RENUMERATION ACT 1990
REPORT OF THE REMUNERATION TRIBUNAL—NO. 2 OF 2020
Review of Remuneration for the Auditor-General, Electoral Commissioner, Deputy Electoral Commissioner and Health and Community Services Complaints Commissioner

INTRODUCTION
1. The Remuneration Tribunal (“the Tribunal”) has jurisdiction under section 14 of the Remuneration Act 1990 (“the Act”) to determine the remuneration, or a specified part of remuneration, of certain statutory office holders, as conferred by other Acts or by proclamation by the Governor.
2. This Report concerns the remuneration of the following statutory office holders:
   2.1. the Auditor-General;
   2.2. the Electoral Commissioner;
   2.3. the Deputy Electoral Commissioner; and
   2.4. the Health and Community Services Complaints Commissioner.

BACKGROUND
3. The previous review of remuneration for the abovementioned statutory office holders was conducted in 2019, resulting in the Tribunal increasing the salaries of those office holders by 2 per cent, with an operative date of 1 January 2019.

PROCEDURAL HISTORY
4. Section 10(2) of the Act provides that prior to the making of a Determination, the Tribunal must allow an affected person, or persons of an affected class, a reasonable opportunity to make submissions orally or in writing to the Tribunal.
5. Section 10(4) provides that the Minister responsible for the Act may intervene, personally or by counsel or other representative, in proceedings before the Tribunal for the purpose of introducing evidence, or making submissions, on any question relevant to the public interest.
6. The Tribunal wrote to the statutory office holders listed at paragraph 2 of this Report on 22 April 2020, notifying of the Tribunal’s intention to review the previous Determination of remuneration for those offices.
7. On 22 April 2020, the Tribunal wrote to the Honourable Premier of South Australia (“the Premier”), as the Minister responsible for the Act, inviting submissions in the public interest.
8. In addition, on 27 April 2020, a notification of the review was placed on the Tribunal’s public website.

SUBMISSIONS
9. On 22 May 2020, the Tribunal received a submission on behalf of the Premier. That submission is summarised as follows:
9.1. In relation to the 2020 review of salaries for Statutory Office Holders (specifically the Auditor-General, the Electoral Commissioner, the Deputy Electoral Commissioner and the Health and Community Services Complaints Commissioner) and the Tribunal’s invitation by letter dated 22 April 2020, the Premier as the Minister responsible for the Remuneration Act 1990 submits that the Remuneration Tribunal have regard to the following factors:
the economic indicia outlined in the Premier’s submission; and
the movement in pay of executives in the public service operative from 1 July 2019.

9.2. Although the Treasurer informed the South Australian Parliament that: “…there will be a wage freeze for ministers and for members of parliament. There will also be a wage freeze for ministerial staff, and a wage freeze for public sector executives as opposed to public sector workers more generally.” (Hansard: 29 April 2020) it is not proposed that that be applied to this review. Public sector executives had an increase in July last year and consistent with previous submissions, it is proposed that the Tribunal have regard to that July 2019 increase in determining the remuneration of the Statutory Officers.

9.3. It is appropriate to give notice that consequent on implementation of the matter foreshadowed by the Treasurer in Hansard on 29 April 2020, that matter will be the subject of a submission to the Tribunal during the next annual review in respect of 2021.

10. No other submissions were received by the Tribunal.

CONSIDERATION

11. The Tribunal has had regard to the economic background against which this review was conducted. That consideration includes the information referred to in the Premier’s submission.

12. The Tribunal identified the following considerations:
12.1. The Reserve Bank of Australia (“RBA”) inflation forecast of -1% for the year ending June 2020;
12.2. The RBA Gross Domestic Product forecast of -8% for the year ending June 2020 and -6% for the year ending December 2020;
12.3. Gross Domestic Product contraction of 0.3% for the March 2020 quarter, as measured by the Australian Bureau of Statistics (“ABS”).
12.4. A movement in the ABS Consumer Price Index for Adelaide of 2.4% for the year ending March 2020;
12.5. The Wage Price Index for Public Sector employment, as published by the ABS, was 2.1% for South Australia and 2.5% for Australia, for the year ending March 2020.
12.6. Monetary Policy decision of the Reserve Bank of Australia, dated 5 May 2020, Statement by Governor Philip Lowe of the RBA:
“...The Australian economy is going through a very difficult period and there is considerable uncertainty about the outlook. Reflecting this uncertainty, the Board considered a range of scenarios at its meeting. In the baseline scenario, output falls by around 10 per cent over the first half of 2020 and by around 6 per cent over the year as a whole. This is followed by a bounce-back of 6 per cent next year.”
“In the baseline scenario considered by the Board, the unemployment rate peaks at around 10 per cent over coming months and is still above 7 per cent at the end of next year. A lower unemployment rate than this is possible if the reduction in labour demand is accompanied by a larger reduction in average hours worked, rather than by people losing their jobs.”
12.7. The Tribunal also considered movements in public sector remuneration. The South Australian Modern Public Sector Enterprise Agreement: Salaried 2017 provides for weighted average salary increases of 2.3% in 2019. That enterprise agreement is currently the subject of negotiations and increases for 2020 and beyond are unable to be discerned at the time of this review.

12.8. The following table compares historical increases for the statutory office holders to whom this Report relates with those employees covered by the South Australian Modern Public Sector Enterprise Agreement: Salaried 2017:

CONCLUSION
13. The Tribunal has exercised its independent judgement in reviewing the levels of salary for the Statutory Office Holders to whom its Determination applies. In doing so, the Tribunal has considered the submissions made to the Tribunal, and all of the above data and information.
14. The Tribunal has also made itself independently aware of economic data and information as at the time of writing, which is outlined above. The conclusions drawn from that economic data and information are that the economic circumstances of the State at the time of this review are difficult, and will continue to be so for the foreseeable future.
15. The submission made on behalf of the Premier proposed that the Tribunal have regard to the previous increase awarded to Public Service executives, which was an increase of 2 per cent with effect 1 July 2019.
16. In the course of previous reviews, the Tribunal has had regard to general increases in the remuneration for Public Service executives, however, this should not be interpreted as a commitment to automatically link these two reference points. The Tribunal continues to preserve its independent discretion in relation to such matters.
17. The Tribunal is of the view that the economic background against which this review is conducted has significantly changed since 2019. On that basis, the Tribunal is not persuaded that awarding a 2 per cent increase to the relevant Statutory Office Holders is appropriate on this occasion.
18. The Tribunal does, however, have a desire to maintain increases in the remuneration of the relevant Statutory Office Holders within a reasonable range when compared to other Public Service executives.
19. Accordingly, the Tribunal has concluded that the rates of salary applicable to the offices specified at paragraph 2 of this Report will be increased by 1 per cent, with operative effect on 1 January 2020. The accompanying Determination will issue.

