Lower Angas Bremer Allocation (LABA) (Flood) in which case paragraph (2) below applies).
- 2) A levy per kilolitre for a water allocation endorsed on the licence of 0.158 cents per kilolitre of water allocated as Taking LABA (Flood).
- 3) No levy will be applied where:
 - (i) the water allocation is endorsed on the licence as Taking LABA (Flood Delivery);
 - (ii) water is taken for domestic purposes; or
 - (iii) water is taken for the watering of stock not subject to intensive farming.

For the purpose of this Notice:

“Taking LABA (Flood)” means an allocation granted to take water sourced from a watercourse in surface water management zones 426AR026 and/or 426BR062, or that flows from these zones, and to be taken by means of a pump or flood gate for the purpose of flood irrigation.

“Taking LABA (Flood Delivery)” means an allocation granted to take water sourced from a watercourse in surface water management zones 426AR026 and/or 426BR062, or that flows from these zones, and to be taken by means of a pump or flood gate as a delivery supplement for the purpose of flood irrigation.

“Eastern Mount Lofty Ranges Prescribed Water Resources Area” means the watercourses and wells prescribed by the *Natural Resources Management (Eastern Mount Lofty Ranges—Prescribed Watercourses and Surface Water Prescribed Area) Regulations 2005* and the wells prescribed by the *Natural Resources Management (Eastern Mount Lofty Ranges—Prescribed Wells Area) Regulations 2005*

This notice has effect in relation to the financial year commencing on 1 July 2019.

- (3) the whole of Kangaroo Island with respect to the declared diseases of potato, namely bacterial wilt (*Ralstonia solanacearum* Race 3) and potato cyst nematodes (*Globodera rostochinesis* and *Globodera pallida*). This quarantine area is to be known as the ‘Kangaroo Island Protected Production Area’.

6.2 Measures to be taken in Quarantine Areas

- (1) The owner of any commercial premises within a portion of the State declared to be a quarantine area in respect of the pest Onion Smut must take the measures prescribed in the Standard for eradication of that disease.
- (2) The owner of any commercial premises within a portion of the State declared to be a quarantine area in respect of the pest fruit flies must take the measures prescribed in the Standard for the eradication of such flies.
- (3) The owner of any commercial premises within the ‘Kangaroo Island Protected Production Area’ established under sub-paragraph 6.1(4) must take the measures prescribed in the Standard for eradication of the declared diseases of potato.

6.3 Measures for the exclusion of fruit flies from the Riverland of South Australia (“the Riverland Fruit Fly Quarantine Areas”):

- (1) Host fruits of fruit flies (“host fruits”) as defined in paragraph 5.2 (1) are prohibited and must not be imported or introduced into the quarantine areas declared in paragraph 6.1 (3) (“the Riverland Fruit Fly Quarantine Areas”) unless:
 - (i) if the host fruit was produced in a State or Territory other than South Australia: the host fruit complies with the provisions of the Standard.
 - (ii) if the host fruit was produced in any part of South Australia outside the Riverland Fruit Fly Quarantine Areas: the host fruit has been certified by an inspector under the Act as having been either:
 - grown in an area free of fruit flies as defined by the Standard;
 - or
 - treated against fruit flies by a method set out in the Standard.
 - (iii) if the host fruit was originally produced in the Riverland Fruit Fly Quarantine Areas, but has moved outside those areas and is now proposed to be re-introduced into those areas, the produce must either be:
 - be certified by an inspector that it has been maintained in an area free of fruit flies or treated against fruit flies by a method set out in the Standard;
 - or
 - moved under an accreditation arrangement as approved by the Minister under Part 4 Division 2 of the Act and regulation 7 of the *Plant Health Regulations 2009*.
- (2) Subparagraph (1) (ii) does not apply to host fruit grown for the purpose of sale if that fruit was grown within a fruit fly outbreak suspension area.
- (3) Subparagraph (1) does not apply to host fruits that have been purchased within South Australia and are accompanied by an itemised retail purchase docket applicable to that produce.

7. Incorporation of Codes and Standards - Pursuant to Section 59 of the Act

7.1 The Plant Quarantine Standard South Australia (the Standard) as in force from time to time is hereby adopted under Section 59 of the Act and provides the basis on which declared pests under 3.1 of this notice are specified, and items listed under 5.2 of this notice may be imported into the State. In addition to being available under Section 59 (2)(a) of the Act, the Standard will be available from the PIRSA website <http://pir.sa.gov.au> or by phoning Biosecurity SA – Plant Health on (08) 8207 7820.

7.2 The Plant Health - Plague Locust Control Plan as maintained as part of Primary Industries and Regions South Australia’s Emergency Management Documents as in force from time to time is hereby adopted under Section 59 of the Act.

Part 1—Preliminary

1—Short title

These regulations may be cited as the *Rail Safety National Law National Regulations Variation Regulations 2019*.

2—Commencement

These regulations come into operation on the day on which the *Rail Safety National Law (South Australia) (Miscellaneous) Amendment Act 2019* comes into operation.