COMMUNICATION ALLOWANCE
21. The Tribunal has reviewed the Communication Allowance applicable to the Statutory Office Holders listed at paragraph 2. In doing so, the Tribunal has had regard to the relevant statistical measure which forms the basis of consideration of the Communications Allowance.
22. The Tribunal has decided to make no adjustment to the level of the Communication Allowance on this occasion.

9.3 The level of additional salary sought is an amount which takes the annual salary of a Deputy President Magistrate to that of a District Court Judge.

9.4 Magistrates appointed as Deputy Presidents of the SAET perform substantially similar work to District Court Judges appointed as Deputy Presidents of the SAET, save and except for certain statutory limitations as specified by the SAET Act.

9.5 Other Magistrates appointed as Deputy Presidents of the SAET are remunerated with a salary equivalent to that of a District Court Judge.

9.6 Historically, all persons previously appointed Deputy Presidents of the SAET or its predecessor have been paid a judicial salary.

9.7 The equal pay for equal work principle ought to apply in relation to the salaries of all Magistrates appointed as Deputy Presidents of the SAET.

9.8 Written statements of Deputy President Lieschke (SAET) and former President McCusker (SAET) were submitted as evidence.

9.9 That the operative date for the determination of additional salary ought to be backdated to 3 April 2019, to align with the date of appointment as Deputy President of the SAET.

10. Summary of Statement Made by Deputy President Lieschke (submitted by Deputy President Magistrate Cole)

10.1 My salary and other terms and conditions have always been the same as my Deputy President colleagues, other than the judicial pension.
10.2 I understand that my former colleague DP McCouaig, who held no other judicial appointment and who only worked in the workers compensation jurisdiction, also received the same salary and leave conditions as all other Deputy Presidents.

10.3 The same also held true for Acting DP Thompson, and for Acting DP Gilechrist when he was first appointed over 20 years ago.

10.4 I am aware that steps were taken by President Hannon of the SA Industrial Relations Commission, and by Senior Judge Jennings of the Workers Compensation Tribunal to correct an error in the terms and conditions of DP McCouaig. He was not initially afforded the same travel allowances as other Presidential members, but that was corrected to the level of a Judge after the intervention of our leadership.

10.5 When the Workers Compensation Tribunal was abolished in 2015 in favour of the new SAET, two new Deputy Presidents were appointed, being DP Calligeros and DP Dolphin. Both received the same terms and conditions as the other Deputy Presidents even though they only worked in the workers compensation jurisdiction and held no other judicial appointment.

10.6 I was appointed to the SAET by proclamation of 4 February 2016. I was appointed to the office of Deputy President of SAET from 5 March 2016. The office of Deputy President was designated by proclamation as my primary judicial office pursuant to section 6 of the Judicial Administration (Auxiliary Appointments and Powers) Act 1988. DP Ardlie was appointed on same basis at the same time.

10.7 Prior to his appointment to SAET in 2016, DP Ardlie’s initial appointment in 2002 was as a Magistrate, and he was assigned to the SA Industrial Relations Court. He was later temporarily appointed as an Acting Deputy President of the Workers Compensation Tribunal, having been initially appointed on 7 November 2013 for six months. I recall that was to assist with an increase in the workers compensation case load. When appointed as an Acting DP, his primary judicial office was designated as an Industrial Magistrate. His Acting appointment was later extended, and his primary office was still designated as an Industrial Magistrate. DP Ardlie also held the position of President of the Health Practitioners Tribunal, and was the only member of the Workers Compensation Tribunal, Industrial Relations Commission or SAET of that Tribunal. DP Ardlie retired from the SAET in August 2019.

10.8 Both DP Ardlie and I received the same terms and conditions as our DP colleagues who also held appointments as Judges. My remuneration was and still is consistent with s 6(3) of the Judicial Administration (Auxiliary Appointments and Powers) Act 1988, which provides that:

“the remuneration and conditions of service of a judicial officer who holds two or more concurrent appointments will be the same office as for a judicial officer who holds a single appointment to the primary office”

10.9 No one has been appointed as just a Magistrate of the SAET.

10.10 The title of my office is simply Deputy President. An incorrect title of Deputy President Magistrate has been used internally by some staff without my agreement and contrary to my wishes.

10.11 As Deputy Presidents of the SAET, DP Cole and I work in all jurisdictions other than in dust diseases. We sit on appeals including against decisions of all Presidential member colleagues. We are however limited in our sentencing powers to fines not exceeding $300,000. There is no dollar limit to the type of claims we can hear, as is the case in the Magistrates Court, or to the amount of any pecuniary penalty we might impose under the Commonwealth Fair Work Act 2009. We hear and determine claims involving amounts from millions of dollars to small claims.

10.12 The Fair Work Act 2009 jurisdiction is shared with judges of the Federal Court and the Federal Circuit Court. Appeals from our judgements in that jurisdiction are generally heard by a Full Bench of the Federal Court. That work is not any less demanding and complex as the workers compensation jurisdiction, which constitutes the bulk of SAET’s cases.

10.13 There is no difference in our jurisdiction under the SA Fair Work Act 1994 to that which can be exercised by DP’s who hold appointment as judges.

10.14 While there is some minor difference to the powers and jurisdictions of Presidential members, there is no difference in the application of high level legal experience, skill and knowledge to whatever cases we are hearing at first instance or on appeal. The minor differences to powers and jurisdictions are more than compensated for by the judicial pension entitlement of some members.

10.15 To the extent that the SAET Act could be read to support this anomaly in the absence of a proclamation that his primary office is Deputy President, I urge the Tribunal to apply section 13(10) to eliminate any salary difference. It appears that section 13(10) is designed to specifically cater for this situation.

10.16 On 20 May 2020, Deputy President Lieschke submitted to the Tribunal that he agrees with the additional information provided to the Tribunal by Deputy President magistrate Cole on 19 May 2020. DP Lieschke added that the circumstances of his salary level, including his primary office being that of a Deputy President in accordance with section 6 of the Judicial Appointments (Auxiliary Appointments and Powers) Act 1988, are included in his previous submission.

11. Summary of statement of former President McCusker of the SAET (submitted by Deputy President magistrate Cole of the SAET).

11.1 That the Tribunal have regard to the principle of comparative wage justice. That is sometimes described as “same work, same wage”. In my understanding, that is the essential principle at stake in this application.

11.2 I have read the statement and submission of his Honour Deputy President Lieschke and I agree with it.

11.3 During all the time I have held the office as a judicial member of the Industrial Court and the SAET, the terms and conditions of Deputy Presidents have been the same as the judicial members save for the judicial pension. That is because they are overwhelmingly engaged in the same work.

11.4 While all Deputy Presidents sit on appeals, in my view, not all Deputy Presidents make an equivalent contribution. Indeed, the fact that certain members made inadequate contribution on appeals was a source of tension in the SAET while I was president.

11.5 I refer to paragraph 18 of his Honour Deputy President Lieschke’s statement and submissions. I agree with that submission. I have never regarded Section 13(8) of the SAET Act as governing the remuneration and conditions of a Deputy President who is also a Magistrate. It would be contradiction of the clear intent of the Remuneration Act and the purposes for its enactment. (8) is clearly contextual and governed by and limited to the purpose of (7). The authority of the Full Supreme Court confirms this.

11.6 I strongly support Deputy President Cole’s application to enjoy the same terms and conditions of employment as a judicial member save for appreciating that he will not enjoy the Judicial Pensions Act. He completely satisfies the, “same work, same wage” principle.
12. Judicial Remuneration Coordinating Committee

12.1 That the JRCC supports the application made by Deputy President Magistrate Cole of the SAET for an additional component of salary in accordance with section 13(10) of the SAET Act.

13. No other submissions were received by the Tribunal.

DEPUTY PRESIDENT APPOINTMENT

14. Section 13(1)(b) of the South Australian Employment Tribunal Act 2014 (“the SAET Act”) provides for the appointment of a Magistrate to be a Deputy President of the SAET. That section is set out as follows:

‘13—Appointment of Deputy Presidents

(1) A Deputy President will be—

(a) a judge of the District Court appointed by the Governor, by proclamation, to be a Deputy President of the Tribunal; or

(b) a magistrate appointed by the Governor, by proclamation, to be a Deputy President of the Tribunal.”

15. Relevantly, a copy of the proclamation made by the Governor on 28 March 2019 appointing Deputy President Magistrate Cole to the SAET is provided below:

Published in Gazette 28.3.2019 p 967

South Australia

South Australian Employment Tribunal (Appointment of Deputy President) Proclamation 2019

under section 13 of the South Australian Employment Tribunal Act 2014

1—Short title

This proclamation may be cited as the South Australian Employment Tribunal (Appointment of Deputy President) Proclamation 2019.

2—Commencement

This proclamation comes into operation on 3 April 2019.

3—Appointment of Deputy President

Stuart Charles Cole, a Magistrate, is appointed to be a Deputy President of the South Australian Employment Tribunal from 3 April 2019.

Made by the Governor’s Deputy

after consultation by the Attorney-General with the Chief Justice of the Supreme Court and the Chief Magistrate, and with the advice and consent of the Executive Council on 28 March 2019

AG00019-19CS

16. The Tribunal has noted that the above proclamation denotes section 13 of the SAET Act as the authority exercised by the Governor in the making of the appointment. Moreover, Deputy President Magistrate Cole’s appointment as a Deputy President is made as a Magistrate. Insofar as the Tribunal is able to discern, the appointment is therefore taken to be made under section 13(1)(b) of the SAET Act.

17. It is convenient to reproduce section 13 of the SAET Act below:

‘13—Appointment of Deputy Presidents

(1) A Deputy President will be—

(a) a judge of the District Court appointed by the Governor, by proclamation, to be a Deputy President of the Tribunal; or

(b) a magistrate appointed by the Governor, by proclamation, to be a Deputy President of the Tribunal.

(2) The appointment of a judge of the District Court as a Deputy President of the Tribunal under subsection (1)(a) does not affect—

(a) the judge’s tenure of office or status as a judge; or

(b) the payment of the judge’s salary or allowances as a judge (subject to the operation of subsection (5)); or

(c) the ability of the person to do anything in the person’s capacity as a judge (including as to the exercise of the jurisdiction of the District Court); or

(d) any other right or privilege that the judge has as a judge of the District Court.

(3) Service in the office of Deputy President of the Tribunal by a judge of the District Court is taken, for all purposes, to constitute service as a judge of that Court.

(4) Subject to subsections (2) and (3), an appointment under subsection (1)(a) may be subject to conditions determined by the Governor.
18. The Tribunal has noted that the provisions within section 13 allow the Tribunal to make a Determination of additional salary for a Judge appointed as a Deputy President of the SAET, and also for a Magistrate appointed as a Deputy President of the SAET. This supports the conclusion that the issue before the Tribunal is not simply a comparative wage justice issue but also an assessment of the additional duties associated with holding office as a Deputy President of the SAET. This supports the conclusion that the issue before the Tribunal is not simply a comparative wage justice issue but also an assessment of the additional duties associated with holding office as a Deputy President of the SAET.

19. Since the commencement of section 13(10) of the SAET Act, no Determination of additional salary has been made by the Tribunal for a Magistrate appointed as a Deputy President.

20. In addition to the above provision for the making of a Determination of additional salary by the Tribunal, section 13(9) of the SAET Act provides for the Governor to determine conditions of appointment for magistrates appointed as Deputy Presidents of the SAET. At the time of writing, the Tribunal is not aware of any such determinations made by the Governor which confer an entitlement to additional salary for Deputy Presidents of the SAET. No submissions were made to the Tribunal in relation any conditions determined by the Governor for magistrates appointed as Deputy Presidents under the SAET Act.

21. It was submitted by Deputy President Magistrate Cole that other Magistrates appointed as Deputy Presidents of the SAET have been remunerated with a salary equivalent to that of a District Court Judge, however, the instrument which creates the entitlement to that level of remuneration does not arise from a Determination of the Tribunal. The Tribunal is therefore unaware of the arrangements in place which confer such an entitlement, however, insofar as the Tribunal can discern from the submissions before the Tribunal, that remuneration appears to have been previously set as an informal administrative arrangement.

THE STATUTORY FUNCTIONS OF A DEPUTY PRESIDENT

22. Section 14 of the SAET contains general functions applicable to the office of Deputy President of the SAET. That section is set out as follows:

“14—Deputy President’s functions generally
(1) A Deputy President of the Tribunal has the functions conferred on the Deputy President under this Act or any other Act.
(2) The functions of a Deputy President include—
(a) participating as a member of the Tribunal; and
(b) assisting the President in the management of the business of the Tribunal; and
(c) assisting the President in managing the members of the Tribunal, including in connection with the training, education and professional development of members of the Tribunal; and
(d) other functions assigned by the President.
(3) A Deputy President may do all things necessary or convenient to be done in the performance of the Deputy President’s functions.
(4) A Deputy President is subject to the direction of the President in performing the Deputy President’s functions, other than adjudicating in the Tribunal.”
23. Relevantly, the application made by Deputy President Cole contains information which relates to the performance of the statutory functions of Deputy President of the SAET.