3—Variation provisions

In these regulations, a provision under a heading referring to the variation of specified regulations varies the regulations so specified.

Part 2—Variation of *Rail Safety National Law National Regulations 2012*

4—Insertion of Part 1A

After regulation 7 insert:

Part 1A—Annual report provisions

7A—Application

This Part applies for the purposes of section 43 (Annual report) of the Law.

7B—Auditors

- (1) The financial statements in respect of a particular financial year must be audited—
 - (a) by a public sector auditor; or
 - (b) with the approval of the responsible Ministers—by an appropriately qualified auditor.
- (2) A person (other than a public sector auditor) must not audit the financial statements in respect of a particular financial year unless the person has been approved to do so by the responsible Ministers.
- (3) An auditor who has been approved by the responsible Ministers to audit the financial statements in respect of a particular financial year must satisfy the Regulator that the auditor has indeed been so approved.

- (4) In this regulation—

appropriately qualified auditor means a registered company auditor who—

- (a) is a member of CPA Australia entitled to use the letters "CPA" or "FCPA" and who holds a current practice certificate issued by CPA Australia; or
- (b) is a member of the Institute of Chartered Accountants in Australia entitled to use the letters "CA" or "FCA" and who holds a current certificate of public practice issued by the Institute; or
- (c) is a member of the Institute of Public Accountants entitled to use the letters "MIPA" or "FIPA" and who holds a professional practice certificate issued by the Institute.

7C—Financial statements

The financial statement must—

- (a) be prepared in accordance with Australian Accounting Standards; and
- (b) be audited in accordance with the Australian Auditing Standards.

7D—Auditor not subject to direction

- (1) An auditor who conducts an audit of the financial statements for the purposes of the annual report is not subject to direction by any person about—
 - (a) the way in which the auditor's functions in relation to the audit or report on the financial statement are to be performed; or
 - (b) the priority to be given to the audit or report on the financial statement.
- (2) Despite subregulation (1)(b), the Regulator and the auditor may enter into an agreement to ensure an audit or report is provided in sufficient time for it to be included in the annual report to be delivered to the responsible Ministers under section 43(1) (Annual report) of the Law.
- (3) Subregulation (1) does not limit the functions of the Auditor-General of a participating jurisdiction under whose authority an audit is being conducted or a report is being prepared.

5—Variation of regulation 28—Drug and alcohol management program

- (1) Regulation 28(1)(d)—after "such testing" insert:

and systems and procedures in relation to the response of the rail transport operator to a prescribed incident
- (2) Regulation 28—after subregulation (1) insert:
 - (1a) For the purposes of subregulation (1)(d), the drug and alcohol testing regime of a rail transport operator required to be accredited in respect of railway operations carried out outside New South Wales must include the following:
 - (a) if a rail safety worker is involved, or is reasonably suspected of having been involved, in a prescribed incident while carrying out rail safety work outside New South Wales in respect of the operator's railway operations, the operator must require the worker to undergo drug and alcohol testing, in accordance with the requirements of the operator's drug and alcohol management program, unless—
 - (i) the drug and alcohol testing has been conducted by a police officer or the Regulator; or
 - (ii) the operator is notified by the Regulator that the drug or alcohol testing is not required; or
 - (iii) there is a reasonable excuse for not doing so;
 - (b) (unless notice has been given in accordance with the requirements of regulation 57(2)(a)) the rail transport operator must, immediately after becoming aware of a prescribed incident, notify the Regulator, in a manner approved by the Regulator, of the occurrence of the incident.
- (3) Regulation 28(4)—delete "Subregulation (2)(a)(ii) places" and substitute:

Subregulations (1a)(a) and (2)(a)(ii) place

- (4) Regulation 28(7), definition of *prescribed incident*—delete the definition and substitute:

prescribed incident means—

- (a) in the case of a rail transport operator required to be accredited in relation to railway operations carried out outside New South Wales—any of the following that occurs on railway premises (being premises used in connection with the carrying out of railway operations by the operator outside New South Wales):
- (i) a running line collision between rolling stock;
 - (ii) a collision at a level crossing between rolling stock and either a road vehicle or a person;
 - (iii) the derailment of rolling stock (other than a road-rail vehicle) on a running line;
 - (iv) a fatality other than a fatality as a result, or reasonably suspected of being as a result, of suicide;
 - (v) a serious injury to a person other than as a result of a slip, trip or fall;
 - (vi) an incident resulting in, or in relation to which there was a reasonable possibility of, an impact between—
 - (A) rolling stock and persons conducting track work; or
 - (B) rolling stock and equipment associated with, or being used for, track work; or
 - (C) moveable plant, machinery or equipment and persons within an area in which track work is being conducted;
 - (vii) an incident where a train or any part of a train exceeds the limits of an authorised movement and there was sufficient time for a rail safety worker driving the train to comply with the authorisation;
 - (viii) an incident where a train exceeds the limits of an authorised movement due to a proceed authority being incorrectly given to the rail safety worker driving the train;
 - (ix) a rolling stock run-away that exceeds the limits of an authorised movement for the rolling stock;
- (b) in the case of a rail transport operator required to be accredited in respect of railway operations carried out within New South Wales—any of the following that occurs on railway premises (being premises used in connection with the carrying out of railway operations by the operator in New South Wales):
- (i) a collision between rolling stock;
 - (ii) a collision between rolling stock and a person;
 - (iii) a collision between rolling stock and a road vehicle or plant equipment;
 - (iv) the derailment of rolling stock;
 - (v) a breach of the rail infrastructure manager's network rules;