24. The Tribunal has noted that the submissions made by Deputy President Magistrate Cole were not contested by the Premier, and the Tribunal has accepted those submissions in the absence of any contrary advice from the President of the SAET.

25. The following examples were provided by Deputy President Cole:

25.1 Participating as a member of the Tribunal;
25.2 Sitting as a member of the South Australian Employment Court;
25.3 Sitting on the Full Bench for appeals;
25.4 Hearing appeals from decisions at first instance made by members of SAET, most of whom are Deputy President Judges of SAET;
25.5 Writing Full Bench judgements;
25.6 Manage and hearing money claims under the Fair Work Act 2009 (Cth);

26. The functions of a Deputy President of SAET are further explored in the comparative analysis below.

**COMPARATIVE ANALYSIS**

27. The Tribunal sought additional information from Deputy President Magistrate Cole in order to understand the material differences in the duties of presidential members of the SAET. The information sought was comprised of a comparative analysis on the basis of work value considerations. Those considerations included the nature, skill, complexity, and the level of the responsibility. That information is set out below in tabular form.

28. The following table illustrates material differences in the duties of a Deputy President of the SAET, depending on whether the Deputy President is appointed as a Judge or a Magistrate.

CONSIDERATION

30. The amount of additional salary sought by Deputy President Magistrate Cole on account of holding the office of Deputy President of the SAET is $77,540.

31. The Tribunal has considered the submissions in relation to the work of a Deputy President Magistrate of the SAET relative to a Deputy President Judge of the SAET. The Tribunal considers that whilst there are similarities in the duties performed by both Judges and Magistrates who hold office as Deputy Presidents of the SAET, the evidence before the Tribunal demonstrates that there are material differences in those duties when compared on the basis of nature, skill, complexity, and the level of responsibility. The principle of comparative wage justice is therefore not capable of application in the circumstances, as the duties are not strictly equal in the context of work value.

32. Had there been a clear Determination made in the past that a Deputy President Magistrate ought to be paid at the level of a Judge, that would have cast a different light on the issue currently before the Tribunal. However, in the absence of any definitive basis for the current and past arrangements for setting remuneration for persons appointed as Deputy Presidents of the SAET, the Tribunal does not accept that the past arrangements form an appropriate foundation for the future Determination of additional salary pursuant to section 13(10) of the SAET Act.

33. Further, the SAET Act at section 13 provides a clear bifurcation of the two pathways to appointment as a Deputy President of the SAET. The two pathways are separated according whether the appointee holds concurrent appointment as a Judge or Magistrate. That section also provides separate remuneration provisions for Judges and Magistrates.

34. Notwithstanding the differences between the duties performed by the two types of officers, which are illustrated by the comparative analysis above, the duties of a Deputy President of the SAET, whether performed by a Judge or Magistrate, both require the application of a high level of legal expertise, skill and knowledge commensurate with the office of Deputy President of the SAET. This supports the notion that some additional component of salary is warranted for a Deputy President Magistrate. This issue is, however, finely balanced in that ordinary Magistrates are required to address a far broader range of issues involving a wider scope of legislative provisions.

CONCLUSIONS

35. The Tribunal has considered the application made by Deputy President Magistrate Cole for the Tribunal to determine an additional component of salary applicable to the office of Deputy President of the SAET.

36. The Tribunal has concluded that the duties of a Deputy President of the SAET are such that an additional component of remuneration over and above that of a magistrate is warranted.

37. Having regard to the above considerations, a Magistrate appointed as a Deputy President of the SAET shall be entitled to an additional component of salary of $35,000 per annum, on account of holding the office of Deputy President of the SAET under section 13(1)(b) of the SAET Act.

38. Where such an appointment is made on a part-time basis, that person is entitled to be paid the applicable additional component of salary as a pro rata amount, based on the hours worked as a proportion of the full-time equivalent.

39. The accompanying Determination 3 of 2020 will issue accordingly.

40. The accompanying Determination will be consolidated with the Tribunal’s Determination for members of the judiciary, at the next annual review of that Determination.

OPERATIVE DATE

41. The accompanying Determination shall be operative on and from 3 April 2019.

SOUTH AUSTRALIAN EMPLOYMENT TRIBUNAL ACT 2014

Fast Track Stream Rules 2020

The President and Deputy Presidents of the South Australian Employment Tribunal, noting the South Australian Employment Tribunal Rules 2017, make the following further Rules under the South Australian Employment Tribunal Act 2014.

1. Name of Rules
   These Rules may be referred to as the South Australian Employment Tribunal Fast Track Stream Rules 2020 (and by the abbreviation FTSR).

2. Commencement
   The Rules will commence operation on the date of publication in the Gazette.

3. Objects
   The objects of the FTSR are to—
   a. Establish a Fast Track Stream (FTS) for the resolution of disputes arising under the Return to Work Act 2014 in non-complex cases which may be ready for trial in a short period of time;
   b. Facilitate the FTS cases proceeding to trial at short notice noting the distancing requirements between people whilst dealing with the Covid-19 pandemic;
   c. Have the FTS cases available to replace matters that have been removed from callovers of cases to be heard as a result of the impact of the Covid-19 pandemic;
   d. Facilitate the allocation and transfer of actions between streams to ensure that an action is heard in the most appropriate stream;
   e. Limit interlocutory steps and pre-trial hearings in the FTS;
   f. Simplify the hearing of FTS cases.

4. Establishment of a Fast Track Stream
   a. The FTS is established in the South Australian Employment Tribunal.
   b. It is intended that proceedings which are generally non-complex, may readily proceed to trial and are amenable to modification to the mode of hearing so as to limit the presence of persons within a courtroom for the purpose of conducting a trial may proceed in the FTS of the Tribunal.
   c. Matters which involve complex questions of law but do not involve substantial factual oral evidence may also be entered into the FTS.

5. Referral
   a. At any time following the referral of a matter for Hearing and Determination, an application may be made by any party to the proceedings to have the matter placed into the FTS or the Tribunal may do so of its own motion.
   b. At any time a party to the proceedings may apply to have a matter which has been placed in the FTS, to be transferred back to the general stream or the Tribunal may do so of its own motion.

6. Criteria
   a. In determining whether a matter should be place in the FTS, the Tribunal will have regard the following:
      i. Whether all parties to the proceedings consent to such a placement;
      ii. Whether it will be unfair to a party for the matter to proceed in the FTS;
      iii. Whether the credibility of any witness is in issue and the ability to receive that evidence in the court room;
      iv. The advantages and disadvantages to the parties of the matter proceeding in the FTS;
      v. Whether the matter is likely to be concluded in one sitting of consecutive days of the Tribunal;
      vi. The number of witnesses required to give oral evidence;
      vii. The anticipated length of time of each witness giving oral evidence;
      viii. Generally whether there is a need for oral evidence to be given in a court room;
      ix. The extent to which the parties are seeking the presence, within the court room, of persons other than the witness giving oral evidence at the time and counsel for each party, for example, an interpreter or persons required to be present to provide instructions;
      x. The number of parties to the proceedings and the number of counsel to appear at the Bar Table;
      xi. The anticipated length of opening addresses and whether such addresses are to be given orally or in writing in advance of the trial;
      xii. Whether final submissions are to be given orally or in writing;
      xiii. The nature and extent of the issues in dispute;
      xiv. Any other matter the Tribunal considers relevant to the exercise of the discretion.

7. Entry into and designation of the Fast Track Stream
   a. The Registrar of the Tribunal is to maintain a record of matters which are entered into the FTS.
The hearing of an interlocutory application will be conducted informally and may be conducted by teleconference or videoconference.

The trial Presidential Member may control the conduct of the trial to efficiently identify the issues in dispute, the parties’ respective contentions and hear the evidence relevant to those issues.

b. Upon a matter being entered into the FTS all subsequent documents filed in the proceeding are to show as part of the case heading, immediately above the case number, that it is either the subject of an application for placement of the proceeding in the FTS or that the document relates to a proceeding which has been placed in the FTS as at the time of the filing of the relevant documents.

8. Responsibility of applicants

a. Any party seeking a placement of a matter into the FTS is to first consider, by reference to the objects and criteria in these FTSR, whether it is appropriate for the FTS and to seek the position of all parties before any application is made to enter the matter into the FTS. If objection is taken by another party, an application to the Tribunal should only be made if the applicant reasonably considers that there is no merit in the objection raised.

9. Tribunal’s control of procedure

a. The South Australian Tribunal Rules 2017 continue to have general application to matters before the Tribunal which are placed in the FTS.

b. Subject to any contrary direction by the Tribunal, priority will normally be given to the FTSR over the application of the South Australian Employment Tribunal Rules 2017 where there is an inconsistency between the Rules, whilst a matter is in the FTS.

10. Form of application of entry into the Fast Track Stream

a. A party to the proceeding may, by application for direction, apply to the Tribunal to transfer a proceeding out of the general stream into the FTS. If a matter is in the FTS, an application may be made to transfer it back to the general stream.

b. The application for directions is to be filed and served upon each party to the proceeding.

c. The application for directions must set out the material particulars, relied upon by the applicant, in seeking to have the matter transferred to the FTS or back to the general stream.

d. Each application for transfer into the FTS or back to the general stream shall be treated as specially returnable.

e. The application for directions is not required to be supported by a supporting affidavit upon filing but the Tribunal may, upon application of any other party to the proceeding, or of its own motion, require that the applicant subsequently file an affidavit in support.

f. Each party served with an application to have a matter transferred to the FTS or application to remove a matter from the FTS shall, within 5 business days provide its position, in writing, in relation to the application and to provide such position to the Registry of the Tribunal and to each party to the proceeding.

11. Preliminary hearing

a. Upon acceptance of a matter into the FTS, a preliminary hearing is to be held on the date and time to be fixed by the Registrar and notified to the parties.

b. The principal matters to be considered at the preliminary hearing are:-

i. The prospects of settlement;

ii. Identification of the real issues in dispute;

iii. Whether the matter proceeding to hearing and determination in the FTS is by way of a final hearing or a preliminary hearing;

iv. Directions for interlocutory steps and evidence at trial;

v. Hearing or fixing a date for hearing of any interlocutory application or other pre-trial matters;

vi. Fixing the date of the preliminary point or final determination hearing;

vii. If it is proposed that oral evidence be adduced at trial then the Court will consider the limiting of the number of expert, and non-expert witnesses to give oral evidence, the time to be permitted for asking questions of witnesses, and whether its witness is required to be present in the court room during the trial.

viii. The number of persons required to be in the courtroom during the trial.

12. Interlocutory applications

a. Before making an interlocutory application for any order which the Tribunal is empowered to make before trial, a party is first to use reasonable endeavours to resolve the issue by agreement. A failure to do so will be taken into account in determining the appropriate court order relating to the application.

b. An interlocutory application is to identify concisely, but with sufficient detail, the orders sought and the grounds on which it is sought.

c. A supporting affidavit is not to be filed with an interlocutory application but the Tribunal may, upon application of any other party to the proceeding, or of its own motion, require that the applicant subsequently file an affidavit in support.

13. Interlocutory hearings

The hearing of an interlocutory application will be conducted informally and may be conducted by teleconference or videoconference.

14. Conduct of trial

a. The parties to a proceeding, and their lawyers, have a duty to the Tribunal to take all reasonable steps to ensure that the trial proceeds as expeditiously and efficiently as possible.

b. The trial Presidential Member may control the conduct of the trial to efficiently identify the issues in dispute, the parties’ respective contentions and hear the evidence relevant to those issues.

c. The trial Presidential Member may give directions about:-

i. The issues on which the Tribunal requires evidence;

ii. The nature of the evidence the Tribunal requires to decide those issues;

iii. The way in which the evidence is to be placed before the Tribunal;

iv. Limiting the number of witnesses or the amount of evidence that a party may call or introduce on a particular issue.

d. By way of illustration, the presiding Presidential member may:-

i. Direct where multiple expert opinions have been received by a party on a particular issue that only one expert give oral evidence and that the opinion of the other experts be received by way of written report as untested evidence;
ii. Consistent with Rule 52(a) of the South Australian Employment Rules 2017, give directions as to the order in which the witnesses give evidence, regardless of the party by whom they are called;
iii. Enquire into and determine the issues in dispute at trial;
iv. Direct that witnesses give evidence on different topics and at different times during the trial;
v. Direct that submissions be heard on different topics at different times during the trial or otherwise depart from the usual order in which submissions are made;
vi. Limit the time spent on the whole or any part of evidence or submissions;
vii. Direct that oral evidence be received in such manner as the Tribunal thinks fit including the evidence of a witness by teleconference or videoconference;
viii. Determine whether submissions are to be received orally or in writing.