- (vi) any other incident that the Regulator may, by notice in writing to a rail transport operator, declare to be a type of prescribed incident in respect of the operator's railway operations;

road-rail vehicle means a vehicle designed to operate both on and off a railway.

6—Variation of regulation 37—Modifications of FOI Act for purposes of national rail safety scheme

- (1) Regulation 37—after paragraph (e) insert:

- (ea) section 4(1)—as if the following definitions were inserted after the definition of *principal officer*:

Rail Safety National Law means the *Rail Safety National Law* set out in the Schedule to the *Rail Safety National Law (South Australia) Act 2012*;

Regulator means the Regulator appointed under the *Rail Safety National Law*;

- (2) Regulation 37—after paragraph (k) insert:

- (ka) Schedule 1, clause 4(2)(a)(iii)—as if "revenue law" were deleted and "rail safety law" were substituted;
- (kb) Schedule 1, clause 4(2)(a)(iv)—as if "or managing rail safety" were inserted after "public safety";
- (kc) Schedule 1, clause 7(1)(c)(ii)(A)—as if "the Government or to an agency" were deleted and "ONRSR or the Regulator" were substituted;
- (kd) Schedule 1, clause 9(1)(a)(ii)—as if "including by, or with, a committee of ONRSR" were inserted after "taken place";
- (ke) Schedule 1, clause 9(1)(a)—as if "an agency" were deleted and "ONRSR or the Regulator" were substituted;
- (kf) Schedule 1, clause 13(1)(b)(i)—as if "the Government or to an agency" were deleted and "ONRSR or the Regulator in a co-regulatory environment" were substituted;

- (3) Regulation 37—after paragraph (l) insert:

- (la) Schedule 1—as if the following clauses were inserted after clause 19:

20—Exempt documents communicated between ONRSR or Regulator and Transport and Infrastructure Council and responsible Ministers etc

The following documents are exempt documents:

- (a) a document that contains information from a communication between ONRSR or the Regulator and either of the following:
 - (i) a member of the Transport and Infrastructure Council (or such other body that may, from time to time, be a body in substitution of the Council);

- (ii) a government agency of a participating jurisdiction,

where the information relates to the business or proceedings of the Transport and Infrastructure Council (or substituted body);

- (b) a document that contains information from a communication between ONRSR or the Regulator and a responsible Minister (within the meaning of the *Rail Safety National Law*).

21—Information or documents provided under the *Rail Safety National Law* in abrogation of privilege against self-incrimination

A document is an exempt document if it contains information obtained from a person answering a question or providing information or a document under the *Rail Safety National Law* that the person would otherwise have been excused from providing on grounds that the answer, information or document may tend to incriminate the person.

7—Variation of regulation 56—Periodic information to be supplied

Regulation 56(1)(a)(i)(C) and (D)—delete subparagraphs (C) and (D)

8—Variation of regulation 57—Reporting of notifiable occurrences

- (1) Regulation 57(1)(a)(iv)—delete "road or pedestrian"
- (2) Regulation 57(1)(b)(iii)—delete "road or pedestrian"

NATIONAL ELECTRICITY LAW

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law as follows:

Under s 95, Adani Renewables has requested the *Intra-regional settlement residue allocation* (Ref. ERC0251) proposal. The proposal seeks the reallocation of intra-regional settlement residues to apply equally to both generators and network users.

Under s 95, Adani Renewables has requested the *Loss factor frameworks* (Ref. ERC0262) proposal. The proposal seeks the change in methodology used to calculate marginal loss factors from forward-looking to an average loss factor methodology.

Under s 93(1) (a), the rule change requests for ERC0251 and ERC0262, have been consolidated. The consolidated request is named *Transmission loss factors* (Ref. ERC0251). Submissions for the consolidated request are currently open and must be received by **18 July 2019** under the project code ERC0251.

Submissions can be made via the AEMC's website. Before making a submission, please review the AEMC's privacy statement on its website. Submissions should be made in accordance with the AEMC's *Guidelines for making written submissions on Rule change proposals*. The AEMC publishes all submissions on its website, subject to confidentiality.

Written requests should be sent to submissions@aemc.gov.au and cite the reference in the title. Before sending a request, please review the AEMC's privacy statement on its website.

Documents referred to above are available on the AEMC's website and are available for inspection at the AEMC's office.