15. **Non-expert evidence in chief**
   a. The Tribunal will determine the form of the evidence in chief of non-expert witnesses.
   b. In general, the evidence will be in the form of an affidavit and either filed and served in a form which has been sworn or affirmed or the oath or affirmation will be taken at trial upon the filing of a solicitor’s affidavit, with the unsworn affidavit, where the solicitor attests to:
      i. The reasons why it was not possible for the witness affidavit to be sworn or affirmed by the deponent;
      ii. The witness affidavit having been prepared by the solicitor on the instructions of the deponent;
      iii. The deponent having advised the solicitor that he/she has read the unsworn and unaffirmed affidavit and agrees with its content; and,
      iv. The deponent having provided an assurance to the solicitor that he/she will affirm its contents at trial.

16. **Reasons for decision**
   In matters proceeding to trial from the FTS, the content of reasons will depend upon the particular case under consideration and the matters in issue.

**Review**
The continuation of these FTSR shall be reviewed from time to time by the Tribunal.

5. **Multi-Week Entry**

4.1. A player may enter their number forecasts for a series of consecutive draws by marking the appropriate square in the “multi-week” box on a coupon or by verbally or electronically requesting such an entry at the selling point. The maximum number of consecutive draws that may be entered in this way will be notified to players by the Master Agent following determination by SALC.

4.2. The Rules governing ordinary entries will apply to every multi-week entry.

5. **System/Pick Entry**

5.1. A player may create a system/pick entry by forecasting or causing to be forecast 4, 5 or from 7 to 20 numbers, rather than the 6 to be forecast in the case of an ordinary entry.

5.2. In the case of a coupon, a system/pick entry must be completed by marking the relevant “system/pick” box and forecasting or causing to forecast the quantity of numbers corresponding to the system/pick to be entered by the player. (Thus, to play system 7, 7 numbers are forecast; to play system 8, 8 numbers are forecast and so on to a maximum of 20 numbers forecast to play a system 20 entry.) In all other instances, a system/pick entry is created by verbally or electronically requesting such an entry at the selling point. Ordinary and system/pick entry participation will be accepted if completed on the same coupon and more than one system/pick entry type can be played on the one coupon.

5.3. In the case of a coupon, if more numbers are marked in any game than the requested system/pick requires, a ticket will not issue until the player has nominated the number(s) to be deleted. If fewer numbers are marked in any game than the requested system/pick requires and the relevant “top up games” box is not marked, a ticket will not issue until the player has either nominated the number(s) to be added or selected a top up games entry.

5.4. Picks 4 and 5 are entries in which the quantity of numbers forecast is less than 6 numbers.

5.5. A pick 4 or 5 entry will be equivalent to playing a certain number of separate games of 6 numbers as determined by the following formula:

\[
\frac{(45 - p)!}{39! \times (6 - p)!}
\]

where \( P \) = pick number

5.6. A player who seeks to participate in a pick 4 entry must forecast or cause to be forecast any 4 numbers. These 4 numbers will be combined with all combinations of 2 numbers from the remaining unforecast numbers. This pick entry will be equivalent to playing 820 games of 6 numbers.

5.7. A player who seeks to participate in a pick 5 entry must forecast or cause to be forecast any 5 numbers. These 5 numbers will be combined with each of the remaining unforecast numbers in turn. This pick entry will be equivalent to playing 40 games of 6 numbers.

5.8. A player who seeks to participate in a system 7 to 20 entry inclusive must forecast or cause to be forecast the quantity of numbers according to the system number to be played. These numbers will be combined with one another in all possible combinations of 6 numbers. This system entry will be equivalent to playing a certain number of separate games of 6 numbers as determined by the following formula:

\[
\frac{6! \times (s - 6)!}{s!}
\]

where \( S \) = system number

5.9. Subject to Rule 3.4, a player may enter up to 18 games of any type of system/pick entry on the one coupon or such other number as the Master Agent determines.

5.10. A system/pick entry may be entered for multi-week participation, in which case the Rules relating to multi-week and QuickPick entries will also apply.

5.11. The price of a system/pick entry will be as determined by the Master Agent from time to time.

6. **QuickPick Entry**

6.1. A player can play by means of a QuickPick nomination at the selling point whereby the selling point terminal will process the information nominated by the player to generate a forecast of the type nominated by the player. Such entries will be limited to such number of games for an ordinary entry, and subject to Rule 3.4, such number of any type of system or pick entry, as the Master Agent determines.

6.2. When using a coupon, QuickPick entries can be played by marking the appropriate ‘top up games’ box or the ‘top up selection’ box (if this option is available) and will be limited to 6, 12, 14, 18, 25, 36 or 50 games (of 6 numbers) for an ordinary entry, and subject to Rule 3.4, such number of any type of system/pick entry as the Master Agent determines.

6.3. The QuickPick forecast will be generated by the selling point terminal, and the generated selections will be deemed to be those selections nominated by the player as if they were marked on a coupon by the player in accordance with these Rules.

7. **Supervision of Draw**

7.1. The selection of winning numbers and supplementary numbers will be conducted in such manner as agreed by the Bloc members and:

7.1.1. should be conducted and supervised in accordance with the requirements of the relevant regulatory body for the State in which the draw is conducted; and

7.1.2. will be final for the purpose of determining the prize winners in that draw.

7.2. The total amount of the prize pool will be announced at each draw.

8. **Determination of Winning Numbers**

8.1. Each draw will be identified by a number.

8.2. Each draw will be conducted using drawing equipment agreed by the Bloc members.

8.3. For each draw, the Bloc members will cause 8 numbered balls to be drawn from the drawing equipment.
8.4. The first 6 balls drawn will be the winning numbers and the final 2 balls will be the supplementary numbers.

8.5. There will be 6 prize winning divisions in each draw:

Division 1—player(s) who correctly forecast the 6 winning numbers in any one game.
Division 2—player(s) who correctly forecast any 5 of the 6 winning numbers and either one of the supplementary numbers in any one game.
Division 3—player(s) who correctly forecast any 5 of the 6 winning numbers in any one game.
Division 4—player(s) who correctly forecast any 4 of the 6 winning numbers in any one game.
Division 5—player(s) who correctly forecast any 3 of the 6 winning numbers and either or both of the supplementary numbers in any one game.
Division 6—for draws up to and including Draw 4091 on 3 October 2020, player(s) who correctly forecast any 1 or 2 of the 6 winning numbers and both of the supplementary numbers in any one game; and for draws from and including Draw 4093 on 10 October 2020, players who correctly forecast any 3 of the 6 winning numbers in any one game.

9. Publication of Results

9.1. The Master Agent will publish the results of each draw as soon as practicable after each draw.

9.2. The information published may include:

9.2.1. the winning numbers;
9.2.2. the amount of the prize pool allocated to each division;
9.2.3. the number of prize winners or provisional prize winners in each division;
9.2.4. the value or provisional value of each prize in each division;
9.2.5. the dates when prizes will be paid;
9.2.6. the date the claim period expires; and
9.2.7. the guaranteed or estimated Division 1 prize pool in the next draw.

10. Prize Pool Structure

10.1. Only one prize can be won by any one ordinary entry in a game.

10.2. 60% of the total entry fees received for each draw (or such greater amount as SALC determines in consultation with Bloc members) will be allocated as the prize pool.

10.3. Each of the Bloc members must contribute the same percentage of the total entry fees received by them into the prize pool.

10.4. The total prize pool will be distributed between the prize divisions in accordance with the determination of SALC, after consultation with the Bloc members.

10.5. The prize money allocated to each division will be apportioned in equal shares between the winners in that division.

10.6. Any variation to the prize divisions or the prize pool distributions between the prize divisions, as determined by SALC, will be advised to players by way of the Master Agent’s website and at all selling points, at least fourteen (14) days prior to their operational date.

10.7. If there is no winner in any of Divisions 2, 3, 4 or 5 of any draw, the prize money allocated to that division will be added to the prize money allocated to the next lower division in which there is a winner.

10.8. If there is no winner in Division 6 of any draw, the prize money allocated to that division will be added to the Prize Reserve Fund.

10.9. Notwithstanding any other Rule, the Master Agent may, at its discretion round out the amount of any prize other than a Division 1 prize to the nearest five cents above or below the actual prize otherwise payable. The resulting surplus or deficit will be added to or deducted from the Division 1 prize pool.

11. Prize Reserve Fund

11.1. From time to time, SALC may set aside a proportion of the total amount received from entry fees to any draw and, in respect of that draw, the distribution of prizes will be reduced pro rata in all prize winning divisions. The amount set aside will be accumulated by SALC to constitute a pool called the Prize Reserve Fund.

11.2. The Prize Reserve Fund will be applied from time to time for or towards the payment of any of the following:

11.2.1. prizes in respect of missed prize entries for lotteries conducted by SALC through its Master Agent;
11.2.2. additional or increased prizes in subsequent lotteries conducted by SALC through its Master Agent; in such amount(s) and to such player(s) as SALC in its absolute discretion determines.

11.3. The amounts to be set aside and the amounts to be distributed must be agreed with the Bloc members.

11.4. In the event that the game of X Lotto as played on a Saturday is replaced, enhanced, renamed or otherwise varied, the Prize Reserve Fund as constituted by this Rule 11 shall be assigned to the game replacing, enhancing, renaming or otherwise varying the game of X Lotto as played on a Saturday.

12. Jackpots

12.1. If there is no Division 1 prize winner, that portion of the prize pool that would have been payable to a single Division 1 winner in that draw will be added to or jackpotted with the Division 1 prize money in the next draw, except in the case of a Special Draw in which case Rule 15.1.3 will apply. This jackpotting will continue for no more than 4 consecutive draws. If there is no Division 1 prize winner in the next (or 5th) consecutive draw, the total amount of the jackpot and the Division 1 prize that would have been payable to a single winner in that 5th draw will be added to the prize money allocated to the next lower division in which there is a winner.

12.2. If the Master Agent guarantees a minimum prize payout in Division 1 of any draw, the amount by which the Master Agent has augmented the portion of the prize pool allocated to Division 1 in that draw will not be taken into account in determining the amount of any jackpot subsequently paid in respect of that division.
13. **Prize Claims**

13.1. In the case of a Division 1 prize:

13.1.1. prize money will be distributed after the claim period has elapsed;

13.1.2. claims lodged with the Master Agent within the claim period and determined by the central computer system to be prize winning tickets and any tickets subsequently identified as prize winning tickets will share equally in the prize pool available to winners in their respective division;

13.1.3. any player who claims to be entitled to a prize won on a printed ticket must lodge a claim at Head Office; and

13.1.4. prizes payable on an electronic ticket will be paid electronically in accordance with the terms upon which the electronic ticket was issued, following the elapsing of the claim period.

13.2. In the case of prizes other than a Division 1 prize:

13.2.1. prizes payable on a printed ticket will be paid as soon as practicable after the draw either at Head Office or an Agent’s place of business upon presentation of the printed ticket, or as otherwise determined by the Master Agent, subject to these Rules;

13.2.2. prizes payable on an electronic ticket will be paid electronically in accordance with the terms upon which the electronic ticket was issued, as soon as practicable after the draw; and

13.2.3. if a printed or electronic ticket includes a game that has won a prize in Division 2 or a lower division in addition to a Division 1 prize then the lower division prize will not be paid until the Division 1 prize is payable.

13.3. Any player who claims to be entitled to a prize but:

13.3.1. whose ticket has not been identified by the central computer system as a prize winning ticket;

13.3.2. considers that their ticket has been incorrectly evaluated; or

14.2. A player can obtain the prize status of a printed ticket by inserting the bar code of each printed ticket into the scanning device.

14.3. A prize winning ticket must be identified by the central computer system as a prize winning ticket before payment of the prize is made.

15. **Special Draw**

15.1. The Master Agent may, from time to time declare a Saturday X Lotto draw to be a Special Draw with a guaranteed Division 1 prize for a maximum number of winners as determined by the Master Agent prior to the conduct of the declared draw. The following provisions will apply:

   “Bloc members” means the parties from time to time to the Bloc Agreement entered into by SALC with other lottery operators for the promotion, conduct and sale of tickets in inter alia the game drawn generally each Saturday night on a joint basis with a common winning number determination and a declaration of common dividends based on the equal participation of all players in the aggregated prize pool;

   “X Lotto” means a lottery drawn on a Saturday or such other day or days as the Bloc members determine in which a player is required to forecast 6 numbers to be drawn from the range of numbers 1 to 45 inclusive.
3. **Ordinary Entry**
   3.1. To create an ordinary entry, a player must forecast or cause to be forecast 6 numbers.
   3.2. An ordinary entry will provide participation for the number of games selected and paid for in one (1) draw only.
   3.3. The minimum number of games that must be completed will be four (4) or such number as otherwise determined by the Master Agent.
   3.4. There will be a limit to the maximum number of games that can be played, including that in any one draw:
      3.4.1. the Master Agent may decline to issue more than 1,000 entries to a player; and
      3.4.2. a player can be issued with no more than 201,000 equivalent games.
   3.5. A player may request that an entry be issued in advance of a current draw. The maximum number of advance draws in which an entry can be issued will be notified to players by the Master Agent, following determination by SALC.
   3.6. Subject to Rule 6, a player may enter a draw by:
      3.6.1. submitting a coupon provided for that purpose from time to time by the Master Agent, together with an Easiplay Club membership card if applicable; or

   3.7. In the case of a coupon:
      3.7.1. a player’s forecast must be marked with a cross mark in the centre of the square, a vertical mark in the centre of the square or such other mark as the Master Agent determines. No other mark will be accepted. All marks on a coupon must be legible and if a coupon cannot be read by a selling point terminal, it will be rejected. A coupon must not be marked in red.

      3.7.3. a player who marks a “top up games” box will be taken to have authorised the selling point terminal operator to generate a random forecast of a sufficient quantity of numbers to complete the game, the coupon or the nominated number of games, as the case may be.
      3.7.4. if a player marks more than the specified number of squares in any game, a ticket will not issue until the player has either nominated the number(s) to be deleted or nominated a system/pick entry. The player may be required to complete another coupon.
      3.7.5. if a player marks fewer than the specified number of squares in any game and does not mark the relevant “top up games” box, a ticket will not issue until the player has either nominated the number(s) to be added or nominated a top up games entry or a system/pick entry.

4. **Multi-Week Entry**
   4.1. A player may enter their number forecasts for a series of consecutive draws by marking the appropriate square in the “multi-week” box on a coupon or by verbally or electronically requesting such an entry at the selling point. The maximum number of consecutive draws that may be entered in this way will be notified to players by the Master Agent following determination by SALC.
   4.2. The Rules governing ordinary entries will apply to every multi-week entry.

5. **System/Pick Entry**
   5.1. A player may create a system/pick entry by forecasting or causing to be forecast 4, 5 or from 7 to 20 numbers, rather than the 6 to be forecast in the case of an ordinary entry.
   5.2. In the case of a coupon, a system/pick entry must be completed by marking the relevant “system/pick” box and forecasting or causing to be forecast the quantity of numbers corresponding to the system/pick to be entered by the player. (Thus, to play system 7, 7 numbers are forecast; to play system 8, 8 numbers are forecast and so on to a maximum of 20 numbers forecast to play a system 20 entry.) In all other instances, a system/pick entry is created by verbally or electronically requesting such an entry at the selling point. Ordinary and system/pick entry participation will be accepted if completed on the same coupon and more than one system/pick entry type can be played on the one coupon.
   5.3. In the case of a coupon, if more numbers are marked in any game than the requested system/pick requires, a ticket will not issue until the player has nominated the number(s) to be deleted. If fewer numbers are marked in any game than the requested system/pick requires and the relevant “top up games” box is not marked, a ticket will not issue until the player has either nominated the number(s) to be added or selected a top up games entry.
   5.4. Picks 4 and 5 are entries in which the quantity of numbers forecast is less than 6 numbers.
   5.5. A pick 4 or 5 entry will be equivalent to playing a certain number of separate games of 6 numbers as determined by the following formula:
   \[

   \]
   5.6. A player who seeks to participate in a pick 4 entry must forecast or cause to be forecast any 4 numbers. These 4 numbers will be combined with all combinations of 2 numbers from the remaining unforecast numbers. This pick entry will be equivalent to playing 820 games of 6 numbers.
   5.7. A player who seeks to participate in a pick 5 entry must forecast or cause to be forecast any 5 numbers. These 5 numbers will be combined with each of the remaining unforecast numbers in turn. This pick entry will be equivalent to playing 40 games of 6 numbers.
   5.8. A player who seeks to participate in a system 7 to 20 entry inclusive must forecast or cause to be forecast the quantity of numbers according to the system number to be played. These numbers will be combined with one another in all possible combinations of 6 numbers. This system entry will be equivalent to playing a certain number of separate games of 6 numbers as determined by the following formula:
5.9.  \[
\frac{S!}{6! \times (S-6)!}
\]  
(where $S = \text{system number})

6.2. 7. **Supervision of Draw**

7.1. The selection of winning numbers and supplementary numbers will be conducted in such manner as agreed by the Bloc members and:

10.4. The total prize pool will be distributed between the prize divisions in accordance with the determination of SALC, after consultation with the Bloc members.

10.5. The prize money allocated to each division will be apportioned in equal shares between the winners in that division.

10.6. Any variation to the prize divisions or the prize pool distributions between the prize divisions, as determined by SALC, will be advised to players by way of the Master Agent’s website and at all selling points, at least fourteen (14) days prior to their operational date.
10.7. If there is no winner in any of Divisions 2, 3, 4 or 5 of any draw, the prize money allocated to that division will be added to the prize money allocated to the next lower division in which there is a winner.

10.8. If there is no winner in Division 6 of any draw, the prize money allocated to that division will be added to the Prize Reserve Fund.

10.9. Notwithstanding any other Rule, the Master Agent may, at its discretion round out the amount of any prize other than a Division 1 prize to the nearest five cents above or below the actual prize otherwise payable. The resulting surplus or deficit will be added to or deducted from the Division 1 prize pool.

11. **Prize Reserve Fund**

11.1. From time to time, SALC may set aside a proportion of the total amount received from entry fees to any draw and, in respect of that draw, the distribution of prizes will be reduced pro rata in all prize winning divisions. The amount set aside will be accumulated by SALC to constitute a pool called the Prize Reserve Fund.

11.4. In the event that the game of X Lotto as played on a Saturday is replaced, enhanced, renamed or otherwise varied, the Prize Reserve Fund as constituted by this Rule 11 shall be assigned to the game replacing, enhancing, renaming or otherwise varying the game of X Lotto as played on a Saturday.

12. **Jackpots**

This jackpoting will continue for no more than 4 consecutive draws. If there is no Division 1 prize winner in the next (or 5th) consecutive draw, the total amount of the jackpot and the Division 1 prize that would have been payable to a single winner in that 5th draw will be added to the prize money allocated to the next lower division in which there is a winner.

12.2. If the Master Agent guarantees a minimum prize payout in Division 1 of any draw, the amount by which the Master Agent has augmented the portion of the prize pool allocated to Division 1 in that draw will not be taken into account in determining the amount of any jackpot subsequently paid in respect of that division.

13.3.1. whose ticket has not been identified by the central computer system as a prize winning ticket;
